(In case of restructuring of ISIN, the old ISIN may be marked as 'restructured' or the restructured ISIN may suitably be flagged for easy identification. Furthermore, in case of partly paid non-convertible debentures as and when ISIN has been changed due to increase in face value, it should be updated regularly in the centralised data base. Reissuances or further issuance under same ISIN nomenclature with specific amount for the said reissuance or further issuance should be reflected separately.)
