FORWARD LOOKING STATEMENTS

This Prospectus contains certain statements that are not statements of historical fact and are in the nature of “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “continue”, “expect”, “estimate”, “intend”, “objective”, “plan”, “potential”, “project”, “will”, “will continue”, “will pursue”, “will likely result”, “will seek to”, “seek” or other words or phrases of similar import. All statements regarding our expected financial condition and results of operations and business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, revenue and profitability and other matters discussed in this Prospectus that are not historical facts.

All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results, performance or achievements to differ materially from those contemplated by the relevant statement.

Actual results may differ materially from those suggested by the forward looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to our businesses and our ability to respond to them, our ability to successfully implement our strategies, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in our industry.

Important factors that could cause actual results to differ materially from our expectations include, but not limited to, the following:

1. Any volatility in interest rates which could cause our gross spreads to decline and consequently affect our profitability;
2. Changes in the value of Rupee and other currency changes;
3. Unanticipated turbulence in interest rates or other rates or prices; the performance of the financial and capital markets in India and globally;
4. Changes in political conditions in India;
5. The rate of growth of our Loan Assets;
6. The outcome of any legal or regulatory proceedings we are or may become a party to;
7. Any increase in the levels of non-performing assets (“NPA”) on our loan portfolio, for any reason whatsoever, would adversely affect our business and results of operations;
8. Changes in Indian and/or foreign laws and regulations, including tax, accounting, banking, securities, insurance and other regulations; changes in competition and the pricing environment in India; and regional or general changes in asset valuations;
9. Any changes in connection with policies, statutory provisions, regulations and/or RBI directions in connection with NBFCs, including laws that impact our lending rates and our ability to enforce our collateral;
10. Emergence of new competitors;
11. Performance of the Indian debt and equity markets;
12. Occurrence of natural calamities, pandemics, or natural disasters affecting the areas in which our Company has operations;
13. The performance of the financial markets in India and globally;
14. Volatility in global bullion prices; and
15. Other factors discussed in this Prospectus, including under the chapter titled “*Risk Factors*” on page 16.

For further discussion of factors that could cause our actual results to differ from our expectations, please refer to the chapters “*Risk Factors*”, “*Industry Overview*” and “*Our Business*” on pages 16, 62 and 96, respectively.

By their nature, certain market risk disclosures are only estimate and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Forward looking statements speak only as on the date of this Prospectus. The forward-looking statements contained in this Prospectus are based on the beliefs of management, as well as the assumptions made by and information currently available to management. Although we believe that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure Investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, Investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements. Neither our Company nor the Lead Manager, nor its Directors, the KMPs or any of its affiliates have any obligation to, and do not intend to, update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. Our Company and the Lead Manager will ensure that Investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION II – RISK FACTORS

The following are some of the important factors that could cause actual results to differ materially from the Company's expectations:

An investment in NCDs involves a certain degree of risk. You should carefully consider all the information contained in this Prospectus, including the risks and uncertainties described below, and the information provided in the sections titled "Our Business" on page 96 and "Financial Statements" on page 132 before making an investment decision. The following are the risks envisaged by the management of the Company relating to the Company, the NCDs and the market in general. Potential investors should carefully consider all the risk factors stated in this Prospectus in relation to the NCDs for evaluating the Company and its business and the NCDs before making any investment decision relating to the NCDs. The Company believes that the factors described below represents the principal risks inherent in investing in the NCDs but does not represent that the statements below regarding the risks of holding the NCDs are exhaustive. The ordering of the risk factors is intended to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another. Potential investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision. The market prices of the NCDs could decline due to such risks and you may lose all or part of your investment including interest thereon.

If any one of the following stated risks actually occurs, the Company's business, financial conditions and results of operations could suffer and, therefore, the value of the Company's NCDs could decline and/or the Company's ability to meet its obligations in respect of the NCDs could be affected. More than one risk factor may have simultaneous affect with regard to the NCDs such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No prediction can be made as to the effect that any combination of risk factors may have on the value of the NCDs and/or the Company's ability to meet its obligations in respect of the NCDs.

These risks and uncertainties are not the only issues that the Company faces. These risk factors are determined on the basis of their materiality. Additional risks and uncertainties not presently known to the Company or that the Company currently believes to be immaterial may also have a material adverse effect on its financial condition or business. Unless specified or quantified in the relevant risk factors, the Company is not in a position to quantify the financial or other implications of any risk mentioned herein below.

This Prospectus also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in this Prospectus. Unless otherwise stated, the financial information used in this section is derived from and should be read in conjunction with the Limited Review Unaudited Financial Results and Audited Financial Statements.

Internal Risk Factors

1. We are subject to an inspection by the RBI and any adverse action taken could affect our business and operations.

We are subject to the RBI's guidelines on financial regulation of NBFCs, including capital adequacy, exposure and other prudential norms. The RBI also regulates the credit flow by banks to NBFCs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to NBFCs. The RBI's regulations of NBFCs could change in the future which may require us to restructure our activities, incur additional cost or could otherwise adversely affect our business and our financial performance. Through the Master Directions, RBI has amended the regulatory framework governing NBFCs to address concerns pertaining to risks, regulatory gaps and arbitrage arising from differential regulations and aims to harmonise and simplify regulations to facilitate a smoother compliance culture among NBFCs.

Even though the RBI, has not provided for any restriction on interest rates that can be charged by non-deposit taking NBFCs, there can be no assurance that the RBI and/or the Government will not implement regulations or policies, including policies or regulations or legal interpretations of existing regulations, relating to or affecting interest rates, taxation, inflation or exchange controls, or otherwise take action, that could have an adverse effect on non-deposit taking NBFCs. In addition, there can be no assurance that any changes in the laws and regulations relative to the Indian financial services industry will not adversely impact our business.

During the course of finalization of inspection, regulatory authorities share their findings and recommendations with us and give us an opportunity to provide justification and clarifications. Further, such regulatory authorities also

seek certain clarifications and share their findings in the ordinary course of business. We respond to observations made by such authorities and address them appropriately; however, we cannot assure you that these authorities will not find any deficiencies in future inspections or otherwise/ the authorities will not make similar or other observations in the future:-

In the event we are unable to resolve such deficiencies to the satisfaction of the RBI, we may be restricted in our ability to conduct our business as we currently do. While we seek to comply with all regulatory provisions applicable to us, in the event we are unable to comply with the observations made by the regulatory authorities, we could be subject to penalties and restrictions which may have an adverse effect on our business, results of operations, financial condition and reputation.

2. *We are subject to certain legal proceedings and any adverse decision in such proceedings may have a material adverse effect on our business and results of operations.*

We are subject to certain legal proceedings including civil suits, statutory and regulatory proceedings, recovery proceedings etc. We incur cost in defending these proceedings before a court of law. Moreover, we are unable to assure you that we shall be successful in any or all of these actions. In the event we suffer any adverse order, our reputation may suffer and may have an adverse impact on our business and results of operations. Further, our Company has initiated certain criminal proceeding against few of our employees and third parties in relation to our business operations.

Our Company and our Group Companies are party to legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts, tribunals and statutory, regulatory and other judicial authorities in India, and, if determined against us, could adversely affect our business, results of operations and financial condition. We can give no assurance that these legal proceedings will be decided in our favour or that no further liability may arise from these claims in the future.

Should any new developments arise, such as any change in applicable Indian law or any rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase expenses and current liabilities, which could adversely affect our results of operations.

A summary of the outstanding proceedings involving our Company, Directors, Promoter and Group Companies in accordance with requirements under the SEBI NCS Regulations, as disclosed in this Prospectus, to the extent quantifiable, have been set out below:

3. ***We do not own the trademark  we have been authorised to use it by one of our Group Companies. Termination or withdrawal on unfavourable terms of this authorisation to use or any negative impact on the ‘Muthoottu Mini’ brand may adversely affect our business, reputation, goodwill, financial condition and results of operations.***

The trademark  is registered with the Registrar of Trademarks in India in the name of one of our Group Companies, Mini Muthoottu Nidhi (Kerala) Limited with validity till April 30, 2029. We had been authorised to use this trademark on a non-exclusive, non-assignable basis by way of letter dated May 2, 2009 which was revalidated by a letter dated July 30, 2020 (“**Letter**”) We cannot assure you that we will continue to have uninterrupted use of this trademark if we are unable to conform to the requirements under the Letter. Further, termination or withdrawal of the permission may adversely affect our business, reputation, goodwill, financial condition and results of operations. Further, some of the intellectual property are subject to litigations. For further details of the legal proceedings that we are subject to, please refer to the chapter titled “*Outstanding Litigations*” on page 166.

Further, some of the other companies, wherein our Promoters are interested, also use this trademark. If any of the actions of our Promoters or companies in which they hold any interest negatively affect our brand, our reputation, business and financial condition may in turn be adversely affected. Additionally, the logo of our Company, as appearing on the cover page of this Prospectus, has not been registered and we cannot assure you that misuse of the same by any third party shall not be detrimental to our business.

4. ***Our business is capital intensive and any disruption or restrictions in raising financial resources would have a material adverse effect on our liquidity and financial condition.***

Our liquidity and ongoing profitability are largely dependent upon our timely access to and the costs associated in, raising financial resources at low costs. Our funding requirements historically have been met from a combination of borrowings such as term loans, working capital limits from banks / financial institutions, issuance of secured and unsecured redeemable non-convertible debentures, commercial papers and subordinated debts. Thus, our business depends and will continue to depend on our ability to access diversified low-cost funding sources.

Our ability to raise funds on acceptable terms and at competitive rates depend on various factors like credit ratings, the regulatory environment and policy initiatives in India, developments in the international markets affecting the Indian economy, investors’ and/or lenders’ perception of demand for debt and equity securities of NBFCs, and our current and future results of operations and financial condition.

During the times of global financial crisis 2007-2008, the capital and lending markets typically become highly volatile and access to liquidity becomes significantly reduced. In addition, it may become more difficult to renew loans and facilities as many potential lenders and counterparties could also face liquidity and capital concerns, as a result of the stress in the financial markets. If any event of a similar nature and magnitude occurs again in the future, such as the recent liquidity crisis caused on account of debt default by one of the large Indian NBFCs, it may result in increased borrowing costs and difficulty in accessing debt in a cost-effective manner. Moreover, we are a non-deposit taking NBFC-Middle Layer, and do not have access to public deposits.

The RBI vide the Master Directions issued certain guidelines with respect to raising money through private placement by NBFCs in the form of non-convertible debentures. These guidelines include (i) restrictions on the minimum subscription amount for a single investor at ₹20,000; (ii) the issuance of private placement of non-convertible debentures shall be in two separate categories, those with a maximum subscription of less than ₹1 crore

and those with a minimum subscription of ₹1 crore per investor; (iii) the restriction of number of investors in an issue to 200 investors for every financial year for a maximum subscription of less than ₹1 crore which shall be fully secured; (iv) there is no limit on the number of subscribers in respect of issuances with a minimum subscription of ₹1 crore and above while the option to create security in favour of subscribers will be with the issuers and such unsecured debentures shall not be treated as public deposits; (v) restriction on NBFCs for issuing debentures only for deployment of funds on its own balance sheet and not to facilitate resource requests of group entities/parent company/associates; and (vi) prohibition on providing loan against its own debentures. This has resulted in limiting our Company's ability to raise fresh debentures on private placement basis.

A significant portion of our debt matures each year. Out of the total amount of our outstanding non-convertible debentures (excluding interest thereon), ₹ 1,04,803.42 lakh, issued by our Company as of September 30, 2024, non-convertible debentures amounting to ₹ 37,493.82lakh will mature during the next 12 months. In order to retire these instruments, we either will need to refinance this debt, which could be difficult in the event of volatility in the credit markets or raise equity capital or generate sufficient cash to retire the debt.

Changes in economic and financial conditions or continuing lack of liquidity in the market could make it difficult for us to access funds at competitive rates. As an NBFC, we also face certain restrictions on our ability to raise money from international markets, which may further constrain our ability to raise funds at attractive rates.

Any disruption in our primary funding sources at competitive costs could have a material adverse effect on our liquidity and financial condition.

5. We have had negative cash flows in the past. Any negative cash flows in the future could adversely affect our results of operations and financial condition.

We have had negative cash flows for operating and investing activities in the past on account of high growth in loans and advances and may have negative cash flows in the future. If we experience any cash outflow in the future, this could adversely affect our business prospects, financial condition, and results of operations. For further information, see the section titled “*Our Business - Key Operational and Financial indicators of our Company*” on page 97.

Particulars	Fiscal 2024	Fiscal 2023	Fiscal 2022
Net cash from / used in(-) operating activities	(29,859.67)	(85,396.35)	(53,839.54)
Net cash from / used in(-) investing activities	(1520.49)	(1,520.20)	(64.40)
Net cash from / used in (-)financing activities	37,635.91	55,397.54	66,387.97
Cash and Cash Equivalents	10,269.47	4,013.72	35,532.73

While we have negative cash flows from operating and investing activities for aforementioned period, we believe we had and will continue to have sufficient liquidity to meet our short term and long term business obligations along with allocating sufficient capital towards growth of our business operations.

6. *Our financial performance is primarily dependent on interest rate risk. If we are unable to manage interest rate risk in the future it could have an adverse effect on our net interest margin, thereby adversely affecting business and financial condition of our Company.*

Our results of operations are substantially dependent upon the level of our net interest margins. Interest income is the largest component of our total income, and constituted 97.73%, 97.22%, 98.00% and 98.23% of our total income for the three-month period ended on June 30, 2024, and for the Fiscals 2024, 2023 and 2022, respectively. Interest rates are sensitive to many factors beyond our control, including the RBI's monetary policies, domestic and international economic and political conditions and other factors.

Over the years, the Government of India has substantially deregulated the financial sector. As a result, interest rates are now primarily determined by the market, which has increased the interest rate risk exposure of all banks and financial intermediaries in India, including us.

Our policy is to attempt to balance the proportion of the interest earning assets (which bear fixed interest rates), with interest bearing liabilities. A significant portion of our liabilities, such as our non-convertible debentures carry fixed

rates of interest and the remaining are linked to the respective banks' benchmark prime lending rate/base rate. As of six-months period ended on September 30, 2024, 43.67% of our borrowings were at fixed rates of interest. Moreover, we do not hedge our exposure to interest rate changes. We cannot assure you that we can adequately manage our interest rate risk in the future or can effectively balance the proportion of our fixed rate loan assets and liabilities. Further, changes in interest rates could affect the interest rates charged on interest earning assets and the interest rates paid on interest bearing liabilities in different ways. Thus, our results of operations could be affected by changes in interest rates and the timing of any re pricing of our liabilities compared with the re pricing of our assets.

Any mismatch between the yield on an assets and the cost of our funds due to market action/factors could have an impact on our profitability.

7. *Our Company has high debt equity ratio and any further increase in borrowings may have a material adverse effect on our business, financial condition and results of operations.*

Our Company has raised funds from a combination of borrowings such as working capital limits and term loans from banks and issuance of secured redeemable non-convertible debentures on private placement basis, secured redeemable non-convertible debentures by way of public issue and subordinated debts. We are subject to the RBI's guidelines on financial regulation of NBFCs, including leverage ratio, capital adequacy, exposure and other prudential norms. As per the prudential norms, the leverage ratio of NBFCs (except NBFC-MFIs, NBFCs-ML and above) shall not be more than 7 at any point of time. Though our Company is an NBFC-ML and not required to maintain the said leverage ratio, however, our debt equity ratio was 5.10 as on March 31, 2024. While this strategic choice has facilitated our ability to undertake various initiatives improving the top lines and bottom lines, it also introduces certain financial considerations. We will continue to monitor and evaluate our capital structure to ensure we maintain a healthy balance between debt and equity financing. For further information, refer section 'Our Business - Debt to Equity Ratio' on page 99.

8. *We face increasing competition in our business which may result in declining interest margins. If we are unable to compete successfully, our market share may also decline.*

Our principal business is providing gold loan to customers in India secured by gold jewellery. Historically, the gold loan industry in India has been largely unorganised and dominated by local jewellery pawn shops and money lenders, with little involvement from public sector or private sector banks. Gold loan financing was availed predominantly by lower income group customers with limited or no access to other forms of credit, however, such income group has gained increased access to capital through organised and unorganised money lenders, which has increased our exposure to competition. The demand for gold loans has also increased due to relatively lower and affordable interest rates, increased need for urgent borrowing or bridge financing requirements, the need for liquidity for assets held in gold and increased awareness and acceptance of gold loan financing.

There is increased competition from other lenders in the gold loan industry, including commercial banks and other NBFCs, who also have access to funding from customers' in the form of savings and current deposits. We rely on higher cost loans and debentures for our funding requirements, which could reduce our margins. Our ability to compete effectively will depend on our ability to raise low-cost funding. If we are unable to compete effectively with other participants in the gold loan industry, our business, financial condition and results of operations may be adversely affected.

The competition in the gold loan industry has increased in gold loans are becoming increasingly standardised. Variable interest rates, variable payment terms and waiver of processing fees are also becoming increasingly common.

In our microfinance business, we face competition from other NBFCs, microfinance companies as well as both commercial and small finance banks. In addition, the RBI has set out guidelines applicable to microfinance institutions which restrict the number of microfinance institutions that can extend loans to the same borrower and also limit the maximum amount of loan that can be extended. The presence of microfinance institutions in India is not uniform and certain regions have a concentration of a large number of microfinance institutions while there are regions which have very few and even no microfinance institution presence. In any particular region, the level of competition depends on the number of microfinance institutions that operate in such area. In addition, our target customers also borrow from money lenders and non-institutional lenders which may lend at higher rates of interest.

Our ability to compete effectively will depend, to an extent, on our ability to raise low-cost funding in the future as well as our ability to maintain or decrease our operating expenses by increasing operational efficiencies and managing

credit costs. As a result of increased competition in the various sectors we operate in, products in our industry have become increasingly standardised and variable interest rate and payment terms and lower processing fees are becoming increasingly common across our products. There can be no assurance that we will be able to effectively address these or other finance industry trends or compete effectively with new and existing commercial banks, NBFCs, payment banks, other small finance banks and other financial intermediaries that operate across our various financing products.

In addition, the government has issued schemes such as Pradhan Mantri Jan-Dhan Yojana to ensure access to financial services in an affordable manner. Further, public sector banks as well as existing private sector banks, have an extensive customer and depositor base, larger branch networks, and in case of public sector banks, Government support for capital augmentation, due to which they may enjoy corresponding economies of scale and greater access to low-cost capital, and accordingly, we may not be able to compete with them. An inability to effectively address such competition may adversely affect our market share, business prospects, results of operations and financial condition.

9. *We are not in compliance with the RBI Master Directions – Information Technology Framework for the NBFC Sector.*

Our Company being an NBFC is required to comply with RBI's master direction bearing reference no. DNBS.PPD. No.04/66.15.001/2016-17 dated June 8, 2017, issued the IT framework for the NBFCs ("**Framework**"). In its annual review in the past, RBI had observed certain non-compliance by our Company with the requirements of the Framework. Based on the RBI Gap Reports, the Company management and IT team together worked out a detailed strategy and implementation plan to fill the GAPs and mitigate any risks. In addition, further audits were conducted by the Company using external vendors to assess the progress of this GAP implementation. However, we cannot assure you that there will be no future observations by RBI during their review under the Framework.

10. *We were in receipt of an email from BSE levying a fine for a delayed compliance with a provision of the SEBI Listing Regulations. Any future instances of a delay in compliance with the requirements of SEBI Listing Regulations may lead to adverse actions being taken against our Company.*

Our Company is a debt listed entity and has to comply with listing requirements as prescribed under SEBI Listing Regulations, accordingly our Company is subject to supervision by stock exchange(s) and SEBI. There has been certain instances of non-compliances in past under SEBI Listing Regulations which fines imposed under such non-compliances have been paid by the Company. Please refer to section titled "*Outstanding Litigations - Inquiries, inspections or investigations initiated or conducted under the Companies Act or any previous companies law in the last three years immediately preceding the year of issue of this Prospectus against our Company (whether pending or not); fines imposed or compounding of offences done by our Company in the last three years immediately preceding the year of this Prospectus*" on page 171.

While we endeavour to comply with all applicable laws, we cannot give any positive assurance that we will not be subjected to similar fines in future and any future instances of non-compliance or delayed compliances could result in an adverse action being taken against our Company and could have a material adverse impact on our Company's business and reputation.

11. *Volatility in the market price of gold may adversely affect our financial condition, cash flows and results of operations.*

We extend loans secured mostly by gold jewellery. A sustained decrease in the market price of gold could cause a corresponding decrease in new Gold Loans in our loan portfolio and, as a result, our interest income. In addition, customers may not repay their loans and the gold jewellery securing the loans may have decreased significantly in value, resulting in losses which we may not be able to support. The impact on our financial position and results of operations of a hypothetical decrease in gold values cannot be reasonably estimated because the market and competitive response to changes in gold values is not pre-determinable.

12. *Our ability to lend against the collateral of gold jewellery has been restricted on account of guidelines issued by RBI, which may have a negative impact on our business and results of operation.*

RBI vide the SBR Master Directions has stipulated all NBFCs to maintain an LTV ratio not exceeding 75% for loans granted against the collateral of gold jewellery and further prohibits lending against bullion/primary gold and gold coins. This will limit our ability to provide loan on the collateral of gold jewellery and thereby putting us at a

disadvantage vis-à-vis unregulated money lenders offering similar products. Further, RBI in the Master Directions, has mandated NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) to maintain a minimum Tier I Capital of 12%. Such restrictions imposed by RBI may erode our margins, impact our growth and business prospects.

RBI in the SBR Master Directions further tightened the norms for lending against the security of gold ornaments by pegging the maximum lendable value to preceding 30 day's average of the closing price of 22 carat gold as per the rate as quoted by the Bombay Bullion Association. Any such future restrictions by RBI could have a negative impact on our business and results of operation.

13. *We may not be able to successfully sustain our growth strategy. Inability to effectively manage our growth and related issues could materially and adversely affect our business and impact our future financial performance.*

Our growth strategy includes growing our AUM, expanding network of branches and expanding the range of products and services. We cannot assure you that we will be able to execute our growth strategy successfully or continue to achieve or grow at the levels of revenue earned in recent years, or that we will be able to expand further our AUM. Furthermore, there may not be sufficient demand for our services, or they may not generate sufficient revenues relative to the costs associated with offering such services. Even if we were able to introduce new services successfully, there can be no assurance that we will be able to achieve our intended return on such investments. If we grow our AUM too rapidly or fail to make proper assessments of credit risks associated with borrowers, a higher percentage of our loans may become non-performing, which would have a negative impact on the quality of our assets and our financial condition.

Further principal component of our strategy is to continue to grow by expanding the size and geographical scope of our businesses. This growth strategy will place significant demands on our management, financial and other resources. It will require us to continuously develop and improve our operational, financial and internal controls. It also includes undertaking permission from various authorities, including RBI and various regulatory compliances. Continuous expansion increases the challenges involved in financial management, recruitment, training and retaining high quality human resources, preserving our culture, values and entrepreneurial environment, and developing and improving our internal administrative infrastructure.

14. *Certain of our records including in relation to share transfer to one of our Promoters/Directors are not traceable.*

Certain of our records in relation to filings under Companies Act and Board resolution related to the details of transfer of Equity Shares made to Mathew Muthoottu, one of our Promoters/Directors, are not traceable. Further, we have been unable to trace copies of the transfer deeds for such transfer of Equity Shares. We have relied on the records and registers available with the Company to provide the build-up of the Equity Shareholding of Mathew Muthoottu in our Company. While we continue to conduct a search for such records, we cannot assure you that such records will be available in the future or that we will not be subject to penalties which may be imposed by the RoC in this regard. We cannot assure you that such delays may not occur in the future, which may affect our results of operations and business prospects.

15. *If we are not able to control the level of non-performing assets in our portfolio, the overall quality of our loan portfolio may deteriorate, and our results of operations may be adversely affected.*

We may not be successful in our efforts to improve collections and/or enforce the security interest on the gold collateral on existing as well as future non-performing assets. Moreover, as our loan portfolio increases, we may experience greater defaults in principal and/or interest repayments. Thus, if we are not able to control our level of non-performing assets, the overall quality of our loan portfolio may deteriorate, and our results of operations may be adversely affected. Our gross NPAs for the three-month period ended on June 30, 2024, for the Fiscals ended March 31, 2024, March 31, 2023 and March 31, 2022, was ₹ 2,675.22 lakh, ₹ 3,114.32 lakh, ₹ 1,399.81 lakh and ₹ 1,526.35 lakh, respectively.

The SBR Master Directions prescribe the provisioning required in respect of our outstanding loan portfolio. Should the overall credit quality of our loan portfolio deteriorate, the current level of our provisions may not be adequate to cover further increases in the amount of our non-performing assets. Furthermore, although we believe that our total provision will be adequate to cover all known losses in our asset portfolio, our current provisions may not be adequate when compared to the loan portfolios of other financial institutions. Moreover, there also can be no assurance that there will be no further deterioration in our provisioning coverage as a percentage of gross non-performing assets or otherwise, or that the percentage of non-performing assets that we will be able to recover will

be similar to our past experience of recoveries of non-performing assets. In the event of any further increase in our non-performing asset portfolio, there could be an even greater, adverse impact on our results of operations.

16. *We may not be able to realise the full value of our pledged gold jewellery in case of a default, which exposes us to a potential loss.*

We may not be able to realise the full value of our pledged gold, due to, among other things, defects in the quality of gold or wastage that may occur when melting gold jewellery into gold bars. We have in place an extensive internal policy on determining the quality of gold prior to disbursement of the gold loan. However, we cannot assure that methods followed by us are full proof and the impurity levels in the gold can be accurately assessed.

In the case of a default, amongst others we may auction the pledged gold in accordance with our auction policy. We cannot assure you that we will be able to auction such pledged gold jewellery at prices sufficient to cover the amounts under default. Moreover, there may be delays associated with the auction process or other processes undertaken by us to recover the amount due to us. Any such failure to recover the expected value of pledged gold could expose us to a potential loss and which could adversely affect our financial condition and results of operations.

17. *Our indebtedness, the conditions and restrictions imposed by our financing agreements could restrict our ability to conduct our business and operations in the manner we desire.*

As of September 30, 2024, we had an outstanding debt (excluding interest on bank borrowings and interest on debentures) of ₹ 3,63,221.59 lakh. We may incur additional indebtedness in the future. Many of our financing agreements include various restrictive conditions and covenants restricting certain corporate actions, and our Company is required to take the prior approval of the lender before carrying out such activities. For instance, our Company, *inter alia*, is required to obtain the prior written consent in the following instances:

- to declare and/or pay dividend to any of its shareholders whether equity or preference, during any financial year unless our Company has paid to the lender the dues payable by our Company in that year;
- to undertake or permit any merger, amalgamation or compromise with its shareholders, creditors or effect any scheme of amalgamation or reconstruction or disposal of whole of the undertaking;
- to create or permit any charges or lien, sell or dispose of any encumbered assets;
- to alter its capital structure, or otherwise acquire any share capital;
- to effect a change of ownership or control, or management of our Company;
- to enter into long term contractual obligations directly affecting the financial position of our Company;
- to borrow or obtain credit facilities from any bank or financial institution;
- to undertake any guarantee obligations on behalf of any other company;
- to make any share capital investments or advance loans or funds to any other concern including group companies;
- to repay dues of promoter/group companies;
- to undertake any new project/further expansion or acquire fixed assets except those indicated in the funds flow statement submitted to the bank from time to time and approved by the bank;
- to sell, assign, mortgage or otherwise dispose of any of the fixed assets charged to the banks; and
- any change of practice with regard to remuneration of the directors.

Our indebtedness could have several important consequences, including our cash flows being used towards repayment of our existing debt, which will reduce the availability of our cash flow to fund our working capital, capital expenditures and other general corporate requirements. Moreover, our ability to obtain additional financing or renewal of existing facilities, in the future at reasonable terms may be restricted or our cost of borrowings may increase due to sudden adverse market conditions, including decreased availability of credit or fluctuations in interest rates, particularly because a significant proportion of our financing arrangement are in the form of borrowings from banks. There could be a material adverse effect on our business, financial condition and results of operations if we are unable to service our indebtedness or otherwise comply with financial and other covenants specified in the financing agreements and we may be more vulnerable to economic downturns, which may limit our ability to withstand competitive pressures and may reduce our flexibility in responding to changing business, regulatory and economic conditions.

18. *A major part of our branch network is concentrated in southern India and any disruption or downturn in the economy of the region would adversely affect our operations.*

As of September 30, 2024, 97.17% of our branches i.e., 894 branches were located in the southern states of Andhra Pradesh, Telangana, Goa, Karnataka, Kerala and Tamil Nadu and the union territory of Puducherry and these constituted about 95.82% of our total gold loan portfolio as of September 30, 2024. For details, please refer to “Our Business” on page 101. As a result, we are exposed to risks including any change in policies relating to these states, any localised social unrest, any natural disaster and any event or development which could make business in such states less economically beneficial. Further, any disruption, disturbance or breakdown in these states could adversely affect the result of our business and operations. Our concentration in these southern states of India exposes us to adverse economic or political circumstances that may arise in that region as compared to other NBFCs and commercial banks that may have diversified national presence and may have an adverse effect on our business, market share and results of operations.

- 19. We may also face potential liquidity risks due to mismatches in the maturity of our assets and liabilities. Such mismatches, where the financial terms of an institution’s assets and liabilities do not match, are a key financial parameter for us. As is typical for a company in the business of lending, a portion of our funding requirements is met through short and long-term funding sources such as bank loans, non-convertible debentures, etc. We may be unable to obtain additional credit facilities or renew our existing credit facilities for matching the tenure of our liabilities in a timely and cost-effective manner or at all, may lead to mismatches between our assets and liabilities leading to an increase in liquidity risk, which in turn may adversely affect our operations and financial performance.**

- 20. Our bank funding is concentrated amongst 31 lenders and impairment of our relationship with any, or all, of such lenders or our inability to secure additional loans and renewal of existing facilities on favourable terms from such lenders in the future, may have a material adverse effect on our business, results of operations and financial condition.**

As on September 30, 2024, we have availed term loans and working capital demand loans from banks and financial institutions, of amount ₹ 2,14,504.70 lakh. We may have difficulty in obtaining funding on acceptable terms from these or other lenders and other sources which we have not accessed so far. Any impairment of our relationship with any, or all, of our lenders or our inability to secure additional loans and renewal of existing facilities on favourable terms from such lenders in future may have a material adverse effect on our business, results of operations and financial condition.

- 21. Our gold loans are of tenors not exceeding 1 year, and a failure to disburse new loans may result in a reduction of AUM and a corresponding interest income would decline.**

The gold loans we offer are short term loans and are due within one year of disbursement typically ranging from three to nine months. The relatively short term nature of our loans means that we are not assured of long term interest income streams compared to businesses that offer loans with longer terms. In addition, our existing customers may not obtain new loans from us upon maturity of their existing loans, particularly if competition increases. The short term nature of our loan products and the potential instability of our interest income could materially and adversely affect our results of operations and financial position.

- 22. Inaccurate appraisal of gold by our personnel may adversely affect our business and financial condition.**

Accurate appraisal of pledged gold is a significant factor in the successful operation of our business and such appraisal requires a skilled and reliable workforce. Assessing gold jewellery quickly is a specialised skill that requires assessing jewellery for gold content and quality manually without damaging the jewellery. Our Company provides training for our personnel for assessing jewellery for gold content and quality. However, in spite of rigorous training there is no guarantee that the gold ornaments appraised are accurately. Inaccurate appraisal of gold content, by our workforce may result in the gold ornament being overvalued and pledged for a loan that is higher in value than the actual value of gold content, which could adversely affect our reputation and business. We also run the risk of spurious gold being incorrectly assessed and approved for disbursement. Further, we are subject to the risk of inaccurate or fraudulent estimation of the value of pledged gold by our gold appraisers. Any such inaccuracies or fraud in relation to our appraisal of gold may adversely affect our reputation, business and financial condition.

- 23. We depend on customer supplied information when evaluating customer credit worthiness.**

In deciding whether to extend credit or enter into other transactions with customers and counter parties, we may rely on information furnished to us by or on behalf of our customers, including the financial information from which we create our credit assessments. We may also rely on customer representations as to the accuracy and completeness of customer supplied information. Any relevant changes in this information may not be made available to us. The information that we have gathered may not be sufficient to create a complete customer risk profile. Because we rely on such customer supplied information, some or all of certain customers' risk profiles may be wilfully or inadvertently wrong or misleading, which may lead us to enter into transactions that may adversely affect our financial condition and results of operations.

- 24. The implementation of our KYC norms as well as our measures to prevent money laundering may not be completely effective, which could adversely affect our reputation and in turn have an adverse impact on our business and results of operations.**

Our implementation of anti-money laundering measures required by the RBI, including KYC policies and the adoption of anti-money laundering and compliance procedures in all our branches, may not be completely effective. There can be no assurance that certain of our customers will not indulge in money laundering activities advertently misusing our business channels. If we were identified to be associated with money laundering operations, our reputation may be adversely affected, which in turn could have an adverse impact on our business and results of operations.

25. *This Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.*

This Prospectus includes certain unaudited financial information, which has been subjected to limited review by our Previous Statutory Auditor, in relation to our Company. This Prospectus includes Limited Review Unaudited Financial Results for the three months ended June 30, 2024. As the limited review financial information prepared by the Company in accordance with Regulation 52 of the SEBI LODR Regulations have been subject only to a limited review and as described in Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the ICAI. Any reliance by prospective investors on such limited review financial information for the three months ended June 30, 2024 should, accordingly, be limited. Any financial results published in the future may not be consistent with past performance. Accordingly, prospective investors should rely on their independent examination of our financial position and results of operations, and should not place undue reliance on, or base their investment decision solely on the financial information included in this Prospectus.

26. *Our customer base comprises entirely of individual borrowers, who generally are more likely to be affected by declining economic conditions than large corporate borrowers. Any decline in the repayment capabilities of our borrowers, may result in increase in defaults, thereby adversely affecting our business and financial condition.*

Individual borrowers typically are less financially resilient than larger corporate borrowers, and as a result, they are typically more adversely affected by declining economic conditions. In addition, a significant majority of our customer base belongs to the low to medium income group. Furthermore, unlike many developed economies, a nationwide credit bureau has only recently become operational in India, so there is less financial information available about individuals, particularly our focus customer segment of the low to medium income group. It is therefore difficult to carry out precise credit risk analyses on our customers. While we follow certain procedures to evaluate the credit profile of our customers before we sanction a loan, we generally rely on the quality of the pledged gold rather than on a stringent analysis of the credit profile of our customers. Although we believe that our risk management controls are sufficient, we cannot be certain that they will continue to be sufficient or that additional risk management policies for individual borrowers will not be required. Failure to maintain sufficient credit assessment policies, particularly for individual borrowers, could adversely affect our loan portfolio, which could in turn have an adverse effect on our financial condition and results of operations.

27. *Our Company is in receipt of a letter dated April 29, 2021 from the Registrar of Companies, Kerala & Lakshadweep (“RoC”) in relation to an inspection proposed to be conducted. Any adverse findings by the RoC in this regard, could have a detrimental impact on the reputation of our Company, our Promoters and Directors.*

Our Company received a letter dated April 29, 2021 from the RoC (“**Letter**”), in relation to an inspection proposed to be conducted under Section 206(5) of the Companies Act (“**Inspection**”). In this regard the Central Government has appointed the RoC, along with Deputy Official Liquidator, Kerala and the Regional Director, Ministry of Corporate Affairs (SR), Chennai as inspector to carry out the Inspection (“**Inspector**”). The Inspector vide Letter has sought certain information and documents, inter alia Audited Financial Statements for last five years, Memorandum of Association, Articles of Association, and shareholding pattern from our Company. Our Company, vide its letter dated May 14, 2021, has submitted that owing to State-wide lockdown effective from May 8, 2021 to May 16, 2021 and the travel restrictions imposed by the Kerala Government to contain COVID 19, the Company was unable to physically submit the information and documents required. Further, our Company vide its letter dated June 11, 2021 has submitted all the documents and certain information mentioned in the Letter. The Company further received letter dated September 23, 2021 from RoC, proposing visit of the inspecting officer who visited the Company on October 6, 2021. The inspecting officer perused records and also took extracts of minutes and other ROC filed documents. The Inspector in his report dated September 30, 2022 sought para-wise replies to the alleged violation of certain provisions of Companies Act, 2013, *inter alia* including sections 73, 135(5), 71(4), 134(6) etc. The Company has submitted its responses to the alleged non-compliances.

In the event, the Inspector, during the course of the Inspection, finding adversely against our Company or any of

our promoters or directors, such findings could have a detrimental impact on the reputation of our Company, and that of our Promoters and Directors.

28. *Our inability to open new branches at correct locations may adversely affect our business.*

Our business is dependent on our ability to service and support our customers from proximate locations and thereby giving our customers easy access to our services. Further, it is vital for us to be present in key locations for sourcing business as we depend on these branches to earn revenue. Thus, any inability on our part to open new branches at correct locations may adversely affect our business and results of operations.

29. *Our branches are vulnerable to theft and burglary. While we are insured against the risk of burglary arising from our business, such insurance may not be sufficient to fully cover the losses we suffer, and this may result in adverse effect on our financial condition and results of operations.*

Storage of pledged gold jewellery as part of our business entails the risk of theft/burglary and resulting loss to our reputation and business. The short tenure of the loans advanced by us and our practice of processing loan repayments within short timelines require us to store pledged gold on our premises at all points in time. Some of our branches have had instances of burglaries in the past. With regard to all cases of theft/burglaries, we may not be able to recover the entire amount of the loss suffered and may receive only a partial payment of the insurance claim. While we are insured against the risk of burglary arising from our business, such insurance may not be sufficient to fully cover the losses we suffer. Further, the actual recovery of the insured amount from the insurer requires the undertaking of certain procedures, and any delay in recovery could adversely affect our reputation and results of operation.

30. *We are subject to the risk of fraud by our employees and customers. Our lending operations involve significant amounts of cash collection which may be susceptible to loss or misappropriation or fraud by our employees. Specifically, employees operating in remote areas may be susceptible to criminal elements which may adversely affect our business, operations and ability to recruit and retain employees.*

We are exposed to the risk of fraud and other misconduct by employees and customers. While we carefully recruit all of our employees and screen all our employees who are responsible for disbursement of gold loans and custody of gold, there could be instances of fraud with respect to gold loans and cash related misappropriation by our employees. We are required to report cases of internal fraud to the RBI, which may take appropriate action. We have also filed police complaints alleging fraud and misappropriation of gold by our employees in the past. We cannot guarantee you that such acts of fraud will not be committed in the future, and any such occurrence of fraud would adversely affect our reputation, business and results of operations.

Our lending and collection operations involve handling of significant amounts of cash, including collections of instalment repayments in cash which is the norm in the finance industry. Large amounts of cash collection expose us to the risk of loss, fraud, misappropriation or unauthorised transactions by our employees responsible for dealing with such cash collections. While we obtain insurance, coverage including fidelity coverage and coverage for cash in safes and in transit and undertake various measures to detect and prevent any unauthorised transactions, fraud or misappropriation by our employees, these measures may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our business operations and financial condition. In addition, we may be subject to regulatory or other proceedings in connection with any such unauthorised transaction, fraud or misappropriation by our agents or employees, which could adversely affect our goodwill, business prospects and future financial performance.

Further, our employees operating in remote areas may be particularly susceptible to criminal elements as they are involved in cash collection and transportation due to lack of local banking facilities. In the event of any such adverse incident our ability to continue our operations in such areas will be adversely affected and our employee recruitment and retention efforts may be affected, thereby affecting our expansion plans. In addition, if we determine that certain areas of India pose a significantly higher risk of crime or political strife and instability, our ability to operate in such areas will be adversely affected.

31. *We are subject to the risk of unknowingly receiving stolen goods as collateral from customers which may result in loss of collateral for the loan disbursed.*

We have a policy in place to satisfy ownership of the gold jewellery and have taken adequate steps to ensure that the KYC guidelines stipulated by RBI are followed and due diligence of the customer is undertaken prior to the

disbursement of loans. However, in the event that we unknowingly receive stolen goods as collateral from a customer, the goods can be seized by authorities. Once seized by the authorities, gold items will be stored in court storage facilities without a surety arrangement. No recourse is generally available to our Company in the event of such seizure, except the recovery of the loss from the customer. Any seizure of the gold ornaments by the authorities shall result in us losing the collateral for the loan disbursed and could adversely affect our reputation, business and results of operations.

32. *Our insurance may not be adequate to protect us against all potential losses to which we may be subjected to and if we were to incur a significant liability for which we were not fully insured, it could adversely affect our business, results of operations and financial conditions.*

We maintain insurance cover for our gold stock and cash with our branches, and cash in transit, against theft, loss or damage by fire as well as against natural calamities including earthquake and floods. As on September 30, 2024, our Company has a total insurance cover of ₹ 6,00,000 lakhs. While we exercise due care in taking out adequate cover, given the nature of fluctuating gold prices, the amount of our insurance coverage may be less than the replacement cost of all covered property and may not be sufficient to cover all financial losses that we may suffer should a risk materialise. There are many events that could significantly affect our operations, or expose us to third party liabilities, for which we may not be adequately insured. If we were to incur a significant liability for which we were not fully insured, it could adversely affect our business, results of operations and financial condition.

33. *We may experience difficulties in expanding our business into additional geographical markets in India, which may adversely affect our business prospects, financial conditions and results of operations.*

While the gold loans markets in the south Indian states of Kerala, Tamil Nadu, Karnataka, Andhra Pradesh and Telangana remains and is expected to remain our primary strategic focus, we also evaluate attractive growth opportunities in other regions in India and have expanded our operations in the northern and western states of India. We may not be able to leverage our experience in the states that we are present in to expand our operations in other regions, should we decide to further expand our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, customer attitude, sentimental attachments towards gold jewellery, behaviour and preferences in these cities where we may plan to expand our operations may differ from those in south Indian states of Kerala, Tamil Nadu, Andhra Pradesh, Telangana and Karnataka and our experience in these states of Kerala, Tamil Nadu, Andhra Pradesh, Telangana and Karnataka may not provide us with benefits in other geographies. In addition, as we enter new markets and geographical areas, we are likely to compete not only with other large banks and financial institutions in the gold loan business, but also the local unorganised or semi-organised lenders, who are more familiar with local conditions, business practices and customs, have stronger relationships with customers and may have a more established brand name within local communities.

If we plan to further expand our geographical footprint, our business may be exposed to various additional challenges, including obtaining necessary governmental approvals, identifying and collaborating with local business partners with whom we may have no previous working relationship; successfully gauging market conditions in new markets; attracting potential customers; being susceptible to local laws in new geographical areas of India; and adapting our marketing strategy and operations to suit regions where different languages are spoken. Our inability to expand our current operations in additional geographical markets may adversely affect our growth, business prospects, financial conditions and results of operations.

34. *System failures or inadequacy and security breaches in computer systems may adversely affect our operations and result in financial loss, disruption of our businesses, regulatory intervention or damage to our reputation.*

We are vulnerable to risks arising from the failure of employees to adhere to approved procedures, failures of security systems, computer system disruptions, communication systems failure and data interception during transmission through external communication channels and networks. Failure to prevent or detect such breaches in security or data and communications errors may adversely affect our operations.

Despite our internal controls, policies and procedures, certain matters such as fraud and embezzlement cannot be eliminated entirely given the cash nature of our business. If we fail to maintain and continue to enhance our internal controls, policies and systems, we may be unable to prevent fraud, security breaches or system failures.

Our business is increasingly dependent on our ability to process, on a daily basis, a large number of transactions. Our financial, accounting or other data processing systems may fail to operate properly or become disabled as a result of events that are wholly or partially beyond our control, including a disruption of electrical or

communications services. If any of these systems do not operate properly or are disabled, or if there are other shortcomings or failures in our internal processes or systems, financial loss, disruption of our business, regulatory intervention or damage to our reputation may result. In addition, our ability to conduct business may be adversely affected by a disruption in the infrastructure that supports our businesses and the localities in which we are located. Our operations also rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Our computer systems, software and networks may be vulnerable to unauthorized access, computer viruses or other malicious code and other events that could compromise data integrity and security. Constant connectivity between our branches across India and our Corporate Office is key to the functioning of our business. Each of our branches accesses the corporate data centre through the Internet, and all data is stored centrally in the corporate data centre. Our disaster recovery system is fully operational, and we continue to engage in technical exercises to test and improve our disaster plan.

- 35. *Our ability to access capital also depends on our credit ratings. Any downgrade in our credit ratings would increase borrowing costs and constrain our access to capital and lending markets and, as a result, would negatively affect our net interest margin and our business.***

The cost and availability of capital is also dependent on our short term and long term credit ratings. In addition, downgrades of our credit ratings could increase the possibility of additional terms and conditions being added to any new or replacement of financing arrangements. For details regarding ratings received by our Company, please refer to “Our Business- Our Borrowings and Credit Ratings” on page 114 and “Annexure IP” on page 346.

- 36. *Filing of DIR 12 by the Company in respect of appointment and resignation of directors within the timelines stipulated under the law.***

Our Company has appointed Veneugopal Kuttappan Nair as an Additional Independent Director of the Company with effect from October 8, 2024, and Rajagopal Saseendran Mangalathu has ceased to be an Independent Director of the Company with effect from September 30, 2024 due to cessation of tenure of directorship. The Company is yet to intimate RoC in Form DIR-12 of such appointment and cessation of directors within the 30 days from the date of such appointment or cessation under the provisions of Companies (Appointment and Qualification of Directors) Rules, 2014, i.e., latest by November 7, 2024 for appointment of Veneugopal Kuttappan Nair as director and latest by October 29, 2024 for cessation of Rajagopal Saseendran Mangalathu as director. The Company endeavours to file respective Form DIR 12 within the above prescribed timelines. However, non-compliance / non-filing of Form DIR-12 with RoC within the above mentioned timelines could make our Company and every officer of our Company who is in default subject to penalties.

- 37. *We are subjected to supervision and regulation by the RBI as a NBFC-ML, and changes in RBI's regulations governing us could adversely affect our business.***

As a NBFC- ML, we are subject to the RBI's guidelines on financial regulation of NBFCs, including capital adequacy, exposure and other prudential norms. The RBI also regulates the credit flow by banks to NBFCs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to NBFCs. The RBI's regulations of NBFCs could change which may restrict the availment of credit facilities from such banks in the future and which may require us to restructure our activities, incur additional cost or could otherwise adversely affect our business and our financial performance. Through the Master Directions and SBR Framework, RBI has amended the regulatory framework governing NBFCs to address concerns pertaining to risks, regulatory gaps and arbitrage arising from differential regulations and aims to harmonise and simplify regulations to facilitate a smoother compliance culture among NBFCs.

Even though the RBI, has not provided for any restriction on interest rates that can be charged by non-deposit taking NBFCs, there can be no assurance that the RBI and/or the Government will not implement regulations or policies, including policies or regulations or legal interpretations of existing regulations, relating to or affecting interest rates, taxation, inflation or exchange controls, or otherwise take action, that could have an adverse effect on non-deposit taking NBFCs. In addition, there can be no assurance that any changes in the laws and regulations relative to the Indian financial services industry will not adversely impact our business.

- 38. *Any decline in our Company's capital ratio or capital adequacy requirement could restrict our future business growth.***

As a NBFC-ML, we are regulated by the RBI and are subject to certain capital to risk weighted assets ratio (CRAR). The minimum capital requirement to capital to risk weighted assets ratio (CRAR) required to be maintained by us,

as well as the respective capital to risk weighted assets ratio (CRAR) of us for the three months ended June 30, 2024 and financial year ended as on March 31, 2024 are as follows:

Category	Minimum capital requirement to risk weighted assets ratio	Capital to risk weighted assets ratio (CRAR)	
		June 30, 2024	March 31, 2024
NBFC-ML	15%	24.64%	23.86%

39. *We may be subject to regulations in respect of provisioning for non-performing assets. If such provisions are not sufficient to provide adequate cover for loan losses that may occur, this could have an adverse effect on our financial condition, liquidity and results of operations.*

RBI guidelines prescribe the provisioning required in respect of our outstanding loan portfolio. These provisioning requirements may require us to reserve lower amounts than the provisioning requirements applicable to financial institutions and banks in other countries. The provisioning requirements may also require the exercise of subjective judgments of management. The RBI vide the Master Directions provides for the regulatory framework governing NBFCs pertaining to provisioning for standard assets. The requirement to make a provision for standard assets over a period of three years, i.e., 0.30% by the end of March 2016, 0.35% by the end of March 2017 and 0.40% by the end of March 2018 and thereafter, of the outstanding.

There are multiple factors that affect the level of NPAs in our Company. Prominent among them are fall in value of gold, increase in the LTV ratio for gold loan etc.

The level of our provisions may not be adequate to cover further increases in the amount of our nonperforming assets or a decrease in the value of the underlying gold collateral. If such provisions are not sufficient to provide adequate cover for loan losses that may occur, or if we are required to increase our provisions, this could have an adverse effect on our financial condition, liquidity and results of operations and may require us to raise additional capital.

40. *Microfinance loans are unsecured and are susceptible to certain operational and credit risks which may result in increased levels of NPAs.*

As of June 30, 2024, our microfinance AUM was ₹ 26,988.78 lakh, representing 7.66% of our aggregate AUM as of such date. Our microfinance customers typically belong to the economically weaker sections and are diverse in nature, which include customers involved in income generating business activities, with limited sources of income, savings and credit records, and are therefore unable to provide us with any collateral or security for their loans. Such customers are at times unable to or may not provide us with accurate information about themselves which is required by us in connection with loans.

In our microfinance business, we rely on non-traditional guarantee mechanisms rather than any tangible assets as security collateral. Our microfinance business involves a joint liability mechanism whereby borrowers form a joint liability group and provide guarantees for loans obtained by each member of such group. There can however be no assurance that such joint liability arrangements will ensure repayment by the other members of the joint liability group in the event of default by any one of them. Such joint liability arrangements are likely to fail if there is no meaningful personal relationship or bond among members of such group, if inadequate risk management procedures have been employed to verify the group members and their ability to repay such loans, or as a result of adverse external factors such as natural calamities and forced migration.

As a result, our micro finance customers potentially present a higher risk of loss in case of a credit default compared to that of customers in other asset-backed financing products. In addition, repayment of microfinance loans are susceptible to various political and social risks, including any adverse publicity relating to the microfinance sector accessing capital markets, public criticism of the microfinance sector, the introduction of a stringent regulatory regime, and/or religious beliefs relating to loans and interest payments, which adversely affect repayment by our customers and may have a material and adverse effect on our business prospects and future financial performance.

There can be no assurance that we will be able to maintain our current levels of NPAs. In addition, it is difficult to accurately predict credit losses, and there can be no assurance that our monitoring and risk management procedures will succeed in effectively predicting such losses or that our loan loss reserves will be sufficient to cover any such actual losses. As a result of the uncertain financial and social circumstances of our microfinance customers and the

higher risks associated with lending to such customers, we may experience increased levels of NPAs and we may be required to make related provisions and write-offs that could have a material and adverse effect on our business prospects and financial performance.

- 41. *Our microfinance business involves transactions with relatively high-risk borrowers that typically do not have access to formal banking channels, and high levels of customer defaults could adversely affect our business, results of operations and financial condition.***

Our microfinance business involves lending money to smaller, relatively low-income women entrepreneurs who have limited access or no access to formal banking channels, and therefore may not have any credit history and as a result we are more vulnerable to customer default risks including default or delay in repayment of principal or interest on our loans.

Some of our customers, especially the first-time borrowers, may not have any documented credit history, may have limited formal education, and are able to furnish very limited information for us to be able to assess their creditworthiness accurately. Consequently, we may not have past data on the customer's borrowing behaviour. In addition, we may not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any fraudulent misrepresentation on the part of our customers. It is therefore difficult to carry out credit risk analysis on our clients. Although we believe that our risk management controls are stringently applied, there can be no assurance that they will be sufficient or that additional risk management strategies for our customers will not be required.

Further, our customers may default on their obligations as a result of various factors including bankruptcy, lack of liquidity and / or failure of the business or commercial venture in relation to which such borrowings were sanctioned. Although our microfinance business operates through a system of joint liability, we may still be exposed to defaults in payment, which we may not be able to recover in full. If our borrowers fail to repay loans in a timely manner or at all, our financial condition and results of operations will be adversely impacted.

- 42. *Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs. Any limitation on our ability to borrow from such banks may increase our cost of borrowing, which could adversely impact our growth, business and financial condition.***

Under RBI Master Circular DBR.BP.BC.No.5/21.04.172/2015-16 on bank finance to NBFCs issued on July 1, 2015, the exposure (both lending and investment, including off balance sheet exposures) of a bank to a single NBFC engaged in lending against collateral of gold jewellery (i.e., such loans comprising 50% or more of its financial assets) should not exceed 7.5% of its capital funds. Banks may, however, assume exposures on a single NBFC up to 12.5% of their capital funds, provided the exposure in excess of 7.5% is on account of funds on-lent by the NBFC to the infrastructure sector. Further, banks may also consider fixing internal limits for their aggregate exposure to all NBFCs put together and should include internal sub-limit to all NBFCs providing Gold Loans (i.e., such loans comprising 50% or more of their financial assets), including us. This limits the exposure that banks may have on NBFCs such as us, which may restrict our ability to borrow from such banks and may increase our cost of borrowing, which could adversely impact our growth, business and financial condition.

- 43. *Attrition rate in our business is quite high and in order to be successful, we must attract, retain and motivate key employees, and failure to do so could adversely affect our business. Failure to hire key executives or employees could have a significant impact on our operations.***

In order to be successful, we are required to attract, train, motivate and retain highly skilled employees, especially branch managers and gold assessment technical personnel. If we cannot hire additional personnel or retain existing qualified personnel, our ability to expand our business will be impaired and our revenue could decline. Hiring and retaining qualified and skilled managers and sales representatives are critical to our future, and competition for experienced employees in the gold loan industry can be intense. In addition, we may not be able to hire and retain enough skilled and experienced employees to replace those who leave or may not be able to re-deploy and retain our employees to keep pace with continuing changes in technology, evolving standards and changing customer preferences. The failure to hire key executives or employees could have a significant impact on our operations.

- 44. *We have entered into certain transactions with related parties. Any transaction with related parties may involve conflicts of interest.***

We have entered into transactions with several related parties, including our Promoters, Directors and related entities. We can give no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations. The transactions we have entered into and any future transactions with our related parties have involved or could potentially involve conflicts of interest.

For details regarding our related party transactions entered into by us during the previous three Fiscals, please refer to chapters titled “*Related Party Transactions*” on page 131 and “*Financial Statements*” beginning on page 132.

45. *We are required to comply with the requirements of certain labour laws which may impose additional costs on us.*

Our branches are required to be registered under the relevant shops and establishments laws and verifications under Standards of Weights and Measures Act, 1976 of the states in which they are located. The shops and establishment laws regulate various employment conditions, including working hours, holidays, leave and overtime compensation. If we fail to obtain or retain any of these approvals, exemptions or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any conditions, our certificate of registration may be suspended or cancelled, and we may not be able to carry on such activities.

In addition, our employees are required to be registered under the provisions of certain labour laws such as the Employees’ State Insurance Act, 1948, the Payment of Gratuity Act, 1972 the Kerala Shops and Commercial Establishments Act, 1960, the Kerala Labour Welfare Fund Act, 1975, and the Employees Provident Fund and Miscellaneous Provisions Act, 1952. We are also required to maintain certain records under the provisions of these laws, which add to our costs. If we are subject to penalties under these labour laws or if we do not obtain the requisite approvals, our business, financial condition and results of operations may be adversely affected.

46. *Our inability to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our business may have a material adverse effect on our business, financial condition and results of operations.*

NBFCs in India are subject to strict regulations and supervision by the RBI. In addition to the numerous conditions required for the registration as a NBFC with the RBI, we are required to maintain certain statutory and regulatory permits and approvals for our business. In the future, we will be required to renew such permits and approvals and obtain new permits and approvals for any proposed operations. There can be no assurance that the relevant authorities will issue any of such permits or approvals in the time-frame anticipated by us or at all. Failure on our part to renew, maintain or obtain the required permits or approvals may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations.

In addition, our branches are required to be registered under the relevant shops and establishments laws of the states in which they are located. The shops and establishment laws regulate various employment conditions, including working hours, holidays and leave and overtime compensation. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any of these conditions, our certificate of registration may be suspended or cancelled, and we shall not be able to carry on such activities.

47. *All our branch premises, except ten branches, are acquired on lease. Any termination of arrangements for lease of our branches or our failure to renew the same in a favourable, timely manner, could adversely affect our business and results of operations.*

As on September 30, 2024, we had 920 branches in eleven states and one union territory. Except ten branches which are owned by us, the remaining are located on leased premises. If any of the owners of these premises does not renew an agreement under which we occupy the premises, attempts to evict us or seeks to renew an agreement on terms and conditions non-acceptable to us, we may suffer a disruption in our operations or increased costs, or both, which may adversely affect our business and results of operations.

Further, some of our lease deeds for our properties may not be registered and further some of our lease deeds may not be adequately stamped and consequently, may not be accepted as evidence in a court of law and we may be required to pay penalties for inadequate stamp duty. Further, we may not be able to assess or identify all risks and liabilities associated with any properties, such as faulty or disputed title, unregistered encumbrances or adverse

possession rights, improperly executed, unregistered or insufficiently stamped instruments, or other defects that we may not be aware of.

48. *We have ventured into new business areas and the sustainability, effective management and failure of growth strategy could adversely affect our business and result of operations.*

We have entered new businesses as part of our growth strategy. For example, we have entered into corporate agency agreements with insurance companies, to act as their corporate agent for soliciting or procuring insurance business. We have also entered into agreements for money transfer business including with certain money transfer companies to act in the capacity of their sub-representative to offer money transfer services. Our Company has also entered into an agreement with a tour and travel company to act as its sub-agent, to provide travel related activities. Additionally, our Company has also started the microfinance business in Fiscal 2017.

We have little or no operating experience with such businesses, and you should consider the risks and difficulties we may encounter by entering into new lines of business. New businesses may require capital investments and commitments of time from our senior management, and there often is little or no prospect of earnings in a new business for several years. Moreover, there is no assurance any new business we develop or enter will commence in accordance with our timelines, if at all, which could result in additional costs and time commitments from our senior management. There also can be no assurance that our management will be able to develop the skills necessary to successfully manage these new business areas. Our inability to effectively manage any of the above issues could materially and adversely affect our business and impact our future financial performance.

49. *We rely significantly on our management team, our Key Managerial Personnel and our ability to attract and retain talent. Loss of any member from our management team or that of our Key Managerial Personnel may adversely affect our business and results of operation.*

We rely significantly on our core management team which oversees the operations, strategy and growth of our businesses. Our Key Managerial Personnel have been integral to our development. Our success is largely dependent on our management team which ensures the implementation of our strategy. If one or more members of our management team are unable or unwilling to continue in their present positions, they may be difficult to replace, and our business and results of operation may be adversely affected.

50. *In case of outstanding debt instruments, deposits, or borrowings, any default in compliance with the material covenants could expose you to significant risks. These covenants may include the creation of security as per the agreed terms, default in payment of interest, default in redemption or repayment, and default in payment of penal interest wherever applicable.*

Our ability to comply with these covenants is subject to various factors including our financial condition, profitability, and the general economic conditions in India and in the global financial markets. In accordance with the terms and conditions of the outstanding debt instruments, deposits, or borrowings, any failure to comply with the material covenants could lead to significant risks. These covenants may include the creation of security as per terms agreed, default in payment of interest, default in redemption or repayment, and default in payment of penal interest, among others.

While our Company shall take all necessary steps to comply with these covenants within the timelines prescribed under the agreements and the applicable law, there could be a failure or delay in compliance due to unforeseen circumstances. Any such default could lead to penalties, legal actions, or even trigger a default on other obligations under cross-default provisions which may adversely affect our business, results of operations, financial condition and cash flows. There is no assurance that the Company will be able to avoid such defaults, and any such event could expose you to significant financial and legal risks. It is important for investors to understand these risks and consider them when making their investment decisions.

RISKS PERTAINING TO THIS ISSUE

51. *Changes in interest rates may affect the price of our NCDs which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.*

All securities where a fixed rate of interest is offered, such as our NCDs, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e., when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a

function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.

- 52. *You may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay in recovering the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.***

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors *inter alia* including our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all.

Further, in case of NCDs, although our Company will create appropriate security in favour of the Debenture Trustee for the Debenture Holders to the Issue for the NCDs on the assets adequate to ensure 100.00% security cover on the outstanding amounts of the NCDs and interest thereon, the realisable value of the secured assets may be lower than the outstanding principal and/or interest accrued thereon in connection with the NCDs. A failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.

- 53. *There is no assurance that the NCDs issued pursuant to this Issue will be listed on BSE Limited in a timely manner, or at all.***

In accordance with Indian law and practice, permission for listing and trading of the NCD issued pursuant to this Issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents authorising the issue of NCDs to be submitted. There could be a failure or delay in listing the NCDs in BSE.

- 54. *The Issuer, being a NBFC is not required to maintain a debenture redemption reserve ("DRR")***

Pursuant to a Ministry of Corporate Affairs notification dated August 16, 2019 amending Section 71 of the Companies Act, 2013 and Rule 18 (7) of the Companies (Share Capital and Debentures) Rules, 2014, a NBFC is not required to maintain DRR for debentures issued through a public issue. Hence, investors shall not have the benefit of reserve funds to cover the re-payment of the principal and interest on the NCDs.

- 55. *There may be no active market for the NCDs on the retail debt market/capital market segment of the BSE. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.***

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs would depend on various factors *inter alia* including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market price of our Equity Shares, (iii) the market for listed debt securities, (iv) general economic conditions, (v) our financial performance, growth prospects and results of operations and (vi) limited or sporadic trading. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

- 56. *Our Company may raise further borrowings and charge its assets after receipt of necessary consents from its existing lenders. In such a scenario, the Debenture Holders holding NCDs will rank pari passu with other secured creditors and to that extent, may reduce the amounts recoverable by the Debenture Holders upon our Company's bankruptcy, winding up or liquidation***

Our Company may, subject to receipt of all necessary consents from its existing lenders and the Debenture Trustee to the Issue, raise further borrowings and charge its assets. Our Company is free to decide the nature of security that may be provided for future borrowings. In such a scenario, the Debenture Holders holding NCDs will rank *pari passu* with other creditors and to that extent, may reduce the amounts recoverable by the Debenture Holders upon our Company's bankruptcy, winding up or liquidation.

- 57. *Payments to be made on the NCDs are subordinated to certain taxes and other liabilities preferred by law. In the event of bankruptcy, liquidation or winding up, there may not be sufficient assets of our Company remaining, to pay amounts due on the NCDs.***

The NCDs will be subordinated to certain liabilities preferred by law such as the claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of our business. In particular, in the event of bankruptcy, liquidation or winding-up, our Company's assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to the NCDs have been paid as per Section 327 of the Companies Act, 2013 or Section 53 of the Insolvency and Bankruptcy Code, 2016, as the case maybe. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts, due on the NCDs.

- 58. *The fund requirement and deployment mentioned in the Objects of the Issue have not been appraised by any bank or financial institution.***

We intend to use the proceeds of the Issue, after meeting the expenditures of and related to the Issue, for the purpose of onward lending and for repayment of interest and principal of existing loans and also for general corporate purposes. For further details, see "*Objects of the Issue*" at page 50. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution. The management will have significant flexibility in applying the proceeds received by us from the Issue. Further, as per the provisions of the SEBI NCS Regulations, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for the Issue.

- 59. *The liquidity for the NCDs in the secondary market is very low and it may remain so in the future and the price of the NCDs may be volatile.***

The Issue will be a new public issue of NCDs for our Company and the liquidity in NCDs at present is very low in the secondary market. Although an application has been made to list the NCDs on BSE, there can be no assurance that liquidity for the NCDs will improve, and if liquidity for the NCDs were to improve, there is no obligation on us to maintain the secondary market. The liquidity and market prices of the NCDs can be expected to vary with changes in market and economic conditions, our financial condition and prospects and other factors that generally influence market price of NCDs. Such fluctuations may significantly affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs.

- 60. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and the NBFC and Gold Loan industry contained in this Prospectus.***

While facts and other statistics in this Prospectus relating to India, the Indian economy as well as the gold loan industry have been based on various publications and reports from agencies that we believe are reliable, we cannot guarantee the quality or reliability of such materials, particularly since there is limited publicly available information specific to the Gold Loan industry. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics, the same have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled "*Industry Overview*" beginning on page 62. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

External Risk Factors

- 61. *Financial difficulties and other problems in certain financial institutions in India could cause our business to suffer and adversely affect our results of operations.***

We are exposed to the risks of the Indian financial system, which in turn may be affected by financial difficulties and other problems faced by certain Indian financial institutions. Certain Indian financial institutions have experienced difficulties during recent years. Some co-operative banks (which tend to operate in rural sector) have also faced serious financial and liquidity crises. There has been a trend towards consolidation with weaker banks, NBFCs and HFCs being merged with stronger entities. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions, banks and NBFCs. This in turn could adversely affect our business, our future financial performance, our shareholders' funds and the market price of our NCDs.

62. *Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries could adversely affect the financial markets and our business.*

Terrorist attacks and other acts of violence or war may negatively affect our business and may also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence. In addition, any deterioration in relations between India and its neighbouring countries might result in investor concern about stability in the region, which could adversely affect our business.

India has also witnessed civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic and political events in India could have a negative impact on us. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the market price of our NCDs.

63. *Natural calamities could have a negative impact on the Indian economy, particularly the agriculture sector, and cause our business to suffer.*

India has experienced natural calamities such as earthquakes, a tsunami, floods and drought in the past few years. The extent and severity of these natural disasters determines their impact on the Indian economy. Further, prolonged spells of below normal rainfall or other natural calamities could have a negative impact on the Indian economy thereby, adversely affecting our business.

64. *Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, the interest rates and other commercial terms at which such additional financing is available. This could have a material adverse effect on our business and financial performance, our ability to raise financing for onward lending and the price of our NCDs.

65. *Instability of economic policies and the political situation in India could adversely affect the fortunes of the industry.*

There is no assurance that the liberalisation policies of the government will continue in the future. Protests against privatization could slow down the pace of liberalisation and deregulation. The Government of India plays an important role by regulating the policies and regulations that govern the private sector. The current economic policies of the government may change at a later date. The pace of economic liberalisation could change and specific laws and policies affecting the industry and other policies affecting investments in our Company's business could change as well. A significant change in India's economic liberalisation and deregulation policies could disrupt business and economic conditions in India and thereby affect our Company's business.

Unstable domestic as well as international political environment could impact the economic performance in the short term as well as the long term. The Government of India has pursued the economic liberalisation policies including relaxing restrictions on the private sector over the past several years. The present Government has also announced policies and taken initiatives that support continued economic liberalisation.

The Government has traditionally exercised and continues to exercise a significant influence over many aspects of the Indian economy. Our Company's business may be affected not only by changes in interest rates, changes in Government policy, taxation, social and civil unrest but also by other political, economic or other developments in or affecting India.

Annexure I

STATEMENT OF POSSIBLE TAX BENEFITS UNDER THE INCOME TAX ACT, 1961 ("IT ACT") AVAILABLE TO THE DEBENTURE HOLDERS UNDER THE APPLICABLE INCOME-TAX LAWS IN INDIA.

The following tax benefits will be available to the debenture holders of the Company ("Debenture Holders") as per the existing provisions of law. The tax benefits are given as per the prevailing tax laws under the provisions of the IT Act, as on date, taking into account the amendments made by the Finance Act, 2024, and may vary from time to time in accordance with amendments to the law or enactments thereto. The Debenture Holders are advised to consider the tax implications in respect of subscription to the Debentures after consulting his tax advisor as alternate views are possible.

IMPLICATIONS UNDER THE IT ACT

I. TO THE RESIDENT DEBENTURE HOLDER ("RESIDENT" AS DEFINED UNDER SECTION 6 OF THE IT ACT)

A. In Respect of Interest on Debentures (NCDs)

1. Interest on NCD received by Debenture Holders would be subject to income tax at the normal rates of tax in accordance with and subject to the provisions of the IT Act. Interest will be assessed to Income tax on receipt basis or mercantile basis (accrual basis) depending on the method of accounting regularly employed by the NCD holders under Section 145 of the IT Act.
2. Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than ₹ 5,000 and interest is paid by way of account payee cheque).

Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:

- a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest;
- b) When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
- c) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL; and
- d) In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. Please find below the class of resident investors and respective documents that would be required for granting TDS exemption:

B. In respect of Capital Gains

1. Long Term Capital Gain

Under Section 2(29AA) read with section 2(42A) of the IT Act, listed Debentures held as Capital Asset as defined under section 2(14) of the IT Act is treated as long term capital asset if it is held for more than 12 Months. Debentures held as capital asset for a period of 12 Months or less will be treated as short term capital asset.

Long Term Capital Gain will be chargeable to tax under Section 112 of the IT Act at the rate of 20% (plus applicable surcharge and education cess). However, in the case of listed debentures, as per first proviso to section 112(1) of the IT Act, tax payable is only 10% (plus applicable surcharge and education cess). No indexation benefit is available for debentures. Hence, the tax payable on long term capital gains on transfer of NCD will be 10%(plus applicable surcharge and education cess) and the capital gains have to be computed without indexation.

In case of an individual or HUF, being a resident, where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such long-term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains shall be computed at the rate mentioned above.

2. Short Term Capital Gains

Listed Debentures held as capital asset under Section 2(14) of the IT Act for a period of not more than 12 months would be treated as Short term capital asset under Section 2(42A) of the IT Act. Short Term Capital Gains on transfer of NCD will be taxed at the normal rates of tax in accordance with the provisions of the IT Act. The provisions relating to maximum amount not chargeable to tax would apply to short term capital gains.

3. Capital Loss on transfer of Debentures.

As per Section 74 of the IT Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

4. Exemption available for Individuals and HUF for Long Term Capital gains U/s 54F of the IT Act.

As per the provisions of Section 54F of the IT Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

Under section 54EE of the IT Act, long term capital gains arising to the Debenture Holder(s) on transfer of debentures in the company shall not be chargeable to tax to the extent such capital gains are invested in long term specified asset (a unit or units issued before 01.04.2019) as notified by Central Government within six months after the date of transfer. If only part of the capital gain is so invested, the exemption shall be proportionately reduced. However, if the said notified bonds are transferred or converted into money within a period of three years from their date of acquisition, the amount of capital gains exempted earlier would become chargeable to tax as long-term capital gains in the year in which the bonds are transferred or converted into money. However, the exemption is subject to a limit of investment of ₹ 50 lakh during any financial year in the notified bonds. Where the benefit of Section 54EE of the IT Act has been availed of on investments in the notified bonds, a deduction from the income with reference to such cost shall not be allowed under section 80C of the Act.

As per provisions of section 54EE of the IT Act, capital gain on the transfer of a long-term capital asset, arising to a debenture holder is exempt from tax, if the assessee / debenture holder invested the whole or any part of capital gains in the long-term specified asset at any time within a period of six months. If the cost of the long-term specified asset is less than the capital gain arising from the transfer of the original asset, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the condition that the investment in the long-term specified asset by an assessee during any financial year does not exceed fifty lakh rupees: If the long term specified asset in which the investment has been made is transferred within a period of three years from the date of its acquisition, the amount of capital gains tax claimed earlier would become chargeable to tax as capital gains in the

year in which such long term specified asset is transferred. Specified Asset means a unit or units, issued before the 1st day of April, 2019, of such fund as may be notified by the Central Government in this behalf.

C. In respect of Business Income

In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII, which is notified by the Ministry of Finance, Government of India under Section 145(2) of the IT Act. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank and Public Financial Institutions, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.

D. Debentures received as gift without consideration or inadequate consideration.

As per section 56(2)(x) of the IT Act, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds ₹ 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the IT Act. There is no gift tax for the Donor of the Debentures.

II. TO THE NON-RESIDENT DEBENTURE HOLDER.

A Non – Resident Indian has an option to be governed by Chapter XII – A of the IT Act, subject to the provisions contained therein which are given in brief as under:

- a) As per Section 115E of the IT Act, interest income from debentures acquired or purchased with or subscribed to in convertible foreign exchange will be taxable at 20%, whereas long term capital gains on transfer of such Debentures will be taxable at 10% of such capital gains without indexation of cost of acquisition. Short-term capital gains will be taxable at the normal rates of tax in accordance with and subject to the provisions contained therein.
- b) As per Section 115G of the IT Act, it shall not be necessary for a non-resident Indian to file a return of income under Section 139(1) of the IT Act, if his total income consists only of investment income as defined under Section 115C and/or long term capital gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII- B of the IT Act in accordance with and subject to the provisions contained therein.
- c) As per Section 115D (1) of the IT Act no deduction in respect of any expenditure or allowance shall be allowed under any provisions of the IT Act in the computation of income of a non-resident Indian under Chapter XII – A of the IT Act.
- d) In accordance with and subject to the provisions of Section 115-I of the IT Act, a Non-Resident Indian may opt not to be governed by the provisions of Chapter XII – A of the IT Act.
- e) Long Term capital gains on transfer of listed debentures would be subject to tax at the rate of 10% computed without indexation.
- f) Interest income and Short-term capital gains on the transfer of listed debentures, where debentures are held for a period of not more than 12 months preceding the date of transfer, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the IT Act.
- g) Where debentures are held as stock in trade, the income on transfer of debentures would be taxed as business income or loss in accordance with and subject to the provisions of the IT Act.

- h) Under Section 195 of the IT Act, the applicable rate of tax deduction at source is 20% on investment income and 10% on any long-term capital gains as per Section 115E, and 30% for Short Term Capital Gains if the payee debenture Holder is a Non-Resident Indian.
- i) The income tax deducted shall be increased by applicable surcharge and health and education cess. As per Section 74 of the IT Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short-term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

As per Section 90(2) of the IT Act read with the Circular No. 728 dated October 30, 1995 issued by the Central Board of Direct Taxes, in the case of a remittance to a country with which a Double Tax Avoidance Agreement (DTAA) is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in the DTAA, whichever is more beneficial to the assessee. However, submission of tax residency certificate (TRC), is a mandatory condition for availing benefits under any DTAA. If the tax residency certificate does not contain the prescribed particulars as per CBDT Notification 57/2013 dated August 1, 2013, a self-declaration in Form 10F would need to be provided by the assessee along with TRC.

- j) Alternatively, to avail non deduction or lower deduction of tax at source, as the case may be, the Debenture Holder should furnish a certificate under Section 195(2) and 195(3) of the IT Act, from the Assessing Officer before the prescribed date of closure of books for payment of debenture interest.
- k) In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII which is notified by the Ministry of Finance, Government of India under Section 145(2) of the IT Act. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- l) As per section 56(2)(x) of the IT Act, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the IT Act. There is no gift tax for the Donor of the Debentures.
- m) As per the provisions of Section 54F of the IT Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein

- b) long term capital gains on transfer of debentures to the specified extent are taxable at 10% (benefit of provisions of the first proviso of section 48 of the IT Act will not apply); and
- c) Short-term capital gains are taxable at 30%.

Further, where any income in respect of NCD is payable to Specified Funds, tax shall be deducted at the rate of 10% on the income other than exempt under section 10(4D) with effect from November 1, 2020 as per Section 196D of the IT Act.

The income tax deducted shall be increased by applicable surcharge and health and education cess.

VI. REQUIREMENTS TO FURNISH PAN/FILING OF RETURNS UNDER THE IT ACT

1. SEC. 139A (5A):

Section 139A (5A) requires every person from whom income tax has been deducted at source under chapter XVII – B of the IT Act to furnish his PAN to the person responsible for deduction of tax at source.

2. SEC. 206AA:

- a) Section 206AA of the IT Act requires every person entitled to receive any sum, on which tax is deductible under Chapter XVIIIB ('deductee') to furnish his PAN to the deductor, failing which tax shall be deducted at the higher of the following rates:
 - (i) at the rate specified in the relevant provision of the IT Act; or
 - (ii) at the rate or rates in force; or
 - (iii) at the rate of twenty per cent.
- b) A declaration under Section 197A (1) or 197A (1A) or 197A (1C) shall not be valid unless the person furnishes his PAN in such declaration and the deductor is required to deduct tax as per Para (a) above in such a case.
- c) Where a wrong PAN is provided, it will be regarded as non-furnishing of PAN and Para (a) above will apply.
- d) As per Rule 37BC, the higher rate under section 206AA shall not apply to a non resident, not being a company, or to a foreign company, in respect of payment of interest, if the non-resident deductee furnishes the prescribed details inter alia TRC and Tax Identification Number (TIN).

3. SEC. 206AB

Further, the Finance Act, 2021 inserted new section for punitive withholding tax rate for non-filers of return of income with effect from 1 July 2021 as per which payments made to the specified persons will be subject to TDS at higher of twice the applicable rate or 5% in respect of all TDS/TCS provisions except for specific exclusions.

OVERVIEW OF GLOBAL ECONOMY

The global economic recovery from the COVID-19 pandemic, Russia’s invasion of Ukraine, and the cost-of-living crisis is proving surprisingly resilient. Inflation is falling faster than expected from its 2022 peak, with a smaller-than-expected toll on employment and activity, reflecting favorable supply-side developments and tightening by central banks, which has kept inflation expectations anchored. At the same time, high interest rates aimed at fighting inflation and a withdrawal of fiscal support amid high debt are expected to weigh on growth in 2024.

Few Global macro trends as per the IMF World Economic Outlook (WEO) January 2024 report are as follows:

Growth resilient in Major economies: Economic growth is estimated to have been stronger than expected in the second half of 2023 in the United States, and several major emerging market and developing economies. In several cases, government and private spending contributed to the upswing, with real disposable income gains supporting consumption amid still tight though easing labor markets and households drawing down on their accumulated pandemic-era savings. A supply-side expansion also took hold, with a broad-based increase in labor force participation, resolution of pandemic-era supply chain problems, and declining delivery times. The rising momentum was not felt everywhere, with notably subdued growth in the euro area, reflecting weak consumer sentiment, the lingering effects of high energy prices, and weakness in interest-rate-sensitive manufacturing and business investment. Low-income economies continue to experience large output losses compared with their pre-pandemic (2017–19) paths amid elevated borrowing costs.

Inflation subsiding faster than expected: Amid favorable global supply developments, inflation has been falling faster than expected, with recent monthly readings near the pre-pandemic average for both headline and underlying (core) inflation. Global headline inflation in the fourth quarter of 2023 is estimated to have been about 0.3% point lower than predicted in the October 2023 WEO on a quarter-over-quarter seasonally adjusted basis. Diminished inflation reflects the fading of relative price shocks - notably those to energy prices - and their associated pass-through to core inflation. The decline also reflects an easing in labor market tightness, with a decline in job vacancies, a modest rise in unemployment, and greater labor supply, in some cases associated with a strong inflow of immigrants. Wage growth has generally remained contained, with wage-price spirals-in which prices and wages accelerate together-not taking hold. Near-term inflation expectations have fallen in major economies, with long-term expectations remaining anchored.

High borrowing costs cooling demand: To reduce inflation, major central banks raised policy interest rates to restrictive levels in 2023, resulting in high mortgage costs, challenges for firms refinancing their debt, tighter credit availability, and weaker business and residential investment. Commercial real estate has been especially under pressure, with higher borrowing costs compounding post-pandemic structural changes. But with inflation easing, market expectations that future policy rates will decline have contributed to a reduction in longer-term interest rates and rising equity markets. Still, long-term borrowing costs remain high in both advanced and emerging markets and developing economies, partly because government debt has been rising. In addition, central banks’ policy rate decisions are becoming increasingly asynchronous. In some countries with falling inflation - including Brazil and Chile, where central banks tightened policy earlier than in other countries - interest rates have been declining since the second half of 2023. In China, where inflation has been near zero, the central bank has eased monetary policy. The Bank of Japan has kept short-term interest rates near zero.

Fiscal policy amplifying economic divergences: Governments in advanced economies eased fiscal policy in 2023. The United States, where GDP had already exceeded its pre-pandemic path, eased policy more than did euro area and other economies in which the recovery was incomplete. In emerging market and developing economies, in which output has on average fallen even further below the pre-pandemic trend, on average the fiscal stance is estimated to have been neutral. The exceptions include Brazil and Russia, where fiscal policy eased in 2023. In low-income countries, liquidity squeezes and the elevated cost of interest payments-averaging 13% of general government revenues, about double the level 15 years ago - crowded out necessary investments, hampering the recovery of large output losses compared with pre-pandemic trends. In 2024, the fiscal policy stance is expected to tighten in several advanced and emerging markets and developing economies to rebuild budgetary room for maneuver and curb the rising path of debt, and this shift is expected to slow growth in the near term.

World Economic Outlook

As per the IMF World Economic Outlook (WEO), January 2024; Global growth, estimated at 3.1% in 2023, is projected to remain at 3.1% in 2024 before rising modestly to 3.2% in 2025. The projection for global growth in 2024 and 2025 is below the historical (2000–19) annual average of 3.8%, reflecting restrictive monetary policies and withdrawal of fiscal support, as well as low underlying productivity growth. Advanced economies are expected to see growth decline slightly in 2024 before rising in 2025, with a recovery in the euro area from low growth in 2023 and a moderation of growth in the United States. Emerging market and developing economies are expected to experience stable growth through 2024 and 2025, with regional differences.

World trade growth is projected at 3.3% in 2024 and 3.6% in 2025, below its historical average growth rate of 4.9%. Rising trade distortions and geoeconomic fragmentation are expected to continue to weigh on the level of global trade. Countries imposed about 3,200 new restrictions on trade in 2022 and about 3,000 in 2023, up from about 1,100 in 2019, according to Global Trade Alert data.

Economic Outlook for Advanced Economies

For advanced economies, growth is projected to decline slightly from 1.6% in 2023 to 1.5% in 2024 before rising to 1.8% in 2025.

- In the United States, growth is projected to fall from 2.5% in 2023 to 2.1% in 2024 and 1.7% in 2025, with the lagged effects of monetary policy tightening, gradual fiscal tightening, and a softening in labor markets slowing aggregate demand. For 2024, an upward revision of 0.6% point since the October 2023 WEO largely reflects statistical carryover effects from the stronger-than-expected growth outcome for 2023.
- Growth in the Euro area is projected to recover from its low rate of an estimated 0.5% in 2023, which reflected relatively high exposure to the war in Ukraine, to 0.9% in 2024 and 1.7% in 2025. Stronger household consumption as the effects of the shock to energy prices subside and inflation falls, supporting real income growth, is expected to drive the recovery. Compared with the October 2023 WEO forecast, however, growth is revised downward by 0.3% point for 2024, largely on account of carryover from the weaker-than-expected outcome for 2023.
- Among other advanced economies, growth in the United Kingdom is projected to rise modestly, from an estimated 0.5% in 2023 to 0.6% in 2024, as the lagged negative effects of high energy prices wane, then to 1.6% in 2025, as disinflation allows an easing in financial conditions and permits real incomes to recover. The markdown to growth in 2025 of 0.4% point reflects reduced scope for growth to catch up in light of recent upward statistical revisions to the level of output through the pandemic period. Output in Japan is projected to remain above potential as growth decelerates from an estimated 1.9% in 2023 to 0.9% in 2024 and 0.8% in 2025, reflecting the fading of one-off factors that supported activity in 2023, including a depreciated yen, pent-up demand, and a recovery in business investment following earlier delays in implementing projects.

Economic Outlook for Emerging Markets and Developing Economies

In emerging market and developing economies, growth is expected to remain at 4.1% in 2024 and to rise to 4.2% in 2025. An upward revision of 0.1% point for 2024 since October 2023 reflects upgrades for several regions.

- Growth in Emerging and Developing Europe is projected to pick up from an estimated 2.7% in 2023 to 2.8% in 2024, before declining to 2.5% in 2025. The forecast upgrade for 2024 of 0.6% point over October 2023 projections is attributable to Russia's economy. Growth in Russia is projected at 2.6% in 2024 and 1.1% in 2025, with an upward revision of 1.5% points over the October 2023 figure for 2024, reflecting carryover from stronger-than-expected growth in 2023 on account of high military spending and private consumption, supported by wage growth in a tight labor market.
- In Latin America and the Caribbean, growth is projected to decline from an estimated 2.5% in 2023 to 1.9% in 2024 before rising to 2.5% in 2025, with a downward revision for 2024 of 0.4% point compared with the October 2023 WEO projection. The forecast revision for 2024 reflects negative growth in Argentina in the context of a significant policy adjustment to restore macroeconomic stability. Among other major economies in the region, there are upgrades of 0.2% point for Brazil and 0.6% point for Mexico, largely due to carryover effects from stronger-than-expected domestic demand and higher-than-expected growth in large trading-partner economies in 2023.
- Growth in the Middle East and Central Asia is projected to rise from an estimated 2.0% in 2023 to 2.9% in 2024 and 4.2% in 2025, with a downward revision of 0.5% point for 2024 and an upward revision of 0.3% point for 2025 from the October 2023 projections. The revisions are mainly attributable to Saudi Arabia and reflect temporarily lower oil production in 2024, including from unilateral cuts and cuts in line with an agreement through OPEC+ (the Organization of the Petroleum Exporting Countries, including Russia and other non-OPEC oil exporters), whereas non-oil growth is expected to remain robust.
- In sub-Saharan Africa, growth is projected to rise from an estimated 3.3% in 2023 to 3.8% in 2024 and 4.1% in 2025, as the negative effects of earlier weather shocks subside, and supply issues gradually improve. The downward revision for 2024 of 0.2% point from October 2023 mainly reflects a weaker projection for South Africa on account of increasing logistical constraints, including those in the transportation sector, on economic activity.

Inflation Outlook: Steady Decline to Target

Global headline inflation is expected to fall from an estimated 6.8% in 2023 (annual average) to 5.8% in 2024 and 4.4% in 2025. The global forecast is unrevised for 2024 compared with October 2023 projections and revised down by 0.2% point for 2025. Advanced economies are expected to see faster disinflation, with inflation falling by 2.0% points in 2024 to 2.6%, than are emerging market and developing economies, where inflation is projected to decline by just 0.3% point to 8.1%. The forecast is revised down for both 2024 and 2025 for advanced economies, while it is revised up for 2024 for emerging market and developing economies, mainly on account of Argentina where the realignment of relative prices and elimination of legacy price controls, past currency depreciation, and the related pass-through into prices is expected to increase inflation in the near term. The drivers of declining inflation differ by country but generally reflect lower core inflation as a result of still-tight monetary policies, a related softening in labor markets, and pass-through effects from earlier and ongoing declines in relative energy prices.

Overall, about 80% of the world's economies are expected to see lower annual average headline and core inflation in 2024. Among economies with an inflation target, headline inflation is projected to be 0.6% point above target for the median economy by the fourth quarter of 2024, down from an estimated gap of 1.7% points at the end of 2023. Most of these economies are expected to reach their targets (or target range midpoints) by 2025. In several major economies, the downward revision to the projected path of inflation, combined with a modest upgrade to economic activity, implies a softer-than-expected landing.

OVERVIEW OF INDIAN ECONOMY

India had surpassed the UK to become the world's fifth-largest economy and is now behind only the US, China, Japan and Germany. India's Gross Domestic Product (GDP) has reached USD3.75trn (trillion) in 2023 from around USD2.0trn in 2014.

The Monthly Economic Review of February 2024 released by the Department of Economic Affairs, Ministry of Finance states that India's economic growth hit a six-quarter high in Q3FY24, surpassing 8% for the third consecutive time, building upon the momentum of previous quarters. The report shows stable consumption along with strong investment as key drivers of growth. The government's focus on public investment has not only encouraged private investment but also led to a surge in demand, propelling sectors like manufacturing and construction. Despite geopolitical challenges, India's external account remains stable, with a narrowing merchandise trade deficit and strong services exports. Retail Inflation remained stable for the sixth consecutive month in February 2024, supported by strong domestic growth and favorable global commodity prices core inflation rate is declining continuously. With steady consumption and expectations of a normal monsoon in FY25, the outlook for rural demand remains positive.

Gross Domestic Product (GDP)

According to the Second Advance Estimates (SAE) of National Income, 2023-24 released by the National Statistical Office (NSO) on 29th February 2024, Real GDP or GDP at Constant (2011-12) prices in the year 2023-24 is estimated to attain a level of INR172.90trn, as against the First Revised Estimates of GDP for the year 2022-23 of INR160.71trn.

Note: 2021-22 data is 2nd Revised Estimate, 2022-23 is 1st Revised Estimate and 2023-24 is Second Advance Estimate of National Income

The growth rate of Real GDP during FY24 is estimated at 7.6% as compared to growth rate of 7.0% in FY23. India grew above 8% for three consecutive quarters in FY24 (8.2% in Q1FY24, 8.1% in Q2FY24 and 8.4% in Q3FY24), reaffirming her position as a standout performer amidst sluggish global growth trends. Driven by the Government's thrust on capex which has continued to crowd in private investment, Gross Fixed Capital Formation (GFCF) at constant prices registered a growth of 10.2% in FY24. Government Final Consumption Expenditure (GFCE) grew by 3.0% in FY24 as against growth of 9.0% in FY23. Private Final Consumption Expenditure (PFCE) grew by 3.0% in FY24 as against growth of 6.8% in FY23.

Gross Value Added (GVA)

According to the Second Advance Estimates (SAE) of National Income, 2023-24 released by the National Statistical Office (NSO) on 29th February 2024, Aggregate supply - measured by gross value added (GVA) at basic prices by economic activity (at 2011-12 Prices) - expanded by 6.9% in 2023-24, as compared with a growth of 6.7% a year ago. GVA growth was driven by a construction and Manufacturing sector which grew by 10.7% and 8.5% respectively in 2023-24. Manufacturing sector grew by a surge in investment, improved investor confidence and strong domestic demand conditions. Similarly, a robust increase in cement and steel production portends well for a sustained rise in construction activity. Aided by government interventions and increased demand for residential properties in tier-2 and tier-3 cities, the construction sector is capturing new markets. The strong thrust to infrastructure investment through initiatives like GatiShakti and National Infrastructure pipeline have also raised the demand for construction. Agriculture and allied sector growth moderated steeply at 0.7% in 2023-24.

The sector wise data of the (GVA) at basic prices by economic activity (at 2011-12 Prices) reveals the subdued performance of the agricultural sector. It has been estimated to grow at a mere 0.7% in 2023-24, down from 4.7% in 2022-23. Value added by the sector, in fact, fell by 0.8% in the third quarter of this year. The industrial sector (mining, manufacturing, electricity, gas and water supply, and construction) has picked up pace, growing at more than 8% this year. The healthy performance of the sector is on the back of a pick-up in manufacturing and a sustained performance in construction. The services sector, though, has seen a mild deceleration when compared to last year.

Industrial Growth trends

The Index of Industrial Production (IIP) is a composite indicator that measures the short-term changes in the volume of production of a basket of industrial products during a given period with respect to that in a chosen base period. Industrial output measured by the index of industrial production (IIP) expanded by 5.1% during FY23 as compared to 11.4% last year. Manufacturing sector, which accounts for three-fourths of the industrial sector largely shaped the industrial sector recovery.

Yearly IIP Growth rate (%)

Source: MOSPI, FSIAPL

Growth in India's industrial output decelerated to 3.8% in January 2024, according to data released by the Ministry of Statistics and Programme Implementation on 12th March 2024. The decline in industrial growth in January 2023 was down to the manufacturing sector, whose output grew by 3.2% as opposed to a 4.5% increase in the last month of 2023. The slowdown in manufacturing production growth more than cancelled out the greater rate of increase in the other two key sectors - mining and electricity. Capital goods production picked up pace to grow 4.1% in January 2024, and intermediate goods also grew faster at 4.8% in January 2024 compared to 3.9% in December 2023. 8 of the 23 manufacturing segments tracked by the National Statistical Office to compute the Index of Industrial Production recorded a contraction in January, with computers, electronics and optic products seeing the steepest fall of 11.9%, while pharmaceuticals' output remained flat compared to last January.

Per Capita GDP, Income and Final Consumption

According to the Second Advance Estimates (SAE) of National Income, 2023-24 released by the National Statistical Office (NSO) on 29th February 2024, India's per capita gross domestic product (GDP) at Constant (2011-12) Prices grew by 5.9% to

INR116,216 in 2022-23, while it increased by 6.7% to INR123,945 in 2023-24. Per Capita Gross National Income (GNI) at Constant (2011-12) Prices increased by 5.7% in 2022-23; whereas it increased by 6.7% to INR122,110 in 2023-24. The per capita private final consumption expenditure (PFCE) at Constant (2011-12) Prices, that represents consumer spending, grew by 5.7% in 2022-23; while it increased by 2.1% to INR68,857 in 2023-24.

Note: f - forecast, FY24 GVA and GDP are as per First Advanced Estimates by NSO

FSIAPL estimates GDP growth to come in at 6.5% in FY25. Despite the base effect, the sequential GDP growth indicates that the economic recovery is on track due to the sustained government capex, healthy corporate performance, deleveraged

corporates/banking sector balance sheet, continued softness in global commodity prices, and prospect of a new private corporate capex cycle.

However, there are risks as well. Aggregate demand is largely driven by government capex. Prevailing consumption demand is highly skewed in favour of the goods and services consumed by the households belonging to the upper 50% of the income bracket and therefore not broad based. This is reflected in the manufacturing growth which is also not broad based. Although global merchandise trade according to World Trade Organisation is expected to grow 3.3% in 2024 driven by increased trade in the goods closely linked to business cycle, such as machinery and consumer durables, trade fragmentation/near-shoring/friend-shoring may emerge as a risk for India's exports. And finally, tighter financial conditions and lower/uneven 2024 monsoon rainfall could act as constraints.

Another issue that will have implications on GVA and corporate profitability in FY25 is the rise in Wholesale Price Index (WPI) inflation which is akin to producers' price index. FSIAPL expects WPI to witness deflation (0.6%) in FY24. However, with the waning of base effect, it is expected to turn into inflation in FY25, impacting input costs. WPI after remaining in deflation from April to October 2023 has turned into inflation since November 2023. A rise in input cost, if is not translated adequately into output prices, will reduce value addition/corporate margin. Given that consumption is not broad-based, producers will find it difficult to pass on the higher input cost to output prices.

Wait for Broad-Basing of Consumption Demand Getting Longer: FSIAPL expects PFCE, which accounts for about 60% of the GDP from the demand side, to grow 6.1% y-o-y in FY25 (FY24: 4.4%). FSIAPL calculation shows that, in general, a 1%-point increase in real wages could lead to a 1.12% increase in the real PFCE and the multiplier effect of this could result in a 64bp increase in the GDP growth. However, wage growth has been muted over the past several years. In fact, the average real wage growth during FY21-FY22 was only 3.1% and the corresponding PFCE growth was 3.0%. Since consumption demand is skewed in favour of the goods and services consumed largely by the households belonging to the upper income bracket, FSIAPL believes such consumption demand is not sustainable. Perhaps this is the reason why PFCE growth in FY24 plummeted to 4.4% (lowest since FY03, barring the COVID-19 impacted FY21). FSIAPL believes for sustained consumption demand growth, demand for the goods and services consumed by the households belonging to the lower income bracket also has to pick up.

Growth in Private Consumption Demand over the years (% , y-o-y)

Source: NSO, FSIAPL

Investment Demand - No Let Up in Government Capex: FSIAPL expects GFCF to grow 8.1% y-o-y in FY25 (FY24: 10.3%), due to the sustained government capex. After PFCE, GFCF is the second-largest component of GDP from the demand side. In FY24 (Budget Estimate), the Union and State governments (aggregate) have budgeted capex growth at 35.0% and 18.5% y-o-y, respectively (FY23: 16.3%, 12.9%). The combined capital outlay of union and 25 states grew at a robust 67.5% y-o-y to INR1.25trn till December 2023.

Private sector's greenfield capex barring few sectors has remained down and out now for several years. However, select data are pointing towards the likelihood of a new private corporate capex cycle. According to a study published in the RBI Bulletin August 2023 titled 'Private Corporate Investment: Performance and Near-term Outlook' and based on the project finance data for FY23, private capex spend could reach a decadal high in FY24. While there is a steady uptick in project sanctions by banks/financial institutions across all ticket sizes, there could be a significant push from large (over INR10 bn ticket size) projects in this cycle. Overall, 982 projects raised INR3.53trn in FY23 compared to 791 projects with an investment of INR1.98trn in FY22.

Although India's push for roads and renewable energy will continue to dominate the country's investment cycle, recent expansions announced in a diverse range of industries suggest a more ambitious shift away from modular capex. Besides crude oil, base metals, power and telecom, broad basing is visible with stepped-up capex activity across cement, chemicals, textile, healthcare, logistics etc.

Upside to Government Consumption Expenditure is Limited: FSIAPL expects GFCE to grow at 4.2% y-o-y in FY25 (FY23: 4.1%). GFCE had provided the much-needed support to the economy during FY16-FY20 as its y-o-y growth averaged 7.2%. However, due to the shift in government's expenditure focus towards capex, its average y-o-y growth has fallen to 3.6% during FY22-FY24 and this trend is likely to continue in view of the fiscal consolidation path spelt out in the FY25 Union Budget. This is reflected in the centre's revenue expenditure to GDP ratio, which had stepped up to 15.55% in FY21 to mitigate the adverse impact of COVID-19, gradually coming down (FY22: 13.64%; FY23: 12.69%) and is budgeted at 11.15% for FY25.

Reorientation of Global Trade Along Regional/Political Lines Poses New Risk to Exports: Global trade in goods and services grew at just 0.2% y-o-y in 2023, This is the slowest expansion outside global recessions in the past 50 years. Although World Bank expects global trade to grow 2.3% y-o-y in 2024, considerable headwinds continue to prevail. Purchasing Managers Index (PMI) for new export orders in December 2023 at 48.3 is still in the contractionary zone. FSIAPL expects goods and services exports to grow 5.8% y-o-y and imports to grow 8.8% y-o-y in FY25 as against 1.4% and 13.2%,

respectively, in FY24. Inflation in advanced economies, though has moderated, is still high and is eroding household purchasing power. Also, a tighter monetary policy leading to higher cost of borrowings is constraining economic activity and demand across the globe, adversely impacting global trade. Moreover, as post-pandemic consumption in advanced economies is shifting back towards services, international merchandise trade is getting affected. Although global supply chains have largely recovered to pre-pandemic levels, the recent increase in the use of restrictive trade policies combined with subsidies and industrial policies aimed at localising production, has accelerated the reshoring of activities in the US and European Union. Continuation of this trend may pose new risks for India's exports.

Agricultural Sector Growth Crucial for Price Stability: FSIAPL expects the agricultural sector to grow 3.0% y-o-y in FY25 (FY24: 1.8% y-o-y), subject to a normal monsoon rainfall. El Niño conditions affected the monsoon rainfall in 2023, leading to lower agricultural growth. As on 2nd February 2024, the total area sown under rabi crops stood at 709.29 lakh hectares, nearly same as previous year. Area sown under wheat, which accounts for 47% of the rabi full season normal area, has progressed well despite the initial lag caused by the late harvesting of kharif crops. The area under wheat, oilseeds and coarse cereals has been larger than previous year, but it is smaller for pulses. Since the harvesting of major rabi crops spills over to FY25, a robust rabi crop augurs well for FY25 agricultural growth. However, the smaller area under pulses means pulses inflation, which has remained in double digits since August 2023, may not see respite in the near term. Another food item that is causing heartburn is rice, whose output was impacted by the lower 2023 monsoon rainfall. As on 10th January 2024, the rice procurement stood 8.9% y-o-y lower at 35.53 million tonnes.

Industrial Sector - In Search of Sustainable Growth: FSIAPL expects the industrial sector to grow 6.5% y-o-y in FY25 (FY24: 7.9%), mainly supported by construction and electricity/utility. They are estimated to grow 7.9% y-o-y and 7.2% y-o-y, respectively. However, manufacturing, the largest component of industry, is estimated to grow at 5.8% y-o-y in FY25 (FY24: 6.5%). The spill-over effect of government capex is visible in select IIP segments namely capital and infrastructure/construction goods. During April-December 2023 (9MFY24) while capital goods grew at a strong 7.1% y-o-y, infrastructure/construction goods recorded a handsome average growth rate of 10.4% y-o-y. The same however cannot be said about the other two important segments of IIP namely consumer durables and non-durables. While the average growth of consumer durables during 9MFY24 has been 1.0% y-o-y, that of consumer non-durables was 5.2% y-o-y. This substantiates the point made above that consumption demand in the economy is still not broad based.

Services Sector – New Businesses to Provide Impetus: FSIAPL expects the services sector to grow 7.3% y-o-y in FY25 (FY24: 7.7%). Some of its segments which were severely dented by COVID-19 for being contact intensive and showed late revival in FY23, have continued to do reasonably well even in FY24. Its largest component financial, real estate & professional services is expected to grow at 7.3% y-o-y in FY25 (FY24: 8.9%). The other two components of services sector namely – 'trade, hotels, transport and communication' and public administration is expected to grow at 7.5% and 7.0%, respectively, in FY25 (FY24: 6.3% and 7.7%). High frequency indicators are showing a continued services sector recovery. PMI for services expanded to a six-month high of 61.8 in January 2024. Although services may face some headwinds due to tighter financial conditions and normalisation of pent-up demand, FSIAPL believes upside to the sector growth is likely to come from new businesses. India is rapidly emerging as a global leader in hosting global capability centres (GCCs) for providing worldwide delivery of a range of solutions around back-office support and IT functions, location assessment, recruitment and human resources support. Global corporations are increasingly finding that owning their resources and locating them in India gives them significant competitive edge due to quality real estate, competitive rental rates and an extraordinary talent pool.

Inflation Moderating but RBI's Fight Not Over Yet: FSIAPL expects the average retail (CPI) and wholesale inflation (WPI) to come in at 4.8% and 2.2%, respectively, in FY25. Retail and wholesale inflation averaged 5.4% and negative 0.9%, respectively, during 10MFY24. One of the key reasons for elevated retail inflation has been elevated food inflation. The push to retail inflation coming from fruits and vegetables prices is seasonal and generally gets corrected within a short span of time with the arrival of fresh/new vegetables crop. However, sustained high inflation in some other food items such as cereals and pulses are more structural in nature and is linked to the productivity and cost-plus minimum support prices announced by the government. While cereals witnessed double-digit inflation at retail level during September 2022 to November 2023, pulses inflation entered into double digits since June 2023 (January 2024: 19.5%).

Although global commodity prices including crude oil are largely benign, despite volatile global geopolitical environment, the RBI's guidance with respect to inflation and its trajectory during the four quarters of FY25 suggests that it will remain cautious and watchful. Also, it is unlikely to change either the stance or the policy rate any time soon. The reason being that it does not want to fritter away the gains made so far in combating the inflation. Core inflation fell to 3.6% in January 2024 from 6.1% in December 2022, but the large and repetitive food price shocks in the recent past have interrupted the pace of disinflation, and the RBI would not like food inflation to get generalised through wage price spiral. FSIAPL therefore believes if monsoon remains normal in 2024 and there are no adverse weather/ geopolitical events, then the RBI may resort to monetary easing in H2FY25.

FY25 Fiscal Deficit is Achievable: By lowering the fiscal deficit of FY24 to 5.8% of GDP from the budgeted 5.9%, despite the lower nominal GDP and budgeting the FY25 fiscal deficit at 5.1% of GDP, the Union government has shown its intention of achieving a fiscal deficit of 4.5% of GDP in FY26. Over the past few years, the government's revenue collections, especially tax collections, have turned out to be better than budgeted. Even for FY25, the union budget is expecting the tax collections to grow 11.9% y-o-y (FY24BE: 11.6%). The budgeted tax revenue buoyancy for FY24 was 1.07x, but as per FY24RE it came in at 1.19x. Therefore, FSIAPL believes that the target of achieving a fiscal deficit of 5.1% of GDP in FY25, although challenging, is achievable. Moreover, the union government over the past few years has surprisingly reported a better fiscal deficit/GDP ratio than budgeted.

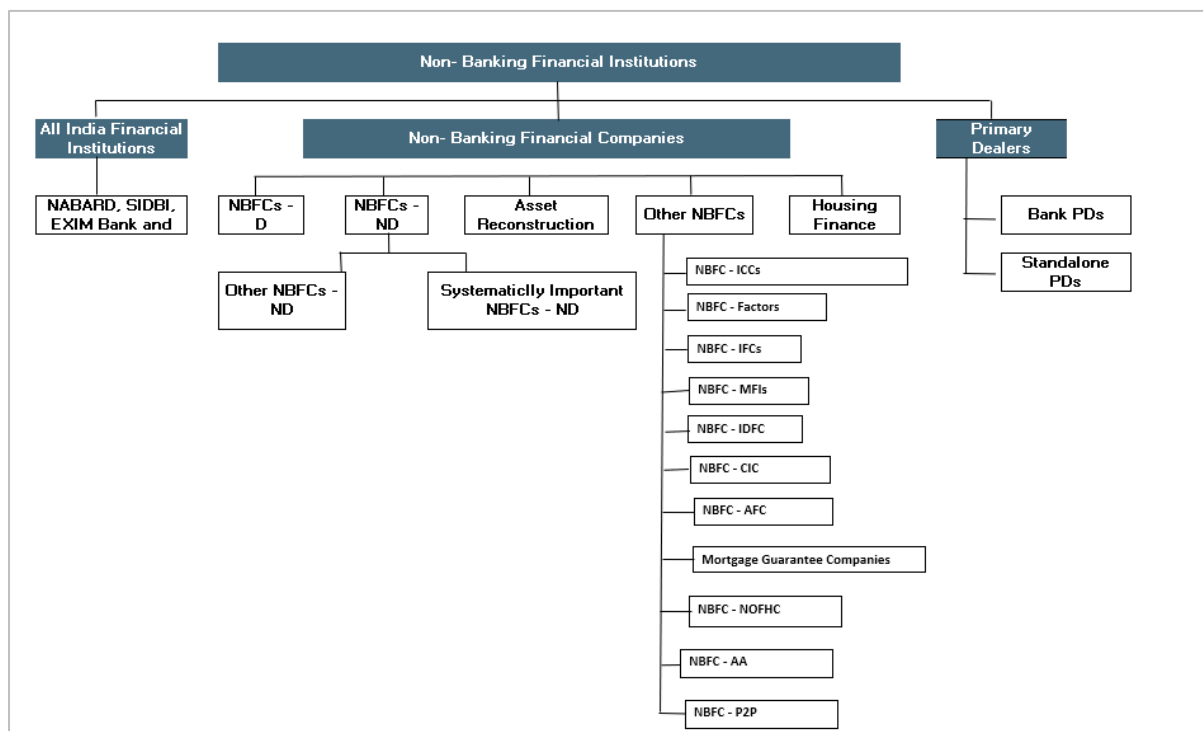

Interest Rate to Soften: FSIAPL expects the 10-year G-sec yield to settle at 6.9%-7.0% by end-March 2024 (January 2024: 7.18%). This can be attributed to the lower fiscal deficit leading to lower government borrowing, decline in inflation and increased capital flows due to inclusion of G-sec into JP Morgan's Government Bond Index-Emerging Markets. Also as noted above, a normal monsoon coupled with no adverse weather/ geopolitical shock may result in monetary easing by the RBI in H2FY25. Banking liquidity has been under stress since September 2023 due to – (i) higher cash withdrawal owing to the festival demand, (ii) lower deposit than credit growth, and (iii) moderation in government spending. As a result, short-term money market rates starting from overnight rates to commercial papers/ certificates of deposit - all have remained elevated for long. However, with the step-up of government expenditure in 4QFY24 and injection of liquidity by the RBI through both the main and the fine-tuning repo operations, liquidity tightness in the system has eased and so has the money market rates. The inversion visible at the shorter end though is still there, FSIAPL expects it to correct soon.

OVERVIEW OF THE NBFC MARKET IN INDIA

Introduction

Non-banking Financial Institutions (NBFIs) form an integral part of the Indian financial system by complementing the banking sector in reaching out credit to the unbanked segments of society, especially to the micro, small and medium enterprises which form the cradle of entrepreneurship and innovation.

Structure of NBFIs under the Reserve Bank Regulation

On the basis of liabilities, NBFCs are classified into two categories (i) NBFCs-Deposit taking (NBFCs-D) and (ii) NBFCs-Non-Deposit taking (NBFCs-ND). NBFCs-D are subject to requirements of capital adequacy, liquid assets maintenance, exposure norms (including restrictions on exposure to investments in land, building, and unquoted shares), Asset-liability management and reporting requirements. The NBFCs, depending upon its nature of business, are broadly categorized as loan companies, investment companies, infrastructure finance companies (IFCs), asset finance companies (AFCs), core investment companies (CIC), infrastructure debt funds (IDFC), micro finance institutions (MFIs). In 2018-19, three categories of NBFCs namely, AFCs, loan companies (LCs) and investment companies (ICs) were merged into a new category called investment and credit companies (ICCs) for harmonisation and operational flexibility. The regulatory and supervisory framework for NBFCs has been continuously strengthened in order to ensure their strong and healthy functioning, limit excessive risk-taking practices, and protect the interests of the deposit holders.

NBFCs are primarily governed by the RBI Act and the RBI Master Directions. NBFCs are permitted to operate in similar sphere of activities as banks; there are a few important and key differences. The most important distinctions are:

- An NBFC cannot accept deposits repayable on demand – in other words, NBFCs can only accept fixed term deposits. Thus, NBFCs are not permitted to issue negotiable instruments, such as cheques which are payable on demand; and
- NBFCs are not allowed to deal in foreign exchange, even if they specifically apply to the RBI for approval in this regard.

While an NBFC may be registered as a deposit accepting NBFC (NBFC-D) or as a non-deposit accepting NBFC (NBFC-ND), NBFCs registered with RBI are further classified as:

- **Investment and Credit Company:** The main business of these companies is lending and investment.
- **Systemically Important Core Investment Company (CIC-ND-SI):** A systematically important NBFC (assets INR1.0bn and above) which has deployed at least 90% of its assets in the form of investment in shares or debt instruments or loans in group companies is called CIC-ND-SI. Out of the 90%, 60% should be invested in equity shares or those instruments which can be compulsorily converted into equity shares. Such companies do accept public funds.

- **Infrastructure Finance Companies (IFC):** A company which has net owned funds of at least INR3.0bn and has deployed 75% of its total assets in Infrastructure loans is called IFC provided it has credit rating of A or above and has a CRAR of 15%.
- **Infrastructure Debt Fund – NBFCs (IDF-NBFC):** An IDF-NBFC is a non-deposit taking NBFC that has Net Owned Fund of INR3.0bn or more and which invests only in Public Private Partnerships and post commencement operations date (COD) infrastructure projects which have completed at least one year of satisfactory commercial operation and becomes a party to a Tripartite Agreement.
- **NBFC - Micro Finance Institutions:** Microfinance companies are non-deposit taking firms that are entitled to provide loans up to INR50K to individuals coming under low-income group living in rural or semi-urban areas.
- **NBFC – Factors:** An NBFC-Factoring Company should have a minimum NOF of INR50.0mn and its financial assets in the factoring business should constitute at least 75% of its total assets and its income derived from factoring business should not be less than 75% of its gross income.
- **Mortgage Guarantee Companies:** Mortgage Guarantee Company acts as an insurance against defaults on loans by the homebuyer, thereby reducing the loan exposure and credit risks for the lender. Mortgage Guarantee Company is a financial institution for which at least 90% of the business turnover is mortgage guarantees or at least 90% of the gross income is from the mortgage guarantee business and whose net-owned funds is at least INR1000mn.
- **NBFC-Non-Operative Financial Holding Company (NOFHC):** For permitting promoter/ promoter groups of NBFCs to set up a new bank.
- **NBFC-Account Aggregator (NBFC-AA):** NBFC-AA engages in collecting and providing information about a customer's financial assets in a consolidated, organised and retrievable manner to the customer or others as specified by the customer.
- **NBFC–Peer to Peer Lending Platform (NBFC-P2P):** NBFC – P2P provides an online platform to bring lenders and borrowers together to help mobilise funds.
- **Housing Finance Companies (HFC):** HFC is another form of a non-banking financial company NBFC which primarily is engaged in the business of providing finance for housing.

Scale Based Classification of NBFCs

A four-layered scale-based approach to regulate NBFC in the country was introduced vide circular DOR.CRE.REC. No.60/03.10.001/2021-22 dated 22nd October 2021. RBI subsequently released Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 on 19th Oct 2023 which was recently updated on 21st March 2024 vide DOR.FIN.REC. No.45/03.10.119/2023-24. The direction states that NBFCs shall comprise of four layers based on their size, activity and perceived riskiness as mentioned below:

- NBFCs in the lowest layer shall be known as NBFCs-Base Layer (NBFCs-BL)
- NBFCs in middle layer shall be known as NBFCs-Middle Layer (NBFCs-ML)
- NBFCs in upper layer shall be known as NBFCs-Upper Layer (NBFCs-UL)
- The Top Layer is ideally expected to be empty and will be known as NBFCs-Top Layer (NBFCs-TL)

Base Layer - The Base Layer shall comprise of (a) non-deposit taking NBFCs below the asset size of INR1,000 crore and (b) NBFCs undertaking the following activities - (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFC not availing public funds and not having any customer interface.

Middle Layer - The Middle Layer shall consist of (a) all deposit taking NBFCs (NBFCs-D), irrespective of

asset size, (b) non-deposit taking NBFCs with asset size of INR1,000 crore and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealer (SPD), (ii) Infrastructure Debt Fund-Non-Banking Financial Company (IDF-NBFC), (iii) Core Investment Company (CIC), (iv) Housing Finance Company (HFC) and (v) Non-Banking Financial Company-Infrastructure Finance Company (NBFC-IFC).

Upper Layer - The Upper Layer shall comprise of those NBFCs which are specifically identified by the

Reserve Bank as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor. In September 2023, RBI announced the list of NBFCs in the upper layer under scale-based regulation for NBFCs for the year FY24. LIC Housing Finance Limited, Bajaj Finance Limited, Shriram Finance Limited, Tata Sons Private Limited, L & T Finance Limited, Piramal Capital & Housing Finance Limited, Cholamandalam Investment and Finance Company Limited, Indiabulls Housing Finance Limited, Mahindra & Mahindra Financial Services Limited, Tata Capital Financial Services Limited, PNB Housing Finance Limited, HDB Financial Services Limited, Aditya Birla Finance Limited, Muthoot Finance Limited, Bajaj Housing Finance Ltd are the NBFCs in the upper layer under scale-based regulation for NBFCs for the year FY24. In terms of the framework, once an NBFC is classified as NBFC-Upper Layer, it shall be subject to enhanced regulatory requirement, at least for a period of five years from its classification in the layer, even in case it does not meet the parametric criteria in the subsequent year/s.

Top Layer - The Top Layer will ideally remain empty. This layer can get populated if the Reserve Bank is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFCs in the Upper Layer. Such NBFCs shall move to the Top Layer from the Upper Layer.

Categorization of NBFCs carrying out specific activity

As the regulatory structure envisages scale based as well as activity-based regulation, the following prescriptions shall apply in respect of the NBFCs.

- NBFC-P2P, NBFC-AA, NOFHC and NBFC not availing public funds and not having any customer interface will always remain in the Base Layer of the regulatory structure.
- NBFC-D, CIC, NBFC-IFC and HFC will be included in Middle Layer or the Upper Layer (and not in the Base layer), as the case may be. SPD and IDF-NBFC will always remain in the Middle Layer.
- The remaining NBFCs, viz., NBFC-Investment and Credit Companies (NBFCICCs), NBFC-Micro Finance Institutions (NBFC-MFIs), NBFC-Factors and Mortgage Guarantee Companies (MGCs) could lie in any of the layers of the regulatory structure depending on the parameters of the scale based regulatory framework.
- Government owned NBFCs shall be placed in the Base Layer or Middle Layer, as the case may be. They will not be placed in the Upper Layer till further notice.

References to NBFC-ND, NBFC-ND-SI and NBFC-D

From 1st October 2022, all references to NBFC-ND (i.e., non-systemically important non-deposit taking NBFC) shall mean NBFC-BL and all references to NBFC-D (i.e., deposit taking NBFC) and NBFC-ND-SI (systemically important non-deposit taking NBFC) shall mean NBFC-ML or NBFC-UL, as the case may be.

Classification in Middle Layer in case of Multiple NBFCs in a Group

- NBFCs that are part of a common Group or are floated by a common set of promoters shall not be viewed on a standalone basis. The total assets of all the NBFCs in a Group shall be consolidated to determine the threshold for their classification in the Middle Layer.
- If the consolidated asset size of the NBFCs in the Group is INR1000 crore and above, then each NBFC-ICC, NBFC-MFI, NBFC Factor and MGC lying in the Group shall be classified as an NBFC in the Middle Layer and consequently, regulations as applicable to the Middle Layer shall be applicable to them. However, NBFC-D, within the Group, if any, shall also be governed under the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Direction, 2016.

- Statutory Auditors are required to certify the asset size (as on March 31) of all the NBFCs in the Group every year. The certificate shall be furnished to the Department of Supervision of the Reserve Bank under whose jurisdiction the NBFCs are registered.
- Provisions contained above shall not be applicable for classifying an NBFC in the Upper Layer.

Criteria for deciding NBFC-Middle Layer status.

- Once an NBFC reaches an asset size of INR1,000 crore or above, it shall be subject to the regulatory requirements as per Section III of these Directions, despite not having such assets as on the date of last balance sheet. All such non-deposit taking NBFCs shall comply with the regulations/directions issued to NBFCs-ML from time to time, as and when they attain an asset size of INR1,000 crore, irrespective of the date on which such size is attained.
- In a dynamic environment, the asset size of a NBFCs can fall below ₹1,000 crore in a given month, which may be due to temporary fluctuations and not due to actual downsizing. In such a case the NBFC shall continue to meet the reporting requirements and shall comply with the extant directions as applicable to NBFC-ML, till the submission of its next audited balance sheet to the Reserve Bank and a specific dispensation from the Reserve Bank in this regard.

Regulatory revisions applicable to all layers of NBFCs under Scale Based Regulations

- 1) **Raising minimum Net Owned Fund (NOF) for certain NBFCs:** The regulatory minimum net-owned fund for finance companies acting as NBFC – ICC, NBFC- MFI and NBFC – Factors will be increased to INR 10 crore. The RBI has set a three-year glide path for the existing NBFCs to achieve the net-owned funds (NOF) of INR 10 crore by 31st March 2027. The following glide path is provided for the existing NBFCs:

NBFCs	Current NOF	By 31st March 2025	By 31st March 2027
NBFC-ICC	INR 2 crore	INR 5 crore	INR 10 crore
NBFC-MFI	INR 5 crore (INR2 crore in NE Region)	INR 7 crore (INR 5 crore in NE Region)	INR 10 crore
NBFC-Factors	INR 5 crore	INR 7 crore	INR 10 crore

Source: RBI's 'Scale Based Regulation: A Revised Regulatory Framework for NBFCs' circular dated 22nd Oct 2021

However, for NBFC-P2P, NBFC-AA, and those with no public funds and no customer interface, the NOF shall continue to be INR 2 crore. NBFCs failing to achieve the prescribed level within the stipulated period shall not be eligible to hold the Certificate of Registration (CoR) as NBFCs.

- 2) **Harmonizing Non-Performing Assets (NPA) classification norms:** The RBI has revised existing norms for classifying loans as non-performing assets (NPAs). The extant NPA classification norm stands changed to the overdue period of more than 90 days for all categories of NBFCs. A glide path is provided to NBFCs in Base Layer to adhere to the 90 days NPA norm as under –

NPA Norms	Classification
>150 days overdue	By March 31, 2024

The glide path will not be applicable to NBFCs which are already required to follow the 90-day NPA norm. The central bank has provided a three-year transit period to NBFCs in the base layer to adhere to the revision. NBFCs in middle and upper layers have to make a thorough internal assessment of the need for capital, commensurate with the risks in their business. NBFCs in the upper layer will have to have a common equity tier-1 capital of at least 9% to enhance the quality of regulatory capital. In addition to the CRAR, the upper layer NBFCs will also be subjected to leverage requirements to ensure that their growth is supported by adequate capital. A suitable ceiling for leverage will be prescribed subsequently as and when necessary.

- 3) **Experience of the Board:** At least one of the directors in the Board of Directors should have relevant experience of having worked in a Bank/NBFC. This is a requirement for all NBFCs.
- 4) **Ceiling on Initial Public Offer (IPO) funding:** A limit of INR1 crore per borrower has been set for financing subscription to IPOs (earlier NBFCs had no ceiling on an IPO funding). Ceiling on an IPO funding has been made applicable from 1st April 2022.

EVOLUTION OF GOLD LOAN MARKET IN INDIA

Introduction

Gold has long been a valued commodity, historically regarded as among the most liquid assets and accepted universally as a currency since time immemorial. In India, Gold has traditionally been consumed by individuals in the form of jewellery – it is considered auspicious to buy gold jewellery during festive seasons - and handed down generations as family wealth. Gold is considered to be a safe haven in times of economic uncertainty, a fact exemplified by almost a 450x time's rise in gold prices over the past five decades.

Gold Demand in India (2013-2023)

India is one of the largest markets for gold and growing affluence is driving growth in demand. Gold has a central role in the country's culture, considered a store of value, a symbol of wealth and status and a fundamental part of many rituals. Aside from Diwali, one of the most important dates in the Indian calendar, regional festivals across the country are celebrated with gold: in the south, Akshaya Tritiya, Pongal, Onam and Ugadi; in the east, Durga Puja; in the west, Gudi Pavda; in the north, Baisakhi and Karva Chauth. Two-thirds of India's gold demand came from rural areas, where jewellery is a traditional store of wealth. The chart given below depicts the trend of India's gold demand (in tonnes) from 2013-2023.

Source: World Gold Council

As per World Gold Council (WGC), Indian gold demand fell ~3.0-3.5% in 2023 from the prior year to 748 tonnes, the lowest since 2020, as prices rallying to a record high curtailed jewellery demand. Switzerland, the United Arab Emirates, Peru, and Ghana are leading gold suppliers to India. Demand for gold jewellery in 2023 dropped by 6% to 562 tonnes compared with 2022. Even though consumer interest remained high, it lagged trade sentiment. October's price correction during Navratri stimulated a robust consumer response, boosting Diwali sales in November. However, demand declined in December as gold prices resumed an upward trend, resulting in a 9% drop in October - December 2023 jewellery demand. 2023 also saw a rebound in investment in Gold bars and coins, which grew by 7% year-on-year to 185 tonnes. Demand in the October-December period of 2023 touched 67 tonnes, 64% above the five-year quarterly average. The correction in gold prices led to a robust investment response in last six months of 2023, supported by increased interest from physically backed gold ETF investors, setting the total holdings in Indian-listed products at a record 42 tonnes by the end of the year. Net gold imports in 2023 were 20% higher than the previous year at 780.7 tonnes, primarily due to substantial inventory building by traders. As

per WGC, India's gold demand has been stuck between 700 and 800 metric tons in the past five years, but it is expected to break out of this range and rise to between 800 and 900 tons in 2024.

Gold Price Movement in India

Gold prices in India have been showing an overall upward trend since the last 3 decades. There was a steady increase in the prices of gold from FY10 to FY13. From FY14 to FY16, there was a decline in gold prices owing to geopolitical stability, low oil prices, low inflation and strong growing equity market. During this period, gold lost its attractiveness to investors either from a capital appreciation perspective as a hedge against inflation or as a safe haven, causing a significantly reduced demand.

However, from FY17 to FY19, gold prices started to surge to the pre-FY13 levels, further increasing to INR40,740 per 10gram in FY20 and INR 47,555 per 10gram in FY21. Gold prices crossed INR 61,000 per 10gram in April 2023. It is currently at INR69,368 per 10 grams as of 5th April 2024.

Gold prices in India continued to sparkle throughout FY24, propelled by escalating geopolitical tensions globally. Gold exhibited significant volatility, primarily influenced by decelerating growth in advanced economies and the monetary tightening policies pursued by global central banks in response to elevated inflation levels. The gold price rally may continue in FY25 as the US Fed is expected to declare three interest rate cuts in 2024. So, there would be three US Fed rate cuts in the first nine months or say first three quarters of FY25. Geopolitical tension, ease in the US inflation, and US dollar rates are expected to fuel gold rate further in FY25.

Gold Loan Market in India

Gold enjoys a unique connection with Indians in terms of social status, financial security and rich cultural legacy. Along with the country's growing population and ever-increasing disposable income, India's inclination and liking for gold has also increased. Due to the emotional value associated with household jewellery, people are hesitant to sell their gold to meet their immediate financial needs; as an alternative, people pledge their gold ornaments as collateral and secure a short-term loan. The pledging of gold ornaments and other gold assets to local pawnbrokers and money lenders to avail loans has been prevalent in Indian society over ages. The increased holding of gold as an asset among large section of people, and the practices related to borrowing against gold in the informal sector, have encouraged some loan companies to provide loans against the collateral of used household gold jewellery. Over a period of time, many companies have emerged as specialised gold loan companies.

Most of the gold in India is held by people in rural market. Rural residents and low-income groups are the major customers of gold loans, as gold is usually the only asset they possess, in some quantity. They also typically lack access to banking facilities. Thus, gold loan has emerged as one of the most reliable credit sources for these categories of customers at a broader level, there are mainly two categories of gold loan providers:

- (i) Formal sector (Banks, NBFCs and cooperatives)
- (ii) Informal sector (local moneylenders).

The key factors that drove the rapid growth phase of Gold loan in India included low cost of funds (eligibility under Priority Sector Lending), rise of India's middle class, consumerism and urbanization, rising gold prices, and high Loan to Value (LTV) of up to 75.0%. Convenience of access, quick disbursements and lower interest rates compared to moneylenders led to NBFCs becoming the customer's de-facto choice. Meanwhile, from the beginning of 2013, gold prices reduced drastically globally. With the pledged gold having lower market value, customers walked away from the loans resulting in increased Non-Performing Assets (NPAs).

The gold loan industry was also subsequently impacted by demonetization in 2016 when cash crunch in the market led to immediate shortfall in business. However, digital eco-system is now leading to increased credibility and tilting scales of gold loan business in favor of the specialized gold loan NBFCs. Alongside, the introduction of GST in 2017 has also impacted the market. In the pre-GST era, the taxation on gold was 1% excise duty, along with a VAT of 1-1.5%, totaling to 2.0% tax. GST rates on gold have now been pegged to 3%. This is in addition to an import duty of 7.5% and 3% GST on making charges.

In order to stabilize the proliferation and books of gold loan NBFCs, RBI intervened and released certain guidelines:

- Removal of Priority Sector Lending (PSL) status. This immediately resulted in substantially higher borrowing cost.
- Restricted credit exposure to single gold NBFC to 7.5% from 10% resulting in lower bank funding.
- Prohibition of grant of loans against bullion and gold coins.

The COVID-19 pandemic and the subsequent nationwide lockdown resulted in a significant amount of job losses, leaving people to burn out their savings for a living. People heavily relied on borrowings through banks and other sources to fulfil their financing needs amid the pandemic. Consumers used their gold holdings as collateral to obtain their financing needs rather than outright selling. These higher borrowings lifted demand for gold loans during the pandemic both through NBFCs and banks. Gold loans will benefit not just from the demand side but supply-side dynamics too as many banks and non-banking institutions target this product segment on account of its acceptable risk profile. Borrowers had benefited from higher loan value for the same collateral while lenders have benefited from lower LTV ratios on their existing loans and higher demand. Demand during the pandemic has pushed gold loan Asset Under Management (AUM) higher by 20-30% for most of India's leading gold loan NBFCs and banks.

Gold Loan NBFCs in India

Till the last century, most of the lending was in the unorganized sector through pawnbrokers and money lenders. However, this scenario has changed over the last two decades post India's economic liberalization and financial sector reforms, and the organised sector has become more dominant. Buoyed by the spurt in gold prices during the last decade, organised lenders grew during the period FY09 to FY12. However, correction in gold prices in FY13, adverse regulatory scenario, restrictions on offering high LTV products, and increase in competition intensity has seen gold loan industry's AUM stagnating. This is also reflected in the stagnating portfolio of gold loan NBFCs.

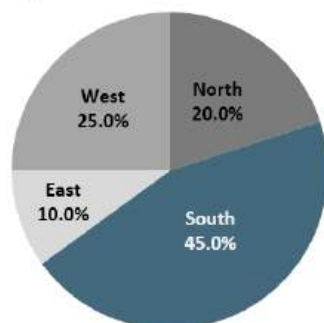

The total gold loan industry AUM stood at approximately INR17,285bn in FY23, out of which approximately 35% accounted for organised market. India's unorganised gold loan market is estimated to be around 65% of the total gold loan market. There

are no official estimates available on the size of this market, which is characterised by the presence of numerous pawnbrokers, moneylenders and landlords operating at a local level. However, this market is believed to be almost double the size of organised gold loans market.

The demand for gold has a regional bias with southern Indian states accounting for around 45.0% of the annual demand. There is potential to expand gold loans market to the Northern and Western regions of India, provided the branch network is expanded and the loans are available with ease and with flexible options. The prevalence of high level of rural indebtedness, easy availability of gold loans on extremely flexible terms, relative scarcity of personal and retail loans from the banks and changing attitude of customers to gold loans will contribute to the growth in the gold loan AUM to newer regions. Many Gold loan companies are reducing their geographical concentration risk and gradually shifting their focus to northern and western region over the last 3 years.

Growth in Gold Loans market of Organized Players in the Last 5 Years

As per WGC report, the organized gold loan industry is around 35% and unorganized industry is around 65%. The total gold loan industry AUM stood at INR17,285bn in FY23, out of which approximately 35% valuing INR6,050.0bn accounted for organised market.

NBFCs were marked by slowdown and weakening competitive positioning during FY12 and FY15 owing to withdrawal of eligibility for NBFCs under priority sector lending, RBI putting a ceiling on LTV ratio that could be given out by NBFCs at 60%, as against 75% for banks and RBI norms for conducting gold loan auctions. Indian Gold loan market of organised players has increased at a CAGR of 12-13% from INR2,203.6bn in FY15 to INR6,050.0bn in FY23 owing to increase in gold

prices, good monsoon and favourable macroeconomic factors. During this period, NBFCs' focused on improving the business per branch, undertook aggressive marketing and diversified into new regions.

Growth in Gold Loans market of NBFCs (Gold Loan) in the Last 6 Years

The gold loan AUM of NBFCs grew at a CAGR of 17% between FY17 and FY23. NBFCs witnessed a decline in gold loan AUM between FY12 and FY14, as RBI's regulations curbed the performance as mentioned earlier. However, due to NBFCs flexible loan offerings and quicker disbursement time helped them to grow their gold loan AUM from INR582.5bn in FY17 to INR1512.5bn in FY23.

Source: FSIAPL

Gold Loan NBFCs AUM further grew by an impressive 19-20% over the next 5 years from INR641.5bn in FY18 to INR1512.5bn in FY23 due to geographic expansion, rise in gold prices and higher marketing expenditure undertaken by players in order to improve product awareness and build brand identity. NBFCs and banks approach the gold loan market differently, which is reflected in their interest rates, ticket sizes and loan tenures. NBFCs focus more single-mindedly on the gold loans business and have accordingly built their service offerings by investing significantly in manpower, systems, processes and branch expansion. This has helped them attract and serve more customers.

Muthoot Mercantile Ltd. holds 0.3% share in the gold loan market among Gold Loan NBFCs in India as of FY23.

KEY GROWTH DRIVERS FOR GOLD LOAN

Gold financing companies form an integral part of the Indian financial system. It plays an important role in nation building and financial inclusion by complementing the banking sector in reaching out credit to the unbanked segments of society, especially to the MSMEs, which form the cradle of entrepreneurship and innovation. NBFCs' ground-level understanding of their customers profile and their credit needs gives them an edge, as does their ability to innovate and customise products as per their clients' needs. This makes them the perfect conduit for delivering credit to lower-income group people and MSMEs. Gold loan as a credit product is not a new phenomenon in the country; it is only in the recent past that Indians have started losing their inhibitions over pledging their family heirlooms to mainstream commercial lenders and leveraging multiple benefits, such as instant credit, flexible schemes, lower interest rates and minimal paperwork without the hassles of rigid credit appraisal. As banks and NBFCs offer gold loans at interest rates much lower than those of informal moneylenders; they have successfully targeted a new segment of customers who would have otherwise not taken a gold loan. The key growth drivers for gold loan are provided below:

Lack of reach of banking to rural and lower-income groups

In India, the reach of NBFCs in rural areas is comparatively higher than the banks. Due to which NBFCs have an advantage in terms of business revenue and larger base of customer over the banks. The traditional banking products are not accessible to rural and lower-income groups as those products are to relatively higher-income groups. Credit scores would undermine one's effort to get normal loans during distress periods. This is the situation faced by a large portion of the Indian population engaged in farming and rural employment. Gold loans offer a viable solution in this situation since, gold loans are fully securitized, lenders have the option to recoup the full principle amount (in most cases) if the borrower defaults - hence, there is no need for extensive checks on borrower's previous repayment records. The relative ease in obtaining a loan approval has boosted the popularity of gold loans.

Rising consumerism in rural areas

WGC estimates that about 65% of the Indian household gold belongs to rural communities, who are the biggest purchasers of gold loan. Unpredictability of the rain and harvest season means farmers become cash-strapped frequently. For them, unlocking value of their household gold is the easiest way to meet their financial obligations. Consumption growth in rural India had outpaced urban spending by the widest margin in last decade, encouraged by relatively good rainfall and an increase in government spending on infrastructure. However, the year 2019 witnessed a slowdown in the rural market due to factors such as liquidity crunch, drop in gross domestic product (GDP), floods in several parts, weakened household spending, high food inflation due to spike in milk and onion prices impacted consumer wallet in rural regions. The rural consumption was back on high single digit growth in FY20, helped by factors including government spending in infra projects and increased rural spending. Additionally, the expected rise in consumerism in rural areas will lead to increased gold loans being taken for non-income generating purposes.

Changing attitudes towards Gold Loan

Few decades back, the gold loan was a high-cost affair, interest charged were around 35-50% (local moneylenders) but now organized players in the market (banks and NBFCs) offer the loan at 7.5-20% per annum. In recent, gold loan is becoming a word of mouth whether it is Tier1, Tier2 or Tier 3 cities – people are turning more towards depositing gold with banks and NBFCs because it is one of the easiest ways to avail money. The overall process to avail gold loans has become more formal and transparent with an entry of organized financial players. Further, gold is a secured asset and there is no requirement of any additional collateral but; however, to avail home loans & personal loans, one need to show income certificates, bank statements & income tax returns. One good thing about gold loan is that it can be used for any purpose so more and more people are migrating towards this loan. It is not only the rural communities who are willing to put household jewellery in the market – acceptance towards using family gold for financial needs is increasing in the relatively untapped urban market. Using gold loans to meet household exigencies is gaining popularity in Indian cities and metros.

Ease of availability of Gold Loan

NBFCs offer very competitive gold loan schemes with a wide range of tenures, interest slabs and repayment options making it very attractive for the customer. Unlike the rigid products offered by traditional banks, gold loan products are designed in a way that specifically meets the situation of the target customer segments. Disbursements are made within a quick time period after loan approval with a turnaround time (TAT) of around 10 minutes. A good number of loans do not have fixed Equated Monthly Instalment (EMI) facility - only the interest needs to be paid on a monthly basis while the principle should be paid at the end of the tenure. The ability to choose product features (repayment scheme, tenure) has facilitated increased gold loan penetration.

Untapped opportunities in the non-south regions

Since ages, most of the gold loan companies have their maximum presence in the southern pockets of India. Western, northern and eastern region have minimal gold loan credit penetration, which reflects that gold loan companies can unlock this potential in the coming years. The gold loan market is expected to demonstrate high growth potential as banks are becoming more selective and stringent in credit disbursement. The emergence of the online and digital models in the gold loan space by NBFCs and new-age FinTech players that offer gold loans at the customers' doorstep have opened up an untapped market for gold loan companies.

Lower default rates

There is very low NPA in gold loans. A low default rate is the reason why many formal institutions have comfortably entered the gold loan space. Default rates typically are between 1-2% which is much lower than other traditional financial products offered by financial institutions. This makes gold loan attractive product for organised players.

Development of online gold loan market

Many new age fintech companies and traditional players have started to offer innovative products such as online gold loans (OGL) catering to the young and urban population. Primary beneficiaries of online gold loan facilities are digitally and financially literate customers who belong to the age group of 25 to 40 years. Gold loan companies have come up with various operating models like visiting customer's residence, allowing customers to place their gold within the NBFC's vault after which customers have the option to pledge this gold via online channels and receive funds directly to their bank accounts.

The increasing adoption of smartphones and expanding internet connectivity in rural and semi urban area will enable NBFCs in the coming years to get most of their customers to transact in the online gold loan platform. Further, NBFCs have started targeting MSME segment for the OGL as they are not very comfortable visiting gold loan offices for their finance requirements.

REGULATORY MEASURES IMPACTING THE GOLD LOAN MARKET IN INDIA

NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% of more of their financial assets) shall maintain a minimum Tier 1 capital of 12% of aggregate risk weighted assets of on-balance sheet and of risk adjusted value of off-balance sheet items. The Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 have issued guidelines with regard to the following:

Verification of the Ownership of Gold: Where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs shall keep a record of the verification of the ownership of the jewellery. The ownership verification need not necessarily be through original receipts for the jewellery pledged but a suitable document shall be prepared to explain how the ownership of the jewellery has been determined, particularly in each and every case where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams. Also, NBFCs shall have an explicit policy in this regard as approved by the Board in their overall loan policy.

Safety and security measures to be followed by NBFCs lending against collateral of gold jewellery:

NBFCs, which are in the business of lending against collateral of gold jewellery, shall ensure that necessary infrastructure and facilities are put in place, including safe deposit vault and appropriate security measures for operating the vault, in each of its branches where gold jewellery is accepted as collateral. This is required to safeguard the gold jewellery accepted as collateral and to ensure convenience of borrowers. No new branch/es shall be opened without suitable arrangements for security and for storage of gold jewellery, including safe deposit vault.

Standardization of Value of Gold in Arriving at the Loan to Value Ratio: The gold jewellery accepted as collateral by the NBFC shall be valued by taking into account the preceding 30 days' average of the closing price of 22 carat gold as per the rate as quoted by the Bombay Bullion Association Ltd. (BBA) or the historical spot gold price data publicly disseminated by a commodity exchange regulated by the Forward Markets Commission. If the purity of the gold is less than 22 carats, the NBFC shall convert the collateral into 22 carat and state the exact grams of the collateral. In other words, jewellery of lower purity of gold shall be valued proportionately. NBFC, while accepting gold as collateral, shall give a certificate to the borrower on their letterhead, of having assayed the gold and state the purity (in terms of carats) and the weight of the gold pledged. NBFCs may have suitable caveats to protect themselves against disputes during redemption, but the certified purity shall be applied both for determining the maximum permissible loan and the reserve price for auction.

Prior Approval of RBI for Opening Branches in Excess of 1,000: It is mandatory for NBFC to obtain prior approval of the RBI to open branches exceeding 1,000. However, NBFCs which already have more than 1,000 branches may approach the Bank for prior approval for any further branch expansion. Besides, no new branches will be allowed to be opened without the facilities for storage of gold jewellery and minimum-security facilities for the pledged gold jewellery.

Auction Process and Procedures: The following additional stipulations are made with respect to auctioning of pledged gold jewellery:

- The auction should be conducted in the same town or taluka in which the branch that has extended the loan is located. NBFCs can however pool gold jewellery from different branches in a district and auction it at any location within the district, subject to meeting the following conditions:
 - (i) The first auction has failed.
 - (ii) The NBFC shall ensure that all other requirements of the extant directions regarding auction (prior notice, reserve price, arms-length relationship, disclosures, etc.) are met.

Non-adherence to the above conditions will attract strict enforcement action.

- While auctioning the gold the NBFC must declare a reserve price for the pledged ornaments. The reserve price for the pledged ornaments shall not be less than 85% of the previous 30-day average closing price of 22 carat gold as declared by the Bombay Bullion Association Ltd. (BBA), or the historical spot gold price data publicly disseminated

by a commodity exchange regulated by the Forward Markets Commission and value of the jewellery of lower purity in terms of carats shall be proportionately reduced.

- It will be mandatory on the part of the NBFCs to provide full details of the value fetched in the auction and the outstanding dues adjusted and any amount over and above the loan outstanding should be payable to the borrower.
- NBFCs must disclose in their annual reports the details of the auctions conducted during the financial year including the number of loan accounts, outstanding amounts, value fetched and whether any of its sister concerns participated in the auction.

Other Instructions:

- NBFCs financing against the collateral of gold must insist on a copy of the PAN Card of the borrower for all transaction above INR0.5mn
- High value loans of INR0.1mn and above must only be disbursed by cheque.
- Documentation across all branches must be standardized.
- NBFCs shall not issue misleading advertisements like claiming the availability of loans in a matter of 2-3 minutes.

Guidelines proposed for Gold Loan companies on settling the outstanding debt in case of death of the borrower, communicating terms and conditions in local languages, process to refund surplus from the auction of gold:

RBI had set up a six-member committee in May 2022, headed by former Deputy Governor Mr. BP Kanungo to examine and review customer services in regulated entities with an aim to protect the interests of customers. On 5th June 2023, Mr. BP Kanungo proposed a list of recommendations to improve customer service standards in regulated entities as follows:

- The committee recommends that in case of the death of the borrower, a notice may be served to the nominee or legal heir to settle the outstanding and keep the same on record before auctioning the pledged gold. Accountability may be fixed for non-adherence to the due notification process prior to the auction of gold. For facilitating this, the gold loan companies may be required to register nominees while extending loans.
- The committee highlights circumstances leading to the auction of gold, and the requirement of a notice period should mandatorily be a part of gold loan companies' fair practices code and the loan agreement. Regulated entities shall record the acknowledgement receipt of the notice before scheduling an auction of gold.
- A large volume of gold loan accounts belongs to middle and low-income households and rural population. Hence, the committee recommends that the lender should communicate the terms and conditions to the borrowers in local and regional languages. Recording of oral communication, if any, must be preserved.
- The committee suggests that the loan agreement should incorporate the time limit (maximum one month) within which the surplus, if any, from the auction of gold would be refunded to the customers, failing which the company should be required to pay interest, as may be stipulated by the RBI. Surplus from the auction of gold must be credited to the account of the borrower.

Details of other key guidelines impacting the gold loan market in India are provided below:

Loan to Value Ratio (LTV)

LTV ratio describes the size of a loan which is taken out compared to the value of the asset securing the loan. Lenders and others use LTVs to determine how risky a loan is. A higher LTV ratio suggests more risk because the assets behind the loan are less likely to pay off the loan as the LTV ratio increases. The LTV ratio has been capped at 75% for traditional banks and NBFCs. RBI regulations state that - gold jewellery accepted as security/collateral will have to be valued at the average of the closing price of 22 carat gold for the preceding 30 days as quoted by the India Bullion and Jewellers Association Ltd. If the gold is of purity less than 22 carats, the collateral should be translated into 22 carat value and exact grams need to be valued. Loan against bullion, units of Exchange-Traded Fund (ETF) and units of gold mutual funds is not permitted. This

standardisation and increased transparency of LTV calculations across the organised sector has meant healthy businesses for NBFCs.

RBI directions on lending against security of single product-gold jewellery

As per RBI directions all applicable NBFCs should follow the below mentioned directives:

- (i) NBFCs shall maintain a Loan-to-Value (LTV) Ratio not exceeding 75% for loans granted against the collateral of gold jewellery; provided that the value of gold jewellery for the purpose of determining the maximum permissible loan, amount shall be the intrinsic value of the gold content therein and no other cost elements shall be added thereto.
- (ii) NBFCs shall disclose in their balance sheet the percentage of such loans to their total assets.
- (iii) NBFCs shall not grant any advance against bullion / primary gold and gold coins. NBFCs shall not grant any advance for purchase of gold in any form including primary gold, gold bullion, gold jewellery, gold coins, units of Exchange Traded Funds (ETF) and units of gold mutual fund.

Know Your Customer (KYC)

The RBI KYC directions are applicable to NBFCs, and RBI has advised all NBFCs to adopt the same with suitable modifications depending upon the activity undertaken by them and ensure that a proper policy framework of anti-money laundering measures is put in place. The KYC policies are required to have certain key elements, including, customer acceptance policy, customer identification procedures, monitoring of transactions and risk management, diligence of client accounts opened by professional intermediaries, customer due diligence and diligence of accounts of politically exposed persons, adherence to RBI KYC directions and the exercise of due diligence by persons authorised by the NBFC, including its brokers and agents.

For verification purposes, a customer needs to submit the following: government issued identity proof (passport, PAN card, voter's ID or driving license, along with passport size photographs), address proof (either electricity bill, ration card or telephone bill) and signature proof. The NBFCs are now allowed to make use of e-KYC which uses Aadhaar card validation. The move towards e- KYCs is meant to reduce risk of fraud and forgery as well as improve application processing speeds.

Changes in classification of Non-Performing Asset

The RBI Master Directions require that every non-deposit taking NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- Standard Assets;
- Sub-Standard Assets;
- Doubtful Assets; and
- Loss Assets

Further, the class of assets referred to above shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for an upgrade. A NBFCs-ND is required to make provisions against sub-standard assets, doubtful assets and loss assets in accordance with the Master Directions. In terms of the Master Directions, NBFCs-ND has to make the following provisions on their loan portfolio.

Provisioning Policy for Systemically Important Non-Deposit taking NBFC

Asset Classification	Provisioning Policy
Standard Asset	0.40% of outstanding
Sub-standard Assets	10% of outstanding

The time frame for classification of NPAs for NBFCs has been brought on par with banks. RBI mandated from FY18; a loan is termed as a NPA if interest is not paid for 90 days (3 months). In 2016, the time period was 5 months, while it was 4 months in 2017. However, it should not be a cause for concern, since default is not an issue for a gold finance company, as the loan is fully secured. In case of non-payment, the gold finance company could simply auction off the gold underlying to recover the interest and principal.

Impact of GST on purchase of Gold Jewellery

Earlier excise duty and VAT of 1% each were attracted to gold jewellery initially. Once GST was implemented, all the other taxes were eliminated, and only a GST of 3% was brought into effect. Whenever a customer purchases gold jewellery, they have to bear a flat rate of 3% GST. Additionally, he also has to pay GST at 5% on the making charges. It is important to note that the import, purchase, and making charges of gold have different GST rates individually. However, there is no GST attracted if you sell old gold jewellery and purchase new jewellery in a single transaction.

Gold Monetisation Scheme (GMS)

The government in the late 1990s also tried to monetize the idle gold held by Indian households by bringing it into use for the industry and to reduce dependency on imports. Gold Deposit Scheme (GDS) was introduced in September 1999 to allow individuals to deposit gold at banks and receive interest in return. Further, the scheme was also exempt from capital gains, wealth and income tax. However, the minimum deposit of 500 grams was a huge deterrent for many individuals and households to avail this scheme. Between 1999 and 2015, only 15% of gold was mobilized reflecting the inefficiency of GDS structure. GDS was reintroduced in the Union Budget 2015 by Finance Minister Mr. Arun Jaitley in a new avatar - 'Gold Monetisation Scheme' with the minimum deposit size being reduced to 30 grams. This scheme offers an annual tax free interest starting from 0.6% (Short-term: up to 3 years) to 2.5% (Long-term: up to 15 years).

The objective of GMS is to mobilize gold held by households and institutions of the country and facilitate its use for productive purposes, and in the long run, to reduce country's reliance on the import of gold. All Scheduled Commercial Banks excluding Regional Rural Banks are eligible to implement the scheme. It includes Revamped Gold Deposit Scheme (R-GDS) and Revamped Gold Metal Loan Scheme (R-GML). The minimum deposit at any one time is 30 grams of raw gold (bars, coins, jewellery excluding stones and other metals). There is no maximum limit for deposit under the scheme. Also, the interest earned on the gold deposit will be exempted from not only income tax but also capital gains tax.

KEY RISKS IN GOLD LOANS FINANCING

Few of the risks involved in gold loan financing is as follows:

Price Risk: Gold being a globally traded precious commodity, its price fluctuates daily depending on domestic and international factors. When gold price increases, it is beneficial to lenders as well as borrowers whereas when it falls drastically on a continuous basis, the current loan to value ratio (LTV) increases. This increases the possibility of delinquencies and the

internally set mark to market (MTM) or LTV trigger may breach. As a policy, the financier in this case would ask for the part prepayment or additional collateral to avoid jewellery from auctioning. But in an extreme scenario when most of the customers fail to comply with either of the options combined with an unfavourable economic environment, a large chunk of jewellery may get auctioned for a value lower than market prices pre-auction, resulting in a lower recovery.

Credit Risk: Unlike other retail loans, where an independent credit team does assessment of a borrower, gold loans involve limited borrower credit check (by major non-banking finance companies), given that lending is purely collateral based. Given the limited role of credit risk assessment in gold loans' disbursement, the presence of robust internal processes for collateral assessment becomes crucial.

Valuation Risk: The LTV ratio at the time of sanction depends on the valuation conducted by the valuation officer to arrive at an intrinsic value/net weight of gold content in jewellery based on its purity, weight and excluding non-gold content. Often, one to two months of training is provided to staff before they are enrolled to the branches. Staff follows an internal policy of valuation which generally includes acid test and sound test, and disregarding stones and non-gold content to arrive at the net weight of jewellery. Lack of a standardised valuation procedure across branches of the originator will involve judgement of the valuer, which may result in mispricing the asset which can lead to an under collateralised loan. Moreover, to curb the risk of spurious gold being pledged, strong valuation system/process should be in place.

Auction Risk: Auction is typically conducted either on loan crossing 90 days past due (dpd) or when MTM breaches an internally defined threshold. Once it is established that an auction needs to be conducted, there are operational challenges of moving jewellery to a designated auction centre, risk of losing it in transit and finding buyers when quantity/weight is high.

Safety and Insurance Risk: In any secured loan, the substance of collateral is high from recovery perspective. Safety and protection of collateral becomes more crucial when servicer has custody of it. When security systems of storage and surveillance of gold have weak controls, the collateral is prone to the risk of burglary and fraud which can lead to unwanted losses. Also, financiers store high-value gold in vaults at their branches and make disbursements up to certain value in cash with high daily cash turnover. It is crucial to adequately and effectively cover the risk of losing collateral and cash through insurance.

Delinquency: Gold loan is considered as an emergency source of funding typically disbursed in a quick time. Although the product is fully secured, historically it has been noticed that there can be chances of delinquencies in the softer buckets because of the nature, purpose and tenor of loans. Income levels of the underlying borrowers during the tenor of loan and gold price volatility determine delinquency levels in the deeper buckets.

Seasoning Risk: Gold loans being a short tenure product where the weighted average life is often less than 12 months, the average seasoning at the time of securitisation may be three to four months and of only interest payment (principal repayment being bullet in nature). Hence, loan's performance history is limited. Although the short-tenure gold loan has the advantage over a correction in gold prices, it does not give a larger picture on pre-securitisation credit behaviour.

OUTLOOK OF THE GOLD LOAN MARKET IN INDIA

Outlook of the Gold Loan Market in India

India is one of the largest markets for gold and in our Indian culture gold is considered as auspicious, particularly in Hindu and Jain cultures and gold is worn for important ceremonies and occasions. Gifting gold is a deeply ingrained part of marriage rituals in Indian society where weddings generate approximately about 50% of annual gold demand. Rural residents and low-income groups are the major customers of gold loans, as gold is usually the only asset they possess. Gold loan has emerged as one of the most reliable credit sources for these categories of customers. Further the gold loan market is still underpenetrated, considering the abundant availability of gold as collateral with Indian private households. This could play a vital role in the expansion of gold loan market. FSIAPL has estimated that the gold loan market size will grow to INR9,600bn by FY27P.

Demand for gold loans, both through banks and NBFC, has grown in response to the economic impact of the COVID-19 pandemic. The need for quick credit among small businesses will further spur gold loans' growth post the pandemic. With the credit demand expected to rise, the organised gold loan industry is expected to grow over the next few years at a CAGR of 12% from INR6,050.0bn in FY23 to INR9,600bn in FY27P which would be driven by gold loan NBFCs moving into non-southern Indian territories, improving penetration, improving product awareness and building brand identity. Diversification

into other regional geographies and untapped markets would be the key for industry AUM to grow. Gold loan industry AUM projection from FY21 to FY27P is provided below:

Since the COVID-19 outbreak of the pandemic, gold loans have become an easy way of accessing capital and both banks and NBFCs have reported higher disbursements and increasing revenue numbers from their gold loans portfolio. Industry report suggests that MSME companies are turning to gold to raise funds, rebuild their business and manage working capital requirements. Gold loan processing is perceived to be faster and more convenient, compared to personal loans. Organized players are adopting marketing initiatives to raise awareness against heavy interest rates charged by the unorganized players (which are in the range of 25-50%) especially in rural parts. Also, player's ability to leverage technology and improve their online gold disbursements could turn out to be a game changer. Based on these growth drivers, we expect gold loan NBFCs' AUM to grow at 14% CAGR, from INR1,512.5bn in FY23 to INR2,554.0bn in FY27P. Indian NBFC's gold loan AUM projection for the coming 4 years is provided below:

Source: FSIAPL

The overall organized NBFC's gold loan penetration level is around 25-30%, which confirms that there is headroom for growth in this market. So, financial institutions with the right focus, operational capabilities, availability of funds, refreshing products and modern technology can capture a large market share.

Various factors affect the gold demand in India. The relationship between these factors is provided below:

Long Term Factors		Short Term Factors	
Rising Income	Gold Price Movement	Inflation	Excess Rainfall
It is anticipated that for a 1% increase in income, the demand for gold will rise by 1%	For a 1% increase in gold price, demand will decrease by 0.5%	For a 1% increase in inflation, demand rises by 2.6%	For a 1% increase in monsoon rainfall, gold demand rises by 0.5%

The arrival of new online gold loan products and digital models by various NBFCs and fintech players are expected to tap the gold loan market. These products offer gold loans at the client's doorstep and complete the process without much hassle. More and more tech driven consumers are opting for these loans as these products have lower interest rates vis-à-vis its competing brick and motor NBFCs.

Gold as a Hedge against Inflation, Fluctuation in Interest Rates and Rupee Devaluation

The Indian rupee was at INR 83.4 per US dollar as on 31st March 2024. The rise in crude oil prices to nearly a five-month high has exerted some selling pressure on the Indian Rupee, as India is the world's second-biggest oil importer. The escalating geopolitical tensions in the Middle East and Russia-Ukraine might further boost crude oil prices and drag the Indian Rupee lower. However, the robust Indian economic data and optimistic outlook for the Indian economy might limit the Indian Rupee's downside.

Higher inflation leads to increase in expenses and lesser savings thereby affecting personal finances. Higher inflation over a period can cause higher interest rates, thereby making loans expensive. A weak rupee against dollar affects any investment done abroad, foreign education and foreign travel. The inflationary pressures have led to interest rate hike by RBI which has already raised interest rates several times last year. A higher interest rate will lead to higher EMIs. For the investor of debt funds, rise in interest rates would bring down the bond prices and hence has a negative impact on the debt funds 'net asset values'. As explained above, the rising exchange rates and the resulting inflationary pressures will have an impact on the value of the assets of the retail investors and hence it is imperative for the retail investors to invest in class of assets which are a good inflation hedge. Among all the class of assets, gold is considered as a best hedge against inflation and seen as an ideal asset for portfolio diversification.

The demand for gold rises whenever there is political chaos and gold is considered as safe haven. A significant reason why people invest in gold is that it has performed admirably in holding of value over the long-term in comparison to other assets like paper currency, some coins or even stocks. Thus, gold can be used to protect purchasing power, reduce volatility and minimize losses during periods of market shock.

RBI is among the 10th largest holder of gold reserves among central banks globally, according to the latest WGC report with USA and Germany among the top holders ever since uncertainty over the dollar outlook mounted after the US-China trade war concerns in 2018, central banks across the globe started buying gold to diversify their foreign exchange reserves base. RBI also started buying gold after a long gap (after Nov 2009). The surge in foreign inflow and low yield on overseas sovereign bonds may have led to RBI buy gold. The RBI's gold holding has climbed to 812.3 tonne in January 2024, from 803.58 tonne in December 2023, according to the World Gold Council data. As at FY23, the Reserve Bank held 794.64 metric tonnes of gold. RBI held 760.42 metric tonnes as of FY22, compared to 695.31 metric tonnes as of FY21.

As of FY23, 437.22 metric tonnes of gold are held overseas in safe custody with the Bank of England and the Bank of International Settlements (BIS), 301.10 metric tonnes of gold are held domestically. While the quantity of holding is less than that of the US, Germany, France and Switzerland, it is far higher than other emerging economies, with the exception of China.

The RBI decision to buy gold is significant because unlike Central banks it does not regularly trade in gold although the law permits it do so. The RBI's decision to buy gold is probably a decision for diversification of assets for deployment keeping in mind the evolving global risks due to rising policy rates in the USA and increasing market volatility. The beginning of the RBI's recent gold purchases in early 2018 coincides with two events. One, the US dollar fell sharply in 2017 as the trade war with China and crash in commodity prices led to selling in dollar assets. Two, yields on US treasury bonds spiked sharply between September 2017 and March 2018. These two happenings, taken together, would have resulted in a sharp loss in the value of US treasury securities held in foreign exchange reserves. Gold prices have also been in a strong up-trend since September 2018, gaining almost 48% since then. This rally would have bolstered the central bank's resolve further.

India's desire to add gold reserves seems to be driven mainly by the fear of depreciation in dollar value causing capital loss. India's forex reserves have been on an upward trajectory for most part over the last three decades as the RBI used the copious foreign portfolio and direct investment inflows to build its reserves. More than one-third of these reserves are held as US treasury securities.

KEY CHALLENGES FACED BY THE GOLD LOAN INDUSTRY

Volatility in Gold prices

Volatility in the gold prices has impact on the performance of the gold loan market. Though gold prices were increasing, it is expected to decrease over the long term. As per the Pink Sheet of World Bank Commodities Price Data of 2nd April 2024, quarterly average price of gold was at USD 2,072.0 per toz in Q1CY2024. As per the World Bank Commodity Markets Outlook of October 2023, the global prices of gold are expected to decline from USD1,943.0 per toz in CY2023 to USD1,700.0 per toz in CY2025P. With increase in LTV, the asset portfolio of gold finance companies become more vulnerable if gold price crash suddenly. This is because the safety margin reduces with higher LTV. Banks would be exposed to greater risk due to higher LTV.

Regulatory pressure

At present, every NBFCs-ND-SI is required to make a provision for standard assets at 0.4% of the outstanding. In March 2017, RBI stated that NBFCs cannot disburse more than INR20,000/- in cash against the gold loans. This RBI move is being part of its go digital drive post demonetization. RBI had increased the maximum limit for LTV for gold loans for scheduled commercial banks to 90% (earlier it was 75%) till March 2021 but it was brought back to 75% post 31st March 2021. The LTV is still 75% for NBFCs. The objective behind increasing the LTV would be to provide some lending room for the lenders. The higher LTV ratio suggests more credit risk for the lenders as the collateral available in the form of gold ornaments or jewellery may not be sufficient to fully cover both principal and interest components on these loans. Higher LTV could adversely impact the recoverability and asset quality of lenders in the case of a weakening in the borrower's credit risk profile and/or sharp decline in gold prices.

Security Threats and Risks of Theft

One of the principal risks in the operations of gold loan NBFCs are robbery and employee theft or fraud which needs to be safeguarded. To safeguard against theft or loss of collateralized gold NBFCs install safe vaults, in-house or outsourced storage model, electronic surveillance, internal and external audits and insurance.

Lack of financial literacy among rural customers

The customer segment living in remote areas is financially illiterate and till date they are under the impression that they are not eligible for any loans from the organized (banks, NBFCs, financial institutions) sector and they approach local moneylenders. This financial illiteracy among rural people is a factor that hampers the growth of market to a great extent.

Young Indians attraction to alternative jewellery

India is the largest consumer of gold in the world. From last few years the young population of India is more inclined towards high-end designer and gem-set jewellery with a preference to platinum and diamonds. This indicates buying patterns are shifting and the demand for plain gold jewellery is declining especially in the urban areas. As per industry reports, India is the world's fourth largest platinum market and customers have the assurance of buy-back similar to gold ornaments. In recent times, diamonds are also gaining equal popularity to gold as an investment option. Further, the Indian Commodity Exchange is offering a Systematic Investment Plan to acquire precious stones for retail buyers. Since, the last seven years, gold and platinum have appreciated by a similar extent. All these are indicators of slightly diminishing popularity of gold amongst the urban youth in urban markets.

Change in Savings Pattern

The youth are turning towards alternative options such as equity markets/mutual funds for wealth creation as against traditional method of buying gold. Also, the % age of discretionary spending is also rising day by day. These alternate investment options are gaining more traction.

Data Security

Protection of data is the most importance given to the rise of cyberattacks through malware and phishing targeted at the confidential client information. All the financial institutions need to make sure that sufficient attention is given to such challenges and a strong network and data infrastructure is in place which would be capable of preventing such attacks.

According to industry sources, cyber-crime is the third most reported fraud across the financial sector. The RBI directed that all NBFCs were required to have a board-approved information security policy with the following basic tenets:

- Confidentiality - Ensuring access to sensitive data to authorized users only.
- Integrity - Ensuring accuracy and reliability of information by ensuring that there is no modification without authorization.
- Availability - Ensuring that uninterrupted data is available to users when it is needed.
- Authenticity - For information security it is necessary to ensure that the data, transactions, communications or documents (electronic or physical) are genuine.

OVERVIEW OF MICRO FINANCE INDUSTRY IN INDIA

Microfinance, which involves providing small loans to financially excluded rural market, is an important player to bridge the credit demand gap among the underserved lower income groups. The journey of financial inclusion in the past two decades has been one of intensive efforts and incremental experimentation. However, the quantum jump came when Pradhan Mantri Jan Dhan Yojana (PMJDY) was launched in 2014, which enabled achievement of the objective of providing bank accounts to adult population in almost every household. The reach of mobile phones and e-KYC has ensured these accounts are accessible to those who have been included in the financial services.

Number of negative events in the past have influenced growth as well as asset quality of the microfinance sector including – the Andhra Pradesh crisis of October 2010, farm loan waivers by several states, demonetisation in November 2016, floods in some states, as well as recent economic slowdown. Despite these setbacks, the industry has evolved over the cycles and demonstrated resilience by adapting to changing dynamics. It is significant to note that the number of institutions providing microfinance as also the quantum of credit made available to the financially excluded clients have increased significantly during the last decade. RBI has been making sustained efforts to increase the penetration of formal financial services in unbanked areas, while continuing with its policy of ensuring adequate flow of credit to productive sectors of the economy and also ensuring the availability of banking services to all sections of people in the country.

Market size of Indian Microfinance industry

Micro Finance industry consists of multiple players with diverse organizational structures. Loans in this sector are provided by Banks, Small finance banks (SFBs), Non-banking financial company-microfinance institutions (NBFC-MFIs), other NBFCs and non-profit organizations. According to the Microfinance Institution Network (MFIN), MFIs operates in 27 States

and 5 Union Territories of India as on 31st December 2023. The sector served 74mn unique borrowers through 146mn loan accounts as on 31st December 2023. The industry Gross Loan Portfolio (GLP) has grown at a CAGR of 22.4% from Rs. 847.2bn in FY16 to reach Rs.3483.4bn in FY23 period as depicted in the graph above. The GLP of the Microfinance Industry reached Rs. 3994.4bn as on 31st December 2023.

Microfinance loan portfolio stands at INR3,994.4bn as on 31st December 2023, serving 7.4 crore unique borrowers with 14.6 crore loan accounts. GLP as on 31st December 2023, showed an increase of 24.6% y-o-y as compared to INR3,205.8bn as on 31st December 2022. Some other trends of the industry are as follows:

- As on 31st December 2023, NBFC-MFIs hold the largest share of portfolio in micro-credit with total loan outstanding of INR1,562.4bn, which is 39% of total micro-credit universe. Banks are second largest provider of micro-credit with a loan amount outstanding of INR1,337.6bn accounting for 33% to total industry portfolio. SFBs have a total loan amount outstanding of INR704.5bn with a total share of 18%. NBFCs account for another 9% and other MFIs account for 1% of the universe.
- The microfinance active loan accounts increased by 15.9% during the past 12 months to 14.6 crores as on 31st December 2023.
- In terms of regional distribution of portfolio (GLP), East and North-East account for 31% of the total microfinance portfolio, South 31%, West 16%, North 15% and Central contributes 6% as on 31st December 2023.
- The Top 10 states constitute 83.6% in terms of GLP as of 31st December 2023. Bihar has emerged as the largest state in terms of portfolio outstanding followed by Tamil Nadu and Uttar Pradesh. Among Top 10 states, Tamil Nadu has the highest average loan outstanding per unique borrower of Rs. 29,996 followed by Kerala at Rs. 28,979 as of 31st December 2023.

Over the past years, the GoI and the RBI have recognized the role played by MFIs in furthering government's financial inclusion agenda. As a part of strengthening the MFI, the RBI appointed industry body Micro Finance Institutions Network (MFIN) as well as Sa-Dhan (an association of MFIN) as self-regulatory organizations (SROs) and bringing Credit Bureau for the tiny loan segments. There has been a tremendous improvement in the risk management practices of MFIs which is evident that the sector was able to tide over the effects of demonetization despite being the fact that MFIs transactions with its customers are mainly in cash as they cater to low-income households with majority of them located in rural areas. NBFC-MFIs are increasingly adopting digital transactions and expecting disbursements and repayment to happen cashless. However, their customers are illiterate, and the adoption is low by the customers. Digitalization will happen only with the improvement in digital infrastructure and with a continuous engagement with their customers. This is possible as the MFI feet on the street model has been instrumental in building an extensive reach at the grass-root level thereby enabling MFI to cater to the financial needs of the unbanked clients. RBI has also raised the household income limit for availing micro loans while enhanced the

lending limit to INR3.0 lakh per eligible borrower from INR1.25 lakh (for rural areas) and INR2.0 lakh (for urban and semi-urban areas) earlier, creating more opportunity for MFIs to grow.

The NBFC-MFIs adhere to RBI guidelines to fix interest rates. In March 2022, RBI has removed caps on the pricing of small loans given by non-banking financial company-microfinance institutions (NBFC-MFIs), bringing them to the same level as other such lenders, including banks. With this, the underwriting of loans will be done on a risk-based analysis, and a risk premium will be charged based on the borrower.

A significant portion of the Indian population still lacks access to credit from the formal sector and consequently borrows from informal channels like moneylenders or relatives, indicating the scope of micro lending in achieving financial inclusion and overall industry growth. The prospective for Microfinance, particularly in Semi-Urban and Rural geography is quite large in India and with NBFC-MFIs are stepping up to integrate best practices and technology which would help them provide better customer service as well as achieve operational efficiencies and lower costs.

The announcement of the 'Regulatory Framework for Microfinance Loans, 2022' has come at a very opportune time when the industry has seemingly navigated the stressful Covid period well and has started showing signs of normalcy. The new regulation is expected to usher in a new phase of growth in the microfinance sector which is more client centric and responsible and will enable regulated entities to reach out to new unreached areas/excluded households. At the same time, the regulation is applicable to all regulated entities and has created a level playing field, which will encourage healthy competition and challenge regulated entities to innovate and become more efficient, and in the process benefit the clients and contribute further towards achievement of financial inclusion.

We are registered with RBI as a non-deposit taking, NBFC-ML, NBFC (registration no. N-16.00175 dated April 13, 2002) under Section 45 IA of the Reserve Bank of India Act, 1934. Further, a fresh certificate of registration was issued by RBI on January 1, 2014, pursuant to the change of name of our Company from ‘Muthoottu Mini Financiers Private Limited’ to ‘Muthoottu Mini Financiers Limited’. Our Company has also obtained a certificate of registration bearing registration no. – CA0122 issued by IRDAI, with effect from April 1, 2016 (renewed up to March 31, 2025), under Section 42D (1) of the Insurance Act, to act as a “Corporate Agent (Composite)”. Further, our Company holds a certificate of registration dated July 5, 2012 registration number IN-DP-CDSL-660- 2012 issued by SEBI to act as Depository Participant in terms of Regulation 20 of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996, as renewed of August 21, 2017.

Our Company belongs to the Muthoottu Mini group. Muthoottu Mini group belongs to the Muthoottu family of Kozhencherry, which was founded by Ninan Mathai Muthoottu, who started the family business enterprise in 1887. In 1939, three sons of Ninan M. Muthoottu, viz, M. George Muthoot, M. Mathew and M. Pappachan Muthoot started a finance company named as Muthoot M. George & Brothers (“**MGB**”). In the early 1970s, they separated their business enterprises into three groups i.e., the current Muthoot Finance group of companies which is controlled by the sons of George M. Muthoot, the Muthoot Fincorp group which is controlled by the sons of M. Pappachan Muthoot and the Muthoottu Mini group which was earlier controlled by the son of M. Mathew i.e., Roy M. Mathew. Muthoottu Mini group is presently controlled by Mathew Muthoottu, son of Roy M. Mathew. Other than the aforementioned family connection, all the groups are distinct from each other and none of them are having any inter-group shareholdings or controls or business dealings. The Muthoottu Mini group commenced operations at Kozhencherry, Pathanamthitta, Kerala and has over three decades of established history in the money lending

business, mainly in small scale money lending against used household gold jewellery. The Muthoot Mini group has been in the gold loan financing since 1986 and our Company has been extending Gold Loans since its incorporation.

Our Gold Loan customers are individuals primarily from rural and semi-urban areas. We believe that what distinguishes us from banks is our focus on non-organized sections of society and our turnaround time to sanction and disburse the loan. Our Gold Loan product mix varies from 60 days up to 720 days tenure with varying rates of interest and amount of loan to suit the requirements of the customers. For the three months period ended on June 30, 2024, and for the Fiscal 2024, Fiscal 2023 and Fiscal 2022 our yield on Gold Loan assets was 19.45%, 18.12%, 17.78% and 18.40% respectively.

We have also introduced online gold loan product wherein the customer has to come to the branch only for the initial appraisal and subsequent disbursement are done online whenever the customer makes a request during the maximum period of one year, subject to the prevailing LTV norms.

We have developed various Gold Loan schemes, which offer variable terms in relation to the amount advanced per gram of gold, the interest rate and the amount of the loan, to meet the different needs of various customers.

Our lending functions are supported by a custom developed information technology platform that allows us to record relevant customer details, approve and disburse the loan. Our web based centralised IT platform which records details of all branches also handles management of the relevant loan and pledged gold related information.

Our microfinance loan customers are joint liability group of woman customers only (minimum of 5 persons) from rural and semi-urban areas of Kerala. Our microfinance loan portfolio for the three months period ended on June 30, 2024 and for the Fiscal 2024, Fiscal 2023, and Fiscal 2022 comprised of 76,551, 76,144, 50,883 and 21,289 microfinance loan accounts respectively, aggregating to ₹ 26,988.78 lakh, ₹ 29,413.11 lakh, ₹ 20,713.17 lakh, and ₹ 6,435.43 lakh which is 7.66%, 8.35%, 6.35% and 2.58% of our total loans and advances as on such specific dates. As on September 30, 2024, our Promoter Nizzy Mathew holds 33,54,446 Equity Shares amounting to 13.40% and our Promoter Mathew Muthoottu holds 1,48,59,912 Equity Shares amounting to 59.36%, of our Company's issued and paid-up capital of our Company.

Our Strengths

We feel that the following competitive strengths position us well for continued growth:

We are a non-deposit taking NBFC-ML in the Gold Loan sector in South India with a long operating history and large customer base.

We are registered with RBI as a non-deposit taking, NBFC-ML (registration no. N-16.00175 dated April 13, 2002) under Section 45 IA of the Reserve Bank of India Act, 1934. Further, a fresh certificate of registration was issued by RBI on January 1, 2014, pursuant to the change of name of our Company from 'Muthoottu Mini Financiers Private Limited' to 'Muthoottu Mini Financiers Limited'. We operate, since our incorporation, in the gold loan sector lending money against the pledge of household gold jewellery ("***Gold Loans***") in the state of Kerala, Tamil Nadu, Karnataka, Andhra Pradesh, Telangana, Haryana, Maharashtra, Gujarat, Delhi, Uttar Pradesh and Goa and the union territory of Puducherry. We believe that we have, over the years, been successful in expanding our brand name, as well as our customer base to different geographical locations in India. As on September 30, 2024, we have a network of 920 branches spread in the states of Kerala, Tamil Nadu, Karnataka, Andhra Pradesh, Telangana, Haryana, Maharashtra, Gujarat, Delhi, Uttar Pradesh and Goa and the union territory of Puducherry. Our total number of Gold Loan accounts were 5,62,188 customer accounts as on September 30, 2024. We attribute our growth, in part, to our market penetration, particularly in areas which we believe are less served by organized lending institutions, which is reflected in the majority of our branches which are located in rural and semi-urban areas as on September 30, 2024 and streamlined procedural formalities which our customers need to complete in order to complete a loan transaction with us, which we believe enables us to attract new and retain existing customers.

Flexible loan schemes and efficient customer service

We believe the growth in our Gold Loan portfolio is partly due to the flexible Gold Loan schemes that we offer to our customers and efficient customer service depending on the individual needs, we provide our customers multiple options with respect to the loan amount, advance rate per gram of gold and interest rate. We endeavour to provide our customers with a simple and transparent process to avail Gold Loans and other services with trained staff members at all our branch locations. We also endeavour to staff our branches with persons belonging to the same locality as our customers which enables us to know our customers and their specific requirements better and enables us to meet up to their expectations in an efficient manner. We believe that our technology support, skilled workforce and policies on internal processes enable us to achieve the above objective. Furthermore, since our Gold loans are all collateralized by gold jewellery, there are minimal documentary and credit assessment requirements, which shorten our turnaround time.

Extensive branch network across rural and semi-urban areas in South India

As of September 30, 2024, we have 920 branches spread across the states of Kerala, Karnataka, Tamil Nadu, Andhra Pradesh, Telangana, Haryana, Maharashtra, Gujarat, Delhi, Uttar Pradesh and Goa and the union territory of Puducherry. For further details, please refer to "***Our Business – Branch Network***" on page 108. About 54.13% of our branches (498 branches) are in rural and semi urban areas in South India.

Advanced technology systems and established processes

We believe that the usage of a technology platform across our operations has improved our growth. Our web based centralised IT platform which records details of all branches. We believe that our IT infrastructure helps us with real time data transmission and updates, and endeavour to minimise errors, ensure faster data transmission and risk monitoring. We upload data at each branch to facilitate online information access for faster decision making. Our technology also helps reduce the

time it takes to complete Gold Loan / micro finance loan transactions.

Our Company has put in place well defined and efficient process that enables us to achieve uniformity in our operations across all our branches. Our processes are developed at the corporate office level by professionals who have extensive experience in the areas of banking and financial services with supervision from our management. We believe that such well-defined processes and efficient technology platform, enables us to keep a better check over our entire branch network and helps us in detecting shortcomings.

Strong support system, including appraisal, internal audit and inventory control and safety systems

We believe that our ability to appraise the quality of the gold jewellery to be pledged in a short period of time is critical to our business. Assessing the gold jewellery quickly and accurately is a specialized skill that involves an assessment for gold content and quality manually without damaging the jewellery. We undertake the assessment activity in-house using tested methods of appraisal of gold.

Once the Gold Loan is made, we have a system in place for continuous monitoring of the pledged gold by internal audit and risk management teams. In accordance with our internal audit policy, all of our branches are subject to inspection for once in three months depending upon management perception of the risk associated with the branch.

While no minimum loan level is prescribed in the case of general gold loan including online gold loans the sanctioning powers are vested with various functionaries as detailed below.

Amount	Request from	1 st Level	2 nd Level	3 rd Level	4 th Level	5 th Level	6 th Level
Up to ₹ 10.00 lakh	Branch	BM					
Above ₹ 10.00 lakhs to Rs 25.00 lakh	Branch	RM/AM	ZM				
Above ₹ 25.00 lakh to Rs 50.00 lakh	Branch	RM/AM	ZM	AGM-Sanctions (CO)			
Above ₹ 50.00 lakhs to Rs 100.00 lakh	Branch	RM/AM	ZM	AGM-Sanctions (CO)	COO

Above ₹ 150.00 lakh	Branch	RM/AM	ZM	AGM-Sanctions (CO)	COO	CEO	MD

At the time of conducting an inspection, a quality check on the inventory is also carried out, which involves physical security checks and checks on the quality of pledged gold. All our branches are fitted with strong rooms which are reinforced concrete cement structures built per industry standards and practices and fitted with security cameras to ensure high level of security.

Experienced management team and skilled personnel

Our Promoters, Nizzy Mathew has over 25 years of experience and Mathew Muthoottu has over sixteen years of experience in our business. Our senior management teams have extensive experience in the areas of banking and financial services, and we believe that their considerable knowledge of and experience in the industry enhances our ability to operate effectively. Our staff, including professionals, covers a variety of disciplines, including internal audit, technology, accounting, marketing and sales. Our workforce also consists of appraisers who are skilled in the evaluation of the worth and authenticity of the gold that is pledged with us.

Our Strategies

Our business strategy is designed to capitalize on our competitive strengths and enhance our leadership position in the Gold Loan industry and to expand our presence in micro finance loan segment. Key elements of our strategies include:

Further growth in Gold Loan business in rural and semi-urban markets to tap into the potentially large market for Gold Loans

Indian gold loan market expanded considerably in recent years. The recent developments in the gold loan market have both

positive and negative implications. In a country, where loans are required to be raised for meeting some sudden medical exigency or an educational loan or a business loan by a small and medium enterprise owner, the gold loans extended by the NBFCs are very handy and flexible, though costlier than such loans disbursed by banks. At a time, when financial inclusion is a major policy goal, the services rendered by the gold loans NBFCs, which are a part of the organised loan market are contributing in a reasonable measure to cater to the borrowing requirements of a needy section of the society, gold is an idle asset in the hands of individuals and there is a huge unlocked economic value in the Indian economy, which is estimated to be around 562 tonnes of gold in the year 2023. (Source: FSIAPL Report) Just a small fraction of this idle gold stock is being used for raising gold loans.

We intend to increase our presence in rural and semi-urban markets, where a large portion of the population has limited access to credit either because they do not meet the eligibility requirements of banks or financial institutions, or because credit is not available in a timely manner at reasonable rates of interest, or at all. We believe we meet the expectation of a typical Gold Loan customer of high loan-to-value ratios, rapid and accurate appraisals, easy access, low levels of documentation, quick approval and disbursement and safekeeping of their pledged gold, and thus our focus is to expand our Gold Loan business. We believe that our brand is key to the growth of our business. We have strong presence in the rural and semi-urban markets of India, particularly in the southern states of Kerala, Tamil Nadu, Karnataka, Andhra Pradesh and Telangana.

Diversifying our business into micro finance loan segment

We offer micro finance loans which are targeted to economically active, married women, having regular cash flow from certain income generating activities, including but not limited to, self-managed business, vegetable vendors and tailoring business. As on September 30, 2024, we are offering micro finance loan only through 141 branches in the state of Kerala. Going forward, we intend to increase the number of branches in Kerala and expand it to other southern states. For the three months period ended on June 30, 2024, and for the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022, our micro finance loan represented 7.66%, 8.35%, 6.35% and, 2.58% of our total assets under management as on these dates. We believe that our diverse revenue stream will reduce our dependence on any particular product line thus enabling us to spread and mitigate our risk exposure to any particular industry, business and geography or customer segment.

Undertaking new business initiatives to diversify our revenue stream by leveraging our branch network and customer base

Gold Loan and micro finance loan as on June 30, 2024 and March 31, 2024 account for 99.82% and 99.82% of total loans of our Company, respectively. These contribute to over 93.49% and 93.25% of our total revenues as on June 30, 2024 and March 31, 2024, respectively, making us dependent on such income stream and interest on loans. With a view to diversify our incomes and be less dependent on interest alone, we continue to increase our revenue by broadening our fee based income by selling third party products. We currently provide services like money transfer, insurance, DP services, PAN card related services, travel agency services and Consignee services for sale of bullion and jewellery. Our Company has obtained registration with the IRDAI, to act as a corporate agent for procuring and soliciting insurance business both in the life insurance and general insurance category. The license no. CA0122 was assigned to our Company and is valid till March 31, 2025. Pursuant to such registration, we have entered into corporate agency agreements with various insurance providers of life, health and general insurance products for soliciting and procuring business for such insurance providers. We have also entered into agreements with securities provider for carrying out online trading in equity and derivative and commodity segments using our Depository Participant platform. Our Company intends to capitalise on the huge client base and large branch network, to offer these additional products and services.

Strengthening our risk management and technology systems to have an error less streamlined growth in business

We believe that the risk management is a crucial element for the expansion of our Gold Loan / micro finance loan businesses. We believe that our integrated risk management framework with processes for identifying, measuring, monitoring, reporting and mitigating key risks, including credit risk, appraisal risk, custodial risk, market risk and operational risk helps us to strengthen our risk management systems. We believe that prudent risk management policies and development of tailored credit procedures will allow us to expand our Gold Loan financing and micro financing loan business without experiencing significant increases in non-performing assets.

We are focused on improving our comprehensive knowledge base and customer profile and support systems, which in turn will assist us in the expansion of our business. We are also looking to revamp our IT infrastructure to address the current deficiencies in our current IT systems which will help us improve our MIS systems.

GOLD LOAN BUSINESS

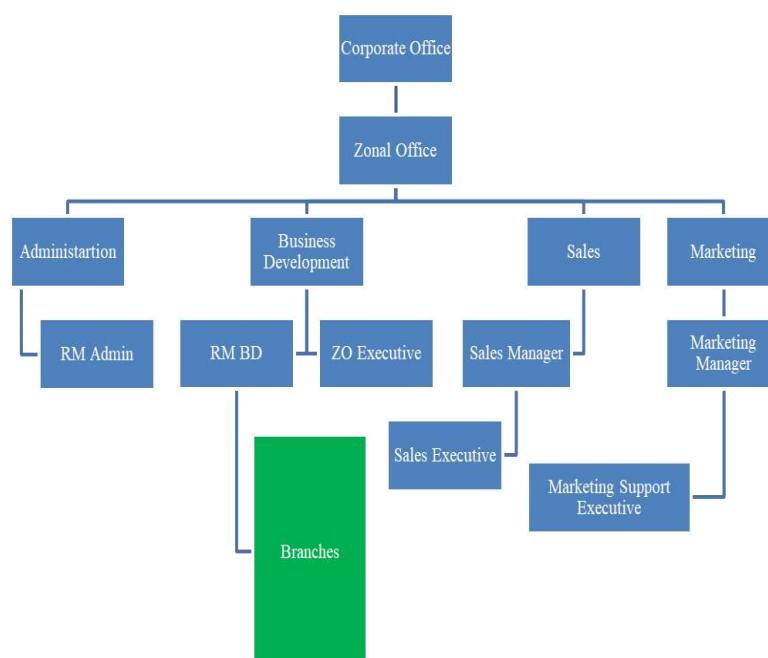

Our core business is disbursement of Gold Loans secured by the pledge of household gold jewellery. Loan amounts advanced by us are typically within the range of ₹10,000 to ₹60,000 per loan transaction and typically remain outstanding approximately for an average tenor of 180 days. As on June 30, 2024, and for the financial year ended March 31, 2024, March 31, 2023, and March 31, 2022, we had 5,62,188, 5,57,249, 5,03,974 and 4,47,042 Gold Loan accounts, aggregating to balance of ₹ 3,24,873.83 lakh, ₹ 3,22,221.23 lakh, ₹ 3,04,876.78 lakh and ₹ 2,42,697.48 lakh, respectively. For the three months period ended on June 30, 2024, financial year ended March 31, 2024, March 31, 2023 and March 31, 2022, our Gold Loan portfolio yield representing interest income on Gold Loans as a percentage of average outstanding of Gold Loans, for the same period were 19.45%, 18.12%, 17.78% and 18.40% respectively, per annum. For the three months period ended on June 30, 2024, the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022, income from interest earned on our Gold Loans constituted 84.31%, 84.56%, 89.40%, and 93.25%, respectively, of our total income. We are able to offer a variety of Gold Loan schemes to our customers to suit their individual needs. We have various new and different schemes in place. The schemes which differ in relation to the amount advanced per evaluated gram of gold, the interest rate concessions offered for the particular tenor and the amount of the loan.

Gold Loan business structure

Following are details of our gold loan business structure:

Zonal Office

We had structured our Business Model by adding Nine Zonal Offices across the country with 37 regional Managers. Our Zonal Offices are located at Delhi, Hyderabad, Bangalore, Vijayawada, Salem, Madurai, Kanyakumari, Kerala and Mumbai. Our Zonal Office headed by a Zonal Manager is supported by Regional Manager Business Development (for every 30-40 branches), Regional Manager Administration, Sales Manager, Marketing Manager, Zonal Office Executives and Sales Team. Through this we maintain a five way connect to branches. Refer to below chart on business model for reference.

Sales Department

The Sales Department is directly dealing with new customers by visiting them and updating about our product and services. Sales Manager at Zonal Office shall be leading the team in Zones and parallel reporting to Corporate Office. One lakh plus data collected during the period which can be utilised for further addition of Gold Loan and our other services.

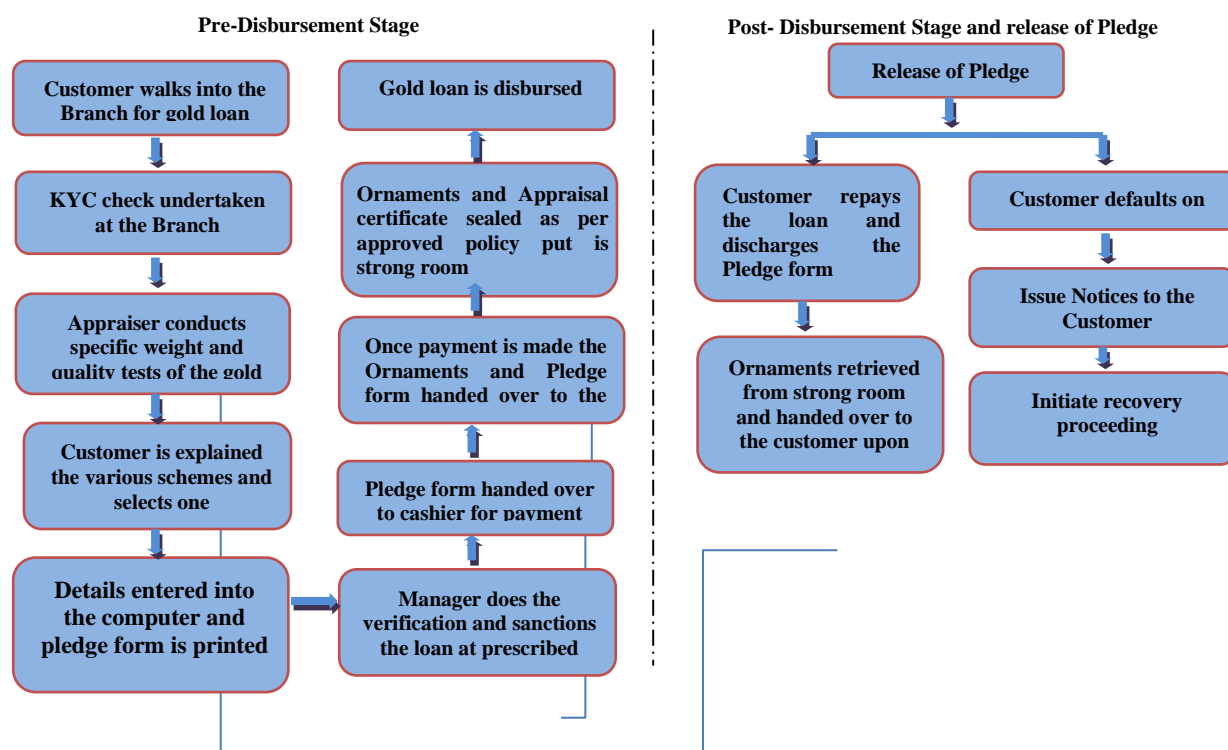

Marketing Department

We had strengthen our marketing department by adding Marketing Managers in all Zones to increase our branding visibility along with a supporting person in each cluster. This is going to make our brand more visible through our marketing and branding activities.

Audit

A four layer auditing system has been done to ensure the quality of assets and securities namely Gold Audit, Accounts Audit, Vigilance Audit and Online Audit. Vigilance Team is revamped recently with additional team members along with an online audit process. Online audit reinforce audit process during lockdowns and blockages during current pandemic. A live CCTV monitoring from corporate office is added as the 5th layer of our security.

Gold Loan disbursement process

The principal form of security that we accept is household gold jewellery. We do not accept bullion, gold biscuits, gold bars, new mass produced gold jewellery or medallions, and we restrict acceptance of jewellery from other money lenders. While these restrictions narrow the pool of assets that may be provided to us as security, we believe that it provides us with the following key advantages:

- It filters out spurious jewellery that may be pledged by jewellers and goldsmiths. We find that household, used jewellery is less likely to be spurious or fake.
- The emotional value attached by each household to the pledged jewellery acts as a strong incentive for timely repayment of loans and revoking the pledge.
- As we only accept the pledge of household jewellery, the value of the pledged gold is typically only as much as the worth of gold that is owned by an average Indian household. This prevents our exposure to large sized loans where the chances of default and subsequent losses are high.

The amount that we finance against the pledged gold jewellery is typically based on a fixed rate per gram of gold content in the jewellery. We value the gold jewellery brought by customers based on our corporate policies and guidelines. Our Company has adopted a loan policy on October 1, 2021, and updated on May 07, 2024 ("**Loan Policy**"). As per the Loan Policy, we grant Gold Loans on 22 carat gold ornaments. However, in case the gold jewellery that are being pledged is less than 22 carat, the corporate office translates the collateral into 22 carat and state the exact grams of the collateral are required to convert the carat of gold jewellery to the equivalent of 22 carat. We do not accept gold ornaments below 19 carat. The rates per gram is fixed by us on daily basis, based on the extant RBI guidelines and the 30 day average closing gold rate for 22 carat fixed by India Bullion and Jewellers Association Limited.

The actual loan amount varies according to the type of jewellery pledged. While jewellery can be appraised based on a variety of factors, such as total weight, weight of gold content, production cost, style, brand and value of any gemstones, we appraise the gold jewellery solely based on its gold content. Our Gold Loans are, therefore, generally well collateralized because the actual value of the gold jewellery is higher than our appraised value of the gold jewellery when the loan is disbursed. The amount we lend against an item and the total value of the pledged gold we hold fluctuates according to the market price of gold. An increase in the price of gold will not automatically result in an increase in the value of our Gold Loan portfolio unless the rate per gram is revised by our Corporate Office. It only results in a favourable movement in the value of the security, pledged with us. Similarly, since adequate margins are built in at the time of the loan disbursement and owing to the short tenure of these loans, on average, a decrease in the price of gold generally has little impact on our interest income. However, a sustained decrease in the market price of gold could cause a decrease in the growth rate of Gold Loans in our loan portfolio.

All our Gold Loans have a maximum term of 24 months. In the event that a loan is not repaid on time and after providing due notice to the customer, the unredeemed pledged gold is disposed of, on behalf of the customer in satisfaction of the principal and interest charges. Any surplus arising out of the disposal of the pledged gold is refunded to the customer or is appropriated towards any other liability by the borrower. In the event that the recoverable amount is more than the realizable value of the pledged gold, the customer remains liable for the shortfall.

The processes involved in approving and disbursing a Gold Loan are divided into three phases:

- Pre disbursement;
- Post disbursement; and
- Release of the pledge.

Pre-disbursement process

Pre disbursement processes include all the actions that are carried out from the moment a customer enters any of our branches for procuring a Gold Loan, up until the customer receives the loan amount and include the following:

Gold Loan appraisal of a customer involves the following steps:

- (a) *Customer identification* - Gold Loans are sanctioned only to genuine borrowers. Gold Loans can be sanctioned to the members of staff only with prior approval of regional manager, from the branch (other than where the such staff works). The sanctioning authority should take all precautions to confirm that the applicant, pledging the ornaments, is the true owner of those ornaments.
- (b) *KYC documentation* – For mandatory compliance of KYC norms, as mandated by RBI and easy identification of each borrower at a later date, a photograph and proof of identity and address acceptable to the Company, are always obtained. Each branch has been provided with a webcam, which may be used to take the photograph, which is then uploaded into the system, also.
- (c) *Security appraisal* – Once the manager is satisfied regarding ownership of the ornaments, the ornaments would then be appraised by the manager himself and/or other staff members who are assigned with the responsibility of appraising the gold jewellery. The ornaments being tendered are not appraised by any person who is not associated with our Company nor are the ornaments sent out of the concerned branch for appraisal. We use the services of our in-house gold appraisers in case of large value loans. These gold appraisers are professionally qualified for appraising the quality of gold and usually have multiple years of experience in appraising gold.

The process of measuring the “fineness”, or purity, of gold is referred to as ‘assaying’. There are different methods of assaying the fineness of gold. The most commonly used methods at our branches are touch stone, nitric acid and sound tests. Indian ornaments often contain stones of different types, some of which may be precious. But as a matter of policy, all types of stones are ignored, and their weight reduced from gross weight when advancing against ornaments. Sufficient margin is, therefore, retained for the approximate weight of such stones and for arriving at eligible loan amount; net weight of the ornaments so arrived at alone is taken into account. Reduction in weight is kept comfortably high to safeguard our interests. Wherever weight of stones cannot be ascertained, such ornaments are avoided. All particulars/details of ornaments such as, gross weight, net weight, rate per gram and estimated value will be entered item wise by the appraising staff on serially numbered DPN and also on the paper used for covering/packing ornaments

and signed off with the date. The manager also verifies and satisfies himself that the ornaments have been properly tested for purity and details - gross weight as well as net weight, are correctly noted. He should also confirm correctness of valuation made.

- (d) *Documentation* - The standard set of documents that are executed in a typical Gold Loan transaction include the pawn ticket and the demand promissory note cum terms and conditions. Basic details of the pledge, such as the name of the customer and the net weight of the jewellery pledged is recorded on the gold loan slip, which is retained by us. The pawn ticket, which contains the details of the customer and the pledged jewellery, is filled in by the employee who appraised the gold and a copy is retained by the customer. The demand promissory note is an undertaking by the customer to repay the loan amount with the interest to the Company. The terms and conditions that are contained in the demand promissory note empower us to sell the pledged jewellery if the customer defaults on the Gold Loan. After execution of prescribed documents, a loan ticket detailing the particulars of the loan including the details of the items pledged, rate per gram, interest rate and maturity date is handed over to the customers along with disbursement of the loan.

Post-disbursement process

The post disbursement process involves the storage of the storage of the pledged gold jewellery. Ensuring the safety and security of the branch premises is vital to our business since cash and gold inventory are stored in each branch. Branch security measures implemented, by us, include:

- Every branch of the Company, without exception, is provided with a strong room constructed as per the specifications of RBI with fireproof strong room doors. This is a provision at each location to ensure safety of the pledged ornaments, of the clients.
- Access to the strong room is with the help of two distinct keys, which are in the hands of two different individuals attached to the branch. The strong room has a grill door, joint custody of whose keys are with the Branch Manager and another staff in rotation (the “**Joint Custodian**”). Both the branch head and the Joint Custodian hold the keys to grill in the strong room, which can only be opened if both keys are inserted at the same time.
- Electronic Security System: All our branches are installed with CCTV cameras. Such kind of a surveillance system helps to avert any major incidents of frauds, thefts, etc. in the branch premises.
- Insurance: Entire gold stock of the branches is insured for their gold content against theft and other calamities.

Release of pledge

Once a loan is fully repaid, the pledged gold jewellery is returned to the customer. The customer has to be present personally along with the gold loan token, at the branch where the pledge was originally made. The branch will verify the person with the photo taken at the time of pledge and confirm that there is no foul play and the amount to be paid is informed to the customer from the software and clarifies doubts if any on the amount demanded. The customer pays the amount at the cash counter and the ornaments are taken out of the safe and handed over to the customer after confirming them with the list of ornaments mentioned in the token and gold loan application form.

Microfinance Loans

Our microfinance loans are typically small ticket loans, unsecured and given to joint liability groups forming of woman customers only. We started our Microfinance business in Fiscal 2017 and we provide loan amounts typically within the range of ₹10,000 to ₹ 1,20,000 per loan transaction and which remain outstanding approximately for an average tenor of 365 days to 730 days. As on June 30, 2024 and for the Fiscal 2024, Fiscal 2023, and Fiscal 2022, we had 76,551, 76,144, 50,883 and 21,289 micro finance loan accounts respectively, aggregating to balance of ₹ 26,988.78 lakh, ₹ 29,413.11 lakh, ₹ 20,713.17 lakh and ₹6,435.43 lakh, respectively. For the three months period ended on June 30, 2024, and for the Fiscal 2024, Fiscal 2023 and Fiscal 2022, our microfinance loan portfolio yield representing interest income on micro finance loans as a percentage of average outstanding of microfinance loans, for the same period were 24.29%, 23.29%, 23.34% and 18.81% respectively. For the three months period ended on June 30, 2024, and for the Fiscal 2024, Fiscal 2023 and Fiscal 2022 income from interest earned on our micro finance loans constituted 9.18%, 8.69%, 5.82% and 2.53% respectively, of our total income. We offer only one type of scheme in micro finance.

Micro Finance Loan disbursement process

The Microfinance branches identifies locations where loans are required through market survey within 25 km radius of branch and collect the KYC of the prospective loanees and check credit worthiness from RBI approved credit bureaus. A group guarantee is taken from the members of JLG group and the loan documentation is completed after the required personal verifications. After the due appraisal process in accordance with Microfinance credit policy of the Company, the amount is transferred directly to the bank account of each JLG member. An end use check is also made by the Branch head to confirm that the disbursement is in order. The collections are made on a weekly basis and start after a seven day moratorium, through collection agents of the Company.

Customer Care

We believe that we have set in robust customer grievance redressal systems. The branches of our Company display the names and phone numbers of the nodal officer for addressing customer complaints.

Risk Management

As a lending institution, we are exposed to various risks that are related to our gold lending business, micro finance business and operating environment. Risk management forms an integral element of our business. Our objective in the risk management processes is to appreciate, measure and monitor the various risks that we are subject to and to follow policies and procedures to address these risks. We do so through our risk management architecture. We continue to improve our policies and procedures and to implement these rigorously, for the efficient functioning of our business. This also helps in managing the risks, associated with our business. Our Company has adopted a risk management policy on July 20, 2020 updated as on May 20, 2022 ("**Risk Management Policy**"). The major types of risk we face in our businesses are credit risk, operational risk, financial risk and market risk.

Credit Risk

Credit risk is the possibility of loss due to the failure of any counterparty to abide by the terms and conditions of any financial contract with us. We believe that the credit risk in our Gold Loan business is relatively low because all our loans are generally over collateralized by pledged gold ornaments. However, it is recognized that risk is inherent due to the criticality of the value of collateral. We aim to reduce credit risk through a rigorous loan approval and gold appraisal process, KYC compliance procedures and a strong non-performing asset ("**NPA**") monitoring and recovery mechanism. The credit risk is diminished because the gold jewellery used as security for our loans can be readily liquidated, and the possibility of recovering less than the amount due to us is relatively low. We also mitigate credit risk by not disbursing loans in excess of specified limits, as fixed by our Company from time to time, to the same customer, and for high value loans we undertake a credit check or profiling of the borrower before a loan is approved. We have developed methods to peg the value of the loan amount to the moving average price of gold. We also decrease credit risk by focusing on the quality of the pledged gold. Our internal control system ensures independent verification of the gold by at least two officials at the branch level. The level of verification at the branch level increases as the loan value increases. In addition, the quality of gold is checked by the inspecting officers of the Company through random check and by gold auditors through a detailed check.

Gold loans are granted for a tenure of maximum two years which is essentially short-term. With the current LTV of 75% on monthly moving average price of 22 ct. gold, the risks are contained to the bare minimum. Timely action on non-performing loans by continuous monitoring followed by recovery action through auctions, therefore, will mitigate the Credit Risks.

Operational Risk

Operational risk broadly covers the risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events. We have instituted a series of checks and balances and audit reviews to address the various operational risks. We have clearly defined appraisal methods to mitigate appraisal risk. Inaccurate appraisal of the pledged gold may lead to

funds being advanced against low value or spurious gold. This risk is mitigated by our policies on internal control, generation of alert reports and additional requirements for high value loans. We also have detailed guidelines on movement of cash or gold to address custodial risk, which is the risk associated with the safety and security of our gold inventory. In addition, we have installed surveillance cameras across of all our branches, and security guards are present at night at certain sensitive branches. We undertake significant employee profiling and background verification checks before hiring and continuously monitor their lifestyle changes.

Financial Risk

Our business is cash intensive and requires substantial funds, on an ongoing basis, to finance the loan portfolio and to grow it. Any disruption in the funding sources would have a material adverse effect on our liquidity and financial condition. The Company is proactively pursuing a system of identifying and accessing newer and cheaper sources of funds, to finance the AUM and to grow the business. There is a regular meeting of our asset liability management committee which reviews the liquidity position of the Company and arranges for sufficient funding in advance, for growth.

Market Risk

Market Risk is defined as the risks arising from movements in interest rates and exchange rates on the overall business of the Company. Adverse movements in interest rates could possibly pose a risk to the ability to raise funds for managing liquidity gaps – giving rise to ‘Liquidity Risks’.

Our Asset Liability Management Committee (ALCO) and the Audit Committee and Risk Management Committee of the Board closely monitors mismatch positions and the macro-environment to consider all indicators of risk and plan and advise suitable action.

Our Risk Management Policy

In order to address the risks that are inherent to our business, we have developed a risk management architecture that includes a Risk Management Committee, internal audit department, and a risk management department. Our Risk Management Committee, which is led by one of our Directors, oversees our risk management policies, which help us to identify, measure, monitor and mitigate the various risks that we face in our businesses. For details of membership of the Risk Management Committee, see “*Our Management – Corporate Governance - Risk Management Committee*” on page 126.

The risk management policy of our Company was reviewed at the meeting of the Board on May 20, 2022. The terms of reference of our Risk Management Committee are as follows:

- (a) To assist the Board in setting risk strategy policies in liaison with management and in the discharge of its duties relating to corporate accountability and associated risk in terms of management assurance and reporting;
- (b) To review and assess the nature, role, responsibility and authority of the risk management function within the Company and outline the scope of risk management work; and
- (c) To review and assess the quality, integrity and effectiveness of the risk management systems and ensure that the risk policies and strategies are effectively managed.

Internal Audit Department

Our internal audit department assists in the management of operational risk. Separate divisions of our internal audit department have been put in place to handle the audit of the departments of the Corporate Office and those of the branch offices. We conduct regular inspection at our branches with special focus on high risk branches wherein inspection takes place once in 25 days with the focus on the verification of the Gold Loan pledges. A tiered approach is undertaken by the internal audit policy was reviewed by the Board last on August 13, 2022. In addition, an incremental high value loan check is carried out by Regional Managers as part of their periodical branch inspection.

Risk Management Audit

Our branch auditors also carry out a system driven risk audit on certain identified risk parameters. These are keyed into the system and alerts are sent to branch controllers and top management in case the risk weight given under a specific parameter goes beyond the prefixed tolerance levels. In all such cases, the concerned branches are inspected by the branch controllers or top management personnel depending on the severity of risk and immediate remedial actions are initiated.

Assets-Liabilities Management Policy

Our Board adopted the asset-liability management policy (“**ALM Policy**”) on May 8, 2017 which was last reviewed on May 20, 2022. The primary objective of our ALM Policy is to ensure the stability of our net interest income as well as ensuring that we have liquidity and pricing stability. In order to monitor the ALM Policy, the Board at their meeting held on April 22, 2013 constituted an Asset Liability Committee (“**ALCO**”) comprising of the directors and senior management functionaries of the Company, which was re-constituted on March 27, 2017 and thereafter on July 20, 2020.

Non-performing Assets (NPA)

The Master Directions require that every non-deposit taking NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- Standard assets;
- Sub-standard assets;
- Doubtful assets; and
- Loss assets.

Further, the class of assets referred to above shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for an upgrade. A non-deposit taking NBFC is required to make provisions against sub-standard assets, doubtful assets and loss assets in accordance with the above RBI Master Directions. In terms of the RBI Master Directions, non-deposit taking NBFC has to make the following provisions on their loan portfolio:

Asset Classification	Provisioning Policy
Standard Assets	0.40%
Sub-standard Assets	10%
Doubtful Assets	100% of unsecured portion + 20-50% of secured portion ^(§)
Loss Assets	100% provided if not written off

§: In addition to above, depending upon the period for which the asset has remained doubtful, provision to the extent of 20% to 50% of the secured portion

For further details, please refer to “Key Regulations and Policies” on page 208.

Based on the RBI Master Directions for asset classification, details of the classification of our gross NPAs for significant classes of our assets as of June 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022 are furnished below:

(in ₹ lakh)

Net NPA(%) of Total AUM	0.56	0.72	0.37	0.52

Secured loans are classified or provided for, as per management estimates, subject to the minimum provision required as per RBI Master Directions. We have written off ₹ 50.22 lakh, ₹ 85.54 lakh, ₹ 80.81 lakh and ₹ 51.18 lakh for the three months period ended on June 30, 2024, Fiscal 2024 Fiscal 2023 and Fiscal 2022, respectively.

NPA and recovery Policy

Our Board adopted the Non Performing Asset policy (“**NPA Policy**”) on April 7, 2015 and reviewed the same on May 20, 2022. In terms of the NPA Policy, all loans outstanding beyond the loan validity are disposed of within three months from the expiry of the loan period. In order to undertake this, our Company has put in place a gold loan and micro finance loan monitoring, follow-up and disposal mechanism in place. Our Company has an Overdue Loans Cell (“**OLC**”) at the Corporate Office under Chief Operating Officer which interacts with branches and their controllers for speedy recovery of all loans which has exceeded the stipulated loan tenor.

Since disposal of Gold Loans through individual branches is not feasible, our NPA policy spells out the operational workflow for a centralized Gold Loan disposal set up as follows:

- A registered auction notice in the vernacular language will be sent to the customer if payment is pending 20 days from the due date.
- Telephonic reminders or visits by MMFL Employees to the borrowers place or residence are the other loan follow up measures used.
- As a precautionary measure, Company will verify once again the authenticity of the KYC collected and the purity of pledged ornaments in the NPA accounts.
- Telephonic reminders, Auction SMS or visits by Branch Manager, Regional Managers or Zonal Managers are made taking into account the net worth of the customer.

Auction Policy

Under the various schemes offered by our Company, the loans are typically granted for a maximum tenure of 12 months. Under such schemes of our Company, the borrowers are obligated to repay the principal amount together with the accrued interest in a specified period. In a business such as ours, there are certain instances wherein the borrowers fail to repay the amount within the specified period. Consequently, our Company settles such overdue accounts by means of a public auction to realise the dues. Our Company vide a resolution of its Board on July 20, 2020, approved the auction policy of the Company (“**Auction Policy**”) which was reviewed by the Board of Directors of our Company on August 13, 2024. Further, we identify the accounts for auction on the basis of:

- (a) All accounts in which interest remains unserved in full and if the loan is not closed at the end of tenure in various schemes, it will be identified and listed as “eligible for auction accounts”;
- (b) An account which has been classified as an NPA account in accordance with policies laid down by the Company;
- (c) Accounts that have not completed loan tenure but having a substantial erosion in the realizable value of the security to cover the dues i.e., Mark to Market cases (MTM Cases) may be taken up for auction in case all recovery initiatives fails.

In terms of our Auction Policy, on identification of such eligible auction account, we sent notices to the borrowers to repay the dues, on failure of which, we initiate the process of public auction. Since as per the revised RBI guidelines, the company or its promoters cannot participate actively in the auction, qualified and experienced auctioneers are appointed by the company to carry out the auction on behalf of the company. In accordance with our Auction Policy, the auction shall be carried out by an auctioneer empanelled by the Company with the approval of the auction committee.

Resource Planning Policy

We maintain a well-diversified funding profile that is underpinned by our established relationships with our lenders and investors. We have historically and seek to continue to secure funding through a variety of sources. Further, our Company has put in place a Board approved policy for resource planning (“**Resource Planning Policy**”) dated April 17, 2024, the Resource Planning Policy has been formulated by our Company to mobilise our resources raised from various sources including funds raised through issuance of non-convertible debentures, subordinated debts, commercial paper, securitization and funds raised by way of banks or institutional funding.

Capital Adequacy Ratio

As per the SBR Master Directions, every NBFC-ML including us are subject to capital adequacy requirements. Currently, we are required to maintain a minimum capital ratio consisting of Tier I and Tier II capital which shall not be less than 15% of its aggregate risk weighted assets on balance sheet and of risk adjusted value of off-balance sheet items. Further, we need to maintain a Tier I capital of 10%. Also, the total of Tier II capital, at any point of time, shall not exceed one hundred percent of Tier I capital. Additionally, we are required to transfer up to 20% of our net profit to a reserve fund and make provisions for NPAs. We had a capital adequacy ratio of 24.64%, 23.86%, 22.81% and 21.65% on June 30, 2024, March 31, 2024, March 31, 2023 and, March 31, 2022 respectively. We have satisfied the minimum capital adequacy ratios prescribed by the RBI as on June 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022.

Technology

IT Department: Our IT department is managed by well-qualified personnel with extensive experience in both technology and business domains. We believe in information technology and total automation to promote innovation and achieve maximum efficiency and performance in all our products and services to customers.

IT Infrastructure: The on-premise data center utilizes state-of-the-art hardware, network, security and software components to run financial and non-financial applications and store data. Core banking software includes all necessary modules for customer creation, accounts, loans, deposits, repayments, interest calculation, auctions, HRMS, MIS reports, regulatory reports, etc.

All branches are connected to the central data center via a secured network. Redundant network connectivity is provided using multiple telecom providers to ensure 24/7 operations.

Security and Risk Management: User access to computer systems and applications is controlled using login/passwords and Role-Based Access Control (RBAC). Critical or confidential data is stored using encryption techniques in a central database. The data center is well-secured using physical security measures, environmental controls, firewalls and uninterrupted power systems. The data center and systems are monitored 24x7 by the system support team. System logs are reviewed and monitored regularly. Financial and certain critical non-financial transactions go through multiple reviews and authorizations (Maker/Checker System).

Data Management: All data is stored securely in a central database. Critical customer data is encrypted for added security. Data is backed up and synchronized with DR regularly. Backup and recovery tests are conducted regularly. A separate Disaster Recovery (DR) setup is maintained in a cloud environment to ensure business continuity in case of failures. All customer data, accounts and transactions comply with KYC/CKYC norms.

IT Projects and Initiatives: Our existing banking system, built over a decade ago, is due for an upgrade to meet the demands of modern technology and future growth. To leverage advanced computing power, cloud-native technologies, and the latest IT innovations, we have embarked on developing a new core banking system.

As part of this transformation, we are also building a cutting-edge Non-Banking Financial Company (NBFC) platform to enhance our service offerings and operational efficiency. This migration to the new system will ensure robust, scalable, and secure banking operations.

Additionally, we are in the final stages of rolling out a centralized Customer Information System (CIS) to production. This system will streamline customer data management, improve service delivery, and provide a unified view of customer interactions across all touch points.

Vendor and Partner Management: We engage with some specialized partners to ensure the highest quality in our IT operations, covering development, maintenance, and support for selected software, hardware, cloud, and network services. Our development partners bring cutting-edge technology expertise to enhance our banking/non-banking applications, while dedicated maintenance and support providers offer round-the-clock service to ensure system reliability and performance. We source state-of-the-art hardware from leading vendors and leverage top cloud service providers for scalable, secure data storage and disaster recovery. Multiple telecom providers ensure robust, redundant network connectivity for seamless operations.

User Support and Training: We have a dedicated IT training team that provides regular training to our users on various aspects, including IT systems, software applications, banking domain knowledge, and cybersecurity practices. These training sessions ensure that our staff are well-equipped to utilize the latest technologies and adhere to best practices for maintaining security and efficiency in their daily operations.

Our IT support is divided into two specialized teams to address different needs. One team is focused on customer support, handling calls, queries, and providing assistance to ensure a smooth user experience. The other team is dedicated to hardware and network-related support, addressing technical issues and ensuring the seamless operation of our IT infrastructure. This dual-team approach allows us to provide comprehensive and efficient support to all our users.

Our Borrowings and Credit Ratings

As on September 30, 2024, our Company had outstanding secured borrowing of ₹ 3,05,646.77 lakh and unsecured borrowing of ₹ 57,574.82 lakh. We believe that we have developed stable long term relationships with our lenders and have established a track record of timely servicing of our debts. Please refer to the section titled “*Financial Indebtedness*” on pages 136, respectively.

Our Company has received rating of ‘CARE A-’;Stable (‘Single A Minus; Outlook: Stable’) by CARE Ratings *vide* its letter dated April 04, 2024 read with revalidation letter dated September 30, 2024 for the NCDs proposed to be issued pursuant to this Issue and for long term bank facilities of ₹ 2,01,500 lakh. Further, India Ratings, pursuant to their rationale letter dated October 01, 2024 have affirmed the rating of our bank loans of ₹ 1,50,000 lakh as ‘IND A-/Stable’. The outstanding NCDs are rated ‘CARE A-’; Stable by CARE Ratings *vide* their letter dated April 04, 2024 read with revalidation letter dated September 30, 2024 and are rated ‘IND A-/Stable’ by India Ratings *vide* their letter dated October 01, 2024. The commercial papers of up to ₹ 100 lakh are rated IND A1 by India Ratings *vide* their rationale letter dated October 01, 2024. The rating is not a recommendation to buy, sell or hold securities and Investors should take their own decisions. Please refer to “*Annexure II*” for the rationale and press release of the rating received for the NCDs proposed to be issued pursuant to this Issue.

Security threats and measures taken to mitigate them

Since our branches handle large value of cash and gold on a daily basis, we have initiated specific security measures to prevent theft of our branch assets. These measures can be categorized as under:

- Physical security is provided by means of keeping the valuable gold ornaments in pucca strong rooms constructed as per the specifications of Reserve Bank of India with fireproof strong room doors.
- We have a system of Joint Custody of Gold and Cash in strong rooms to ensure that the keys of strong room doors are held in the custody of two different people i.e., the Branch Manager and another staff member, the Joint Custodian.
- All our branches are provided with Electronic Surveillance System and any movement within business area and in the strong room are recorded by the cameras placed inside the premises. All our existing branches have CCTV cameras installed.
- Entire gold stock of the branches is insured for their gold content against theft, dacoity.
- Proper checking of gold ornaments by appraiser, branch manager as well as audit by gold auditor and internal auditors at frequent intervals is undertaken to ascertain the quality of gold ornaments and ensure low purity of gold ornaments are not pledged.
- We have also in place a whistle blower policy which will ensure that any malpractices within the branch are reported to senior level executives.

Competition

We face competition from pawnshops, other gold / micro financing companies, banks, co-operative societies and local money lenders. Other lenders may lend money on an unsecured basis, at interest rates that may be lower than our rates of interest and

on other terms, which may seem more favourable than ours. However, we believe that the primary elements of our competitive edge are the quality of customer service and relationship management, our branch location and reach and our ability to lend competitive amounts at competitive rates, with full transparency.

Property

Our Company has 920 branches, as on September 30, 2024 spread across the states of Kerala, Karnataka, Tamil Nadu, Andhra Pradesh, Telangana, Haryana, Maharashtra, Gujarat, Uttar Pradesh, Delhi and Goa and the union territory of Puducherry, which are taken either on leasehold or owned basis.

Intellectual Property

We currently do not own our trademark. The trademark is owned by Mini Muthoottu Nidhi (Kerala) Limited, one of our Group Companies. Mini Muthoottu Nidhi (Kerala) Limited by way of their letter dated May 2, 2009, authorised our Company to use the trademark  , which was revalidated by a letter dated July 30, 2020.

Employees and Training of Employees

Being a service industry, our key resource is our manpower. As on September 30, 2024, we have 4,672 employees. Our Company emphasizes on imparting effective and continual training to its employees in a planned and systematic manner, to acquire and sharpen capabilities required to perform various functions associated with their present/expected future roles in the business of our Company.

HISTORY AND CERTAIN OTHER CORPORATE MATTERS

Brief background of our Company

Our Company was incorporated as ‘Muthoottu Mini Financiers Private Limited’, a private limited company under the provisions of the Companies Act, 1956, pursuant to a certificate of incorporation issued by the RoC dated March 18, 1998. Pursuant to a special resolution passed in the general meeting of our Shareholders held on September 14, 2013 and a fresh certificate of incorporation issued by the RoC on November 27, 2013, our Company was converted into a public limited company and consequently our name was changed to ‘Muthoottu Mini Financiers Limited’.

Our Company has obtained a certificate of registration dated April 13, 2002 bearing registration no. – N-16.00175 issued by the RBI to carry on the activities of a NBFC under Section 45 IA of the RBI Act. Our Company is a systemically important non-deposit taking NBFC. Further, a fresh certificate of registration was issued by RBI on January 1, 2014, pursuant to the change of name of our Company from ‘Muthoottu Mini Financiers Private Limited’ to ‘Muthoottu Mini Financiers Limited.’

Our Company has also obtained a certificate of registration bearing registration no. – CA0122 issued by IRDAI, with effect from April 1, 2016 (renewed up to March 31, 2025), under Section 42D (1) of the Insurance Act, to act as a “*Corporate Agent (Composite)*”.

Our Company holds a certificate of registration dated July 5, 2012 bearing registration number IN-DP-CDSL-660-2012 issued by SEBI to act as Depository Participant in terms of Regulation 20 of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996, renewed on August 21, 2017.

Mathew Muthoottu, one of the Promoters, is the Managing Director of our Company and Nizzy Mathew, mother of Mathew Muthoottu who is also the Chairman and Wholetime Director of our Company, is the other Promoter of our Company.

Our Company belongs to the Muthoottu Mini group. Muthoottu Mini group belongs to the Muthoottu family of Kozhencherry, which was founded by Ninan Mathai Muthoottu, who started the family business enterprise in 1887. In 1939, three sons of Ninan M. Muthoottu, viz, M. George Muthoot, M. Mathew and M. Pappachan Muthoot started a finance company named as Muthoot M. George & Brothers (“MGB”). In the early 1970s, they separated their business enterprises into three groups i.e., the current Muthoot Finance group of companies which is controlled by the sons of George M. Muthoot, the Muthoot Fincorp group which is controlled by the sons of M. Pappachan Muthoot and the Muthoottu Mini group which was earlier controlled by the son of M. Mathew i.e., Roy M. Mathew. Muthoottu Mini group is presently controlled by Mathew Muthoottu, son of Roy M. Mathew. Other than the aforementioned family connection, all the groups are distinct from each other and none of them are having any inter-group shareholdings or controls or business dealings. The Muthoottu Mini group commenced operations at Kozhencherry, Pathanamthitta, Kerala and has over two decades of established history in the money lending business, mainly in small scale money lending against used household gold jewellery. The Muthoottu Mini group has been in the gold loan financing since 1986 and our Company has been extending Gold Loans since its incorporation.

Roy M. Mathew was the managing director of our Company from March 18, 1998 to March 1, 2016 and *vide* a letter dated March 1, 2016 to the Board of the Directors, he intimated his resignation from the Board. The Company *vide* a letter dated April 16, 2016 informed RBI about the resignation of Roy M. Mathew as the managing director of our Company. Roy M. Mathew on September 29, 2016 transferred 1,22,90,000 Equity Shares to his son Mathew Muthoottu and 33,16,352 Equity Shares to his wife Nizzy Mathew, respectively, pursuant to the approval granted by RBI *vide* a letter dated August 2, 2016.

SECTION VI - LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATIONS

Except as stated in this section, there are no outstanding: (i) criminal proceedings; (ii) actions by statutory/regulatory authorities; (iii) claims for any indirect and direct tax liability; and (iv) other litigations which are identified as material in terms of the Materiality Policy (as defined hereinafter below), each involving our Company, Directors or Promoters.

Our Board, in its meeting held on September 23, 2024, has adopted a policy on the identification of material litigations (“Materiality Policy”). As per the Materiality Policy, other than for the purposes of (i) to (iii) above, all outstanding litigation, wherein

- (a) the quantified monetary amount of the claim by or against the Company in any such pending proceeding exceeds 2% of the turnover, as per the last audited standalone financial statements of the listed entity, 2% of standalone net worth, as per the last audited standalone financial statements of the listed entity, except in case the arithmetic value of the net worth is negative, 5% of the average of absolute value of profit or loss after tax, as per the last three audited standalone financial statements of the listed entity; whichever is lower, i.e., ₹ 319.01 lakh*
- (b) the outcome of such litigation proceeding may have a material adverse effect on the business, operations, prospects or reputation of the Company which may affect the issue or the investor’s decision to invest/continue to invest in the debt securities, has been considered as ‘material litigation’, and accordingly has been disclosed in this Prospectus.*

Further, except as mentioned in this section, there are no proceedings involving our Group Companies, which may have a material adverse effect on the position of our Company.

It is clarified that for the purposes of the above, pre-litigation notices received by our Company, Directors, Promoters or Group Companies shall, unless otherwise decided by our Board of Directors, not be considered as litigation until such time that our Company or Directors or Promoters or Group Companies, as the case may be, is impleaded as a defendant in litigation proceedings before any judicial forum.

Further, except as stated in this section, there are no: (i) litigation or legal action pending or taken by any Ministry or Department of the Government or a statutory authority against our Promoters during the last three years immediately preceding the year of the issue of this Prospectus and any direction issued by such Ministry or Department or statutory authority; (ii) pending litigation involving our Company, our Promoter, our Directors, Group Companies, or any other person, whose outcome could have material adverse effect on the position of our Company; (iii) pending proceedings initiated against our Company for economic offences; (iv) default and non-payment of statutory dues, etc; (v) inquiries, inspections or investigations initiated or conducted against our Company under the Companies Act or any previous companies law in the three years immediately preceding the year of this Prospectus; (vi) prosecutions filed (whether pending or completed), fines imposed or compounding of offences done in the three years immediately preceding the year of this Prospectus; and (vii) material frauds committed against our Company in the last three years and current financial year; and (viii) disciplinary action taken by SEBI or stock exchange against the Promoter.

Further from time to time, we have been and shall continue to be involved in legal proceedings filed by and/or against us, arising in the ordinary course of our business. We believe that the number of proceedings in which we are/were involved is not unusual for a company of our size doing business in India.

Unless stated to the contrary, the information provided below is as of the date of this Prospectus.

All terms defined in a particular litigation disclosure below are for that particular litigation only.

Mathew (“**Plaintiff**”) had filed a suit (bearing number OS No. 6 of 2013) dated June 16, 2013 (“**Suit**”) before the District Court, Kottayam (“**Court**”) under section 134 of the Trade Mark Act, 1999 read with Order VII Rule I read with Section 26 of the Code Of Civil Procedure, 1908 against our Company and other (together referred to as the “**Defendants**”). The Plaintiff claims that the trademark “Muthoot” is the exclusive property of the Plaintiff and no one else can claim the right to use the name in their business. The Plaintiff has prayed that

a judgment and decree of permanent prohibitory injunction to be issued restraining the Defendants from directly or indirectly using the trade mark “Muthoot” allegedly registered in the name of the Muthoot and thereby infringing it, interfere with or cause harm to the trade of business of Plaintiff in any manner whatsoever, to grant a permanent prohibitory injunction restraining the Defendants from using in any manner the allegedly registered trade mark of the Plaintiff “Muthoot”, in connection with their business and to grant such other relief as the Court may think fit. The Plaintiff has also filed an application (bearing number 1277 of 2013) dated June 16, 2013 for interim injunction restraining the Defendants from using the trademark ‘Muthoot’. A counter affidavit was filed by Roy M. Mathew, as the Chairman of our Company, on August 23, 2013 denying all the claims of the Plaintiff and alleging that this was the Plaintiff’s attempt to stall the functioning of the companies. An Affidavit was filed by the Plaintiff on December 3, 2015 impleading additional parties to the matter. Thereafter, Mathew Muthoottu, our Managing Director, filed a written statement on May 28, 2019 categorically raising objections in relation to the Suit, inter alia, claiming that the proceedings challenging the validity of the trademark are pending before the relevant authority and therefore the Suit should be stayed and further substantiating the arguments advanced by the Defendants. As per section 124 of the Trade Marks Act, the matter has been stayed by the court. The matter is currently pending.

2. Our Company received a notice bearing number ROC(K)/STAT/F92/196/2012 dated May 2, 2012 (“**Notice**”) from the Registrar of Companies, Kerala and Lakshadweep (“**ROC**”). The ROC had received a letter dated January 31, 2012 from M Mathew (“**Complainant**”), requesting not to register any company with the name “Muthoot” as the same is registered in the Complainants name on September 19, 2005 by the trademark registry, Mumbai. Hence ROC issued the Notice requesting us to offer our comments within 15 days of receipt of the Notice. Our Company replied to the Notice *vide* letter dated May 31, 2012 stating that we have secured registration for our logo and the “Mini Muthoottu” in class 36 *vide* registration dated April 30, 2009 and have absolute right to carry on the business by using “Muthoottu” as part of our trademark.
3. M. Murgan and others (“**Plaintiffs**”) filed a suit (O.S. 183/2018) (“**Suit**”) against R. Parvathy, our Company and others (“**Defendants**”) before the Principal District Judge, Chengalpattu (“**Court**”) alleging that various sale deeds (“**Sale Deeds**”) for the property situated at Kancheepuram district, Thirupporur Taluk, Kelambakkam Firka, Eagattur Village (“**Property**”) were entered into without the knowledge of the Plaintiffs, the alleged owners of the Property. The Plaintiffs have sought for the annulment of such Sale Deed and for the partition of the Property. Service of notice for all the defendants not yet completed. The matter has been posted for written statement of defendants and notice has been served.
4. An application under Section 9 of the Arbitration and Conciliation Act, 1956 dated June 13, 2016 was filed before the District Court at Ernakulum by Logical Developers Private Limited and others and Amardeep Buildcon Private Limited (the “**Petitioners**”) against our Company. The Petitioners claimed that in furtherance of a memorandum of association dated March 8, 2007, the sale deed dated May 3, 2007 (“**Sale Deed**”), and that there was deliberate cheating by total misrepresentation of the conveyances mentioned in the Sale Deed for an amount of ₹218.33 lakh. The Petitioners alleged that the Respondents were fully aware of the fact that they have title only over half share of the property conveyed, since they had purchased only half of the share in the said property and paid consideration for that half. Further, an arbitration petition (“**Petition**”) under Section 11(6) of the Arbitration and Conciliation Act, 1956 was filed by Logical Developers Private Limited and Amardeep Buildcon Private Limited, before the Kerala High Court (“**Court**”) on September 13, 2018 to appoint an arbitrator, as per the memorandum of understanding entered into between the Petitioners and Company, to resolve the dispute which had arisen on the Sale Deed. A counter affidavit was filed by our Company before the Court. However, the Court *vide* its order dated March 11, 2020 disposed of the Petition by appointing an arbitrator. A claim for ₹ 2,217.23 lakh was made before the arbitrator the Petitioners. Then, the arbitration proceedings are terminated as the matter is amicably resolved between the parties on November 17, 2023.
5. Lcode technologies Private Limited (“**Lcode**”) filed a claim against our Company before the sole arbitrator tribunal presided by Rt. Justice Bhavadasan, for a sum of ₹110.50 lakh on account of the contractual amount due under the software license agreement entered with for the implementation of their “Reach NBFC Prosper” software in our server, for ease of our business operations, which was failed in multiple attempts for its launch. We filed a counter claim against Lcode for ₹ 258.26 lakh return of the advance amount paid on account of the agreement and for loss and damages due to the said project and its failure. After taking evidence adduced from both sides and hearing both sides, the arbitral tribunal has taken the case for award. On July 05, 2024, the sole arbitrator dismissed both the claim and counter claim.

Disclosure in accordance with the SEBI Debenture Trustee Master Circular

Appointment of Debenture Trustee

The Company has appointed the Debenture Trustee in accordance with the terms of the Debenture Trustee Agreement.

Terms and Conditions of Debenture Trustee Agreement

Fees charged by Debenture Trustee

The remuneration of the Debenture Trustee shall include ₹ 1,50,000 as trustee acceptance fees along with annual fees amounting to 0.0075% of outstanding debentures, as provided under the offer letter No. MCTSL/EL/24-25/963 dated April 01, 2024 as may be amended/modified from time to time.

Terms of carrying out due diligence

As per the SEBI Debenture Trustee Master Circular, as amended and/ or supplemented from time to time, the Debenture Trustee is required to exercise independent due diligence to ensure that the assets of the Issuer company are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times. Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our company has consented to.

- a. The Debenture Trustee, either through itself or its agents /advisors/ consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the offer document /disclosure document / information memorandum / private placement memorandum, has been obtained. For the purpose of carrying out the due diligence as required in terms of the Relevant Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical experts/management consultants appointed by the Debenture Trustee.
- b. The Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, Sub-registrar of Assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be relevant, where the assets and/or encumbrances in relation to the assets of the Company or any third party security provider are registered / disclosed.
- c. Further, in the event that existing charge holders have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any.
- d. Without prejudice to the aforesaid, the Company shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the Debentures, in accordance with the relevant laws/ Applicable Law.

The Debenture Trustee shall have the power to independently appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports/certificates/documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by the Company. Process of Due Diligence to be carried out by the Debenture Trustee Due Diligence will be carried out as per SEBI NCS Regulations and circulars issued by SEBI from time to time. This would broadly include the following:

- A Chartered Accountant ("CA") appointed by Debenture Trustee will conduct independent due diligence as per scope provided, regarding security offered by the Issuer.
- CA will ascertain, verify, and ensure that the assets offered as security by the Issuer is free from any encumbrances or necessary permission / consent / NOC has been obtained from all existing charge holders.
- CA will conduct independent due diligence on the basis of data / information provided by the Issuer.
- CA will, periodically undertake due diligence as envisaged in SEBI circulars depending on the nature of security.
- On basis of the CA's report / finding Due Diligence certificate will be issued by Debenture Trustee and will be filed with relevant Stock Exchanges.
- Due Diligence conducted is premised on data / information made available to the Debenture Trustee appointed agency and there is no onus of responsibility on Debenture Trustee or its appointed agency for any acts of omission / commission on the part of the Issuer.

While the NCD is secured as per terms of the Offer Document and charge is held in favour of the Debenture Trustee, the extent of recovery would depend upon realization of asset value and the Debenture Trustee in no way guarantees / assures full recovery / partial of either principal or interest.

Other Confirmations

The Debenture Trustee confirms that they have undertaken the necessary due diligence in accordance with Applicable Law, including the SEBI (Debenture Trustees) Regulations, 1993, read with the SEBI Debenture Trustee Master Circular.

The NCDs shall be considered as secured only if the charged asset is registered with Sub-registrar and Registrar of Companies or CERSAI or Depository etc., as applicable, or is independently verifiable by the Debenture Trustee.

The regulations summarized below are not exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for any professional legal advice. Taxation statutes such as the IT Act, GST laws (including CGST, SGST and IGST) and applicable local sales tax statutes, labour regulations such as the Employees State Insurance Act, 1948 and the Employees Provident Fund and Miscellaneous Provisions, Act, 1952, and other miscellaneous regulations such as the Trade Marks Act, 1999 and applicable Shops and Establishments statutes apply to us as they do to any other Indian company and therefore have not been detailed below.

The following description is a summary of certain sector specific laws and regulations in India, which are applicable to our Company. The information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice. The statements below are based on the current provisions of the Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

The major regulations governing our Company are detailed below:

On October 19, 2023 RBI issued Master Direction – Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023, as amended (“**SBR Master Directions**”). A revised regulatory framework for NBFCs whereby NBFCs have been categorised into following four layers based on their size, activity, and perceived riskiness by the RBI:

- i) NBFC- Base Layer (“**NBFC-BL**”);
- ii) NBFC- Middle Layer (“**NBFC-ML**”);
- iii) NBFC- Upper layer (“**NBFC-UL**”); and
- iv) NBFC- Top Layer (“**NBFC-TL**”)

The NBFC- BL comprise of (a) non-deposit taking NBFCs below the asset size of ₹1,00,000 lakh and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface.

The NBFC- ML consist of (a) all deposit taking NBFCs (“**NBFC-Ds**”), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹ 1,00,000 lakh and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).

The NBFC-UL comprise of those NBFCs which are specifically identified by RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology as provided in appendix to SBR Framework. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor.

The NBFC-TL will ideally remain empty. This layer can get populated if RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFC-UL. Such NBFCs shall move to the NBFC-TL.

Therefore, NBFCs with asset size of over ₹ 1,00,000 lakh have been considered risky and will fall under middle layer (“**NBFC-ML**”). The SBR Master Directions provide that from October 01, 2022 references to NBFC-ND shall mean NBFC-BL and all references to NBFC-D and NBFC-ND-SI shall mean NBFC-ML or NBFC-UL, as the case may be. SBR Framework clarified that existing NBFC-ND-SIs having asset size of ₹ 500 crore and above but below ₹ 1,000 crore (except those necessarily featuring in NBFC-Middle Layer) will be known as NBFC-BL.

Regulations governing NBFCs

As per the RBI Act, a financial institution has been defined as a company which includes a non-banking institution carrying on as its business or part of its business the financing activities, whether by way of making loans or advances or otherwise, of any activity, other than its own and it is engaged in the activities of loans and advances, acquisition of shares/stock/bonds/debentures/securities issued by the Government of India or other local authorities or other marketable securities of like nature, leasing, hire-purchase, insurance business, chit business but does not include any institution whose principal business is that of carrying out any agricultural or industrial activities or the sale/purchase/construction of immovable property.

As per prescribed law any company that carries on the business of a non-banking financial institution as its 'principal business' is to be treated as an NBFC. The term 'principal business' has not been defined in any statute; however, RBI has clarified through a press release (*Ref. No. 1998-99/1269*) issued in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide a company's principal business. The company will be treated as an NBFC if its financial assets are more than 50 per cent of its total assets (netted off by intangible assets) and income from financial assets should be more than 50 per cent of the gross income. Both these tests are required to be satisfied in order to determine the principal business of a company.

Every NBFC is required to submit to the RBI a certificate, from its statutory auditor within one month from the date of finalisation of the balance sheet and in any case, not later than December 30 of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a certificate of registration.

NBFCs are primarily governed by the RBI Act, the SBR Master Direction, Peer to Peer Lending Platform (Reserve Bank) Directions, 2017, Master Direction- Non-Banking Financial Company - Account Aggregator (Reserve Bank) Directions, 2016, and the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

Although by definition, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important and key differences. The most important distinctions are:

- An NBFC cannot accept deposits repayable on demand – in other words, NBFCs can only accept fixed term deposits. Thus, NBFCs are not permitted to issue negotiable instruments, such as cheques which are payable on demand; and
- NBFCs are not allowed to deal in foreign exchange, even if they specifically apply to the RBI for approval in this regard, unless they have received an Authorised Dealer Category II licence from the RBI.

As on date of filing of this Prospectus the Company falls under the category of NBFC-ML, as its assets size is above ₹ 1,00,000 lakh, as per the last audited balance sheet. The SBR Master Directions provide NBFC-ML shall comply with regulatory instructions specified in Section III along with regulatory instructions applicable to NBFC-BL as specified in Section II of the SBR Master Directions, unless provided otherwise.

NBFC-ML

NBFC-ML shall maintain a minimum capital ratio consisting of Tier 1 and Tier 2 capital which shall not be less than 15 percent of its aggregate risk weighted assets on balance sheet and of risk adjusted value of off-balance sheet items.

Rating of NBFCs

Pursuant to the SBR Master Directions, all applicable NBFCs are required to furnish information about downgrading / upgrading of assigned rating of any financial product issued by them, within fifteen days of such a change in rating, to the regional office of the RBI under whose jurisdiction their registered office is functioning.

Prudential Norms

The SBR Master Directions amongst other requirements prescribe guidelines on NBFCs regarding capital requirement, income recognition, asset classification, provisioning requirements, constitution of audit committee, capital adequacy requirements, concentration of credit/ investment and norms relating to gold loans. Further the concentration of credit/ investment norms shall not apply to non-banking financial company not accessing public funds in India, either directly or indirectly, and not issuing guarantees.

Provisioning Requirements

An NBFC-ML, after taking into account the time lag between an account becoming non-performing, its recognition, the realisation of the security and erosion overtime in the value of the security charged, shall make provisions against sub-standard assets, doubtful assets and loss assets in the manner provided for in the SBR Master Directions.

As per the SBR Master Directions every applicable NBFC-ML shall make provision for standard assets at 0.40 per cent of the

outstanding, which shall not be reckoned for arriving at net NPAs. The provision towards standard assets need not be netted from gross advances but shall be shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet.

Capital Adequacy Norms

Under the terms of SBR Master Directions, NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50 per cent or more of their financial assets) shall maintain a minimum Tier I capital of 12 percent.

“Tier I Capital” means owned fund as reduced by investment in shares of other non-banking financial companies and in shares, debentures, bonds, outstanding loans and advances including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, ten per cent of the owned fund.

Owned Funds, are defined as paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves, balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any.

Asset Classification

The prudential regulations require that every applicable NBFC-BL shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- Standard assets;
- Sub-standard Assets;
- Doubtful Assets; and
- Loss assets

Further, such class of assets would not be entitled to be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for such upgradation. At present all applicable NBFC-ML under SBR Master Directions are required to make a general provision for standard assets at 0.40 percent.

Other stipulations on policies

NBFCs-BL are required to frame board approved policies *inter alia* including, (i) a policy for demand and call loan; (ii) liquidity risk management policy; (iii) code of conduct for direct sales agents /direct marketing agents/recovery agents; (iv) fair practice code policy; (v) customer grievance redressal policy; (vi) information technology policy/information system policy; (viii) interest rate model policy; (ix) outsourcing policy; (x) private placement of NCDs policy; (xi) know your customer/ anti-money laundering policy.

The prudential norms also specifically prohibit NBFCs from lending against its own shares.

Net Owned Fund

Section 45-IA of the RBI Act provided that to carry on the business of a NBFC, an entity would have to register as an NBFC with the RBI and would be required to have a minimum net owned fund of ₹200 lakh. However, the net owned fund requirement has been incrementally revised by SBR Framework. SBR Framework stipulates that minimum net owned fund requirement of ₹ 500 lakh by March 31, 2025 and ₹ 1,000 lakh by March 31, 2027 by the NBFCs with customer interface or public funds. For this purpose, the SBR Master Directions have defined “net owned fund” to mean:

Net Owned Fund - means paid up equity capital, preference shares which are compulsorily convertible into equity, free reserves, balance in share premium account and capital reserves representing surplus arising out of sale proceeds of asset, excluding reserves created by revaluation of asset, as reduced by accumulated loss balance, book value of intangible assets and deferred revenue expenditure, if any;

Reserve Fund

In addition to the above, Section 45-IC of the RBI Act requires NBFCs (unless specifically exempted by RBI) to create a reserve fund and transfer therein a sum of not less than 20% of its net profits earned annually before declaration of dividend. Such a fund is to be created by every NBFC irrespective of whether it is a ND NBFC or not. Such sum cannot be appropriated

by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation is required to be reported to the RBI within 21 days from the date of such appropriation.

Maintenance of liquid assets

The RBI through notification dated January 31, 1998, as amended has prescribed that every NBFC (unless specifically exempted by RBI) shall invest and continue to invest in unencumbered approved securities valued at a price not exceeding the current market price of such securities an amount which shall, at the close of business on any day be not less than 10% in approved securities and the remaining in unencumbered term deposits in any scheduled commercial bank; the aggregate of which shall not be less than 15% of the public deposit outstanding at the last working day of the second preceding quarter.

NBFCs such as our Company, which do not accept public deposits, are subject to lesser degree of regulation as compared to a NBFC-ML and NBFC-UL and are governed by the SBR Master Directions.

An NBFC-BL is required to inform the RBI of any change in the address, telephone no's, etc. of its registered office, names and addresses of its directors/auditors, names and designations of its principal officers, the specimen signatures of its authorised signatories, within one month from the occurrence of such an event. Further, an NBFC-BL would need to ensure that its registration with the RBI remains current.

Under the terms of SBR Master Directions, NBFCs having an asset base of ₹ 10,000 lakh or more as per their last audited balance sheet are required to comply with the RBI Guidelines on liquidity Risk Management Framework ("**LRM Framework**").

Similarly, all NBFCs having customer interface are required to comply with "Know Your Customer Guidelines - Anti Money Laundering Standards" issued by the RBI, with suitable modifications depending upon the activity undertaken by the NBFC concerned.

NBFCs shall constitute grievance redressal machinery as contained in RBI's circular on Grievance Redressal Mechanism, vide DNBS. CC. PD. No. 320/03.10. 01/2012-13 dated February 18, 2013 which states that at the operational level, all NBFCs shall display the name and contact details of the grievance redressal officer prominently at their branches/ places where business is transacted. The designated officer shall ensure that genuine grievances of customers are redressed promptly without involving any delay. It shall be clearly indicated that NBFCs' grievance redressal machinery shall also deal with the issue relating to services provided by the outsourced agency. Generally, a time limit of 30 (thirty) days may be given to the customers for preferring their complaints/ grievances. The grievance redressal procedure of the NBFC and the time frame fixed for responding to the complaints shall be placed on the NBFC's website.

Lending against security of gold

The RBI pursuant to the SBR Master Directions, as amended from time to time has prescribed that all NBFCs shall maintain a loan to value ratio not exceeding 75% for loans granted against the collateral of gold jewellery. The Value of gold jewellery, for the purpose of determining maximum permissible limit shall be the intrinsic value of the gold content therein and no other cost elements shall be added thereto.

The directions provide for the following requirements to lend against gold:

- i. Verification of the Ownership of Gold
 - (a) Where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams, NBFCs shall keep a record of the verification of the ownership of the jewellery. The ownership verification need not necessarily be through original receipts for the jewellery pledged but a suitable document shall be prepared to explain how the ownership of the jewellery has been determined, particularly in each and every case where the gold jewellery pledged by a borrower at any one time or cumulatively on loan outstanding is more than 20 grams.
 - (b) NBFCs shall have an explicit policy in this regard as approved by the Board in their overall loan policy.
- ii. Safety and Security measures to be followed
 - (a) Non-Banking Financial Companies, which are in the business of lending against collateral of gold jewellery,

shall ensure that necessary infrastructure and facilities are put in place, including safe deposit vault and appropriate security measures for operating the vault, in each of its branches where gold jewellery is accepted as collateral. This is required to safeguard the gold jewellery accepted as collateral and to ensure convenience of borrowers.

- (b) No new branch/es shall be opened without suitable arrangements for security and for storage of gold jewellery, including safe deposit vault

iii. Opening Branches exceeding one thousand in number

Non-Banking Financial Company which are in the business of lending against collateral of gold jewellery, shall obtain prior approval of RBI to open branches exceeding 1000. However, NBFCs which already have more than 1,000 branches shall approach RBI for prior approval for any further branch expansion. Besides, no new branches shall be allowed to be opened without the facilities for storage of gold jewellery and minimum-security facilities for the pledged gold jewellery.

Further, NBFC's are also required to not grant any advance against bullion / primary gold, gold bullion, gold jewellery, gold coins, units of Exchange Traded Funds (ETF) and units of gold mutual fund. NBFCs primarily engaged in lending against gold jewellery (such loans comprising 50% or more of their financial assets) are required to maintain a minimum Tier I capital of 12.00%.

Reserve Bank of India (Know Your Customer (KYC)) Master Directions, 2016 dated February 25, 2016, as amended (“RBI KYC Directions”)

The RBI KYC Directions are applicable to every entity regulated by the RBI, specifically, scheduled commercial banks, regional rural banks, local area banks, primary (urban) co-operative banks, state and central co-operative banks, all India financial institutions, NBFCs, miscellaneous non-banking companies and residuary non-banking companies, amongst others. In terms of the RBI KYC Directions, every entity regulated thereunder is required to formulate a KYC policy which is duly approved by the board of directors of such entity or a duly constituted committee thereof. The KYC policy formulated in terms of the RBI KYC Directions is required to include four key elements, being customer acceptance policy, risk management, customer identification procedures and monitoring of transactions. It is advised that all NBFC'S adopt the same with suitable modifications depending upon the activity undertaken by them and ensure that a proper policy framework of anti-money laundering measures is put in place. The RBI KYC Directions provide for a simplified procedure for opening accounts by NBFCs. It also provides for an enhanced and simplified due diligence procedure. It has prescribed detailed instructions in relation to, inter alia, the due diligence of customers, record management, and reporting requirements to Financial Intelligence Unit – India.

The RBI KYC Directions have also issued instructions on sharing of information while ensuring secrecy and confidentiality of information held by Banks and NBFCs. The regulated entities must also adhere to the reporting requirements under Foreign Account Tax Compliance Act and Common Reporting Standards. The RBI KYC Directions also require the regulated entities to ensure compliance with the requirements/obligations under international agreements. The regulated entities must also pay adequate attention to any money-laundering and financing of terrorism threats that may arise from new or developing technologies and ensure that appropriate KYC procedures issued from time to time are duly applied before introducing new products/services/technologies. The RBI KYC Directions were updated on April 20, 2018 to enhance the disclosure requirements under the Prevention of Money-Laundering Act, 2002 and in accordance with the Prevention of Money-Laundering Rules vide Gazette Notification GSR 538 (E) dated June 1, 2017 and the final judgment of the Supreme Court in the case of Justice K.S. Puttaswamy (Retd.) & Another v. Union of India (Writ Petition (Civil) 494/2012). The Directions were updated to accommodate authentication as per the AADHAR (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 and use of an Indian resident's Aadhar number as a document for the purposes of fulfilling KYC requirement. The RBI KYC Directions were further updated on January 9, 2020 with a view to leveraging the digital channels for customer identification process by regulated entities, whereby the RBI has decided to permit video based customer identification process as a consent based alternate method of establishing the customer's identity, for customer onboarding.

Accounting Standards & Accounting policies

NBFCs that are required to implement Indian Accounting Standards (“**Ind AS**”) as per the Companies (Indian Accounting Standards) Rules, 2015 (“**Accounting Standard Rules**”) shall prepare their financial statements in accordance with Ind AS notified by the Government of India and shall comply with the regulatory guidance specified in the SBR Master Directions. Disclosure requirements for notes to accounts specified in the SBR Master Directions shall continue to apply. Other NBFCs shall comply with the requirements of notified Accounting Standards (AS) insofar as they are not inconsistent with SBR

Master Directions. The Ministry of Corporate Affairs (“MCA”), in its press release dated January 18, 2016, issued a roadmap for implementation of Ind AS converged with IFRS for non-banking financial companies, scheduled commercial banks, insurers, and insurance companies, which was subsequently confirmed by the RBI through its circular dated February 11, 2016. The Accounting Standard Rules were subsequently amended by MCA press release dated March 30, 2016. The Accounting Standard Rules stipulates that NBFCs whose equity and/or debt securities are listed or in the process of listing on any stock exchange in India or outside India and having a net worth of less than ₹50,000 lakh, shall comply with Ind AS for accounting periods beginning from April 1, 2019 onwards with comparatives for the periods ending on March 31, 2019 or thereafter.

Implementation of Indian Accounting Standards: RBI Notification

The Reserve bank of India vide notification number RBI/2019-20/170 DOR (NBFC).CC.PD.No.109/22.10.106/ 2019-20 dated March 13, 2020 framed regulatory guidance on Ind AS which will be applicable on Ind AS implementing NBFCs and Asset Reconstruction Companies (ARCs) for preparation of their financial statements from financial year 2019-20 onwards. The said circular is applicable on NBFCs covered by Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015. These guidelines focus on the need to ensure consistency in the application of the accounting standards in specific areas, including asset classification and provisioning, and provide clarifications on regulatory capital in the light of Ind AS implementation. NBFCs whose equity or debt securities are listed or in the process of listing on any stock exchange in India or outside India and having net worth less than rupees five hundred crore shall comply with the Indian Accounting Standards (Ind AS) for accounting periods beginning on or after the 1st April, 2019, with comparatives for the periods ending on 31st March, 2019, or thereafter.

Master Circular dated July 1, 2015 on returns to be submitted by NBFCs

The circular lists down detailed instructions in relation to submission of returns, including their periodicity, reporting time, due date, purpose and the requirement of filing such returns by various categories of NBFCs, including an NBFC-ML. RBI, vide notification dated November 26, 2015 titled “Online Returns to be submitted by NBFCs-Revised” changed the periodicity of NDSI returns from monthly to quarterly.

Implementation of Green Initiative of the Government

All NBFCs are required take proactive steps for increasing the use of electronic payment systems, elimination of post-dated cheques and gradual phase-out of cheques in their day to day business transactions which would result in more cost-effective transactions and faster and accurate settlements.

Reporting by Statutory Auditor

The statutory auditor of the NBFC-ML is required to submit to the Board of Directors of the Company along with the statutory audit report, a special report certifying that the Directors have passed the requisite resolution mentioned above, not accepted any public deposits during the year and has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it. In the event of non-compliance, the statutory auditors are required to directly report the same to the RBI.

Master Direction – Non-Banking Financial Companies Auditor’s Report (Reserve Bank) Directions, 2016

In addition to the report made by the auditor under Section 143 of the Companies Act, 2013 on the accounts of an NBFC-BL, the auditor shall make a separate report to the Board of Directors of the company on *inter alia* examination of validity of certificate of registration obtained from the RBI, whether the NBFC is entitled to continue to hold such certificate of registration in terms of its Principal Business Criteria (financial asset / income pattern) as on 31st March of the applicable year, whether the NBFC is meeting the required net owned fund requirement, whether the board of directors has passed a resolution for non-acceptance of public deposits, whether the company has accepted any public deposits during the applicable year, whether the company has complied with the prudential norms relating to income recognition, accounting standards, asset classification and provisioning for bad and doubtful debts as applicable to it, whether the capital adequacy ratio as disclosed in the return submitted to the Bank in form NBS- 7, has been correctly arrived at and whether such ratio is in compliance with the minimum CRAR prescribed by the Bank, whether the company has furnished to the Bank the annual statement of capital funds, risk assets/exposures and risk asset ratio (NBS-7) within the stipulated period, and whether the non-banking financial company has been correctly classified as NBFC Micro Finance Institutions (MFI).

Master Direction- Non-Banking Financial Company Returns (Reserve Bank) Directions, 2016

All NBFCs are required to put in place a reporting system for filing various returns with the RBI. An NBFC-BL is required to file on a quarterly basis a return on important financial parameters, including components of assets and liabilities, profit and loss account, exposure to sensitive sectors etc., NBS-7 on prudential norms on a quarterly basis, multiple returns on asset-liability management to address concerns regarding inter alia asset liability mismatches and interest rate risk, quarterly report on branch information, and Central Repository of Information on Large Credits (“CRILC”) on a quarterly basis as well as all Special Mention Accounts-2 (“SMA-2”) status on a weekly basis to facilitate early recognition of financial distress, prompt steps for resolution and fair recovery for lenders.

Master Direction on Information Technology Framework for the NBFC Sector, 2017

All NBFCs-ML shall ensure that IT governance is an integral part of corporate governance. It involves leadership support, organizational structure and processes to ensure that the NBFC’s IT sustains and extends business strategies and objectives. Effective IT Governance is the responsibility of the board of directors and executive management. This is to be achieved by well-defined roles and responsibilities of the board and senior management, while implementing IT governance. IT governance stakeholders include: the board of directors, IT strategy committees, CEOs, business executives, chief information officers (CIOs), chief technology officers (CTOs), IT steering committees (operating at an executive level and focusing on priority setting, resource allocation and project tracking), chief risk officer and risk committees.

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs, 2017

With a view to put in place necessary safeguards applicable to outsourcing of activities by NBFCs, the RBI has issued directions on managing risks and code of conduct in outsourcing of financial services by NBFCs (“Risk Management Directions”). The Risk Management Directions specify that core management functions like internal auditing, compliance functions, decision making functions such as compliance with KYC norms shall not be outsourced by NBFCs. Further, the Risk Management Directions specify that outsourcing of functions shall not limit its obligations to its customers.

Financing of NBFCs by bank

The RBI has issued guidelines vide a circular dated bearing number DBR.BP.BC.No.5/21.04.172/2015-16 dated July 1, 2015 relating to bank financing of NBFCs predominantly engaged in lending against Gold has directed banks to (i) reduce their regulatory exposure ceiling on a single NBFC, having gold loans to the extent of 50% or more of its total financial assets 10% of banks’ capital funds. However, the exposure ceiling may go up by 5%, i.e., up to 15% of banks’ capital funds if the additional exposure is on account of funds on-lent by NBFCs to the infrastructure sector and (ii) to have an internal sub-limit on their aggregate exposures to all such NBFCs, having gold loans to the extent of 50% or more of their total financial assets, taken together. The sub-limits should be within the internal limit fixed by the banks for their aggregate exposure to all NBFCs put together.

Norms for excessive interest rates

In addition, the RBI has introduced vide a circular bearing reference number RBI/ 2006-07/ 414 dated May 24, 2007 whereby RBI has requested all NBFCs to put in place appropriate internal principles and procedures in determining interest rates and processing and other charges. In addition to the aforesaid instruction, the RBI has issued a Master Circular on Fair Practices Code dated July 1, 2015 for regulating the rates of interest charged by the NBFCs. These circulars stipulate that the board of each NBFC is required to adopt an interest rate model taking into account the various relevant factors including cost of funds, margin and risk premium. The rate of interest and the approach for gradation of risk and the rationale for charging different rates of interest for different categories of borrowers are required to be disclosed to the borrowers in the application form and expressly communicated in the sanction letter. Further, this is also required to be made available on the NBFCs website or published in newspapers and is required to be updated in the event of any change therein. Further, the rate of interest would have to be an annualised rate so that the borrower is aware of the exact rates that would be charged to the account.

Supervisory Framework

In order to ensure adherence to the regulatory framework by NBFCs-BL, the RBI has directed such NBFCs to put in place a system for submission of an annual statement of capital funds, and risk asset ratio etc. as at the end of March every year, in a prescribed format. This return is to be submitted electronically within a period of three months from the close of every financial year. Further, a NBFC is required to submit a certificate from its statutory auditor that it is engaged in the business of non-banking financial institution with requirement to hold a certificate of registration under the RBI Act. This certificate is required to be submitted within one month of the date of finalisation of the balance sheet and in any other case not later

than December 30 of that particular year. Further, in addition to the auditor's report under Section 143 of the Companies Act, 2013 the auditors are also required to make a separate report to the Board of Directors on certain matters, including correctness of the capital adequacy ratio as disclosed in the return NBS-7 to be filed with the RBI and its compliance with the minimum CRAR, as may be prescribed by the RBI. Where the statement regarding any of the items referred relating to the above, is unfavourable or qualified, or in the opinion of the auditor the company has not complied with the regulations issued by RBI, it shall be the obligation of the auditor to make a report containing the details of such unfavourable or qualified statements and/or about the non-compliance, as the case may be, in respect of the company to the concerned Regional Office of the Department of Non-Banking Supervision of the Bank under whose jurisdiction the registered office of the company is located.

Ombudsman scheme for customers of NBFCs

The RBI in public interest and to make the alternate dispute redress mechanism simpler and more responsive integrated the three Ombudsman schemes – (i) the Banking Ombudsman Scheme, 2006, as amended up to July 01, 2017; (ii) the Ombudsman Scheme for Non-Banking Financial Companies, 2018; and (iii) the Ombudsman Scheme for Digital Transactions, 2019 into the Reserve Bank - Integrated Ombudsman Scheme, 2021 (the “**Scheme**”). Every NBFC shall appoint Principal Nodal Officer in accordance with directions provided under the said Scheme. Further, NBFCs fulfilling the criteria laid down under the circular on ‘Appointment of Internal Ombudsman by Non-Banking Financial Companies’ dated November 15, 2021 shall appoint the Internal Ombudsman and adhere to the corresponding guidelines.

Any customer aggrieved by an act or omission of a Regulated Entity resulting in deficiency in service may file a complaint under the Scheme personally or through an authorised representative as defined under the Scheme.

Asset Liability Management

The RBI has prescribed the Guidelines for asset liability management (“ALM”) system in relation to NBFCs through LRM Framework (“**LRM Framework**”). The LRM Framework provide that the applicable NBFCs should ensure sound and robust liquidity risk management system, the board of directors of the NBFC shall frame a liquidity risk management framework which ensures that it maintains sufficient liquidity, including a cushion of unencumbered, high quality liquid assets to withstand a range of stress events, including those involving the loss or impairment of both unsecured and secured funding sources. The liquidity risk management policy should spell out the entity-level liquidity risk tolerance; funding strategies; prudential limits; system for measuring, assessing and reporting/ reviewing liquidity; framework for stress testing; liquidity planning under alternative scenarios/formal contingent funding plan; nature and frequency of management reporting; periodical review of assumptions used in liquidity projection; etc.

The NBFC shall appoint risk management committee (“**RMC**”) consisting of chief executive officer (“**CEO**”) / managing director (“**MD**”) and heads of various risk verticals, who shall be responsible for evaluating the overall risks faced by the NBFC including liquidity risk. Further, applicable NBFCs have to constitute asset liability management committee (“**ALCO**”) consisting of the NBFC's top management shall be responsible for ensuring adherence to the risk tolerance/limits set by the board of directors as well as implementing the liquidity risk management strategy of the NBFC. The CEO/ MD or the Executive Director (ED) should head the Committee. The role of the ALCO with respect to liquidity risk should include, *inter alia*, decision on desired maturity profile and mix of incremental assets and liabilities, sale of assets as a source of funding, the structure, responsibilities and controls for managing liquidity risk, and overseeing the liquidity positions of all branches. In addition to RMC and ALCO, applicable NBFCs shall constitute asset liability management support group (“**ALM Support Group**”). ALM Support Group consist of the operating staff responsible for analysing, monitoring and reporting the liquidity risk profile to the ALCO. The maturity profile should be used for measuring the future cash flows of NBFCs in different time buckets. Within each time bucket, there could be mismatches depending on cash inflows and outflows. While the mismatches up to one year would be relevant since these provide early warning signals of impending liquidity problems, the main focus shall be on the short-term mismatches, viz., 1-30/ 31 days. The net cumulative negative mismatches in the statement of structural liquidity in the maturity buckets 1-7 days, 8-14 days, and 15-30 days shall not exceed 10 percent, 10 percent and 20 per cent of the cumulative cash outflows in the respective time buckets. NBFCs, however, are expected to monitor their cumulative mismatches (running total) across all other time buckets up to 1 year by establishing internal prudential limits with the approval of the board of directors. NBFCs shall also adopt the above cumulative mismatch limits for their structural liquidity statement for consolidated operations. Other than liquidity risk the applicable NBFC has to currency risk and interest rate risk under the terms of LRM Framework.

Foreign Investment Regulations

Foreign investment in Indian securities is regulated through the Consolidated Foreign Direct Investment (“FDI”) Policy and Foreign Exchange Management Act, 1999 (“FEMA”). The government bodies responsible for granting foreign investment

approvals are the concerned ministries/ departments of the Government of India and the RBI. The Union Cabinet has approved phasing out the Foreign Investment Promotion Board, as provided in the press release dated May 24, 2017. Accordingly, pursuant to the office memorandum dated June 5, 2017, issued by the Department of Economic Affairs, Ministry of Finance, approval of foreign investment under the FDI policy has been entrusted to concerned ministries/departments. Subsequently, the DIPP issued the Standard Operating Procedure (SOP) for Processing FDI Proposals on June 29, 2017 (the “SOP”). The SOP provides a list of the competent authorities for granting approval for foreign investment for sectors/activities requiring Government approval. For sectors or activities that are currently under automatic route but which required Government approval earlier as per the extant policy during the relevant period, the concerned administrative ministry/department shall act as the competent authority (the “Competent Authority”) for the grant of post facto approval of foreign investment. In circumstances where there is a doubt as to which department shall act as the Competent Authority, the DIPP shall identify the Competent Authority. The DIPP has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendment to FEMA. In case of any conflict FEMA prevails.

The Foreign Exchange Management (Debt Instruments) Regulations, 2019 notified by RBI on October 17, 2019, regulate investment in India by a person resident outside India in listed NCDs.

The Consolidated FDI Policy consolidates the policy framework in place as on August 27, 2017. Further, on January 4, 2018 the RBI released the Master Direction on Foreign Investment in India. Under the approval route, prior approval from the relevant ministry and competent authorities, as per the procedure established under the Standard Operating Procedure for Processing FDI Proposals (“SOP”) dated June 29, 2017 or RBI is required. FDI for the items/activities that cannot be brought in under the automatic route may be brought in through the approval route. Approvals are accorded on the recommendation of the FIPB, which is chaired by the Secretary, DIPP, with the Union Finance Secretary, Commerce Secretary and other key Secretaries of the Government of India as its members.

As per the sector specific guidelines of the Government of India, 100 per cent FDI/ Non-Resident Indian (“NRI”) investments are allowed under the automatic route in certain NBFC activities subject to compliance with guidelines of the RBI in this regard.

The Recovery of Debts due to Banks and Financial Institutions Act, 1993

The Recovery of Debts due to Banks and Financial Institutions Act, 1993 (the “DRT Act”) provides for establishment of the Debts Recovery Tribunals (the “DRTs”) for expeditious adjudication and recovery of debts due to banks and public financial institutions or to a consortium of banks and public financial institutions. Under the DRT Act, the procedures for recovery of debt have been simplified and time frames have been fixed for speedy disposal of cases. The DRT Act lays down the rules for establishment of DRTs, procedure for making application to the DRTs, powers of the DRTs and modes of recovery of debts determined by DRTs. These include attachment and sale of movable and immovable property of the defendant, arrest of the defendant and his detention in prison and appointment of receiver for management of the movable or immovable properties of the defendant.

The DRT Act also provides that a bank or public financial institution having a claim to recover its debt, may join an ongoing proceeding filed by some other bank or public financial institution, against its debtor, at any stage of the proceedings before the final order is passed, by making an application to the DRT.

Anti-Money Laundering

The RBI has issued a Master Circular dated July 1, 2015 to ensure that a proper policy framework for the Prevention of Money Laundering Act, 2002 (“PMLA”) is put into place. The PMLA seeks to prevent money laundering and provides for confiscation of property derived from or involved in money laundering and for other matters connected therewith or incidental thereto. It extends to all banking companies, financial institutions, including NBFCs and intermediaries. Pursuant to the provisions of PMLA and the RBI guidelines, all NBFCs are advised to appoint a principal officer for internal reporting of suspicious transactions and cash transactions and to maintain a system of proper record (i) for all cash transactions of value of more than ₹ 10 lakh; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹ 10 lakh where such series of transactions have taken place within one month and the aggregate value of such transaction exceeds ₹ 10 lakh. Further, all NBFCs are required to take appropriate steps to evolve a system for proper maintenance and preservation of account information in a manner that allows data to be retrieved easily and quickly whenever required or when requested by the competent authorities. Further, NBFCs are also required to maintain for at least ten years from the date of transaction between the NBFCs and the client, all necessary records of transactions, both domestic or international, which will permit reconstruction of individual transactions (including the amounts and types of currency involved if any) so

as to provide, if necessary, evidence for prosecution of persons involved in criminal activity.

Additionally, NBFCs should ensure that records pertaining to the identification of their customers and their address are obtained while opening the account and during the course of business relationship, and that the same are properly preserved for at least ten years after the business relationship is ended. The identification records and transaction data is to be made available to the competent authorities upon request.

RBI Notification dated December 3, 2015, titled “Anti-Money Laundering (AML)/ Combating of Financing of Terrorism (CFT) – Standards” states that all regulated entities (including NBFCs) are to comply with the updated FATF Public Statement and document ‘Improving Global AML/CFT Compliance: on-going process’ as on October 23, 2015.

The Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (“SARFAESI Act”)

The SARFAESI Act regulates the securitization and reconstruction of financial assets of banks and financial institutions. The RBI has issued guidelines to banks and financial institutions on the process to be followed for sales of financial assets to asset reconstruction companies. These guidelines provide that a bank or a financial institution or an NBFC may sell financial assets to an asset reconstruction company provided the asset is a Non - Performing Asset (“NPA”). Securitisation Companies and Reconstruction Companies (“SCs/RCs”) are required to obtain, for the purpose of enforcement of security interest, the consent of secured creditors holding not less than 60 per cent of the amount outstanding to a borrower as against 75 per cent. While taking recourse to the sale of secured assets in terms of Section 13(4) of the SARFAESI Act, a SC/RC may itself acquire the secured assets, either for its own use or for resale, only if the sale is conducted through a public auction.

As per the SARFAESI Amendment Act of 2004, the constitutional validity of which was upheld in a recent Supreme Court ruling, non-performing assets have been defined as an asset or account of a borrower, which has been classified by a bank or financial institution as sub-standard, doubtful or loss asset in accordance with directions or guidelines issued by the RBI. In case the bank or financial institution is regulated by a statutory body/authority, NPAs must be classified by such bank in accordance with guidelines issued by such regulatory authority. The RBI has issued guidelines on classification of assets as NPAs. Further, these assets are to be sold on a “without recourse” basis only.

The SARFAESI Act provides for the acquisition of financial assets by Securitization Company or Reconstruction Company from any bank or financial institution on such terms and conditions as may be agreed upon between them. A securitization company or reconstruction company having regard to the guidelines framed by the RBI may, for the purposes of asset reconstruction, provide for measures such as the proper management of the business of the borrower by change in or takeover of the management of the business of the borrower, the sale or lease of a part or whole of the business of the borrower and certain other measures such as rescheduling of payment of debts payable by the borrower; enforcement of security.

Additionally, under the provisions of the SARFAESI Act, any securitisation company or reconstruction company may act as an agent for any bank or financial institution for the purpose of recovering its dues from the borrower on payment of such fee or charges as may be mutually agreed between the parties.

Various provisions of the SARFAESI Act have been amended by the Enforcement of Security Interest and Recovery of Debt Laws and Miscellaneous Provisions (Amendment) Act, 2016 as also the Insolvency and Bankruptcy Code, 2016 (which amended S.13 of SARFAESI). As per this amendment, the Adjudicating Authority under the Insolvency and Bankruptcy Code, 2016 shall by order declare moratorium for prohibiting inter alia any action to foreclose, recover or enforce any security interest created by the corporate debtor in respect of its property including any action under the SARFAESI Act.

Further, in accordance with Ministry of Finance notification no. S.O. 856(E) dated February 24, 2020, the eligibility limit for enforcement of security interest with respect to secured debt recovery by NBFCs (having assets worth ₹ 10,000 lakh and above) has been reduced from ₹ 100 lakh to ₹ 50 lakh.

Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code, 2016 (Bankruptcy Code) was notified on August 5, 2016. The Bankruptcy Code offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process.

RBI vide its circular dated June 7, 2019, laid down the Prudential Framework for Resolution of Stressed Assets whereby prescribing the regulatory approach for resolution of stressed assets *inter alia* by: (i) early recognition and reporting of default by banks, financial institutions and NBFCs in respect of large borrowers; (ii) Affording complete discretion to lenders with regard to design and implementation of resolution plans, in supersession of earlier resolution schemes (S4A, SDR, 5/25 etc.), subject to the specified timeline and independent credit evaluation; (iii) Laying down a system of disincentives in the form of additional provisioning for delay in implementation of resolution plan or initiation of insolvency proceedings; (iv) Withdrawal of asset classification dispensations on restructuring. Future upgrades to be contingent on a meaningful demonstration of satisfactory performance for a reasonable period; and (v) Requiring the mandatory signing of an inter-creditor agreement (ICA) by all lenders, which will provide for a majority decision making criteria. MCA vide notification dated November 15, 2019, issued the Insolvency and Bankruptcy (Insolvency and Liquidation Proceedings of Financial Service Providers and Application to Adjudicating Authority) Rules, 2019 (“FSP Rules”) *inter alia* governing the corporate insolvency resolution process and liquidation process of Financial Service Providers (FSPs) under the Bankruptcy Code. The issuance of the FSP Rules has made viable and unified resolution process accessible for the FSPs and their creditors with some procedural differences.

Companies Act, 2013

The Companies Act, 2013 (“Companies Act”) has been notified by the Government of India on August 30, 2013 (the “Notification”). Under the Notification, Section 1 of the Companies Act has come into effect and the remaining provisions of the Companies Act have and shall come into force on such dates as the Central Government has notified and shall notify. Section 1 of the Companies Act deals with the commencement and application of the Companies Act and among others sets out the types of companies to which the Companies Act applies. Further the Ministry of Corporate Affairs has by their notifications dated September 12, 2013 and March 26, 2014 notified certain sections of the Companies Act, which have come into force from September 12, 2013 and April 1, 2014.

The Companies Act provides for, among other things, changes to the regulatory framework governing the issue of capital by companies, corporate governance, audit procedures, corporate social responsibility, requirements for independent directors, director’s liability, class action suits, and the inclusion of women directors on the boards of companies. The Companies Act is complemented by a set of rules that set out the procedure for compliance with the substantive provisions of the Companies Act. As mentioned above, certain provisions of the Companies Act, 2013 have already come into force and the rest shall follow in due course.

Under the Companies Act every company having net worth of ₹50,000 lakh or more, or turnover of ₹1,00,000 lakh or more or a net profit of ₹ 500 lakh or more during the immediately preceding financial year shall formulate a corporate social responsibility policy. Further, the board of every such company shall ensure that the company spends, in every financial year, at least two per cent of the average net profits of the company made during the three immediately preceding financial years in pursuance of its corporate social responsibility policy.

Shops and Establishments legislations in various states

The provisions of various Shops and Establishments legislations, as applicable, regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of inter-alia registration, opening and closing hours, daily and weekly working hours, holidays, leave, health, termination of services and safety measures and wages for overtime work.

Labour Laws

India has stringent labour related legislations. The Company is required to comply with certain labour laws, which include the Employees’ Provident Funds and Miscellaneous Provisions Act 1952, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965, Workmen Compensation Act, 1923, the Payment of Gratuity Act, 1972 and the Payment of Wages Act, 1936, amongst others.

Intellectual Property

Intellectual Property in India enjoys protection under both common law and statute. Under statute, India provides for patent protection under the Patents Act, 1970, copyright protection under the Copyright Act, 1957 and trademark protection under the Trademarks Act, 1999. The above enactments provide for protection of intellectual property by imposing civil and criminal liability for infringement.

Ranking of NCDs

The NCDs

The NCDs being offered through this Issue would constitute direct and secured obligations of the Company and shall rank *pari passu* charge with the Existing Secured Creditors on all current assets, including book debts and receivables, cash and bank balances, loans and advances both present and future of our Company (not including reserves created in accordance with law, receivables of micro finance of the Company, fixed deposits and cash collateral over which exclusive charge is created), such that a security cover to the extent of 1 (one) time of the outstanding principal amounts of the NCDs and all interest due and payable thereon is maintained at all times until the redemption of NCDs.

Security

The Issue comprises of public issue of NCDs of face value of ₹ 1,000 each.

The principal amount of the NCDs to be issued in terms of this Prospectus together with all interest due on the NCDs, as well as all costs, charges, all fees, remuneration of Debenture Trustee and expenses payable in respect thereof shall be secured by way of first ranking *pari passu* charge with the Existing Secured Creditors on all current assets, including book debts and receivables, cash and bank balances, loans and advances both present and future of our Company (not including reserves created in accordance with law, receivables of micro finance of the Company, fixed deposits and cash collateral over which exclusive charge is created), such that a security cover to the extent of 1 (one) time of the outstanding principal amounts of the NCDs and all interest due and payable thereon is maintained at all times until the redemption of NCDs.

Our Company will create the security for the NCDs in favour of the Debenture Trustee for the Debenture Holders holding the NCDs on the assets to ensure 100.00% security cover of the amount outstanding including interest in respect of the NCDs at any time.

Our Company has entered into the Debenture Trusteeship Agreement and in furtherance thereof intends to enter into a deed of agreement with the Debenture Trustee, ("**Debenture Trust Deed**"), the terms of which shall govern the appointment of the Debenture Trustee and the issue of the NCDs.

Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the Debenture Holders holding the NCDs the principal amount on the NCDs on the relevant redemption date and also that it will pay the interest due on the NCDs at the rate specified in this Prospectus and in the Debenture Trust Deed.

The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security subject to prior written consent of the Debenture Trustee and/or may replace with another asset of the same or a higher value.

Our Company confirms that the Issue Proceeds shall be kept in the Public Issue Account until the documents for creation of

security i.e., the Debenture Trust Deed, is executed.

The NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and/or RoC or CERSAI or Depository etc., as applicable, or is independently verifiable by the Debenture Trustee. Further, in the event our Company fails to execute the Debenture Trust Deed within a period as specified under Regulation 18 of SEBI NCS Regulations, our Company shall pay interest of at least 2% p.a. to each Secured NCD Holder, over and above the agreed coupon rate, till the execution of the Debenture Trust Deed.

Debenture Redemption Reserve

Pursuant to Regulation 16 of the SEBI NCS Regulations and Section 71(4) of the Companies Act, 2013 states that where debentures are issued by any company, the company shall create a debenture redemption reserve out of the profits of the company available for payment of dividend. Rule 18(7) of the Companies (Share Capital and Debentures) Rules, 2014, As amended by Companies (Share Capital and Debentures) Amendment Rules, 2019, a NBFC is not required to create a DRR in case of public issue of debentures. The rules further mandate that the company which is coming with a Public Issue shall deposit or invest, as the case may be, before the 30th day of April of each year a sum which shall not be less than 15% of the amount of its debentures issued through public issue, maturing during the year ending on the 31st day of March of the next year in any one or more prescribed methods.

Accordingly, our Company is not required to create a DRR for the NCDs proposed to be issued through this Issue. Further, our Company shall deposit or invest, as the case may be, before the 30th day of April of each year a sum which shall not be less than 15% of the amount of its debentures issued through public issue, maturing during the year ending on the 31st day of March of the next year in any one or more following methods: (a) in deposits with any scheduled bank, free from charge or lien; (b) in unencumbered securities of the Central Government or of any State Government; (c) in unencumbered securities mentioned in clauses (a) to (d) and (ee) of Section 20 of the Indian Trusts Act, 1882; (d) in unencumbered bonds issued by any other company which is notified under clause (f) of Section 20 of the Indian Trusts Act, 1882. The abovementioned amount deposited or invested, must not be utilized for any purpose other than for the repayment of debentures maturing during the year provided that the amount remaining deposited or invested must not at any time fall below 15% of the amount of debentures maturing during year ending on the 31st day of March of that year, in terms of the applicable laws.

Recovery Expense Fund

Pursuant to the SEBI Debenture Trustee Master Circular, the creation of the recovery expense fund shall be in accordance with the aforementioned circular, as may be amended from time to time. The recovery expense fund may be utilised by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed, for taking appropriate legal action to enforce the security.

Kindly note, any default committed by the Company in terms of the NCDs proposed to be issued shall be reckoned at each respective International Securities Identification Number level assigned to the respective option(s)/series of NCDs issued.

Settlement Guarantee Fund

Our Company will deposit amounts in the settlement guarantee fund, as applicable, in the manner as specified in the SEBI Master Circular. This fund has been created under the SEBI Master Circular to ensure upfront collection of charges from eligible issuers at the time of allotment of debt securities.

Face Value

The face value of each NCD to be issued under this Issue shall be ₹1,000.

Debenture Holder not a Shareholder

The Debenture Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent of the right to receive the annual reports of our Company and such other rights as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder and the SEBI Listing Regulations.

Rights of NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided under the Companies Act, 2013, our Memorandum of Association and Articles of Association and/or the Debenture Trust Deed, confer upon the NCD Holders thereof any rights or privileges available to our members including the right to receive notices or annual reports of, or to attend and/or vote, at our general meeting. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members, the said resolution will first be placed before the concerned registered NCD Holders for their consideration. The opinion of the Debenture Trustee as to whether such resolution is affecting the right attached to the NCDs is final and binding on NCD Holders. In terms of Section 136 of the Companies Act, 2013, the NCD Holders shall be entitled to a copy of the balance sheet and copy of trust deed on a specific request made to us.
2. Subject to applicable statutory/ regulatory requirements and terms of the Debenture Trust Deed, including requirements of the RBI, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
3. Subject to applicable statutory/regulatory requirements and terms of the Debenture Trust Deed, the registered NCD Holder or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by them.
4. The NCDs are subject to the provisions of the SEBI NCS Regulations, the applicable provisions of Companies Act, 2013, the Memorandum and Articles of Association of our Company, the terms of this Prospectus, the Abridged Draft Prospectus, the Application Form, the terms and conditions of the Debenture Trust Deed, requirements of the RBI, other applicable statutory and/or regulatory requirements relating to the issue and listing, of securities and any other documents that may be executed in connection with the NCDs.
5. For the NCDs issued in dematerialized form, the Depositories shall also maintain updated records of holders of the NCDs in dematerialized Form. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depository. In terms of Section 88(3) of the Companies Act, 2013, the register and index of beneficial of NCDs maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a Register of NCD Holders for this purpose. The same shall be maintained at the registered office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD Holders.
6. A register of NCD Holders holding NCDs in physical form pursuant to rematerialisation of the NCDs issued pursuant to this Issue ("Register of NCD Holder") will be maintained in accordance with Section 88 of the Companies Act, 2013 and all interest/redemption amounts and principal sums becoming due and payable in respect of the NCDs will be paid to the registered holder thereof for the time being or in the case of joint-holders, to the person whose name stands first in the Register of NCD Holders as on the Record Date.
7. Subject to compliance with applicable statutory requirements, the NCDs can be rolled over only with the consent of the holders of at least 75% of the outstanding amount of the NCDs after providing at least 15 days' prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the NCDs of all the NCD Holders, who have not given their positive consent to the roll-over.

The aforementioned rights of the NCD Holders are merely indicative. The final rights of the NCD Holders will be as per the terms of this Prospectus and the Debenture Trust Deed.

Debenture Trustees for the NCD Holders

We have appointed MITCON Credentia Trusteeship Services Limited to act as the Debenture Trustees for the NCD Holders in terms of Regulation 8 of the SEBI NCS Regulations and Section 71(5) of the Companies Act, 2013 and the rules prescribed thereunder. We and the Debenture Trustee will execute a Debenture Trust Deed, *inter alia*, specifying the powers, authorities

and obligations of the Debenture Trustee and us with respect to the NCDs as per the extant SEBI regulations applicable for the proposed Issue. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorised officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us *pro tanto* to the Debenture Holder(s).

The Debenture Trustee will protect the interest of the NCD Holders in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost. It is the duty of the debenture trustee to monitor the security cover is maintained, however, the recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

Our Company shall not create any further encumbrances on the Security except with the prior approval of the Debenture Trustee. In the event of such request by our Company, the Debenture Trustee shall provide its approval for creation of further charges provided that our Company provides a certificate from a chartered accountant stating that after creation of such further charges, the required Security cover is maintained.

At any time before the Security constituted hereunder becomes enforceable, the Debenture Trustee, may, at the request of our Company and without any consent of the NCD Holders, do or concur our Company in doing all or any of the things which our Company might have done in respect of the Security as if no security had been created and particularly, but not by way of limitation, the following assent to any modification of any contracts or arrangements which may be subsisting in relation to the Security.

Market Lot and Trading Lot

The NCDs shall be allotted in dematerialized form. As per the SEBI NCS Regulations, the trading of the NCDs is in dematerialised form and the tradable lot is one NCD.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable interest for such NCDs) prior to redemption of the NCDs.

Allotment in the Issue will be in Demat form in multiples of one NCD. For details of allotment, see “*Issue Procedure*” on page 252.

Nomination facility to Debenture Holder

In accordance with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014 (“**Rule 19**”) and Section 72 of the Companies Act, 2013, the sole Debenture Holder, or first Debenture Holder, along with other joint Debenture Holders’ (being individual(s)), may nominate, in the **Form No. SH.13**, any one person in whom, in the event of the death of Applicant the NCDs Allotted, if any, will vest. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in **Form No. SH.13** any person as nominee. A nominee entitled to the NCDs by reason of the death of the original holder(s), will, in accordance with Rule 19 and Section 56 of the Companies Act, 2013, be entitled to the same benefits to which he or she will be entitled if he or she were the registered holder of the NCDs. Where the nominee is a minor, the holder(s) may make a nomination to appoint, in **Form No. SH.14**, any person to become entitled to NCDs in the event of the holder’s death during minority. A nomination will stand rescinded on a sale/transfer/alienation of NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or with the Registrar to the Issue.

Debenture Holder(s) are advised to provide the specimen signature of the nominee to us to expedite the transmission of the NCD(s) to the nominee in the event of demise of the Debenture Holder(s). The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with Rule 19, any person who becomes a nominee by virtue of the Rule 19, will on the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as the holder of the NCDs; or
- to make such transfer of the NCDs, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, the Board may thereafter withhold payment of all interests or redemption amounts or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

For all NCDs held in the dematerialized form, nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant in connection with NCDs held in the dematerialized form.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Debenture Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

For all NCDs held in the dematerialised form and since the allotment of NCDs pursuant to this Issue will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. The nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant in connection with NCDs held in the dematerialised form.

Jurisdiction

Exclusive jurisdiction for the purpose of the Issue is with the competent courts of jurisdiction in Kochi, Kerala, India.

Application in the Issue

Applicants shall apply in this Issue in dematerialised form only, through a valid Application Form filled in by the Applicant along with attachment, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only (including Applications made by UPI Investors under the UPI Mechanism).

In terms of Regulation 7 of the SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in terms of Section 8(1) of the Depositories Act, our Company, at the request of the Investors who wish to hold the NCDs in physical form will rematerialize the NCDs. However, any trading of the NCDs shall be compulsorily in dematerialised form only.

Form of Allotment and Denomination of NCDs

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchange shall be in dematerialized form only in multiples of one (1) NCD (“**Market Lot**”). Allotment in this Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one NCD.

For details of allotment please see “*Issue Procedure*” on page 252.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of the Companies Act, 2013. The NCDs held in dematerialised form shall be transferred subject to and in accordance with the rules/procedures as prescribed by NSDL/CDSL and the relevant DPs of the transfer or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. The seller should give delivery instructions containing details of the buyer’s DP account to his Depository Participant.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Company or Registrar.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 read with SEBI Press release (no. 49/ 2018) dated December 3, 2018, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from April 1, 2019. However, any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Title

In case of:

- the NCDs held in the dematerialised form, the person for the time being appearing in the record of beneficial owners maintained by the Depository; and
- the NCDs held in physical form, pursuant to any rematerialisation, the person for the time being appearing in the Register of Debenture Holders as Debenture Holder,

shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person as the holder thereof and its absolute owner for all purposes regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the NCD Certificate issued in respect of the NCDs and no person will be liable for so treating the Debenture Holder.

Register of Debenture Holders

No transfer of title of NCD will be valid unless and until entered on the Register of Debenture Holders or the register and index of Debenture Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Maturity Amount, as the case may be, will be paid to the person, whose name appears first in the Register of Debenture Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company’s shares contained in the Articles of Association of our Company and the Companies Act/ the relevant provisions of the Companies Act applicable as on the date of this Prospectus shall apply, mutatis mutandis (to the extent applicable) to the NCD(s) as well.

Succession

Where NCDs are held in joint names and one of the joint holders dies, the survivor(s) will be recognized as the Debenture Holder(s). It will be sufficient for our Company to delete the name of the deceased Debenture Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased Debenture Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the debentures. In the event of demise of the sole or first holder of the Debentures, the Company will recognise the executors or administrator of the deceased Debenture Holders, or the holder of the succession certificate or other legal representative as having title to the Debentures only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. The directors of the Company in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of Debenture Holders who are holding NCDs in dematerialised form, third person is not required to approach the Company to register his name as successor of the deceased Debenture Holder. He shall approach the respective Depository Participant of the Debenture Holder for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased Debenture Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles.

Procedure for Re-materialization of NCDs

Subject to SEBI circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022 dated January 25, 2022, Debenture Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of NCDs who propose to rematerialise their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to the Company and the DP. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs Allotted pursuant to this Issue. However, NCDs held in physical form, pursuant to any re-materialisation, as above, cannot be transferred. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Period of Subscription

The subscription list shall remain open for a period as indicated below, with an option for early closure or extension by such period, as may be decided by the Board or a duly authorised committee of Directors of our Company, subject to necessary approvals. In the event of such early closure of the Issue, our Company shall ensure that notice of such early closure is given one day prior to such early date of closure through advertisement/s in an English national daily newspaper and a regional daily newspaper in the state of Kerala, with wide circulation.

Issue Programme

ISSUE OPENING DATE	Wednesday, October 30, 2024
ISSUE CLOSING DATE	Wednesday, November 13, 2024 [#]

[#] The Issue shall remain open for subscription on Working Days from 10:00 a.m. to 5:00 p.m. (Indian Standard Time), during

the period indicated above, except that the Issue may close on such earlier date or extended date (subject to a minimum period of 2 Working Days and a maximum period of 10 Working Days from the date of the issue and subject to not exceeding 30 days from the date of filing of this Prospectus with ROC including any extensions) as may be decided by the Board of Directors of our Company (“Board”) or the Debenture Committee, subject to approvals, in accordance with the SEBI NCS Regulations. In the event of such an early closure or extension subscription list of the Issue, our Company shall ensure that notice of such early closure or extension is given to the prospective investors through an advertisement in an English national daily newspaper and a regional daily newspaper in the state of Kerala, with wide circulation on or before such earlier date or extended date of closure. Applications Forms for the Issue will be accepted only from 10:00 a.m. to 5:00 p.m. (Indian Standard Time) or such extended time as may be permitted by BSE, on Working Days during the Issue Period. On the Issue Closing Date, Application Forms will be accepted only between 10:00 a.m. to 3:00 p.m. and uploaded until 5:00 p.m. (Indian Standard Time) or such extended time as may be permitted by BSE.

Application (including Application under the UPI Mechanism) and any further changes to the Applications shall be accepted only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time, “IST”) during the Issue Period as mentioned above by the Designated Intermediaries at the bidding centre and by the SCSBs directly at the Designated Branches of SCSBs, except that on the Issue Closing Date when the Applications and any further changes in details in Applications, if any, shall be accepted only between 10.00 a.m. and 3.00 p.m. (IST) and shall be uploaded until 5.00 p.m. (IST) or such extended time as permitted by the Stock Exchange. Additionally, an Investor may also submit the Application Form through the app or web interface of the Stock Exchange. It is clarified that the Applications not uploaded in the Stock Exchange platform would be rejected.

Due to limitation of time available for uploading the Applications on the Issue Closing Date, the Applicants are advised to submit their Applications one day prior to the Issue Closing Date and, in any case, no later than 3.00 p.m. (IST) on the Issue Closing Date. All times mentioned in this Prospectus are Indian Standard Time. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, as is typically experienced in public offerings, some Applications may not get uploaded due to lack of sufficient time.

Such Applications that cannot be uploaded will not be considered for Allocation under the Issue. Applications will be accepted only on Business Days, i.e., Monday to Friday (excluding any public holiday). Neither our Company, nor the Lead Manager, nor any Member of the Syndicate, Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations or Designated Branches of SCSBs are liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise. Please note that, within each category of Investors, the Basis of Allotment under the Issue will be on date priority basis except on the day of oversubscription, if any, where the Allotment will be proportionate.

Basis of payment of Interest

NCDs once Allotted under any particular category of NCDs shall continue to bear the applicable tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of Debenture Holder on any Record Date, and such Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

Payment of Interest/Maturity Amount will be made to those Debenture Holders whose names appear in the Register of Debenture Holders (or to first holder in case of joint-holders) as on Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the Investors. In such cases, interest, on the Interest Payment Date, would be directly credited to the account of those Investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to help Debenture Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. Please see, “Terms of The Issue- Manner of Payment of Interest / Redemption Amounts” on page 246.

Taxation

Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than 5,000 and interest is paid by way of account payee cheque).

Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:

- a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company/ Registrar, at least 7 days before the relevant record date for payment of debenture interest;
- b) When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be Nil. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of 236 Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
- c) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be Nil.

In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13. Further, eligible NCD Holders other than resident individuals or resident HUF investors, the following documents should be submitted with the Company/ Registrar, at least 7 days before the relevant record date for payment of debenture interest (i) copy of registration certificate issued by the regulatory authority under which the investor is registered, (ii) self-declaration for non-deduction of tax at source, and (iii) such other document as may be required under the Income Tax Act, for claiming non-deduction / lower deduction of tax at source and/or specified by the Company/ Registrar, from time to time.

The aforesaid documents, as may be applicable, should be submitted at least 7 days before the relevant Record Date for payment of interest on the NCDs quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of the NCD held, to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The aforesaid documents for claiming non-deduction or lower deduction of tax at source, as the case may be, shall be submitted to the Registrar as per below details or any other details as may be updated on the website of the Issuer at www.muthootenterprises.com or the Registrar at www.kfintech.com, from time to time.

The investors need to submit Form 15H/ 15G/certificate in original from the Assessing Officer for each Fiscal during the currency of the NCD to claim non-deduction or lower deduction of tax at source from interest on the NCD. Tax exemption certificate/document, if any, must be lodged at the office of the Registrar to the Issue at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date as stated in the section titled "Issue Procedure" on page 252, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have

accrued on the NCDs.

Day Count Convention

Interest shall be computed on actual/actual basis i.e., on the principal outstanding on the NCDs as per the SEBI Master Circular.

Effect of holidays on payments

If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day (the “**Effective Date**”), however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Maturity Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest accrued on the NCDs until but excluding the date of such payment.

Illustration for guidance in respect of the day count convention and effect of holidays on payments

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Master Circular is as disclosed as “*Annexure F*” on page 343.

Maturity and Redemption

The NCDs issued pursuant to this Prospectus have a fixed maturity date. The NCDs will be redeemed at the expiry of 450 days from the Deemed Date of Allotment for Series I, 26 months from the Deemed Date of Allotment for Series II, 26 months from the Deemed Date of Allotment for Series III, 36 months from the Deemed Date of Allotment for Series IV, 36 months from the Deemed Date of Allotment for Series V, 48 months from the Deemed Date of Allotment for Series VI, 66 Months from the Deemed Date of Allotment for Series VII.

Application Size

Each Application should be for a minimum of 10 NCDs and multiples of one NCD thereof. The minimum Application size for each Application would be ₹ 10,000 (for all kinds of Series I to VII) NCDs either taken individually or collectively) and in multiples of ₹1,000 thereafter.

Applicants can apply for any or all options of NCDs offered hereunder provided the Applicant has applied for minimum Application size using the same Application Form.

Applicants are advised to ensure that Application made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹1,000 per NCD is blocked in the ASBA Account on Application itself. In case of Allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall instruct the SCSBs to unblock the excess amount blocked on Application in accordance with the terms of this Prospectus.

Manner of Payment of Interest / Redemption Amounts

The manner of payment of interest / redemption in connection with the NCDs is set out below:

For NCDs held in dematerialised form:

The bank details will be obtained from the Depositories for payment of interest / redemption amount as the case may be. Holders of the NCDs, are advised to keep their bank account details as appearing on the records of the Depository Participant updated at all points of time. Please note that failure to do so could result in delays in credit of interest/redemption amounts at the Applicant’s sole risk, and the Lead Manager, our Company or the Registrar shall have no responsibility and undertake no liability for the same.

For NCDs held in physical form on account of re-materialization:

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to the Company along with the rematerialisation request. For further details, please see “*Terms of The Issue-Procedure for Re-materialization of NCDs*” on page 243.

The mode of payment of interest/redemption amount shall be undertaken in the following order of preference:

- 1. Direct Credit/ NACH/ RTGS:** Investors having their bank account details updated with the Depository shall be eligible to receive payment of interest / redemption amount, through:
 - (i) **Direct Credit.** interest / redemption amount would be credited directly to the bank accounts of the Investors, if held with the same bank as the Company.
 - (ii) **NACH:** National Automated Clearing House which is a consolidated system of ECS. Payment of interest / redemption amount would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of interest / redemption amount through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the interest / redemption amount through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where Applicant is otherwise disclosed as eligible to get interest / redemption amount through NEFT or Direct Credit or RTGS.
 - (iii) **RTGS:** Applicants having a bank account with a participating bank and whose interest / redemption amount exceeds ₹2 lakh, or such amount as may be fixed by RBI from time to time, **have** the option to receive the interest / redemption amount through RTGS. Such eligible Applicants who indicate their preference to receive interest / redemption amount through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least 7 (seven) days before the Record Date. Charges, if any, levied by the Applicant's bank receiving the credit would be borne by the Applicant. In the event the same is not provided, interest / redemption amount shall be made through NECS subject to availability of complete bank account details for the same as stated above.
 - (iv) **NEFT:** Payment of interest / redemption amount shall be undertaken through NEFT wherever the Applicants' bank has been assigned the Indian Financial System Code (“**IFSC**”), which can be **linked** to a Magnetic Ink Character Recognition, if any, available to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of the interest / redemption amounts, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the de-mat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest / redemption amount will be made to the Applicants through this method.
- 2. Registered Post/Speed Post:** For all other Debenture Holders, including those who have not updated their bank particulars with the MICR code, the interest payment / redemption amount shall be paid by way of interest/ redemption warrants dispatched through speed post/ registered post only to Applicants that have provided details of a registered address in India.

Printing of Bank Particulars on Interest/ Redemption Warrants

As a matter of precaution against possible fraudulent encashment of interest/ redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. In relation to NCDs held dematerialised form, these particulars would be taken directly from the depositories. In case of NCDs held in physical form on account of rematerialisation, the Investors are advised to submit their bank account details with our Company / Registrar at least 7 (seven) working days prior to the Record Date failing which the orders / warrants will be dispatched to the postal address of the holder of the NCD as available in the records of our Company. Bank account particulars will be printed on the warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buyback of NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the Debenture Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements.

Such NCDs which are bought back may be extinguished, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Procedure for Redemption by Debenture Holders

The procedure for redemption is set out below:

NCDs held in physical form on account of re-materialization:

No action would ordinarily be required on the part of the Debenture Holder at the time of redemption and the redemption proceeds would be paid to those Debenture Holders whose names stand in the register of Debenture Holders maintained by us on the Record Date fixed for the purpose of redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificate(s)) be surrendered for redemption on maturity and should be sent by the Debenture Holder(s) by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. Debenture Holder(s) may be requested to surrender the NCD certificate(s) in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment.

We may at our discretion redeem the NCDs without the requirement of surrendering of the NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of NCDs need not submit the NCD certificates to us and the redemption proceeds would be paid to those Debenture Holders whose names stand in the register of Debenture Holders maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the NCD certificates would be deemed to have been cancelled. Also see “*Terms of The Issue- Payment on Redemption*” on page 248.

NCDs held in electronic form:

No action is required on the part of Debenture Holder(s) at the time of redemption of NCDs.

Payment on Redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of re-materialisation

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificate(s), duly discharged by the sole holder / all the joint-holders (signed on the reverse of the NCD certificate(s)). Dispatch of cheques/pay order, etc. in respect of such payment will be made on the redemption date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those Debenture Holders whose names stand in the Register of Debenture Holders maintained by us/Registrar to the Issue on the Record Date fixed for the purpose of redemption. Hence the transferees, if any, should ensure lodgement of the transfer documents with us at least 7 (seven) working days prior to the Record Date. In case the transfer documents are not lodged

with us at least 7 (seven) working days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties *inter se* and no claim or action shall lie against us or the Registrar.

Our liability to holder(s) towards their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the Debenture Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque /pay order / electronic mode to those Debenture Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of Debenture Holders.

Our liability to Debenture Holder(s) towards his/their rights including for payment or otherwise shall stand extinguished from the date of redemption in all events and when we dispatch the redemption amounts to the Debenture Holder(s).

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCD(s).

Right to reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any NCD(s), we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or reissue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or reissuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Sharing of information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the Debenture Holders available with us, and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the Debenture Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper in Kerala and/or will be sent by post/ courier or through email or other electronic media to the registered holders of the NCD(s) from time to time.

Issue of duplicate NCD Certificate(s)

If any NCD certificate(s), issued pursuant to rematerialisation, if any, is/are mutilated or defaced or the cages for recording transfers of NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/security and/or documents as we may deem adequate, duplicate NCD certificate(s) shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Future Borrowings

We will be entitled to borrow/raise loans or avail of financial assistance in whatever form as also to issue debentures/

NCDs/other securities in any manner having such ranking in priority, *pari passu* or otherwise, subject to applicable consents, approvals or permissions that may be required under any statutory/regulatory/contractual requirement, and change the capital structure including the issue of shares of any class, on such terms and conditions as we may think appropriate, provided stipulated security cover is maintained on the NCDs and after obtaining the consent of, or providing intimation to the Debenture Trustee regarding the creation of a charge over such security.

Impersonation

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

(a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or

(b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or

(c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹10 lakh or 1.00% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹10 lakh or 1.00% of the turnover of the Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹50 lakh or with both.

Pre-closure

Our Company, in consultation with the Lead Manager reserves the right to close this Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription (75% of the Base Issue, i.e. ₹7,500 lakh). Our Company shall allot NCDs with respect to the Application Forms received at the time of such pre-closure in accordance with the Basis of Allotment as described herein and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of this Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure or the Issue Closing Date for this Issue, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement and advertisement for opening or closure of the Issue have been given.

Minimum Subscription

If our Company does not receive the minimum subscription of 75% of Base Issue Size i.e. ₹ 7,500 lakh, prior to the Issue Closing Date, the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within eight Working Days from the Issue Closing Date provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within eight Working Days from the Issue Closing Date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Pre-Issue Advertisement

Subject to Section 30 of the Companies Act, 2013, our Company will issue a statutory advertisement on or before the Issue Opening Date. This advertisement will contain the information as prescribed in Schedule V of SEBI NCS Regulations in compliance with the Regulation 30 of SEBI NCS Regulations. Material updates, if any, between the date of filing of the Prospectus with RoC and the date of release of the statutory advertisement, will be included in the statutory advertisement.

Method of Application

In terms of the SEBI Master Circular, an eligible Investor desirous of applying in this Issue can make Applications through the ASBA mechanism only. Applicants are requested to note that in terms of the SEBI Master Circular, SEBI has mandated

issuers to provide, through a recognised stock exchange which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility (“**Direct Online Application Mechanism**”). In this regard, SEBI has, through the SEBI Master Circular, directed recognized stock exchanges in India to put in necessary systems and infrastructure for the implementation of the SEBI Master Circular and the Direct Online Application Mechanism infrastructure for the implementation of the SEBI Master Circular and the Direct Online Application Mechanism. Further, SEBI vide the SEBI Master Circular has directed the stock exchanges in India to formulate and disclose the operational procedure for making an application through the app/web based interface developed by them in order for investors to apply in public issue on their websites.

All Applicants shall mandatorily apply in the Issue either through:

1. the ASBA process (including UPI Investors). Applicants intending to subscribe in the Issue shall submit a duly filled Application Form to any of the Designated Intermediaries; or
2. UPI Investors having a valid UPI ID, through the app/web based interface platform of the Stock Exchange (BSE Direct) wherein the application would automatically be uploaded onto the Stock Exchange’s bidding platform and the amount will be blocked using the UPI Mechanism.

Additionally, certain SEBI registered UPI handles which can be accessed at www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40 may also be used for making an Application through the UPI Mechanism.

Application process through physical Application Form

Applicants opting for the physical mode of Application process, should submit the Application Form (including for Applications under the UPI Mechanism) only at the Collection Centres, i.e., to the respective Members of the Syndicate at the Specified Locations, the SCSBs at the Designated Branches, the registered broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available on SEBI’s website *for Applications under the UPI Mechanism* at <https://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of Application Forms from ASBA Applicants (including for Applications under the UPI Mechanism), shall upload the details of these Application Forms to the online platform of the Stock Exchange and submit the Application Forms (except Application Forms submitted by UPI Investors under the UPI Mechanism) with the SCSB with whom the relevant ASBA Accounts are maintained. An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB, with the SCSB and can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form. For Applicants submitting the physical application Form who wish to block the funds in their respective UPI linked bank account through the UPI Mechanism, post uploading of the details of the Application Forms into the online platform of the Stock Exchange, the Stock Exchange shall share the Application details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate a UPI Mandate Request to such UPI Investors for blocking of funds.

Our Company, the Directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs (other than UPI Applications), the Application Amount payable on Application has been blocked in the relevant ASBA Account and for Applications by UPI Investors under the UPI Mechanism, uploaded by Designated Intermediaries, the Application Amount payable on Application has been blocked under the UPI Mechanism.

APPLICATION PROCESS THROUGH APP/WEB BASED INTERFACE OF THE STOCK EXCHANGE – BSE DIRECT

SEBI, vide the SEBI Master Circular, has introduced an additional mode for application in the Issue through online (app / web) interface/platform of the Stock Exchange. In furtherance to the same, the Stock Exchange has extended the facility of

‘**BSE Direct**’, which is a web based and a mobile app based platform for making an Application in the Issue where the funds can be blocked through the UPI Mechanism. Applications under Power of Attorney

In case of Applications made pursuant to a power of attorney by Applicants who are Institutional Investors or Non-Institutional Investors, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, with a certified copy of the memorandum of association and articles of association and/or bye laws must be submitted with the Application Form. In case of Applications made pursuant to a power of attorney by Applicants, a certified copy of the power of attorney must be submitted with the Application Form. Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefor. Our Company, in its absolute discretion, reserves the right to relax the above condition of attaching the power of attorney with the Application Forms subject to such terms and conditions that our Company and the Lead Manager may deem fit.

Brokers having online demat account portals may also provide a facility of submitting the Application Forms online to their

account holders. Under this facility, a broker receives an online instruction through its portal from the Applicant for making an Application on his/ her behalf. Based on such instruction, and a power of attorney granted by the Applicant to authorise the broker, the broker makes an Application on behalf of the Applicant.

APPLICATIONS FOR ALLOTMENT OF NCDs

This section is for the information of the Applicants proposing to subscribe to the Issue. The Lead Manager and our Company are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Investors are advised to make their independent investigations and to ensure that the Application Form is correctly filled up.

Our Company, our Directors, affiliates, associates and their respective directors and officers, the Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications (including Applications under the UPI Mechanism) accepted by and/or uploaded by and/or accepted but not uploaded by Trading Members, registered brokers, CDPs, RTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs or failure to block the Application Amount under the UPI Mechanism. It shall be presumed that for Applications uploaded by SCSBs (other than UPI Applications), the Application Amount payable on Application has been blocked in the relevant ASBA Account and for Applications by UPI Investors under the UPI Mechanism, uploaded by Designated Intermediaries, the Application Amount payable on Application has been blocked under the UPI Mechanism.

The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI (<https://www.sebi.gov.in>) and updated from time to time or any such other website as may be prescribed by SEBI from time to time. For more information on such branches collecting Application Forms from the Syndicate at Specified Locations, see the website of the SEBI (<https://www.sebi.gov.in>) as updated from time to time or any such other website as may be prescribed by SEBI from time to time. The list of registered brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations, respective lists of which, including details such as address and telephone number, are available at the website of the Stock Exchange at www.bseindia.com. The list of branches of the SCSBs at the Broker Centres, named by the respective SCSBs to receive deposits of the Application Forms from the registered brokers will be available on the website of the SEBI (www.sebi.gov.in) and updated from time to time.

Submission of Applications

Applications can be submitted through either of the following modes:

- (a) Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Investor's bank records, as mentioned in the Application Form, prior to uploading such Application into the electronic system of the Stock Exchange. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such Application and shall not upload such Application in the electronic system of the Stock Exchange. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the Application in the electronic system of the Stock Exchange. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application.
In case of Application being made in the electronic mode, the Applicant shall submit the Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly registering such Application.
- (b) Physically through the Designated Intermediaries at the respective Collection Centres. Kindly note that above Applications submitted to any of the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the Application Form, has not named at least one branch at that Collection Center where the Application Form is submitted (a list of such branches is available at <https://www.sebi.gov.in>).
- (c) A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is up to ₹5 lakh, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate

protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism.

- (d) A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchange. Post which:

- (i) **for Applications other than under the UPI Mechanism** – the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form.
- (ii) **for Applications under the UPI Mechanism** – once the Application details have been entered in the bidding platform through Designated Intermediaries or BSE Direct, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchange which would be shared by the Stock Exchange with the relevant Designated Intermediary through its platform, for corrections, if any. Post uploading of the Application details on the Stock Exchange's platform, the Stock Exchange shall send an SMS to the Applicant regarding submission of the Application. Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with the Applicants UPI ID, with the Sponsor Bank appointed by our Company. The Sponsor Bank shall then initiate a UPI Mandate Request on the Applicant. The request raised by the Sponsor Bank, would be electronically received by the Applicant as an SMS or on the mobile app, associated with the UPI ID linked bank account. The Applicant shall then be required to authorise the UPI Mandate Request. Upon successful validation of block request by the Applicant, the information would be electronically received by the Applicants' bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant's ASBA Account. The status of block request would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the Designated Intermediary.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be.

Applicants must note that:

- (a) Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries at the respective Collection Centres; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchange at least one day prior to the Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchange at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that this Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.
- (b) The Designated Branches of the SCSBs shall accept Application Forms directly from Applicants only during the Issue Period. The SCSBs shall not accept any Application Forms directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, the relevant branches of the SCSBs at Specified Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Issue Closing Date, if the Applications have been uploaded. For further information on the Issue programme, please see "General Information – Issue Programme" on page 43. Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialised form only.

- All Applicants should correctly mention the ASBA Account number and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form to the Designated Branch and also ensure that the signature in the Application Form matches with the signature in Applicant's bank records, otherwise the Application is liable to be rejected;
- A system generated acknowledgement (TRS) will be given to the Applicant as a proof of the registration of each

Application. It is the Applicant's responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be; and

- In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic application platform of the Stock Exchanges as per the procedures and requirements prescribed by each relevant Stock Exchange, the Applicants should ensure that they have first withdrawn their original Application and submit a fresh Application.

The option, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for Allotment.

Applicants should note that neither the Designated Intermediaries nor the SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms.

B. Applicant's Beneficiary Account Details

Applicants must mention their DP ID, Client ID and UPI ID (wherever applicable) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form is submitted in the first Applicant's name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID, PAN and UPI ID (wherever applicable) mentioned in the Application Form and entered into the electronic system of the Stock Exchange do not match with the DP ID, Client ID, PAN and UPI ID (wherever applicable) available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected. Further, Application Forms submitted by Applicants whose beneficiary accounts are inactive, will be rejected.

On the basis of the Demographic Details as appearing on the records of the DP, the Registrar to the Issue will take steps towards demat credit of NCDs. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their Beneficiary Account details in the Application Form. Failure to do so could result in delays in demat credit and neither our Company, Designated Intermediaries, SCSBs, Registrar to the Issue nor the Stock Exchange will bear any responsibility or liability for the same.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of power of attorney to request the Registrar that for the purpose of printing particulars on the Allotment Advice, the Demographic Details obtained from the Depository of the Applicant shall be used.

By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue. Allotment Advice would be mailed by speed post or registered post at the address of the Applicants as per the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Registrar to the Issue, Public Issue Account Bank, Sponsor Bank nor the Lead Manager shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in this Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of such Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the parameters, namely, DP ID, Client ID, PAN and UPI ID (wherever applicable) then such Application are liable to be rejected.

C. Permanent Account Number

The Applicant should mention his or her Permanent Account Number allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the Central or State Government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the

securities market, irrespective of the amount of transaction. **Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.**

However, the exemption for the Central or State Government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN Field i.e., either Sikkim category or exempt category.

D. Joint Applications

Applications may be made in single or joint names (not exceeding three). In the case of joint Applications all interest / redemption amount payments will be made out in favour of the first Applicant. All communications will be addressed to the first named Applicant whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

E. Additional/Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs for the same or other option of NCDs, subject to a minimum Application size as specified in this Prospectus and in multiples of thereafter as specified in this Prospectus. **Any Application for an amount below the aforesaid minimum Application size will be deemed as an invalid Application and shall be rejected.** However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹5 lakh shall be deemed such individual Applicant to be an HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the Basis of Allotment to such Applicant. However, any Application made by any person in his individual capacity and an Application made by such person in his capacity as a Karta of a Hindu Undivided family and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under this Issue, Applications shall be grouped based on the PAN, i.e., Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Process for investor application submitted with UPI as mode of payment

- a. Before submission of the application with the intermediary, the investor would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).
- b. An investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchange App/ Web interface, or any other methods as may be permitted.
- c. The intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the stock exchange bidding platform using appropriate protocols.
- d. Once the bid has been entered in the bidding platform, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of investor with the depository.
- e. The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any.
- f. Once the bid details are uploaded on the Stock Exchange platform, the Stock Exchange shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next working day.
- g. Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the issuer.

- h. The Sponsor Bank shall initiate a mandate request on the investor
- i. The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.
- j. The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the public issue bid details submitted by investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the public issue.
- k. An investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next working day.

- m. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 day till 1 PM.
- n. The facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.
- o. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
- p. The information containing status of block request (e.g. accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the intermediary.
- q. The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.
- r. Post closure of the offer, the Stock Exchange shall share the bid details with RTA. Further, the Stock Exchange shall also provide the RTA, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.
- s. The allotment of NCDs shall be done as per SEBI Master Circular
- t. The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.
- u. Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.
- v. Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the investor.
- w. Thereafter, Stock Exchange will issue the listing and trading approval.
- x. Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 the investor shall also be responsible for the following:

- i. Investor shall check the Issue details before placing desired bids;
 - ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;
 - iii. The receipt of the SMS for mandate acceptance is dependent upon the system response/ integration of UPI on Debt Public Issue System;
 - iv. Investor shall accept the UPI Mandate Requests within the stipulated timeline;
 - v. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorising the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;
 - vi. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and
 - vii. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.
- y. The Investors are advised to read the operational guidelines mentioned for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 before investing through the through the app/ web interface of Stock Exchange(s).

Do's and Don'ts

Applicants are advised to take note of the following while filling and submitting the Application Form:

Do's

1. Check if you are eligible to apply as per the terms of this Prospectus and applicable law, rules, regulations, guidelines and approvals.
2. Read all the instructions carefully and complete the Application Form in the prescribed form.
3. Ensure that you have obtained all necessary approvals from the relevant statutory and/or regulatory authorities to apply for, subscribe to and/or seek Allotment of NCDs pursuant to this Issue.
4. Ensure that the DP ID, the Client ID and the PAN mentioned in the Application Form, which shall be entered into the electronic system of the Stock Exchange are correct and match with the DP ID, Client ID and PAN available in the Depository database. Ensure that the DP ID, Client ID, PAN and UPI ID (wherever applicable) are correct and the depository account is active as Allotment of the Equity Shares will be in dematerialized form only. The requirement for providing Depository Participant details is mandatory for all Applicants.
5. Ensure that you have mentioned the correct ASBA Account number (for all Applicants other than UPI Investors applying using the UPI Mechanism) in the Application Form. Further, UPI Investors using the UPI Mechanism must also mention their UPI ID.
6. UPI Investors applying using the UPI Mechanism shall ensure that the bank, with which they have their bank account, where the funds equivalent to the application amount are available for blocking, is certified by NPCI before submitting the ASBA Form to any of the Designated Intermediaries.
7. UPI Investors applying using the UPI Mechanism through the SCSBs and mobile applications shall ensure that the name of the bank appears in the list of SCSBs which are live on UPI, as displayed on the SEBI website. UPI Investors shall ensure that the name of the app and the UPI handle which is used for making the application appears on the list displayed on the SEBI website. An application made using incorrect UPI handle or using a bank account of an SCSB or bank which is not mentioned on the SEBI website is liable to be rejected.
8. Ensure that the Application Form is signed by the ASBA Account holder (or the UPI-linked bank account holder, as the case may be) in case the Applicant is not the ASBA account holder. Applicants (except UPI Investors making an Application using the UPI Mechanism) should ensure that they have an account with an SCSB and have mentioned the

correct bank account number of that SCSB in the Application Form. UPI Investors applying using the UPI Mechanism should ensure that they have mentioned the correct UPI- linked bank account number and their correct UPI ID in the Application Form.

9. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form to the respective Designated Branch of the SCSB, or to the Designated Intermediaries, as the case may be.
10. UPI Investors making an Application using the UPI Mechanism, should ensure that they approve the UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to Application Amount and subsequent debit of funds in case of Allotment, in a timely manner.
11. UPI Investors making an Application using the UPI Mechanism shall ensure that details of the Application are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI Mandate Request using their UPI PIN. Upon the authorization of the mandate using their UPI PIN, the UPI Investor may be deemed to have verified the attachment containing the application details of the UPI Investor making and Application using the UPI Mechanism in the UPI Mandate Request and have agreed to block the entire Application Amount and authorized the Sponsor Bank to issue a request to block the Application Amount mentioned in the ASBA Form in their ASBA Account.
12. UPI Investors making an Application using the UPI Mechanism should mention valid UPI ID of only the Applicants (in case of single account) and of the first Applicant (in case of joint account) in the ASBA Form.
13. UPI Investors making an Application using the UPI Mechanism, who have revised their Application subsequent to making the initial Application, should also approve the revised UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to the revised Application Amount in their account and in case of Allotment in a timely manner.
14. Ensure that the Application Forms are submitted at the Designated Branches of SCSBs or the Collection Centres provided in the Application Forms, bearing the stamp of the relevant Designated Intermediary/Designated Branch of the SCSB.
15. Before submitting the Application Form with the Designated Intermediaries ensure that the SCSB, whose name has been filled in the Application Form, has named a branch in that relevant Collection Centre.
16. Ensure that you have been given an acknowledgement as proof of having accepted the Application Form.
17. Ensure that signatures other than in the languages specified in the Eighth Schedule to the Constitution of India is attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.
18. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta. However, the PAN number of the HUF should be mentioned in the Application Form and not that of the Karta.
19. Ensure that the Applications are submitted to the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, before the closure of application hours on the Issue Closing Date. For further information on the Issue programme, please see "*General Information – Issue Programme*" on page 43.
20. **Permanent Account Number:** Except for Application (i) on behalf of the Central or State Government and officials appointed by the courts, and (ii) (subject to SEBI circular dated April 3, 2008) from the residents of the state of Sikkim, each of the Applicants should provide their PAN. Application Forms in which the PAN is not provided will be rejected. The exemption for the Central or State Government and officials appointed by the courts and for investors residing in the State of Sikkim is subject to (a) the Demographic Details received from the respective depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in "active status"; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
21. Ensure that if the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

22. All Applicants should choose the relevant option in the column “Category of Investor” in the Application Form.
23. Choose and mark the option of NCDs in the Application Form that you wish to apply for.

In terms of SEBI Circular no. CIR/CFD/DIL/1/2013 dated January 2, 2013, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for Applications.

Don'ts:

1. Do not apply for lower than the minimum Application size.
2. Do not pay the Application Amount in cash, by cheque, by money order or by postal order or by stock invest.
3. Do not send Application Forms by post. Instead submit the same to the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be.
4. Do not submit the Application Form to any non-SCSB bank or our Company.
5. Do not apply through an Application Form that does not have the stamp of the relevant Designated Intermediary or the Designated Branch of the SCSB, as the case may be.
6. Do not fill up the Application Form such that the NCDs applied for exceeds the Issue Size and/or investment limit or maximum number of NCDs that can be held under the applicable laws or regulations or maximum amount permissible under the applicable regulations.
7. Do not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.
8. Do not submit incorrect details of the DP ID, Client ID, PAN and UPI ID (wherever applicable) or provide details for a beneficiary account which is suspended or for which details cannot be verified by the Registrar to the Issue.
9. Do not submit the Application Form without ensuring that funds equivalent to the entire Application Amount are available for blocking in the relevant ASBA Account or in the case of UPI Investors making an Application using the UPI Mechanism, in the UPI-linked bank account where funds for making the Application are available.
10. Do not submit Applications on plain paper or on incomplete or illegible Application Forms.
11. Do not apply if you are not competent to contract under the Indian Contract Act, 1872.
12. Do not submit an Application in case you are not eligible to acquire NCDs under applicable law or your relevant constitutional documents or otherwise.
13. Do not submit Applications to a Designated Intermediary at a location other than Collection Centres.
14. Do not submit an Application that does not comply with the securities law of your respective jurisdiction.
15. Do not apply if you are a person ineligible to apply for NCDs under this Issue including Applications by Persons Resident Outside India, NRI (inter-alia including NRIs who are (i) based in the USA, and/or, (ii) domiciled in the USA, and/or, (iii) residents/citizens of the USA, and/or, (iv) subject to any taxation laws of the USA).
16. Do not make an Application of the NCD on multiple copies taken of a single form.
17. Payment of Application Amount in any mode other than through blocking of Application Amount in the ASBA Accounts shall not be accepted in the Issue.
18. Do not link the UPI ID with a bank account maintained with a bank that is not UPI 2.0 certified by the NPCI in case of Bids submitted by UPI Investors using the UPI Mechanism.

19. Do not submit more than five Application Forms per ASBA Account.
20. Bidding through the UPI Mechanism using the incorrect UPI handle or using a bank account of an SCSB and/or mobile applications which are not mentioned in the list provided in the SEBI.
21. If you are a Retail Individual Investor who is submitting the ASBA Application with any of the Designated Intermediaries and using your UPI ID for the purpose of blocking of funds, do not use any third party bank account or third-party linked bank account UPI ID.

Please also see “*Issue Procedure- Operational Instructions and Guidelines – Applicant’s Responsibilities*” on page 257.

Kindly note that Applications submitted to the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the Designated Intermediaries, to deposit such Application Forms (A list of such branches is available at <https://www.sebi.gov.in>).

SEBI Master Circular stipulates the time between closure of the Issue and listing at 6 (six) Working Days. In order to enable compliance with the above timelines, investors are advised to use ASBA facility only to make payment.

Please see “*Issue Procedure- Rejection of Applications*” on page 274 for information on rejection of Applications.

TERMS OF PAYMENT

The Application Forms will be uploaded onto the electronic system of the Stock Exchange and deposited with the relevant branch of the SCSB at the Collection Centres, named by such SCSB to accept such Applications from the Designated Intermediaries, as the case may be (a list of such branches is available at <https://www.sebi.gov.in>).

For Applications other than those under the UPI Mechanism, the relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the Application. For Applications under the UPI Mechanism, i.e., up to ₹5 lakh, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchange which would be shared by the Stock Exchange with the relevant Designated Intermediary through its platform, for corrections, if any. The blocking of funds in such case (not exceeding ₹5 lakh) shall happen under the UPI Mechanism.

The entire Application Amount for the NCDs is payable on Application only. The relevant SCSB shall block an amount equivalent to the entire Application Amount in the ASBA Account at the time of upload of the Application Form. In case of Allotment of lesser number of NCDs than the number applied, the Registrar to the Issue shall instruct the SCSBs or the Sponsor Bank (as the case maybe) to unblock the excess amount in the ASBA Account.

For Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application, before entering the Application into the electronic system of the Stock Exchange. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

For Applications submitted under the UPI Mechanism, post the successful validation of the UPI Mandate Request by the Applicant, the information would be electronically received by the Applicants’ bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant’s ASBA Account.

Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the Application. An Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

A UPI Investor applying through the UPI Mechanism should ensure that, they check the relevant SMS generated for the UPI Mandate Request and all other steps required for successful blocking of funds in the UPI linked bank account, which includes accepting the UPI Mandate Request by 5:00 pm on the third Working Day from the day of bidding on the Stock Exchange (except on the last day of the Issue Period, where the UPI Mandate Request not having been accepted by 5:00 pm of the next Working Day), have been completed.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs or the Sponsor Bank (in case of Applications under the UPI Mechanism) on the basis of the instructions issued in this regard by the Registrar to the respective SCSB or the Sponsor Bank, within six Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of this Issue or until rejection of the Application, as the case may be.

SUBMISSION OF COMPLETED APPLICATION FORMS

Mode of Submission of Application Forms	To whom the Application Form has to be submitted
ASBA Applications	<p>(i) If using <u>physical Application Form</u>, (a) to the Designated Intermediaries at relevant Collection Centres, or (b) to the Designated Branches of the SCSBs where the ASBA Account is maintained; or</p> <p>(ii) If using <u>electronic Application Form</u>, to the SCSBs, electronically through internet banking facility, if available.</p>
Applications under the UPI Mechanism	<p>(i) Through the Designated Intermediary, physically or electronically, as applicable; or</p> <p>(ii) Through BSE Direct.</p>

No separate receipts will be issued for the Application Amount payable on submission of Application Form. However, the Designated Intermediaries will acknowledge the receipt of the Application Forms by stamping the date and returning to the Applicants an Acknowledgement Slips which will serve as a duplicate Application Form for the records of the Applicant.

Electronic Registration of Applications

- (a) The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications (including those under the UPI Mechanism) using the on-line facilities of the Stock Exchange. The Members of Syndicate, our Company and the Registrar to the Issue or the Lead Manager is not responsible for any acts, mistakes or errors or omission and commissions in relation to, (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) with respect to Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts, (v) any Applications accepted and uploaded and/or not uploaded by the Trading Members of the Stock Exchange or (vi) any Application made under the UPI Mechanism, accepted or uploaded or failed to be uploaded by a Designated Intermediary or through the app/web based interface of the Stock Exchange and the corresponding failure for blocking of funds under the UPI Mechanism.

In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchange. However, the option, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated Branches of the SCSBs in the data entries as such data entries will be considered for Allotment/rejection of Application.

- (b) The Stock Exchange will offer an electronic facility for registering Applications for this Issue. This facility will be available on the terminals of Designated Intermediaries and the SCSBs during the Issue Period. The Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on this Issue Closing Date. On the Issue Closing Date, the Designated Intermediaries and the Designated Branches of the SCSBs shall upload the Applications till such time as may be permitted by the Stock Exchange. This information will be available with the Designated Intermediaries and the Designated Branches of the SCSBs on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Issue programme, please see “General Information – Issue Programme” on

page 43.

(c) With respect to Applications submitted directly to the SCSBs at the time of registering each Application, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:

- Price per NCD
- Bank code for the SCSB where the ASBA Account is maintained
- Bank account number
- Location
- Application amount

(e) A system generated acknowledgement (TRS) will be given to the Applicant as a proof of the registration of each

Application. It is the Applicant's responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be. The registration of the Application by the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be, does not guarantee that the NCDs shall be allocated/ Allotted by our Company. The acknowledgement will be non-negotiable and by itself will not create any obligation of any kind.

- (f) Applications can be rejected on the technical grounds listed below or if all required information is not provided or the Application Form is incomplete in any respect.
- (g) The permission given by the Stock Exchange to use its network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the Lead Manager are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchange
- (h) **Only Applications that are uploaded on the online system of the Stock Exchange shall be considered for allocation/ Allotment.** The Designated Intermediaries and the Designated Branches of the SCSBs shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchange. In order that the data so captured is accurate the Designated Intermediaries and the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

For information on certain procedures to be carried out by the Registrar to the Issue for finalization of the Basis of Allotment, please see "*Information for Applicants*" below.

Information for Applicants

Upon the closure of the Issue, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchange and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID, UPI ID (where applicable) and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database and prepare list of technical rejection cases. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such Applications or treat such Applications as rejected.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship).

In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Mode of making refunds

The Registrar shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within 5 (five) Working Days of the Issue Closing Date.

Our Company and the Registrar shall credit the allotted NCDs to the respective beneficiary accounts, within 5 (five) Working

Days from the Issue Closing Date.

Further,

- a. Allotment of NCDs in the Issue shall be made within a time period of 4 (four) Working Days from the Issue Closing Date;
- b. Credit to dematerialised accounts will be given within one Working Day from the Date of Allotment;
- c. Interest at a rate of 15% per annum will be paid if the Allotment has not been made and/or the refund has not been effected within 5 (five) Working Days from the Issue Closing Date, for the delay beyond 5 (five) Working Days; and
- d. Our Company will provide adequate funds to the Registrar for this purpose

BASIS OF ALLOTMENT

Basis of Allotment for NCDs

The Registrar will aggregate the Applications, based on the applications received through an electronic book from the Stock Exchange and determine the valid Application for the purpose of drawing the basis of allocation.

Allocation Ratio

The Registrar will aggregate the Applications based on the Applications received through an electronic book from the Stock Exchange and determine the valid applications for the purpose of drawing the basis of allocation. Grouping of the application received will be then done in the following manner:

Grouping of Applications and Allocation Ratio: Applications received from various applicants shall be grouped together on the following basis:

- (a) *Applications received from Category I applicants*: Applications received from Category I, shall be grouped together, (***“Institutional Portion”***);
- (b) *Applications received from Category II applicants*: Applications received from Category II, shall be grouped together, (***“Non-Institutional Portion”***);
- (c) *Applications received from Category III applicants*: Applications received from Category III, shall be grouped together, (***“Retail Individual Portion”***).

For removal of doubt, ***“Institutional Portion”***, ***“Non-Institutional Portion”*** and ***“Retail Individual Portion”*** are individually referred to as ***“Portion”*** and collectively referred to as ***“Portions”***.

For the purposes of determining the number of NCDs available for allocation to each of the abovementioned Portions, our Company shall have the discretion of determining the number of NCDs to be Allotted over and above the Base Issue Size, in case our Company opts to retain any oversubscription in the Issue up to ₹5,000 lakh. The aggregate value of NCDs decided to be allotted over and above the Base Issue Size, (in case our Company opts to retain any oversubscription in the Issue), and/or the aggregate value of NCDs up to the Base Issue Size shall be collectively termed as the ***“Overall Issue Size”***.

Basis of Allotment for NCDs

Allotments in the first instance:

- (i) Applicants belonging to the Category I, in the first instance, will be allocated NCDs up to 10% of overall Issue Size on first come first serve basis (determined on the basis of date of receipt of each Application duly acknowledged by the Lead Manager and their respective affiliates/SCSB (Designated Branch or online acknowledgement));
- (ii) Applicants belonging to the Category II, in the first instance, will be allocated NCDs up to 40% of Overall Issue Size on first come first serve basis (determined on the basis of date of receipt of each Application duly acknowledged by the Members of the Syndicate/Trading Members/SCSB (Designated Branch or online acknowledgement));

- (iii) Applicants belonging to the Category III, in the first instance, will be allocated NCDs up to 50% of Overall Issue Size on first come first serve basis (determined on the basis of date of receipt of each Application duly acknowledged by the Members of the Syndicate/Trading Members/SCSB (Designated Branch or online acknowledgement));

Allotments, in consultation with the Designated Stock Exchange, shall be made on date priority basis i.e., a first-come first-serve basis, based on the date of upload of each Application in to the electronic book with Stock Exchange, in each Portion subject to the Allocation Ratio. However, on the date of oversubscription, the Allotments would be made to the Applicants on proportionate basis.

- (a) Under Subscription:

Under subscription, if any, in any Portion, priority in Allotments will be given in the following order:

- (i) Individual Portion
- (ii) Non-Institutional Portion and Resident Indian individuals and Hindu undivided families through the Karta applying who apply for NCDs aggregating to a value exceeding ₹ 5 lakh;
- (iii) Institutional Portion
- (iv) on a first come first serve basis.

Within each Portion, priority in Allotments will be given on a first-come-first-serve basis, based on the date of upload of each Application into the electronic system of the Stock Exchange.

For each Portion, all Applications uploaded into the electronic book with the Stock Exchange would be treated at par with each other. Allotment would be on proportionate basis, where Applications uploaded into the Platform of the Stock Exchange on a particular date exceeds NCDs to be allotted for each Portion, respectively.

Minimum allotment of 10 NCD and in multiples of 1 (one) NCD thereafter would be made in case of each valid Application.

- (b) Allotments in case of oversubscription:

In case of an oversubscription, Allotments to the maximum extent, as possible, will be made on a first-come first-serve basis and thereafter on proportionate basis, i.e. full Allotment of NCDs to the valid Applicants on a first come first serve basis for forms uploaded up to 5 pm of the date falling 1 (one) day prior to the date of oversubscription and proportionate allotment of NCDs to the valid Applicants on the date of oversubscription (based on the date of upload of the Application on the Stock Exchange Platform, in each Portion). In case of over subscription on date of opening of the Issue, the Allotment shall be made on a proportionate basis. Applications received for the NCDs after the date of oversubscription will not be considered for Allotment.

In view of the same, the Investors are advised to refer to the Stock Exchange website at www.bseindia.com for details in respect of subscription.

- (c) Proportionate Allotments: For each Portion, on the date of oversubscription:

- (i) Allotments to the Applicants shall be made in proportion to their respective Application size, rounded off to the nearest integer;
- (ii) If the process of rounding off to the nearest integer results in the actual allocation of NCDs being higher than the Issue Size, not all Applicants will be allotted the number of NCDs arrived at after such rounding off. Rather, each Applicant whose Allotment size, prior to rounding off, had the highest decimal point would be given preference;
- (iii) In the event, there are more than one Applicant whose entitlement remain equal after the manner of distribution referred to above, our Company will ensure that the Basis of Allotment is finalised by draw of lots in a fair and equitable manner; and
- (iv) The total Allotment under Series I to Series VII of the NCDs shall not exceed a value more than ₹ 10,000 lakh.

- (d) Applicant applying for more than one Series of NCDs:

If an Applicant has applied for more than one Series of NCDs, and in case such Applicant is entitled to allocation of only a part of the aggregate number of NCDs applied for due to such Applications received on the date of oversubscription, the option-wise allocation of NCDs to such Applicants shall be in proportion to the number of NCDs with respect to each option, applied for by such Applicant, subject to rounding off to the nearest integer, as appropriate in consultation with Lead Manager and Designated Stock Exchange.

In cases of odd proportion for Allotment made, our Company in consultation with the Lead Manager will Allot the residual NCD (s) in the following order:

- (i) first with monthly interest payment in decreasing order of tenor i.e., Series VI, IV, II and I;
- (ii) followed by payment on cumulative options in decreasing order of tenor i.e., Series VII, V and III.

Hence using the above procedure, the order of Allotment for the residual NCD(s) will be: Series VI, IV, II, I and VII, V and III.

All decisions pertaining to the Basis of Allotment of NCDs pursuant to the Issue shall be taken by our Company in consultation with the Lead Manager, and the Designated Stock Exchange and in compliance with the aforementioned provisions of this Prospectus.

Our Company would allot Series I NCDs to all valid applications, wherein the Applicants have not indicated their choice of the relevant options of the NCDs.

Valid applications where the Application Amount received does not tally with or is less than the amount equivalent to value of number of NCDs applied for, may be considered for Allotment, to the extent of the Application Amount paid rounded down to the nearest ₹1,000 in accordance with the pecking order mentioned above.

Retention of oversubscription

Our Company shall have an option to retain over-subscription up to the Issue limit.

Unblocking of Funds for withdrawn, rejected or unsuccessful or partially successful Applications

The Registrar shall, pursuant to preparation of Basis of Allotment, instruct the relevant SCSB or the Sponsor Bank (for Applications under the UPI Mechanism), as applicable, to unblock the funds in the relevant ASBA Account/UPI linked bank account, for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

ISSUANCE OF ALLOTMENT ADVICE

Our Company shall ensure dispatch/and/or mail the Allotment Advice within 6 (six) Working Days of the Issue Closing Date to the Applicants. The Allotment Advice for successful Applicants will be mailed to their addresses as per the Demographic Details received from the Depositories. Instructions for credit of NCDs to the beneficiary account with Depository Participants shall be made within 6 (six) Working Days of the Issue Closing Date.

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities for commencement of trading at the Stock Exchange where the NCDs are proposed to be listed are taken within six Working Days from the Issue Closing Date.

OTHER INFORMATION

Withdrawal of Applications during the Issue Period

Applicants can withdraw their Applications until the Issue Closing Date. In case an Applicant wishes to withdraw the Application during the Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite.

In case of Applications (other than under the UPI Mechanism) were submitted to the Designated Intermediaries, upon receipt of the request for withdrawal from the Applicant, the relevant Designated Intermediary, as the case may be, shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and intimating the Designated Branch of the SCSB unblock of the funds blocked in the ASBA Account at the time of making the Application. In case of Applications (other than under the UPI Mechanism) submitted directly to the Designated Branch of the SCSB, upon receipt of the request for withdraw from the Applicant, the relevant Designated Branch shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchange and unblocking of the funds in the ASBA Account, directly.

Withdrawal of Applications after the Issue Period

In case an Applicant wishes to withdraw the Application after the Issue Closing Date or early closure date, the same can be done by submitting a withdrawal request to the Registrar to the Issue prior to the finalisation of the Basis of Allotment.

Revision of Applications

As per the notice No: 20120831-22 dated August 31, 2012 issued by the BSE, cancellation of one or more orders (series) within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. Please note that in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchange, by submitting a written request to the Designated Intermediary and the Designated Branch of the SCSBs, as the case may be. For Applications made under the UPI Mechanism, an Applicant shall not be allowed to add or modify the details of the Application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the Applicant may withdraw the Application and reapply.

However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/ modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchange as per the procedures and requirements prescribed by the Stock Exchange, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on the Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries and/ or the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL. Please also see, “*Issue Procedure - Operational Instructions and Guidelines – Modification and cancellation of orders*” on page 256.

Depository Arrangements

We have made depository arrangements with NSDL and CDSL. Please note that Tripartite Agreements have been executed between our Company, the Registrar and both the depositories.

As per the provisions of the Depositories Act, 1996, the NCDs issued by us can be held in a dematerialised form. In this context:

- (i) Tripartite agreement dated January 30, 2014 among our Company, the Registrar and CDSL and tripartite agreement dated February 5, 2014 among our Company, the Registrar and NSDL, respectively for offering depository option to the investors.
- (ii) An Applicant must have at least one beneficiary account with any of the Depository Participants (DPs) of NSDL or CDSL prior to making the Application.

- (iii) The Applicant must necessarily provide the DP ID and Client ID details in the Application Form.
- (iv) NCDs Allotted to an Applicant in the electronic form will be credited directly to the Applicant's respective beneficiary account(s) with the DP.
- (v) Non-transferable Allotment Advice will be directly sent to the Applicant by the Registrar to this Issue.
- (vi) It may be noted that NCDs in electronic form can be traded only on the Stock Exchange having electronic connectivity with NSDL or CDSL. The Stock Exchange has connectivity with NSDL and CDSL.
- (vii) Interest or other benefits with respect to the NCDs held in dematerialised form would be paid to those Debenture Holders whose names appear on the list of beneficial owners given by the Depositories to us as on Record Date. In case of those NCDs for which the beneficial owner is not identified by the Depository as on the Record Date/ book closure date, we would keep in abeyance the payment of interest or other benefits, till such time that the beneficial owner is identified by the Depository and conveyed to us, whereupon the interest or benefits will be paid to the beneficiaries, as identified, within a period of 30 days.
- (viii) The trading of the Secured NCDs on the floor of the Stock Exchange shall be in dematerialized form only.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable premium and interest for such NCDs) prior to redemption of the NCDs.

PLEASE NOTE THAT TRADING OF NCDs ON THE FLOOR OF THE STOCK EXCHANGE SHALL BE IN DEMATERIALISED FORM ONLY IN MULTIPLE OF ONE NCD.

Allottees will have the option to re-materialize the NCDs Allotted under the Issue as per the provisions of the Companies Act, 2013 and the Depositories Act.

Communications

All future communications in connection with Applications made in this Issue (except the Applications made through the Trading Members of the Stock Exchange) should be addressed to the Registrar to the Issue, quoting the full name of the sole or first Applicant, Application Form number, Applicant's DP ID and Client ID, Applicant's PAN, number of NCDs applied for, ASBA Account number in which the amount equivalent to the Application Amount was blocked or the UPI ID (for UPI Investors who make the payment of Application Amount through the UPI Mechanism), date of the Application Form, name and address of the Designated Intermediary or Designated Branch of the SCSBs, as the case may be, where the Application was submitted.

Applicants may contact our Compliance Officer and Company Secretary or the Registrar to the Issue in case of any pre-Issue or post-Issue related problems such as non-receipt of Allotment Advice or credit of NCDs in the respective beneficiary accounts, as the case may be.

SHARE CAPITAL AND VARIATION OF RIGHTS

5. (a) The Authorised Share Capital of the Company shall be as per paragraph V of the Memorandum of Association of the Company with rights to alter the same in whatever way as deemed fit by the Company. The Company may increase the Authorised Capital which may consist of Equity and / or Preference Shares as the Company in General Meeting may determine in accordance with the law for the time being in force relating to Companies with power to increase or reduce such capital from time to time in accordance with the Regulations of the Company and the legislative provisions for the time being in force in this behalf and with power to divide the shares in the Capital for the time being into Equity Share Capital or Preference Share Capital and to attach thereto respectively any preferential, qualified or special rights, privileges or conditions and to vary, modify and abrogate the same in such manner as may be determined by or in accordance with these presents.
- (b) Subject to the rights of the holders of any other shares entitled by the terms of issue to preferential repayment over the equity shares in the event of winding up of the Company, the holders of the equity shares shall be entitled to be repaid the amounts of capital paid up or credited as paid up on such equity shares and all surplus assets thereafter shall belong to the holders of the equity shares in proportion to the amount paid up or credited as paid up on such equity shares respectively at the commencement of the winding up.

INCREASE REDUCTION AND ALTERATION OF CAPITAL

6. The Company may from time to time in General Meeting increase its Share Capital by the issue of new shares of such amounts as it thinks expedient.

On what conditions the new shares may be issued

- (a) Subject to the provisions of sections 80, 81 and 85 to 90 of the Act, the new shares shall be issued upon such terms and conditions and with such rights and privileges annexed thereto by the General Meeting creating the same as shall be directed and if no direction be given as the Directors shall determine and in particular such shares may be issued subject to the provisions of the said sections with a preferential or qualified right to dividends and in distribution of assets of the Company and subject to the provisions of the said sections with special or without any right of voting and subject to the provisions of Section 80 of the Act any preference shares may be issued on the terms that they are or at the option of the Company are liable to be redeemed.

Further issue of Shares

- (b) Where at any time after the expiry of two years from the formation of a Company or at any time after the expiry of one year from the allotment of shares in that Company made for the first time after its formation, whichever is earlier, it is proposed to increase the subscribed capital of the Company by allotment of further shares either out of the unissued capital or out of the increased share capital, then

- (i) such further shares shall be offered to the persons who at the date of offer, are holders of the equity shares of the Company, in proportion, as nearly as circumstances admit, to the Capital paid up on those shares at that date.
 - (ii) the offer aforesaid shall be made by a notice specifying the number of shares offered and limiting a time not being less than thirty days from the date of the offer within which the offer, if not accepted, will be deemed to have been declined.
 - (iii) unless the articles of the company otherwise provide, the offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person; and the notice referred to in clause (b) shall contain a statement of this right. PROVIDED THAT the directors may decline, without assigning any reason to allot any shares to any person in whose favour any member may renounce the shares offered to him.
 - (iv) after the expiry of the time specified in the notice aforesaid or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the shares offered, the Board of directors may dispose of them in such manner as they think most beneficial to the Company.
- (c) Notwithstanding anything contained in the preceding sub-clause (1), the further shares aforesaid may be offered to any persons whether or not those persons include the persons referred to in clause (a) of sub-section (1) in any manner whatsoever:-
- (i) if a special resolution to that effect is passed by the company in general meeting, or
 - (ii) where no such special resolution is passed if the votes cast (whether on a show of hands or on a poll, as the case may be) in favour of the proposal contained in the resolution moved in that General Meeting (including the casting vote, if any, of the Chairman) by members who, being entitled so to do, vote in person, or where proxies are allowed, by proxy, exceed the votes, if any, cast against the proposal by members so entitled and voting and the Central Government is satisfied, on an application made by the Board of Directors in this behalf, that the proposal is most beneficial to the Company.
- (d) Nothing in clause (c) of sub-section (1) shall be deemed -
- (i) to extend the time within which the offer should be accepted, or
 - (ii) to authorise any person to exercise the right of renunciation for a second time, on the ground that the person in whose favour the renunciation was first made has declined to take the shares comprised in the renunciation.
- (e) Nothing in this article shall apply -
- to the increase of the subscribed capital of the company caused by the exercise of an option attached to debentures issued or loans raised by the company -
- (i) to convert such debentures or loans into shares in the company, or
 - (ii) to subscribe for shares in the company; (Whether such option is conferred in these Articles or otherwise.
- Provided that the terms of issue of such debentures or the terms of such loans include a term providing for such option and such term:
- (a) either has been approved by the Central Government before the issue of debentures or the raising of the loans, or is in conformity with the rules 197, if any, made by that Government in this behalf; and
 - (b) in the case of debentures or loans other than debentures issued to, or loans obtained from, the Government or any institution specified by the Central Government in this behalf, has also been approved by a special resolution passed by the company in general meeting before the issue of the debentures or the raising of the loans.

Shares at the disposal of the Directors

- (e) Subject to the provisions of Section 81 of the Act and these Articles, the shares in the capital of the company for the time being shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par or (subject to the compliance with the provision of Section 79 of the Act) at a discount and at such time as they may from time to time think fit and with the sanction of the company in the General Meeting to give to any person or persons the option or right to call for any shares either at par or premium during such time and for such consideration as the Directors think fit and may issue and allot shares in the capital of the company on payment in full or part of any property sold and transferred or for any services rendered which may so be allotted may be issued

as fully paid up shares and if so issued, shall be deemed to be fully paid shares. Provided that option or right to call of shares shall not be given to any person or persons without the sanction of the company in the General Meeting.

Same as Original Capital

- (f) Except so far as otherwise provided by the conditions of issue or by these presents, any Capital raised by the creation of new shares shall be considered as part of the original Capital and shall be subject to the provisions herein contained with reference to the payment of calls, installments, transfers, transmission, forfeiture, lien, surrender, voting and otherwise.

Power to issue Redeemable Preference Shares

7. (a) Subject to the provisions of Section 80 of the Act and subject to the provisions on which any shares may have been issued, the Company may issue preference shares which are or at the option of the Company are liable to be redeemed;

Provided that :

- (i) no such shares shall be redeemed except out of the profits of the Company which would otherwise be available for dividend or out of the proceeds of a fresh issue of Shares made for the purpose of redemption;
 - (ii) no such shares shall be redeemed unless they are fully paid;
 - (iii) the premium, if any, payable on redemption shall have been provided for out of the profits of the Company or out of the Company's Share Premium Account before the shares are redeemed.
 - (iv) where any such shares are redeemed otherwise than out of the proceeds of a fresh issue, there shall, out of profits which would otherwise have been available for dividend, be transferred to a Reserve Fund, to be called "the Capital Redemption Reserve Account", a sum equal to the nominal amount of the shares redeemed; and the provisions of the Act relating to the reduction of the Share Capital of the Company shall, except as provided in Section 80 of the Act, apply as if the Capital Redemption Reserve Account were paid up Share Capital of the Company.
- (b) Subject to the provisions of Section 80 of the Act and subject to the provisions on which any shares may have been issued, the redemption of preference shares may be effected on such terms and in such manner as may be provided in these Articles or by the terms and conditions of their issue and subject thereto in such manner as the Directors may think fit.
- (c) The redemption of preference shares under these provisions by the Company shall not be taken as reducing the amount of its Authorised Share Capital.
- (d) Where in pursuance of this Article, the Company has redeemed or is about to redeem any preference shares, it shall have power to issue shares upto the nominal amount of the shares redeemed or to be redeemed as if those shares had never been issued; and accordingly the Share Capital of the Company shall not, for the purpose of calculating the fees payable under Section 611 of the Act, be deemed to be increased by the issue of shares in pursuance of this clause.

Provided that where new shares are issued before the redemption of the old shares, the new shares shall not so far as relates to stamp duty be deemed to have been issued in pursuance of this clause unless the old shares are redeemed within one month after the issue of the new shares.

- (e) The Capital Redemption Reserve Account may, notwithstanding anything in this Article, be applied by the Company, in paying up unissued shares of the Company to be issued to members of the Company as fully paid up bonus shares.

Provision in case of Redemption of preference shares

8. The Company shall be at liberty at any time, either at one time or from time to time as the Company shall think fit, be giving not less than six month's previous notice in writing to the holders of the preference shares to redeem at par the whole or part of the preference shares for the time being outstanding, by payment of the nominal amount thereof with dividend calculated upto the date or dates notified for payment (and for this purpose the dividend shall be deemed to accrue and due from day to day) and in the case of redemption of part of the preference shares the following provisions shall take effect :
- (a) The shares to be redeemed shall be determined by drawing of lots which the Company shall cause to be made at its Registered Office in the presence of one Director at least; and

- (b) Forthwith after every such drawing, the Company shall notify the shareholders whose shares have been drawn for redemption its intention to redeem such shares by payment at the Registered Office of the Company at the time and on the date to be named against surrender of the Certificates in respect of the shares to be so redeemed and at the time and date so notified each such shareholder shall be bound to surrender to the Company the Share Certificates in respect of the Shares to be redeemed and thereupon the Company shall pay the amount payable to such shareholders in respect of such redemption. The Shares to be redeemed shall cease to carry dividend from the date named for payment as aforesaid, where any such certificate comprises any shares which have not been drawn for redemption, the Company shall issue to the holder thereof a fresh certificate therefore.

Reduction of Capital

9. The Company may from time to time by special resolution, subject to confirmation by the Court and subject to the provisions of Sections 78, 80 and 100 to 104 of the Act, reduce its Share Capital and any Capital Redemption Reserve Account or Premium Account in any manner for the time being authorised by law and in particular without prejudice to the generality of the foregoing power may be :

- (a) extinguishing or reducing the liability on any of its shares in respect of Share Capital not paid up;
- (b) either with or without extinguishing or reducing liability on any of its shares, cancel paid up Share Capital which is lost or is unrepresented by available assets; or
- (c) either with or without extinguishing or reducing liability on any of its shares, pay off any paid up Share Capital which is in excess of the wants of the Company;

and may, if and so far as is necessary, alter its Memorandum, by reducing the amount of its Share Capital and of its shares accordingly.

Division, Sub-Division, Consolidation, Conversion and Cancellation of Shares

10. Subject to the provisions of Section 94 of the Act, the Company in General Meeting may by an ordinary resolution alter the conditions of its Memorandum as follows, that is to say it may;

- (a) consolidate and divide all or any of its Share Capital into shares of larger amount than its existing shares;
- (b) sub-divide its shares or any of them into shares of smaller amount than originally fixed by the Memorandum subject nevertheless to the provisions of the Act in that behalf and so however that in the sub-division the proportion between the amount paid and the amount if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived and so that as between the holders of the shares resulting from such sub-division one or more of such shares may, subject to the provisions of the Act, be given any preference or advantage over the others or any other such shares;
- (c) convert, all or any of its fully paid up shares into stock, and re-convert that stock into fully paid up shares of any denomination;
- (d) cancel, shares which at the date of such General Meeting have not been taken or agreed to be taken by any person, and diminish the amount of its Share Capital by the amount of the shares so cancelled.

Notice to Register of Consolidation of Share Capital, Conversion of shares into stocks etc.

11. (a) If the Company has :
- (i) consolidated and divided its Share Capital into shares of larger amount than its existing shares;
 - (ii) converted any shares into stock;
 - (iii) reconverted any stock into shares;
 - (iv) sub-divided its share or any of them;
 - (v) redeemed any redeemable preference shares; or
 - (vi) cancelled any shares otherwise than in connection with a reduction of Share Capital under Sections 100 to 104 of the Act,
- the Company shall within one month after doing so, give notice thereof to the Registrar specifying as the case may be, the shares consolidated, divided, converted, sub-divided, redeemed or cancelled or the stocks reconverted.
- (b) The Company shall thereupon request the Registrar to record the notice and make any alterations which may be necessary in the Company's Memorandum or Articles or both.

Modifications of rights

12. If at any time the Share Capital, by reason of the issue of Preference Shares or otherwise, is divided into different classes of shares, all or any of the rights and privileges attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of Sections 106 and 107 of the Act and whether or not the Company is being wound up, be varied, modified, commuted, affected or abrogated with the consent in writing of the holders of three-fourths in nominal value of the issued shares of that class or with the sanction of a Special Resolution passed at a separate General Meeting of the holders of the shares of that class. This Article shall not derogate from any power which the Company would have if this Article were omitted. The provisions of these Articles relating to General Meetings shall mutatis mutandis apply to every such separate meeting but so that if at any adjourned meeting of such holders a quorum as defined in Article 102 is not present, those persons who are present shall be quorum.

SHARES AND CERTIFICATES

Issue of further Shares not to affect right of existing share holders

13. The rights or privileges conferred upon the holders of the shares of any class issued with preference or other rights, shall not unless otherwise be deemed to be varied or modified or affected by the creation or issue of further shares ranking pari passu therewith.

24. The money (if any) which the Board shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposit, call or otherwise in respect of any shares allotted by them, immediately, on the insertion of the name of the allottee in the Register of Members as the name of the holder of such shares, become a debt, due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.

Trusts not recognised

25. Save as herein provided, the Company shall be entitled to treat the person whose name appears on the Register of Members as the holders of any share as the absolute owner thereof, and accordingly shall not (except as ordered by a Court of Competent jurisdiction or as by law required) be bound to recognise any benami, trust of equity or equitable,

contingent, future, or partial or other claim or claims or right to or interest in such share on the part of any other person whether or not it shall have express or implied notice thereof and the provisions of Section 153 of the Act shall apply.

Issue of Certificates of Shares to be governed by Section 84 of the Act etc.

26. (a) The issue of certificates of shares or of duplicate or renewal of certificates of Shares shall be governed by the provisions of Section 84 and other provisions of the Act, as may be applicable and by the Rules or notifications or orders, if any, which may be prescribed or made by competent authority under the Act or Rules or any other law. The Directors may also comply with the provisions of such rules or regulations of any Stock Exchange where the shares of the Company may be listed for the time being.

Certificate of Shares

- (b) The Certificate of title to shares shall be issued under the Seal of the Company and shall be signed by such Directors or Officers or other authorised persons as may be prescribed by the Rules made under the Act from time to time and subject thereto shall be signed in such manner and by such persons as the Directors may determine from time to time.
- (c) The Company shall comply with all rules and regulations and other directions which may be made by any competent authority under Section 84 of the Act.

Limitation of time for issue of certificate

27. (a) Every member shall be entitled, without payment, to one or more Certificate in marketable lots, for all the shares of each class or denomination registered in his name, or if the Directors so approve (upon paying such fee as the Directors may from time to time determine) to several certificates, each for one or more of such shares and the Company shall complete and have ready for delivery such Certificates within three months from the date of allotment, unless the conditions of issue thereof otherwise provide. or within one month of the receipt of application of registration of transfer transmission, sub-division, consolidation or renewal of any of its shares as the case may be. Every certificate of shares shall be under the Seal of the Company and shall specify the number and distinctive numbers of the shares in respect of which it is issued and the amount paid up thereon and shall be in such form as the Directors may prescribe or approve provided that in respect of a Share or Shares held jointly by several persons, the Company shall not be bound to issue more than one certificate and delivery of a certificate of shares to one of several joint holders shall be sufficient delivery to all such holders.
- (b) The Company shall not entertain any application for split of share / debenture certificate for less than 10 (Ten) Equity Shares / 10 (Ten) debentures (all relating to the same series) in market lots as the case may be.

Provided however this restriction shall not apply to an application made by the existing members or debenture holders for split of share / debenture certificates with a view to make an odd lot holding into a marketable lot subject to verification by the Company.

- (c) Notwithstanding anything contained in Clause (a) above the Directors shall, however, comply with such requirements of the Stock Exchange where Shares of the Company may be listed or such requirements of any rules made under the Act or such requirements of the Securities Contracts (Regulations) Act, 1956 as may be applicable.

Issue of new Certificate in place of one defaced, lost or destroyed

28. If any certificate be worn out, defaced, mutilated or torn or if there be no further space on the back thereof for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any Certificate be lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deem adequate, being given, a new Certificate in lieu thereof shall be given to the party entitled to such lost or destroyed Certificate. Every Certificate under these Articles shall be issued without payment of fees if the Directors so decide, or on payment of such fees (not exceeding Re. 2/- for each Certificate) as the Directors shall prescribe. Provided that no fee shall be charged for issue of new certificates in replacement of those which are old, defaced or worn out or where there is no further space on the back thereof for endorsement of transfer.

Provided that notwithstanding what is stated above the Directors shall comply with such Rules or Regulations or requirements of any Stock Exchange or the Rules made under the Act or the Rules made under Securities Contracts (Regulations) Act, 1956 or any other Act, or Rules applicable in this behalf.

29. The provisions of this Article shall mutatis mutandis apply to debentures of the Company.

UNDERWRITING COMMISSION AND BROKERAGE

Power to pay certain commission and prohibition of payment of all other commission, discounts etc.

30. (A) The Company may pay a commission to any person in consideration of :
- (i) his subscribing or agreeing to subscribe whether absolutely or conditionally, for any shares in or debentures of the Company, subject to the restrictions specified in sub-section (4A) of Section 76 of the Act, or
 - (ii) his procuring or agreeing to procure subscriptions, whether absolute or conditional for any shares in or debentures of the Company, if the following conditions are fulfilled, namely :
 - (a) the commission paid or agreed to be paid does not exceed in the case of shares, five percent of the price at which the shares are issued and in the case of debentures, two and half percent of the price at which the debentures are issued;
 - (b) the amount or rate percent of the commission paid or agreed to be paid on shares or debentures offered to the public for subscription, is disclosed in the Prospectus, and in the case of shares or debentures not offered to the public for subscription, is disclosed in the Statement in lieu of Prospectus and filed before the payment of the commission with the Registrar, and where a circular or notice, not being a Prospectus inviting subscription for the shares or debentures is issued is also disclosed in that circular or notice;
 - (c) the number of shares or debentures which such persons have agreed for a commission to subscribe, absolutely or conditionally is disclosed in the manner aforesaid and
 - (d) a copy of the contract for the payment of commission is delivered to the Registrar at the time of delivery of the prospectus or the statement in lieu of prospectus for registration.
- (B) Save as aforesaid and save as provided in Section 79 of the Act, the Company shall not allot any of its shares or debentures or apply any of its moneys, either directly or indirectly, in payment of any commission, discount or allowance, to any person in consideration of :
- (i) his subscribing or agreeing to subscribe, whether absolutely or conditionally, for any shares in, or debentures of the Company or;
 - (ii) his procuring or agreeing to procure subscriptions, whether absolutely or conditionally, for any shares in, or debentures of the Company whether the shares, debentures or money be so allotted or applied by, being added to the purchase money of any property acquired by the Company or to the contract price of any work to be executed for the Company or the money be paid out of the nominal purchase money or contract price, or otherwise.
- (C) Nothing in this Article shall affect the power of the Company to pay such brokerage as it has hereto before been lawful for the Company to pay.
- (D) A vendor to, promoter of, or other person who receives payment in shares, debentures or money from the Company shall have and shall be deemed always to have had power to apply any part of the shares, debentures or money so received for payment of any commission, the payment of which, if made directly by the Company would have been legal under Section 76 of the Act.
- (E) The commission may be paid or satisfied (subject to the provisions of the Act and these Articles) in cash, or in shares, debentures or debenture-stocks of the Company.

CALLS

Directors may make Calls

31. The Directors may from time to time and subject to Section 91 of the Act and subject to the terms on which any shares / debentures may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board (and not by circular resolution) make such calls as they think fit upon the members / debenture holders in respect of all moneys unpaid on the shares / debentures held by them respectively and such members / debenture holders shall pay the amount of every call so made on him to the persons and at the times and place appointed by the Directors. A Call may be made payable by installments. A call may be postponed or revoked as the Board may determine. The option or right to call of shares shall not be given to any of the person except with the sanction of the Issuer in general meeting.

Calls to date from resolution

32. A call shall be deemed to have been made at the time when the resolution of the Directors authorising such Call was passed and may be made payable by members / debenture holders on a subsequent day to be specified by the Directors.

Notice of Call

33. Thirty days notice in writing shall be given by the Company of every calls made payable otherwise than on allotment specifying the time and place of payment provided that before the time of payment of such call, the Directors may by notice in writing to the members / debenture holders revoke the same.

Directors may extend time

34. The Directors may, from time to time, at their discretion, extend the time fixed for the payment of any call, and may extend such time as to all or any of the members / debenture holders who from residence at a distance or other cause, the Directors may deem fairly entitled to such extension, but no member / debenture holder shall be entitled to such extension, save as a matter of grace and favour.

Sums deemed to be Calls

35. Any sum, which by the terms of issue of a share / debenture becomes payable on allotment or at any fixed date whether on account of the nominal value of the share / debenture or by way of premium, shall for the purposes of these Articles be deemed to be a Call duly made and payable on the date on which by the terms of issue the same becomes payable, and in case of non-payment, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise, shall apply as if such sum had become payable by virtue of a Call duly made and notified.

Installments on shares to be duly paid

36. If by the condition of allotment of any shares the whole or part of the amount of issue price thereof shall be payable by installments, every such installment shall, when due, be paid to the Company by the person who, for the time being and from time to time, shall be the registered holder of the share or his legal representative.

Calls on shares of the same class to be made on uniform basis

37. Where any calls for further Share Capital are made on shares, such calls shall be made on a uniform basis on all shares falling under the same class.

Explanation : For the purpose of this provision, shares of the same nominal value on which different amount have been paid up shall not be deemed to fall under the same class.

Liability of joint holders of shares

38. The joint holders of a share shall be severally as well as jointly liable for the payment of all installments and calls due in respect of such shares.

When interest on call or installment payable

39. If the sum payable in respect of any call or installment be not paid on or before the day appointed for payment thereof or any such extension thereof, the holder for the time being or allottee of the share in respect of which a call shall have been made or the installment shall be due, shall pay interest as shall be fixed by the Board from the day appointed for the payment thereof or any such extension thereof to time of actual payment but the Directors may waive payment of such interest wholly or in part.

Partial payment not to preclude forfeiture

40. Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time to time be due from any member in respect of any shares either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any such money shall preclude the forfeiture of such shares as herein provided.

Proof on trial of suits for money due on shares

41. On the trial or hearing of any action or suit brought by the Company against any member or his legal representative for the recovery of any money claimed to be due to the Company in respect of any shares it shall be sufficient to prove that the name of the member in respect of whose shares the money is sought to be recovered appears in the Register of Members as the holder or one of the holders, at or subsequent to the date at which the money sought to be recovered is alleged to have become due of the shares in respect of which such money is sought to be recovered, and that the resolution making the call is duly recorded in the Minutes Book; and that the notice of such call was duly given to the member or his representatives, sued in pursuance of these presents; and it shall not be necessary to prove the appointment of the Directors who made such calls nor that a quorum of Directors was present at the Board at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.

Payment in anticipation of calls may carry Interest

42. (a) The Directors may, if they think fit, subject to the provisions of Section 92 of the Act, agree to and receive from any member willing to advance the same whole or any part of the money due upon the shares held by him beyond the sum actually called for, and upon the amount so paid or satisfied in advance, or so much thereof as from time to time exceeds the amount of the calls then made upon the shares in respect of which such advance has been made, the Company may pay interest at such rate, as the member paying such sum in advance and the Directors agree upon provided that money paid in advance of calls shall not confer a right to participate in profits or dividends. The Directors may at any time repay the amount so advanced.
- (b) The member shall not be entitled to any voting rights in respect of the moneys so paid by him until the same would but for such payment, become presently payable.
43. The provisions of these Articles shall mutatis mutandis apply to the calls on debentures of the Company.

LIEN

Company's lien on Shares/Debentures

44. The Company shall have first and paramount lien upon all the shares / debentures (other than fully paid up shares / debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares / debentures and no equitable interest in any shares / debentures shall be created except upon the footing and condition that this Article will have full effect. And such lien shall extend to all dividends and bonus from time to time declared in respect of such shares / debentures. Unless otherwise agreed the registration of a transfer of shares / debentures shall operate as a waiver of the Company's lien if any on such shares / debentures. The Directors may at any time declare any shares / debentures wholly or in part to be exempt from the provisions of this Clause. That fully paid shares shall be free from all lien and that in the case of partly paid shares the Issuer's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares.

As to enforcing lien by sale

45. For the purpose of enforcing such lien, the Board may sell the shares / debentures subject thereto in such manner as they shall think fit, and for that purpose may cause to be issued a duplicate certificate in respect of such shares and / or debentures and may authorise one of their member or appoint any officer or agent to execute a transfer thereof on behalf of and in the name of such member / debenture holder. No sale shall be made until such period, as may be stipulated by the Board from time to time, and until notice in writing of the intention to sell shall have been served on such member and / or debenture holder or his legal representatives and default shall have been made by him or them in payment, fulfillment, or discharge of such debts, liabilities or engagements for fourteen days after such notice.

Application of proceeds of sale

46. (a) The net proceeds of any such sale shall be received by the Company and applied in or towards payment of such part of the amount in respect of which the lien exists as is presently payable and the residue if any, shall (subject to a like lien for sums not presently payable as existed upon the shares before the sale) be paid to the persons entitled to the shares and / or debentures at the date of the sale.

Outsiders lien not to affect Company's lien

- (b) The Company shall be entitled to treat the registered holder of any share or debenture as the absolute owner thereof and accordingly shall not (except as ordered by a Court of Competent jurisdiction or by statute required) be bound to recognise equitable or other claim to, or interest in, such shares or debentures on the part of any other person. The Company's lien shall prevail notwithstanding that it has received notice of any such claims.

COMMISSION ON SHARES

The Director may at any time pay a commission to any person for subscribing or agreeing to subscribe whether absolutely or conditionally or agreeing to subscribe whether absolutely or conditionally for any shares, debentures in the Company, but so that if the commission in respect of shares shall be paid out of capital, the statutory conditions and requirement shall be observed and complied with. The rate of commission shall not exceed 5 percent on the shares or 2.5 percent on debentures subscribed. The commission may be paid or satisfied in cash or shares or debenture of the Company.

FORFEITURE

If call or installment not paid notice must be given

47. (a) If any member or debenture holder fails to pay the whole or any part of any call or installment or any money due in respect of any shares or debentures either by way of principal or interest on or before the day appointed for the

payment of the same or any such extension thereof as aforesaid, the Directors may at any time thereafter, during such time as the call or any installment or any part thereof or other moneys remain unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on such member or debenture holder or on the person (if any) entitled to the share by transmission requiring him to pay such call or installment or such part thereof or other moneys as remain unpaid together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non payment.

Form of Notice

- (b) The notice shall name a day not being less than One Month from the date of the notice and a place or places, on and at which such call, or installment or such part or other moneys as aforesaid and such interest and expenses as aforesaid are to be paid. The notice shall also state that in the event of non payment of call amount with interest at or before the time and at the place appointed, the shares or debentures in respect of which the call was made or installment or such part or other moneys is or are payable will be liable to be forfeited.

In default of payment shares or debentures to be forfeited

- 48. If the requirements of any such notice as aforesaid are not complied with any share / debenture in respect of which such notice has been given, may at any time thereafter before payment of all calls or installments, interest and expenses or other moneys due in respect thereof, be forfeited by a resolution of the Directors to that effect. Neither the receipt by the Company of a portion of any money which shall from time to time be due from any member of the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company, in respect of the payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as herein provided. Such forfeiture shall include all dividends declared or interest paid or any other moneys payable in respect of the forfeited shares or debentures and not actual paid before the forfeiture.

Entry of forfeiture in Register of members/debenture holders

- 49. - 61. Every such instrument of transfer shall be signed both by the transferor and transferee and the transferor shall be deemed to remain the holder of such share until the name of the transferee is entered in the Register of Members in respect thereof.

Directors may refuse to register transfer

- 62. (a) Subject to the provisions of Section 111 of the Act and Section 22A of the Securities Contracts (Regulation) Act, 1956, the Directors may, at their own absolute and uncontrolled discretion any by giving reasons, decline to register or acknowledge any transfer of shares whether fully paid or not and the right of refusal, shall not be affected by the circumstances that the proposed transferee is already a member of the Company but in such cases, the Directors shall within one month from the date on which the instrument of transfer was lodged with the company, send to the transferee and transferor notice of the refusal to register such transfer provided that registration of transfer shall not be refused on the ground of the transferor being either; alone or jointly with any other person or persons indebted to the company or any account whatsoever except when the company has a lien on the shares. Transfer of shares/debentures in whatever lot shall not be refused.
- (b) Nothing in Sections 108, 109 and 110 of the Act shall prejudice this power to refuse to register the transfer of, or the transmission on legal documents by operation of law of the rights to, any shares or interest of a member in, any shares or debentures of the Company.

Transfer of Shares

- 63. (a) An application of registration of the transfer of shares may be made either by the transferor or the transferee provided that where such application is made by the transferor, no registration shall in the case of partly paid shares be effected unless the Company gives notice of the application to the transferee and subject to the provisions of Clause (d) of this Article, the Company shall unless objection is made by the transferee within two weeks from the

date of receipt of the notice, enter in the Register of Members the name of the transferee in the same manner and subject to the same conditions as if the application for registration was made by the transferee.

- (b) For the purpose of clause (a) above notice to the transferee shall be deemed to have been duly given if sent by prepaid registered post to the transferee at the address given in the instrument of transfer and shall be deemed to have been duly delivered at the time at which it would have been delivered to him in the ordinary course of post.
- (c) It shall not be lawful for the Company to register a transfer of any shares unless a proper instrument of transfer duly stamped and executed by or on behalf of the transferor and by or on behalf of the transferee and specifying the name, address and occupation if any, of the transferee has been delivered to the Company along with the certificate relating to the shares and if no such certificate is in existence, along with the letter of allotment of shares. The Directors may also call for such other evidence as may reasonably be required to show the right of the transferor to make the transfer provided that where it is proved to the satisfaction of the Directors of the Company that an instrument of transfer signed by the transferor and the transferee has been lost, the Company may, if the Directors think fit, on an application in writing made by the transferee and bearing the stamp required by an instrument of transfer register the transfer on such terms as to indemnity as the Directors may think fit.
- (d) Nothing in clause (c) above shall prejudice any power of the Company to register as share holder any person to whom the right to any share has been transmitted by operation of law.
- (e) The Company shall accept all applications for transfer of shares / debentures, however, this condition shall not apply to requests received by the Company.

(A) for splitting of a share or debenture certificate into several scripts of very small denominations;

(B) proposals for transfer of shares / debentures comprised in a share / debenture certificate to several parties involving, splitting of a share / debenture certificate into small denominations and that such split / transfer appears to be unreasonable or without any genuine need.

- (ii) the transfer of the entire equity shares / debentures by an existing shareholder / debenture holder of the Company holding under one folio less than 10 (ten) Equity Shares or 10 (ten) Debentures (all relating to the same series) less than in market lots by a single transfer to a single or joint transferee.
- (iii) the transfer of not less than 10 (ten) Equity shares or 10 (ten) Debentures (all relating to the same series) in favour of the same transferee(s) under two or more transfer deeds, out of which one or more relate(s) to the transfer of less than 10 (ten) Equity Shares / 10 (ten) debentures.
- (iv) the transfer of less than 10 (ten) Equity Shares or 10 (ten) Debentures (all relating to the same series) to the existing share holder / debenture holder subject to verification by the Company.

Provided that the Board may in its absolute discretion waive the aforesaid conditions in a fit and proper case(s) and the decision of the Board shall be final in such case(s).

- (f) Nothing in this Article shall prejudice any power of the Company to refuse to register the transfer of any share. However, the registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Issuer on any account whatsoever;

Custody of Instrument of transfer

- 64. The instrument of transfer shall after registration be retained by the Company and shall remain in their custody. All instruments of transfer which the Directors may decline to register, shall on demand be returned to the persons depositing the same. The Directors may cause to be destroyed all transfer deeds lying with the Company after such period as they may determine.

Title to shares of deceased holder

67. The executors or administrators of a deceased member (not being one or two or more joint holders) or the holder of a deceased member (not being one or two or more joint holders) shall be the only persons whom the Company will be bound to recognise as having any title to the shares registered in the name of such member, and the Company shall not be bound to recognise such executors or administrators or the legal representatives unless they shall have first obtained probate or Letters of Administration or a Succession Certificate, as the case may be, from a duly constituted competent Court in India, provided that in any case where the Directors in their absolute discretion think fit, the Directors may dispense with the production of probate or Letters of Administration or a Succession Certificate upon such terms as to indemnity or otherwise as the Directors in their absolute discretion may think necessary under Article 70 register the name of any person who claims to be absolutely entitled to the shares standing in the name of a deceased member, as a member.

Registration of persons entitled to share otherwise than by transfer

68. (a) Subject to the provisions of Articles 67 and 77(d), any person becoming entitled to any share in consequence of the death, lunacy, bankruptcy or insolvency of any member or by any lawful means other than by a transfer in accordance with these presents, may with the consent of the Directors (which they shall not be under any obligation to give) upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of such titles as the Directors shall think sufficient, either be registered himself as a member in respect of such shares or elect to have some person nominated by him and approved by the Directors registered as a member in respect of such shares. Provided nevertheless that if such person shall elect to have his nominee registered he shall testify his election by executing in favour of his nominee an instrument of transfer in accordance with the provisions herein contained and until he does so, he shall not be free from any liability in respect of such shares.
- (b) A transfer of the shares or other interest in the Company of a deceased member thereof made by his legal representative shall, although the legal representative is not himself a member be as valid as if he had been a member at the time of the execution of the instrument of transfer.

‘Nomination’

- (c) (1) Every Shareholder or Debentureholder or Deposit holder of the Company, may at any time, nominate a person to whom his Shares or Debentures or Deposit shall vest in the event of his death in such manner as may be prescribed under the Act.
- (2) Where the Shares or Debentures or Deposits of the Company are held by more than one person jointly, joint holders may together nominate a person to whom all the rights in the Shares or Debentures or Deposits as the case may be shall vest in the event of death of all the joint holders in such manner as may be prescribed under Section 58A(11) and 109A of the Act.
- (3) Notwithstanding anything contained in any other law for the time being in force or in any disposition, whether testamentary or otherwise, where a nomination made in the manner aforesaid purports to confer on any person the right to vest the Shares or Debentures or Deposits, the nominee shall, on the death of the Shareholder or Debenture holder or Deposit holder, as the case may be on the death of the joint holders become entitled to all the rights in such Shares or Debentures or Deposits as the case may be, all the joint holders, in relation to such Shares or Debentures or Deposits, to the exclusion of all other persons, unless the nomination is varied or cancelled in the manner as may be prescribed under the Act.
- (4) Where the nominee is a minor, it shall be lawful for the holder of the Shares or Debentures or Deposits, to make the nomination to appoint any person to become entitled to Share in, or Debentures or Deposits of, the Company, in the manner prescribed under the Act, in the event of his death, during the minority.

‘Transmission of Shares or Debentures’

- (d) (1) A nominee, upon production of such evidence as may be required by the Board and subject to provisions of Section 109B of the Act and as hereinafter provided, elect, either –
- (a) to register himself as holder of the Share or Debenture, as the case may be; or
- (b) to make such transfer of the Share or Debenture, as the deceased Shareholder or Debenture holder, as the case may be, could have made.
- (2) if the nominee elects to be registered as holder of the Share or Debenture himself, as the case may be, he shall deliver or send to the Company, a notice in writing signed by him stating that he so elects and such notice shall be accompanied with the death certificate of the deceased Shareholder or Debenture holder, as the case may be.

- (3) a nominee shall be entitled to the share dividend and other advantages to which he would be entitled if he were the registered holder of the Share or Debenture. Provided that he shall not, before being registered as a member, be entitled to exercise any right conferred by membership in relation to meeting of the Company.

provided further that Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the Share or Debenture, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonus or other monies payable in respect of the Share or Debenture, until the requirements of the notice have been complied with.

Claimant to be entitled to same advantage

69. The person becoming entitled to a share by reason of the death, lunacy, bankruptcy or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled as if he were registered holder of the shares except that he shall not before being registered as a member in respect of the share, be entitled in respect of it, to exercise any right conferred by membership in relation to the meeting of the Company provided that the Board may at any time give notice requiring any such persons to elect either to be registered himself or to transfer shares and if the notice is not complied within sixty days, the Board may thereafter withhold payment of all dividends, interest, bonuses or other moneys payable in respect of the share unit the requirements of the notice have been complied with.

Persons entitled may receive dividend without being registered as member

70. A person entitled to a share by transmission shall, subject to the right of the Directors to retain such dividends, bonuses or moneys as hereinafter provided be entitled to receive, and may give a discharge for any dividends, bonuses or other moneys payable in respect of the share / debenture.
71. Article 70 shall not prejudice the provisions of Articles 44 and 55.

Refusal to register nominee

72. The Directors shall have the same right to refuse on legal ground to register a person entitled by transmission to any shares or his nominee as if he were the transferee named in an ordinary transfer presented for registration.

Directors may require evidence of transmission

73. Every transmission of a share shall be verified in such manner as the Directors may require, and the Company may refuse to register any such transmission until the same be so verified or until or unless an indemnity be given to the Company with regard to such registration which the Directors at their discretion shall consider sufficient, provided nevertheless that there shall not be any obligation on the Company or the Directors to accept any indemnity.

No Fees on transfer or transmission

74. No fees shall be charged for registration of transfer transmission, Probate, Succession Certificate and Letters of administration, Certificate of Death of Marriage, Power of Attorney or similar other document.

The Company not liable for disregard of a notice prohibiting registration of transfer

75. The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the said shares, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer and may have entered such notice referred thereto in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some book of the Company, but the Company shall nevertheless be at liberty to regard and attend to any such notice and give affect thereto if the Directors shall so think fit.
76. The provisions of these Articles shall mutatis mutandis apply to the transfer or transmission by operation of law, of debentures of the Company.

JOINT HOLDERS

 - (iii) the assets and liabilities of the Company;

Provided that all or any of the books of account aforesaid may be kept at such other place in India as the Board of Directors may decide and when the Board of Directors so decide, the Company shall, within seven days of the decision file with the Registrar a notice in writing giving the full address of that other place.

- (b) If the Company shall have a branch office, whether in or outside India, proper books of account relating to the transactions effected at that office shall be kept at that office and proper summarised returns made upto date at intervals of not more than three months, shall be sent by the branch office to the Company at its Registered Office or other place in India, as the Board thinks fit, where the said books of the Company are kept.

Books to give fair and true view of the Company's affairs

197. (a) All the aforesaid books shall give a fair and true view of the affairs of the Company or of its branch office, as the case may be with respect to the matters aforesaid, and explain the transactions.
- (b) The books of account shall be open to inspection by any Director during business hours as provided by Section 209 of the Act.
- (c) The books of account of the Company relating to a period of not less than eight years immediately preceding the current year together with the vouchers relevant to any entry in such books of accounts shall be preserved in good order.

Inspection by members

198. The Directors shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations the accounts, books and documents of the Company or any of them, shall be open to the inspection of the members, and no member (not being a Director) shall have any right of inspecting any account or books or documents of the Company except as conferred by statute or authorised by the Directors or by a resolution of the Company in general meeting.

Statements of Accounts to be furnished to General Meeting

199. The Board of Directors shall lay before each annual general meeting a Profit and Loss Account for the financial year of the Company and a Balance Sheet made up as at the end of the financial year which shall be a date, which shall not precede the day of the meeting by more than six months or such extended period as shall have been granted by the Registrar of Companies under the provisions of the Act.

Balance Sheet and Profit and Loss Account

200. (a) Subject to the provisions of Section 211 of the Act, every Balance Sheet and Profit and Loss Account of the Company shall be in the forms set out in parts I and II respectively of Schedule VI of the Act, or as near thereto as circumstances admit. There shall be annexed to every Balance Sheet a statement showing the bodies corporate (indicating separately the bodies corporate in the same group) in the shares of which investments have been made by it (including all investments, whether existing or not, made subsequent to the date as at which the previous Balance Sheet was made out) and the nature and extent of the investments so made in each body corporate.
- (b) So long as the Company is a holding Company having a subsidiary the Company shall conform to Section 212 and other applicable provisions of the Act.
- (c) If in the opinion of the Board, any of the current assets of the Company have not a value on realisation in the ordinary course of business at least equal to the amount at which they are stated, the fact that the Board is of that opinion shall be stated.

Authentication of Balance Sheet and Profit & Loss Account

201. (a) (i) Save as provided by item (ii) of this sub-clause every Balance Sheet and every Profit and Loss Account of the Company shall be signed on behalf of the Board of Directors by the Manager or Secretary, if any, and by not less than two Directors of the Company, one of whom shall be a Managing Director, if any.
- (ii) When only one of the Directors of the Company is for the time being in India, the Balance Sheet and the Profit and Loss Account shall be signed by such Director, but in such a case, there shall be attached to the Balance Sheet and the Profit and Loss Account a statement signed by him explaining the reason of non compliance with the provisions of the above item(i).
- (b) The Balance Sheet, and the Profit and Loss Account, shall be approved by the Board of Directors before they are signed on behalf of the Board in accordance with the provisions of this Article and before they are submitted to the auditors for their report thereon.

Profit and Loss Account to be annexed and Auditors' Report to be attached to the Balance Sheet

202. The Profit and Loss Account shall be annexed to the Balance Sheet and the Auditors' Report including the Auditors' separate, special or supplementary report, if any, shall be attached thereto.

Board's Report to be attached to Balance Sheet

203. (a) Every Balance Sheet laid before the Company in general meeting shall have attached to it a Report by the Board of Directors with respect to the state of the Company's affairs; the amounts, if any which it proposes to carry to any reserves in such Balance Sheet, the amount, if any which it recommends to be paid by way of dividends and material changes and commitments, if any, affecting the financial position of the Company which have occurred between the end of the financial year of the Company to which the Balance Sheet relates and the date of the Report.
- (b) The Report shall, so far as it is material for the appreciation of the state of the Company's affairs by its members and will not in the Board's opinion be harmful to the business of the Company or of any of its subsidiaries, deal with any changes which have occurred during the financial year in the nature of the Company's business, in the Company's subsidiaries or in the nature of the business in which the Company has an interest.
- (c) The Board shall also give the fullest information and explanations in its Report or in cases falling under the provision to Section 222 of the Act in an addendum to that Report, on every reservation, qualification or adverse remark contained in the Auditor's Report.
- (d) The Board's Report and addendum (if any) thereto shall be signed by its Chairman if he is authorised in that behalf by the Board; and where he is not so authorised shall be signed by such number of Directors as are required to sign the Balance Sheet and the Profit and Loss Account of the Company by virtue of sub-clause (a) and (b) or Article 203.
- (e) The Board shall have the right to charge any person not being a Director with the duty of seeing that the provisions of sub-clauses (a) and (c) of this Article are complied with.
- (f) Every Balance Sheet and Profit and Loss Account of the Company when audited and approved and adopted by the members in the annual general meeting shall be conclusive except as regards any matters in respect of which modifications are made thereto as may from time to time be considered necessary by the Board of Directors and or considered proper by reason of any provisions of relevant applicable statutes and approved by shareholders at a subsequent general meeting.

Right of Members to copies of Balance Sheet and Auditor's Report

ANNEXURE I- DAY COUNT CONVENTION

Interest on the NCDs shall be computed on an actual/actual basis for the broken period, if any. For Series I, Series II, Series IV, VI and Series VII the interest shall be calculated from the first day till the last date of every month on an actual/actual basis during the tenor of such NCDs. Consequently, interest shall be computed on a 365 day a year basis on the principal outstanding on the NCDs. However, if period from the Deemed Date of Allotment/anniversary date of Allotment till one day prior to the next anniversary/redemption date includes February 29, interest shall be computed on 366 days a-year basis, on the principal outstanding on the NCDs.

For Series III, Series V and Series VII interest shall be computed on a 365 day a year basis on the principal outstanding on the NCDs which have tenors on cumulative basis.

Illustration of cash-flows: To demonstrate the day count convention, please see the following table below, which describes the cash-flow in terms of interest payment and payment of Redemption Amount per NCD in respect of Series V and Series VI for all Categories of NCD Holders.

NOTES:

1. Effect of public holidays has been ignored as these are difficult to ascertain for future period except January 26, April 1, May 1, August 15, October 2, day have been taken into consideration.
2. As per SEBI Operational Circular, in order to ensure uniformity for payment of interest/redemption on debt securities, the interest/redemption payment shall be made only on the Working Day. Therefore, if the interest payment date falls on a non-Working Day, the coupon payment shall be on the next day, which will be the next Working Day. However, the future coupon payment dates would be as per the schedule originally stipulated. In other words, the subsequent coupon schedule would not be disturbed merely because the payment date in respect of one particular coupon payment has been postponed earlier because of it having fallen on a holiday. However, if the redemption date of the debt securities falls on non- Working Day, the redemption proceeds shall be paid on the previous Working Day.
3. Deemed Date of Allotment has been assumed to be Tuesday, November 19, 2024.
4. The last coupon payment will be paid along with maturity amount at the redemption date

Details of instruments/facilities in Annexure-1.

Rationale and key rating drivers

Ratings assigned to debt instruments and bank facilities of Muthoottu Mini Financiers Limited (MMFL) continue to factor in the group's strong brand recognition, long track record of promoters in the gold loan business, adequate capitalisation levels, good asset quality levels and moderately diversified resource profile. Ratings take note of stable profitability metrics in FY24. Loan portfolio growth remained moderate at 8% in FY24, where the loan portfolio increased from ₹3,263 crore as on March 31, 2023, to ₹3,523 crore as on March 31, 2024. The loan portfolio as on June 30, 2024, stood at ₹3525 crore. Though growth moderated, there has been a shift in ticket sizes, where loan ticket sizes above ₹3 lakh decreased from 20.25% as on March 31, 2023, to 9.09% as on March 31, 2024. Share of loans with ticket size above ₹3 lakhs stood at 9.38% as on June 30, 2024. Ratings continue to be constrained by geographical concentration of loan portfolio, concentration in a single asset class, which is exposed to the market risk related to gold, intense competition in the gold loan business, and significant investment in fixed assets.

CARE Ratings Limited (CARE Ratings) has withdrawn ratings assigned to non-convertible debenture issue (NCD-III) of Muthoottu Mini Financiers Limited with immediate effect, as the company has repaid the NCD issues in full and there is no amount outstanding as on date.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors - Factors that could individually or collectively, lead to positive rating action/upgrade:

- Improvement in profitability with return on total assets (ROTA) of above 2.50% on a sustained basis along with improvement in the scale of operations.
- Significant improvement in capitalization levels

Negative factors – Factors that could individually or collectively, lead to negative rating action/downgrade:

¹Complete definition of ratings assigned are available at www.careedge.in and other CARE Ratings Limited's publications.

- Moderation in profitability with ROTA of less than 1% on a sustained basis.
- Significant deterioration in asset quality
- Weakening of capitalization with net gearing (excluding cash and cash equivalents) increasing to above 5.5x.

Analytical approach: Standalone

Outlook: Stable

CARE Ratings believes that the entity shall maintain good asset quality and stable profitability, while maintaining adequate capitalisation levels in the medium term.

Detailed description of key rating drivers:

Key strengths

Strong brand value and long track record of operations

The 'Mini Muthoottu' group has been in the gold loan business for more than six decades and has established a strong brand value in the market. MMFL is a business venture of the 'Mini Muthoottu' group. The company has a long track record of operations and has been providing gold loan advances from FY07. The gold loan has also gone through several cycles as the loans are of shorter tenure in nature. Over the years, the company has expanded and strengthened its branch network across South India and has initiated its branch expansion to the rest of India. The promoters of the group have rich experience in the gold loan business. The day-to-day operations of the company are looked after by a team of professionals who have extensive experience in banking and finance.

Adequate risk management systems

MMFL has put in place strong appraisal systems, including the evaluation of gold. Several tests for checking spurious gold, including touchstone test and nitric acid test, are conducted by the branches. The company has implemented systems for ensuring gold security and reducing custodial risks, including highly secured vaults with dual control and insurance. Furthermore, surveillance cameras have been installed in all its branches. It also has an internal audit system, wherein the gold auditors inspect the branches, and verifies all the gold ornaments, every 30 days. All the branches of the company are subject to regular internal audit of accounts once in three months. The company also tracks mark-to-market (MTM) price based on the underlying gold for the loans on an ongoing basis.

Moderate growth in AUM in FY24

MMFL's loan portfolio witnessed moderate growth of 8% in FY24 (against 31% in FY23). Loan portfolio stood at ₹3,523 crore as on March 31, 2024, against ₹3,263 crore as on March 31, 2023. Disbursements slowed down to ₹9,031 crore in FY24 against ₹9,295 crore in FY23. Disbursement for the quarter ended June 30, 2024, was ₹2778 crore. The loan portfolio has grown at a compounded annual growth rate (CAGR) of 12% in the last three years. However, gold holdings in terms of tonnage, saw a dip from 8.36 tonnes as on March 31, 2023, to 7.77 tonnes as on March 31, 2024. The gold weightage in terms of tonnage as on June 30, 2024, stood at 7.34 tonnes. The company has shifted its focus to lower ticket size loans and proportion of loans with ticket size of above ₹3 lakh was 20.25% as on March 31, 2023, and it has moderated and stood 9.09% as on March 31, 2024. Share of loans with ticket size above ₹3 lakhs stood at 9.38% as on June 30, 2024. Though growth remains moderate in FY24, number of active accounts in the gold loan segment increased from 5,03,974 as on March 31, 2023, to 5,57,249 as on March 31, 2024. The number of active accounts in the gold loan segment as on June 30, 2024, stood at 562,188. As on March 31, 2024, gold loans accounted for 91.47% (PY: 93.44%) of the loan portfolio and micro-finance loans stood at 8.35% (PY: 6.35%) and the rest is loan against property (LAP) loans. Gold loan portfolio/branch slightly improved from ₹3.54 crore as on March 31, 2023, to ₹3.57 crore as on March 31, 2024.

	March 31, 2019	March 31, 2020	March 31, 2021	March 31, 2022	March 31, 2023	March 31, 2024
Branches	767	784	807	814	861	902
Gold loan portfolio	1,281	1,645	1,935	2,427	3,049	3,222
Gold loan portfolio per branch	1.67	2.1	2.4	2.98	3.54	3.57

Adequate capitalisation levels

The total capital adequacy ratio (CAR) and Tier-I CAR stood at 24.64% and 17.96% respectively as on June 30, 2024, against 23.86% and 16.93% respectively as on March 31, 2024. The overall gearing stood at 4.97x as on June 30, 2024, against 5.13x as on March 31, 2024. While net gearing (excluding the cash and cash equivalents) stood at 4.16x on June 30, 2024, against 4.34x as on March 31, 2024. Timely infusion of capital to maintain CAR levels above regulatory level amidst growing portfolio is a key rating sensitivity.

Stable profitability

Profitability has remained stable with ROTA of more than 1.5% in the last three years. In FY24, though increase in cost of funds, net interest margin (NIM) improved to 7.62% from 7.19% in FY23, supported by relatively higher increase in yields with focus on lower ticket size. Despite increase in branches from 861 branches in FY23 to 902 branches in FY24, opex remained stable at 5.12% for FY24 compared to 5.13% in FY23. However, credit cost increased to 0.17% for FY24. Despite increase in NIM, the company reported ROTA of 1.91% for FY24 compared to 1.89% in FY23 with slight increase in credit cost. NIM stood at 8.26% while opex stood at 5.17% and credit cost at 0.13%, which resulted in a ROTA of 2.17% as on June 30, 2024.

Good asset quality

Loans are mainly backed by gold jewellery that is a liquid and safe security. MMFL's concentration on gold loans with a tenure of 6-9 months continues. However, loans with tenor of less than six months increased from 6.98% in FY23 to 29.77% in FY24.

In case borrowers fail to repay loans within stipulated period, the company reserves the right to auction the gold jewellery kept as security. To further reduce risk due to gold price volatility, MMFL follows a MTM system driven through the software where there is an internal trigger if MTM value is above the determined level. In such a scenario, the company asks the customer for repayments or more collateral.

Asset quality moderated in FY24, with the company reporting gross non-performing assets (GNPA) and net NPA (NNPA) of 0.88% and 0.72% as on March 31, 2024, against 0.43% and 0.37% as on March 31, 2023. GNPA and NNPA as on June 30, 2024, stood at 0.76% and 0.56% respectively. The 90+ days past due (DPD) for MFI loans stood at 2.22% as on March 31, 2024, compared to 1.32% as on March 31, 2023, and 90+ DPD for gold loan book stood at 0.74% as on March 31, 2024, compared to 0.34% as on March 31, 2023. The delinquencies for MFI loans are relatively higher and it remains a key monitorable. However, the proportion of MFI on the loan portfolio remains lower at 8% as on March 31, 2024.

The company's ability to maintain asset quality and maintain nil/low under recovery on auctions remains a key rating sensitivity. CARE Ratings expects asset quality to remain good in the medium term with timely auctions and gold remaining as the company's focus product.

Moderately diversified resource profile with increase in share of bank borrowings

MMFL's resource profile is moderately diversified with increase in share of bank borrowings in FY24. Retail debentures (including sub-debt) constituted 43% of total borrowings as on March 31, 2024, against 52% as on March 31, 2023. However, share of borrowings from banks and financial institutions increased from 48% as on March 31, 2023, to 53% as on March 31, 2024. It is to be noted that the company raised privately placed NCD from investors in FY24 and outstanding as on March 31, 2024, stood

at ₹149 crore (4% of the total borrowings). The company also started raising CP for working capital requirements. CP outstanding as on June 30, 2024, stood at ₹30 crore, which is 0.83% of total borrowings. Retail debentures constituted 45.39% of the total borrowings. Share of borrowings from banks and financial institutions stood at 54.61% as on June 30, 2024. The outstanding of privately placed NCDs as on June 30, 2024, stood at ₹226 crore (6.26% of the total borrowings). CARE Ratings expects resource profile to remain moderately diversified in the medium term.

Key weaknesses

High product and geographical concentration

MMFL has majority portfolio concentrated towards southern India. As on March 31, 2024, Tamil Nadu continues to remain the top state, which constituted around 40% (PY: 46%) of the gold loan portfolio. The five south Indian states constituted around 96% of the gold loan portfolio as on March 31, 2024. CARE Ratings expects the portfolio to remain concentrated in south India in the medium-term.

Majority of the company's loan portfolio consists of loans against the gold jewellery. Although risk is mitigated to an extent as loans are backed by gold jewellery, which is highly liquid, the company is exposed to a price risk associated with gold, which could have a bearing on the full recoverability of principal and interest portion. However, MMFL has been giving out loans of shorter tenure and has implemented internal systems monitoring the MTM value to reduce the impact due to price volatility. As on March 31, 2024, gold loans accounted for 91.47% (PY: 93.44%) of the loan portfolio and micro-finance loans stood at 8.35% (PY: 6.35%) and the rest is loan against property (LAP) loans. Gold loans accounted for 92.16% of the loan portfolio, while microfinance contributed to 7.66% of the loan portfolio and the rest is LAP as on June 30, 2024. CARE Ratings expects proportion of gold loans to the total loan portfolio to remain higher in the medium term.

Significant exposure to fixed assets, however, reducing on a year-on-year basis

MMFL made significant investments in fixed assets in FY16 from related parties. However, with equity infusion post that and revaluation in the value of fixed assets purchased, fixed assets/net worth ratio has reduced. With retention of profits and no new acquisition of fixed assets, fixed assets/net worth improved to 29% as on March 31, 2024, against 61% as on March 31, 2017.

Intense competition in gold loan business

Geographically, the gold loan financing industry is predominantly placed in southern India with an active interest banks and large non-banking financial companies (NBFCs) operating from this region. MMFL faces heavy competition from larger players (including banks and other NBFCs) offering gold loans in regions where the company operates. With restriction from the regulator on cash disbursements beyond ₹20,000, turnaround time for loan disbursement is expected to increase and may impact growth for the sector.

Liquidity: Adequate

The asset and liability management (ALM) profile, as on June 30, 2024, is at a comfortable level, with no cumulative negative mismatch in any of the time brackets up to one year. ALM is comfortable mainly considering shorter tenor of loans (majorly up to nine months tenure for gold loans) provided by MMFL with access to longer tenure borrowings. As on June 30, 2024, the company had cash and cash equivalents of ₹589 crore.

The ratings issued by CARE Ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse, or recall the concerned bank facilities or to buy, sell, or hold any security. These ratings do not convey suitability or price for the investor. The agency does not constitute an audit on the rated entity. CARE Ratings has based its ratings/outlook based on information obtained from reliable and credible sources. CARE Ratings does not, however, guarantee the accuracy, adequacy, or completeness of any information and is not responsible for any errors or omissions and the results obtained from the use of such information. Most entities whose bank facilities/instruments are rated by CARE Ratings have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CARE Ratings or its subsidiaries/associates may also be involved with other commercial transactions with the entity. In case of partnership/proprietary concerns, the rating/outlook assigned by CARE Ratings is, inter-alia, based on the capital deployed by the partners/proprietors and the current financial strength of the firm. The ratings/outlook may change in case of withdrawal of capital, or the unsecured loans brought in by the partners/proprietors in addition to the financial performance and other relevant factors. CARE Ratings is not responsible for any errors and states that it has no financial liability whatsoever to the users of the ratings of CARE Ratings. The ratings of CARE Ratings do not factor in any rating-related trigger clauses as per the terms of the facilities/instruments, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and triggered, the ratings may see volatility and sharp downgrades.

ANNEXURE IV- FINANCIAL STATEMENTS
APPENDED OVERLEAF

Independent auditors review Report on unaudited standalone quarterly financial results of Muthoottu Mini Financiers Limited pursuant to Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

Review Report to

The Board of Directors

Muthoottu Mini Financiers Limited

Kochi

We have reviewed the accompanying statement of unaudited financial results of Muthoottu Mini Financiers Limited for the period ended 30th June 2024. This statement is the responsibility of the management of Muthoottu Mini Financiers Limited and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 - "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or

Independent Auditor's Report

To the members of Muthoot Mini Financiers Limited Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Muthoot Mini Financiers Limited ("the Company") which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the Significant Accounting Policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted as at March 31, 2024, and its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statement

Key audit matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report

	Information Technology Systems and controls	
	The company's Key financial accounting and reporting process are highly dependent on the automated controls over the companies IT system, such that there exists a risk that gaps in the IT general control environment could result in a misstatement of the financial accounting and reporting records. Accordingly, we have considered user access management, segregation of duties and controls over system changeover of key financial accounting and reporting systems as a key audit matter.	<p>We performed the following audit procedures:</p> <p>Tested IT key controls over financial accounting and reporting system including access mechanism and processing of reports.</p> <p>Obtained management evaluation of access rights granted to applications relevant to financial accounting and reporting systems and tested resolution of a sample expectations.</p> <p>Evaluate the design and operating effectiveness of automated controls critical to financial accounting and reporting on random basis</p> <p>Considering the reports issued by the professional consultants with respect to IS Audit and IT Infrastructure.</p>

Information Other Than Financial Statements and Auditors Report Thereon

The Company's Board of Directors is responsible for other information. The other information comprises of information included in the Company's Annual Report, but does not include the Financial Statements and our report thereon.

Our Opinion on the Financial Statements does not cover the other information and we do not express any form of assurance.

In connection with our audit on the Financial Statements, our responsibility is to read the other information made available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact, we have nothing to report in this regard.

**Managements Responsibility for the Financial Statements**

The company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("The Act") with respect to preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standard (Ind AS) prescribed under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the asset of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis for accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these Financial Statements.

As part of an audit in accordance with standards on auditing, we exercise professional judgment and professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- b) Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of the accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However future events or conditions may cause the company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statement represents the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure 1" to this report a statement on the matters specified in Paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by the Non-Banking Financial Companies Auditor's Report (Reserve Bank) Direction, 2016, issued by the Reserve Bank of India in exercise of the powers conferred by sub-section (1A) of Section 45MA of the Reserve Bank of India Act, 1934, we give in the "Annexure 2", an additional Audit Report addressed to the Board of Directors containing our statements on the matters specified therein.
3. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books;
 - c. No report on accounts of any of the branch offices audited under sub section 8 of section 143 by any person has been received by us and therefore no comments need to be made on the matter.
 - d. The balance sheet, the statement of profit and loss (including Other Comprehensive Income), the cash flow statement and the statement of changes in equity dealt with by this report are in agreement with the books of account.
 - e. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - f. On the basis of the written representations received from the directors as on March 31, 2024 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act.
 - g. In our opinion there are no qualifications, reservations or adverse remarks relating to the maintenance of accounts and other matters connected therewith.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i. With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our Report in "Annexure 3"
 - j. With respect to the matters to be included in the Auditor's Report in accordance with the Rule 11

of the Companies (Audit and Auditors) Rule, 2014, as amended, in our opinion and to the best of our information and according to explanations given to us:

- i. The company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The company does not have any long-term contracts including derivative contracts for which there were any foreseeable losses.
 - iii. According to the information provided, an amount of Rs 5,03,497.00 being unclaimed matured debentures has been transferred to Investor Education & Protection Fund on 31.03.2024. According to the information provided, there are no other amounts, required to be transferred by the company to the Investor Education & Protection Fund as on 31.03.2024.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The company has not declared or paid any dividend during the year.
4. Based on our examination which included test checks the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024

ANNEXURE 3

TO THE AUDITOR'S REPORT

Annexure 3 to the Independent Auditor's Report of even date on the Financial Statements of Muthoot Mini Financiers Limited for the year ended 31 March 2024.

Report on the Internal Financial Controls with reference to the aforesaid Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") (Referred to in paragraph 3(i) under Report on Other Legal and Regulatory Requirements 'section of our report of even date)

Opinion

We have audited the internal financial controls over financial reporting of Muthoot Mini Financiers Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has in all material respects, an adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of the internal controls stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We have conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing ("the Standards") issued by ICAI and deemed to be

prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of the internal financial controls over financial reporting, assessing the risk that material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide a reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and the dispositions of the assets of the Company;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made in accordance with authorization of the management and directors of the Company; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent limitation of internal financial controls over financial reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material

misstatements due to fraud or error may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of the changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

2.1 Expected Credit Loss (ECL)

As required by RBI, the Company is obliged to comply with the extant prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP).

The Notification RBI/2019-20/170 dated 13 March, 2020, states that a comparison to be made between the provisions required under IRACP and impairment allowances made under Ind AS 109 and where the impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the Company shall appropriate the difference from their net profit or loss after tax to a separate 'impairment reserve'.

During current financial year, no amount is appropriated from the net profit after tax to separate impairment reserve since the difference between ECL provision computed as per the policy laid down under significant accounting policies & the provision as per IRACP norms as on balance sheet date is Rs 117.78 lakhs which is lesser than the provision already created in previous year Rs 167.95 lakhs.

An analysis of changes in the gross carrying amount and the corresponding ECL allowances in relation to receivables under financing activities is, as follows:

**includes capital advance of ₹46.50 lakhs paid to LCode Technologies Pvt. Ltd. on 28.01.2020 for implementing the software product 'Reach NBFC Prosper System' with proper Service Level Agreement at place. However, due to the continuous failure of the software after implementation and considering the non-responsive attitude of LCode towards the issues, a show cause notice was served dated 21.02.2022, and thereafter a termination notice dated 17.05.2022 through our advocates Menon & Pai claiming the refund of Rs.46.50 lakhs with interest plus Rs.1.68 crores towards compensation. Currently the case is pending for arbitration proceedings before the Arbitral Tribunal, Kochi. A provision of 32.55 lakhs equivalent to 70% of advance is created as of 31.03.2024.

II. Basis of Preparation, Critical Accounting Estimates and Judgments

The financial statements have been prepared on the following basis:

A. Basis for preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended 31 March 2019, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP). The financial statements for the year ended 31 March 2020 are the first financial statement of the Company prepared in accordance with Ind AS.

The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Indian Accounting Standards.

Accounting policies have been consistently applied to all periods presented, unless otherwise stated. The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgment or complexity, or areas where assumptions are significant to the Company are discussed in Note IV- Significant accounting judgments, estimates and provisions.

B. Presentation of Financial Statements

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognized amounts without being contingent on a future event and the parties intend to settle on a net basis.

C. Statement of Compliance

These standalone or separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act

D. New accounting standards issued but not effective

MCA has not notified any new standards during the year ended 31st March 2024

The Amendments in the Companies (Indian Accounting Standards) Amendment rules, 2022 which will be effective from 01.04.2023 onwards.

E. Functional and Presentation currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All values are rounded to the nearest lakhs, except when otherwise indicated.

III. Significant Accounting Policies

A. Revenue Recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

(a) Interest Income

Interest income from financial assets is recognized on an accrual basis using effective interest rate method (EIR) on the gross carrying amount of financial assets measured at amortized cost other than credit impaired assets and financial assets classified as measured at FVTPL

The effective interest rate method is the rate that exactly discounts estimated future cash receipts (including all fees, transaction costs and other premiums or discounts paid or received) through the expected life of the financial instrument to the carrying amount on initial recognition. While estimating future cash receipts, factors like expected behavior and life cycle of the financial asset, probable fluctuation in collateral value etc. are considered which has an impact on the EIR. In a situation where management believes that the recovery of interest is uncertain due to change in the price of the gold or otherwise, the Company recognizes income on such loans only to the extent it is confident of recovering interest from its customers through sale of underlying security or otherwise.

Such interests, where installments are overdue in respect of non-performing assets are recognized on realization basis. Any such income recognized and remaining unrealized after the installments become overdue with respect to non-performing assets is reversed.

(b) Dividend Income

Dividend income is recognised when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

(c) Income from sale of services

Revenue is recognized upon transfer of control of promised services to customer in an amount that reflects the consideration we expect to receive as per the agreement with the customer.

Where the performance obligation is satisfied overtime and where there is no uncertainty as to measurement or collectability of consideration, revenue is recognized as per the percentage of completion method.

The Company has applied revenue recognition criteria for each distinct performance obligation in relation to service income. The transaction price is allocated to each performance obligation based on the stand-alone selling price.

Any other revenue from operations are recognised based on a five step model frame work under INDAS 115 elucidated below:

Step1 Identify the contract with the customer – A contract is considered within the scope when the contract is approved by both the parties, payment terms and party's rights are identified and it is probable that the consideration will be collected.

Step2 Identify the performance obligations in the contract

Step 3 Determine the transaction price

Step4 Allocate the transaction price to the performance obligation in the contracts

Step 5 Recognize revenue when the Company satisfies a performance obligation

(d) Net gain/loss on fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss (refer Note 18), held by the Company on the balance sheet date is recognised as an unrealised gain/loss. In cases there is a net gain in the aggregate, the same is recognised in 'Net gains on fair value changes' under Revenue from operations and if there is a net loss the same is disclosed under 'Expenses' in the Statement of Profit and Loss. Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt or equity instruments measured at FVOCI is recognised in net gain / loss on fair value changes. As at the reporting date, the Company does not have any debt instruments measured at FVOCI.

B. Financial Instruments

(a) Classification of Financial Instruments

Financial instrument is any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity.

Financial assets and financial liabilities are recognized on its balance sheet when the company becomes a party to the contractual provisions of the instrument.

(b) Business Model Assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principal and Interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous

assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets

Financial Assets

Initial Recognition & measurement

Financial asset is initially recognized in the Balance sheet at fair value. Transaction costs directly attributable to the acquisition of the financial asset measured at fair value through profit or loss, are recognized immediately in profit or loss. Transaction costs directly attributable to the acquisition or issue of financial asset that are measured at amortized cost are added or deducted from the fair value of the financial asset as appropriate, on initial recognition.

Subsequent measurement

Subsequent to initial recognition, financial assets may be classified as under:

- **Financial assets to be measured at amortized cost**
A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding.
- **Financial assets to be measured at fair value through other comprehensive income (FVOCI)**
A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting the contractual cash flows & selling financial assets and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- **Financial assets to be measured at fair value through profit or loss account**
Where the criteria for the above two methods of classification are not met then the financial assets shall be measured at fair value through profit or loss account

Financial Liabilities

Initial Recognition & measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The company's financial liabilities include trade and other payables, non-convertible debentures, loans and borrowings including bank overdrafts.

Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

Derecognition of Financial Asset/Liability

The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

(c) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit and loss. Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date. The Company performs an assessment, at the end of each reporting period, of whether a financial assets credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses

Based on the above process, the Company categorizes its loans into three stages as described below: For non-impaired financial assets

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, the Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Company recognizes lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such

- that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12 months ECL provision.
- For impaired financial assets: Financial assets are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Company recognizes lifetime ECL for impaired financial assets.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon. The Company uses historical information where available to determine PD. For this purpose the probability over a period of one year of the outstanding loan portfolio for the past few years is taken for Gold loan portfolio taking slippage to NPA, loans written off and auction closure as defaulting events. For microfinance and loan against property slippage to NPA and written off are taken as defaulting events.
- Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments. The company uses historical information where available to estimate its EAD. By observing the historical data and due to the bullet payment scheme of gold loans, EAD for gold loan portfolio is taken as 100% and for micro finance based on the amount of loan outstanding at the time of default to the actual disbursed amount of loan over the last few years. For Loan Against Property, based on the Management's assessment on the recoverability, 100% provision is created for the outstanding defaulted balance at Stage 3.
- Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realization of any collateral. For Gold Loans reported in Fraud Monitoring Returns, 100% provision is created for Stage 3. For Loan Against Property, 100% provision is created based on Management's assessment on recoverability.

As required by RBI Circular reference no. RBI/2019-20/170 DOR (NBFC).CC.PD.No. 109/22.10.106/ FY 2019-20 dated March 13, 2020; where impairment allowance under Ind AS 109 is lower than the provisioning required as per extant prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) including borrower/beneficiary wise classification, provisioning for standard as well as restructured assets, NPA ageing, etc., the Company shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'.

Upgradation of accounts classified as Stage 3/Non-performing assets (NPA) - The Company upgrades loan accounts classified as Stage 3/ NPA to 'standard' asset category only if the entire arrears of interest, principal and other amount are paid by the borrower and there is no change in the accounting policy followed by the Company in this regard. With regard to upgradation of accounts classified as NPA due to restructuring, the instructions as specified for such cases as per the said RBI guidelines shall continue to be applicable.

Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Company uses collateral, where possible. Collateral comes in various forms, and mainly represents Gold jewellery in respect of Gold loans financed by the company. However, the fair value of collateral affects the calculation of ECL. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

Where the expected credit loss assessed by the company based on the above metrics are lower than the provision required under the RBI norms, an overlay is added to the provision methodology to ensure that the expected credit loss ascertained by the company is always not lower than the minimum regulatory provision required under RBI norms

Determination of Fair Value of Financial instruments

The company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the perception that the transaction to sell the asset or transfer the liability takes place either –

- a. In the principal market for the asset or liability; or
- b. In the absence of principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability assuming that market participants act in their economic best interest. The fair value measurement of a non-financial asset takes into account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs

The financial instruments are classified based on hierarchy of valuation techniques, as summarised below -

Level 1 - This level includes financial assets that are measured by reference to quoted prices in active markets for identical assets or liabilities.

Level 2 - This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. price) or indirectly (i.e. derived from prices).

Level 3 - This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

C. Retirement and other employee benefits

1. Short term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognized in the period in which the employee renders the related service.

2. Long term Employee Benefits

- **Defined contribution plans:**

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognizes such contributions as an expense in the period in which employee renders the related service.

- **Defined Benefit Plan:**

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

D. Finance cost

Finance costs represents Interest expense recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed at the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortized cost of a financial liability, by considering all the contractual terms of the financial instrument in estimating the cash flows.

Finance cost Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the

financial liability. Interest expense includes issue costs that are initially recognised as part of the carrying value of the financial liability and amortised over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc., provided these are incremental costs that are directly related to the issue of a financial liability.

E. Leases

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Company as a lessee

The Company has elected not to recognize right-of use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Company determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

The Company recognizes the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable, the Company at the time of initial recognition:

- Measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.
- Measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any re measurement of the lease liability specified in Ind AS 116 'Leases'

The Company as a lessor

Leases under which the Company is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognized as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

F. Other income and expenses

All other income and expense are recognised in the period they occur.

G. Taxes

- **Current Tax**

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

- **Deferred Tax**

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

- **Minimum Alternate Tax**

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the

H. Foreign currency transaction

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in profit or loss.

I. Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company's cash management.

J. Property Plant and Equipment

The property plant and equipment are the assets held for the use in the supply of services. Property, plant and equipment's are stated in the balance sheet at cost (net of duty/tax credit availed) less accumulated depreciation and accumulated impairment losses, where applicable.

The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates. Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

K. Depreciation

Depreciation is provided using written down value method as per the Useful life provided in the Schedule II of The Companies Act, 2013.

Particulars	Useful life as per Companies Act (in years)	Useful life estimated by the Company (in years)
Computers and accessories	3	3
Plant and machinery	15	15
Building	60	60
Car	8	8
Furniture and fittings	10	10
Electrical fittings	10	10
Electronic equipment	15	15
Weighing machine	15	15
Software and licenses	3	3
Video surveillance equipment	15	15
Air conditioner	10	10

L. Intangible Assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation

on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale. Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortized on a straight-line basis over a period of 3 years, unless it has a shorter useful life.

The Company's intangible assets consist of computer software with definite life. Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in the Statement of Profit and Loss when the asset is derecognized.

M. Related Party

All related party transactions which were entered into during the year were on an arm's length basis and generally in the ordinary course of business under the Act. The Company has a policy on related party transactions which has been approved by the Board in their meeting held on 13 February, 2023. All the transactions which are identified as related party transactions are approved by the Audit Committee/ Board of Directors/ members at the General Meeting as may be deemed necessary and as stipulated in the policy. Details of transactions entered into with the related party is disclosed in Note V (4) Accompanying notes to the financial statements.

N. Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the Expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. As at reporting date, the Company does not have any such provisions where the effect of time value of money is material."

O. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

P. Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The company does not have any contingent assets in the financial statements.

Q. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

R. Cash Flow

The company is reporting cash flow statement in indirect method, whereby net profit or loss is adjusted for the effects of transactions of a non-cash nature, tax, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

S. Expenditure on Corporate Social Responsibility (CSR)

The Company accounts the expenditure incurred towards Corporate Social Responsibility as required under the Act as a charge to the statement of profit and loss.

T. Impairment of Non-Financial Assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

U. Ind AS 101 - First-time Adoption of Indian Accounting Standards

Exemptions applied Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has

applied the following exemptions: On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets as at March 31, 2019 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets as on April 01, 2019.

IV. Significant accounting judgments, estimates and provisions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

(a) Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

(b) Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

(c) Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the Assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

(e) Contingent liabilities and provisions other than impairment on loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(f) Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty, interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the Instrument

(g) Determination of lease term

Ind AS 116 "Leases" requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the

location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(h) Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

6. Fair Value Measurement

a. Valuation Principle

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, explained in the note - "Determination of fair value of Financial Instruments" (Note No: III B (c))

b. Valuation Hierarchy:

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

(Rupees in lakhs)

Particulars	31-03-2024				31-03-2023			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Assets measured at fair value on a recurring basis								
Financial investment held for trading	-	-	-	-	-	-	-	-
Equity Shares	20.34	-	971.80	992.14	8.73	-	971.80	980.53
Total Assets measured at fair value on a recurring basis	20.34	-	971.80	992.14	8.73	-	971.80	980.53
Assets measured at fair value on a non-recurring basis	-	-	-	-	-	-	-	-
Liabilities measured at fair value on a recurring basis								

Derivative financial instruments								
-Forward contracts	-	-	-	-	-	-	-	-
-Cross Currency Swaps	-	-	-	-	-	-	-	-
Total derivative financial instruments	-	-	-	-	-	-	-	-
Total Liabilities measured at fair value on a recurring basis	-	-	-	-	-	-	-	-
Liabilities measured at fair value on a non-recurring basis	-	-	-	-	-	-	-	-

c. Valuation Technique

Equity Instruments: Equity instruments in non-listed entities are initially recognised at transaction price and re-measured (to the extent information is available) and valued on a case-by case and classified as Level 3. Quoted equity instruments on recognised stock exchanges are valued at Level 1 hierarchy being the unadjusted quoted price as at the reporting date.

d. Transfer between Level 1/Level2 and Level 3 during the reporting period

During the year there have been no transfers between level 1 and level 2. Similarly, there were no transfers from or to level 3

e. Movements in Level 3 financial instruments measured at fair value:

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. Transfers from Level 3 to Level 2 occur when the market for some securities became more liquid, which eliminates the need for the previously required significant unobservable valuation inputs. Since the transfer, these instruments have been valued using valuation models incorporating observable market inputs. Transfers into Level 3 reflect changes in market conditions as a result of which instruments become less liquid. Therefore, the Company requires significant unobservable inputs to calculate their fair value. The following tables show the reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities measured at fair value:

Particulars	Equity Instruments	
	As at March 31, 2024	As at March 31, 2023
Opening Balance	971.80	900.00
Purchase	-	71.80
Sales	-	
Unrealized gains and losses related to balances held at the end of the year	-	0.00
Closing Balance	971.80	971.80

f. Fair value of financial instruments not measured at fair value

Set out below is a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non-financial Assets and non-financial liabilities.

g. Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements. These fair values were calculated for disclosure purposes only.

- Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than

twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value.

- **Loans and advances to customers**

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using, historical experience, management view and other information used in its collective impairment models.

- **Borrowings**

The floating rate loans are fair valued on the basis of MCLR + spread. For fixed rate loans, the carrying values are a reasonable approximation of their fair value.

7. Risk Management Introduction and Risk Profile

As a lending institution, the Company is exposed to various risks that are related to gold lending business, micro finance business and operating environment. Risk management forms an integral element of the business. The objective in the risk management process is to appreciate, measure and monitor the various risks that are subject to and to follow policies and procedures to address these risks. The Company manages it through the risk management architecture. The Company continue to improve the policies and procedures and to implement these rigorously, for the efficient functioning of the business. This also helps in managing the risks, associated with the business.

A. Risk management structure

The Company has constituted Risk Management Committee comprising members of the Board to assist the Board of Directors in the execution of its risk management accountabilities. The Committee provides the Risk Committee of the Board of Directors an independent and objective oversight view of the information to review Company's financial risk activities and provide an assurance to the Board of Directors that the Company has implemented an effective ongoing process to identify the risk, to measure the potential impact and proactively manage these risks and to decide the tolerance for the risk.

B. Risk measurement and reporting systems

In order to address the risks that are inherent to the business, the Company has developed a risk management architecture that includes a Risk Management Committee, of the Board of Directors, internal audit department, and an internal Risk Management Committee comprising senior management. The Risk Management Committee, oversees the risk

management policies, which helps to identify, measure, monitor and mitigate the various risks in the businesses. The terms of reference of Risk Management Committee are as follows:

- (a) To assist the Board in setting risk strategy policies in liaison with management and in the discharge of its duties relating to corporate accountability and associated risk in terms of management assurance and reporting;
- (b) To review and assess the nature, role, responsibility and authority of the risk management function within the Company and outline the scope of risk management work; and
- (c) To review and assess the quality, integrity and effectiveness of the risk management systems and ensure that the risk policies and strategies are effectively managed.

C. Internal Audit Department & Risk Audit

Company's internal audit department assists in the management of operational risk. An Information System Audit of the internal systems and processes is conducted at least once in two years to assess operational risks faced by the Company.

D. Assets-Liabilities Management Policy

The asset-liability management policy ("ALM Policy") adopted by the Board is reviewed periodically and last updated on May 20, 2022.

E. Analysis of risk concentration

(i) Credit Risk

Credit risk is the possibility of loss due to the failure of any borrower to abide by the terms and conditions of the loan agreement. We believe that the credit risk in our Gold Loan business is relatively low because all our loans are generally over collateralized by pledged gold ornaments. We aim to reduce credit risk through a rigorous loan approval and gold appraisal process, KYC compliance procedures and a strong non-performing asset ("NPA") monitoring and recovery mechanism. The credit risk is diminished because the gold jewellery used as security for our loans can be readily liquidated, and the possibility of recovering less than the amount due to us is relatively low. We also mitigate credit risk by not disbursing loans in excess of specified limits, as fixed by our Company from time to time, to the same customer, and for high value loans we undertake a credit check or profiling of the borrower before a loan is approved. We have developed methods to peg the value of the loan amount to the moving average price of gold. We also decrease credit risk by focusing on the quality of the pledged gold. Our internal control system ensures independent verification of the gold by at least two officials at the branch level. The level of verification at the branch level

increases as the loan value increases. In addition, the quality of gold is checked by the inspecting officers of the Company through random check and by gold auditors through a detailed check. Credit risk in our micro finance business is generally higher than our Gold Loan business as the amount advanced is on unsecured basis. However, our product is designed in such a way that the loans are granted to individuals who form a part of the group and the group is ultimately liable for each member repayment obligation under that group. We also mitigate credit risk by not disbursing loans in excess of specified limits which is currently ₹ 1 lakh to an individual customer. We also decrease credit risk by close follow up with the group members on weekly basis.

The table below summarises the credit risk exposure of the loan portfolio of the company based on days past due and geography of the borrower:

(iii) Liquidity Risk

Our business is cash intensive and requires substantial funds, on an ongoing basis, to finance the loan portfolio and to grow it. Any disruption in the funding sources would have a material adverse effect on our liquidity and financial condition. The Company is proactively pursuing a system of identifying and accessing newer and cheaper sources of funds, to finance the AUM and to grow the business. There is a regular meeting of our asset liability management committee which reviews the liquidity position of the Company and arranges for sufficient funding in advance, for growth.

(iv) Market Risk

Market risk arises from the decline in the value of the pledged gold due to fluctuation in gold prices. This risk is in part mitigated by linking the LTV to the 30 day average price of gold. This risk is further reduced because we appraise the gold jewellery and fund loans based solely on the weight of gold content without considering design cost, production cost or value of gemstones. In addition, we believe that the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the pledged gold even if the value of the pledged gold falls below the value of the repayment amount. We believe that a prompt and effective recovery mechanism also helps us deal with this risk.

As a measure of combating the risk involved due to the volatility in gold prices, the Company has put in place a process to review the gold loan outstanding based on marking the gold loan outstanding to the market prices, Marked to Market (MTM), on a regular basis. When the amount of Gold Loan outstanding exceeds 95% of the market price, the company initiates steps to intimate the borrower to close the loan account and or to pledge additional gold jewellery. In case of delay, immediate steps will be taken to recover the amount through auction, post intimation to the borrower. Based on the risk assessed as per the MTM (Mark to Market) review, additional provision for the shortfall as against the gold loan outstanding of the customer, if any, is provided in the books of accounts.

(v) Operational Risk

Operational risk broadly covers the risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events. We have instituted a series of checks and balances and audit reviews to address the various operational risks. We have clearly defined appraisal methods to mitigate appraisal risk. Inaccurate appraisal of the pledged gold may lead to funds being advanced against low value or spurious gold. This risk is mitigated by our policies on internal control, generation of alert reports and additional requirements for high value loans. We also have detailed guidelines on movement of cash or gold to address custodial risk, which is the risk associated with the safety and security of our gold inventory. In addition, we have installed surveillance cameras across of all our branches, and security guards are present at night at certain sensitive branches. We undertake significant employee profiling and background verification checks before hiring and continuously monitor their lifestyle changes. We are also maintaining insurance cover for our gold stock and cash with our branches, and cash in transit, against theft, loss or damage by fire as well as against natural calamities including earthquake and floods. As of March 31, 2024, our Company has a total insurance cover of ₹5,50,000 lakhs.

➤ **Rating Loans Days past due (DPD) Stages with regard to quality of assets**

The Company considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for Expected credit Loss (ECL) calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

Rating	Days Past Due (DPD)	Stages
High grade	Not yet due	Stage 1
High grade	1-30 DPD	Stage 1
Medium grade	31-60 DPD	Stage 2
Medium grade	61-90 DPD	Stage 2
Low grade	91 DPD or More	Stage 3

➤ **Exposure at Default (EAD)**

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan	100.00%	100.00%	100.00%
Microfinance	43.06%	43.06%	43.06%
Loan Against Property	91.93%	91.93%	100.00%

➤ **Probability of Default (PD)**

The Probability of Default is an estimate of the likelihood of default over a given time

horizon. The table below shows the probability of default on different portfolios as computed by the Company based on the ECL method mentioned in Significant Accounting Policies

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan	6.32%	6.32%	100.00%
Microfinance	6.45%	6.45%	100.00%
Loan Against Property	33.33%	33.33%	100.00%

➤ **Loss Given Default (LGD)**

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realization of any collateral.

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan*	6.33%	6.33%	6.33%
Microfinance	65.00%	65.00%	65.00%
Loan Against Property	50.00%	50.00%	100.00%

* For Gold Loans reported in Fraud Monitoring Returns, a provision equivalent to 100% is created for Stage 3.

ECL rate is computed as the product of EAD, PD, and LGD

(vii) Interest Rate Risk

The Company's exposure to changes in interest rates relates to the Company's outstanding floating rate liabilities. Most of the Company's outstanding liability is on fixed rate basis and hence not subject to interest rate risk. Some of the borrowings of the Company are linked to rate benchmarks hence subject to interest rate risk. The sensitivity of the Company's floating rate borrowings to change in interest rate (assuming all other variables constant) is given below:

Particulars	1% increase	1% decrease
On Floating Rate Borrowings	1,921.68	(-1,921.68)

8. Leases

The company has neither taken nor let out any assets on financial lease. All operating lease agreements entered into by the company are cancellable in nature. The company has debited/credited the lease rent paid/ received to the profit and loss statement. Therefore, disclosure requirement of future minimum lease payment in respect of non- operating lease as per Ind AS 116 is not applicable to the company.

Lease payments for the assets taken on operating lease ₹ 2,323.88 lakhs (Previous year ₹ 2,196.71 lakhs) are recognized as rent paid in the Statement of Profit and loss.

9. Transferred financial assets that are not derecognised in their entirety

Independent Auditor's Report

To the members of Muthootu Mini Financiers Limited Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Muthootu Mini Financiers Limited ("the Company") which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the Significant Accounting Policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted as at March 31, 2023, and its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statement

Key audit matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report

Information Other Than Financial Statements and Auditors Report Thereon

The Company's Board of Directors is responsible for other information. The other information comprises of information included in the Company's Annual Report, but does not include the Financial Statements and our report thereon.

Our Opinion on the Financial Statements does not cover the other information and we do not express any form of assurance.

In connection with our audit on the Financial Statements, our responsibility is to read the other information made available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact, we have nothing to report in this regard.

Managements Responsibility for the Financial Statements

The company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("The Act") with respect to preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, changes

in equity and cash flows of the Company in accordance with the Indian Accounting Standard (Ind AS) prescribed under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the asset of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis for accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these Financial Statements.

As part of an audit in accordance with standards on auditing, we exercise professional judgment and professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of the accounting estimates and related disclosures made by management.

- d) Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However future events or conditions may cause the company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statement represents the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. ANNEXURE 3

TO THE AUDITOR'S REPORT

Annexure 3 to the Independent Auditor's Report of even date on the Financial Statements of Muthoottu Mini Financiers Limited for the year ended 31 March 2023.

Report on the Internal Financial Controls with reference to the aforesaid Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") (Referred to in paragraph 3(i) under Report on Other Legal and Regulatory Requirements 'section of our report of even date)

Opinion

We have audited the internal financial controls over financial reporting of Muthoottu Mini Financiers Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has in all material respects, an adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of the internal controls stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We have conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing ("the Standards") issued by ICAI and deemed to be

prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of the internal financial controls over financial reporting, assessing the risk that material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide a reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and the dispositions of the assets of the Company;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made in accordance with authorization of the management and directors of the Company; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent limitation of internal financial controls over financial reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material

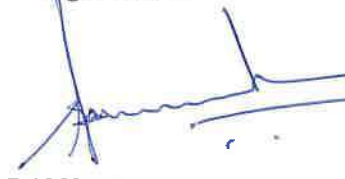

misstatements due to fraud or error may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of the changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

Notes to financial statements

2.1 Expected Credit Loss (ECL)

As required by RBI, the Company is obliged to comply with the extant prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP).

The Notification RBI/2019-20/170 dated 13 March, 2020, states that a comparison to be made between the provisions required under IRACP and impairment allowances made under Ind AS 109 and where the impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the Company shall appropriate the difference from their net profit or loss after tax to a separate 'impairment reserve'.

Since ECL provision computed as per the policy laid down under significant accounting policies is Lower than the provision as per IRACP norms, the company has been appropriated the difference from the net profit after tax to a separate 'impairment reserve'.

An analysis of changes in the gross carrying amount and the corresponding ECL allowances in relation to receivables under financing activities is, as follows:

15.1 Nature and purpose of reserve

Statutory reserve

Statutory Reserve represents the Reserve Fund created u/s 45IC of the Reserve Bank of India Act, 1934. In current year ₹ 1349.79 lakhs is appropriated from Statement of Profit and Loss to the Special Reserve Fund.

Debenture Redemption Reserve

Notes to financial statements

The Company, being an NBFC registered with the Reserve Bank of India under Section 45 IA of the RBI Act, 1934, is not required to create a Debenture Redemption Reserve, in respect of public issue of debentures and debentures issued by it on a private placement basis, Pursuant to Rule 18(7)(b)(iii) of the Companies (Share Capital and Debentures) Rules, 2014, as amended vide the Companies (Share Capital and Debentures) Amendment Rules dated August 16, 2019.

Securities Premium

This Reserve represents the premium on issue of equity shares and can be utilized in accordance with the provisions of the Companies Act, 2013.

Revaluation Reserve

Revaluation reserve represents a portion of the value of land that has been revalued based on the valuation made by approved external valuer during financial year 2012-13.

Retained Earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

Impairment Reserve

In accordance with RBI circular no. RBI/2019-20/170 dated March 13, 2020, the company has provided for impairment allowances as required by Ind AS. In parallel the company has also determined the asset classification and computed the impairment provisions as per extant prudential norms on Income Recognition, Asset Classification and Provisioning

Further, since impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP the difference has been appropriated from net profit after tax to 'Impairment Reserve'. The balance in the 'Impairment Reserve' shall not be reckoned for regulatory capital.

No withdrawals are permitted from this reserve without prior permission from the Department of Supervision, RBI. The requirement for 'Impairment Reserve' shall be reviewed, going forward as per further instructions from RBI

II. Basis of Preparation, Critical Accounting Estimates and Judgments

The financial statements have been prepared on the following basis:

A. Basis for preparation of Financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended 31 March 2019, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP). The financial statements for the year ended 31 March 2020 are the first financial statement of the Company prepared in accordance with Ind AS.

The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Indian Accounting Standards.

Accounting policies have been consistently applied to all periods presented, unless otherwise stated. The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgment or complexity, or areas where assumptions are significant to the Company are discussed in Note IV- Significant accounting judgments, estimates and provisions.

B. Presentation of Financial Statements

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognized amounts without being contingent on a future event and the parties intend to settle on a net basis.

C. Statement of Compliance

These standalone or separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act

D. New accounting standards issued but not effective

MCA has not notified any new standards during the year ended 31st March 2023

The Amendments in the Companies (Indian Accounting Standards) Amendment rules, 2022 which will be effective from 01.04.2023 onwards.

E. Functional and Presentation currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All values are rounded to the nearest lakhs, except when otherwise indicated.

III. Significant Accounting Policies

A. Revenue Recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

(a) Interest Income

Interest income from financial assets is recognized on an accrual basis using effective interest rate method (EIR) on the gross carrying amount of financial assets measured at amortized cost other than credit impaired assets and financial assets classified as measured at FVTPL

The effective interest rate method is the rate that exactly discounts estimated future cash receipts (including all fees, transaction costs and other premiums or discounts paid or received) through the expected life of the financial instrument to the carrying amount on initial recognition. While estimating future cash receipts, factors like expected behavior and life cycle of the financial asset, probable fluctuation in collateral value etc. are considered which has an impact on the EIR. In a situation where management believes that the recovery of interest is uncertain due to change in the price of the gold or otherwise, the Company recognizes income on such loans only to the extent it is confident of recovering interest from its customers through sale of underlying security or otherwise.

Such interests, where installments are overdue in respect of non-performing assets are recognized on realization basis. Any such income recognized and remaining unrealized after the installments become overdue with respect to non-performing assets is reversed.

(b) Dividend Income

Dividend income is recognised when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

(c) Income from sale of services

Revenue is recognized upon transfer of control of promised services to customer in an amount that reflects the consideration we expect to receive as per the agreement with the customer.

Where the performance obligation is satisfied overtime and where there is no uncertainty as to measurement or collectability of consideration, revenue is recognized as per the percentage of completion method.

The Company has applied revenue recognition criteria for each distinct performance obligation in relation to service income. The transaction price is allocated to each performance obligation based on the stand-alone selling price.

Any other revenue from operations are recognised based on a five step model frame work under INDAS 115 elucidated below:

Step1 Identify the contract with the customer – A contract is considered within the scope when the contract is approved by both the parties, payment terms and party's rights are identified and it is probable that the consideration will be collected.

Step2 Identify the performance obligations in the contract

Step 3 Determine the transaction price

Step4 Allocate the transaction price to the performance obligation in the contracts

Step 5 Recognize revenue when the Company satisfies a performance obligation

(d) Net gain/loss on fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss (refer Note 18), held by the Company on the balance sheet date is recognised as an unrealised gain/loss. In cases there is a net gain in the aggregate, the same is recognised in 'Net gains on fair value changes' under Revenue from operations and if there is a net loss the same is disclosed under 'Expenses' in the Statement of Profit and Loss. Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt or equity instruments measured at FVOCI is recognised in net gain / loss on fair value changes. As at the reporting date, the Company does not have any debt instruments measured at FVOCI.

B. Financial Instruments

(a) Classification of Financial Instruments

Financial instrument is any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity.

Financial assets and financial liabilities are recognized on its balance sheet when the company becomes a party to the contractual provisions of the instrument.

(b) Business Model Assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principal and Interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets

Financial Assets

Initial Recognition & measurement

Financial asset is initially recognized in the Balance sheet at fair value. Transaction costs directly attributable to the acquisition of the financial asset measured at fair value through profit or loss, are recognized immediately in profit or loss. Transaction costs directly attributable to the acquisition or issue of financial asset that are measured at amortized cost are added or deducted from the fair value of the financial asset as appropriate, on initial recognition.

Subsequent measurement

Subsequent to initial recognition, financial assets may be classified as under:

- **Financial assets to be measured at amortized cost**
A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding.
- **Financial assets to be measured at fair value through other comprehensive income (FVOCI)**
A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting the contractual cash flows & selling financial assets and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- **Financial assets to be measured at fair value through profit or loss account**
Where the criteria for the above two methods of classification are not met then the financial assets shall be measured at fair value through profit or loss account

Financial Liabilities

Initial Recognition & measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The company's financial liabilities include trade and other payables, non-convertible debentures, loans and borrowings including bank overdrafts.

Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

Derecognition of Financial Asset/Liability

The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are

transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

(c) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit and loss. Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date. The Company performs an assessment, at the end of each reporting period, of whether a financial assets credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses

Based on the above process, the Company categorizes its loans into three stages as described below: For non-impaired financial assets

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, the Company compares the risk of a default occurring on the financial asset as at the reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.
- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Company recognizes lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then entities shall revert to recognizing 12 months ECL provision.

- For impaired financial assets: Financial assets are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Company recognizes lifetime ECL for impaired financial assets.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon. The Company uses historical information where available to determine PD. For this purpose the probability over a period of one year of the outstanding loan portfolio for the past few years is taken for Gold loan portfolio taking slippage to NPA, loans written off and auction closure as defaulting events. For microfinance and loan against property slippage to NPA and written off are taken as defaulting events.
- Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments. The company uses historical information where available to estimate its EAD. By observing the historical data and due to the bullet payment scheme of gold loans, EAD for gold loan portfolio is taken as 100% and for micro finance and loan against property based on the amount of loan outstanding at the time of default to the actual disbursed amount of loan over the last few years.
- Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realization of any collateral.

As required by RBI Circular reference no. RBI/2019-20/170 DOR (NBFC).CC.PD.No. 109/22.10.106/ FY 2019-20 dated March 13, 2020; where impairment allowance under Ind AS 109 is lower than the provisioning required as per extant prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP) including borrower/beneficiary wise classification, provisioning for standard as well as restructured assets, NPA ageing, etc., the Company shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'.

Upgradation of accounts classified as Stage 3/Non-performing assets (NPA) - The Company upgrades loan accounts classified as Stage 3/ NPA to 'standard' asset category only if the entire arrears of interest, principal and other amount are paid by the borrower and there is no change in the accounting policy followed by the Company in this regard. With regard to upgradation of accounts classified as NPA due to restructuring, the instructions as specified for such cases as per the said RBI guidelines shall continue to be applicable.

Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Company uses collateral, where possible. Collateral comes in various forms, and mainly represents Gold jewellery in respect of Gold loans financed by the company. However, the fair value of collateral affects the calculation of ECL. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

Where the expected credit loss assessed by the company based on the above metrics are lower than the provision required under the RBI norms, an overlay is added to the provision methodology to ensure that the expected credit loss ascertained by the company is always not lower than the minimum regulatory provision required under RBI norms

Determination of Fair Value of Financial instruments

The company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the perception that the transaction to sell the asset or transfer the liability takes place either –

- a. In the principal market for the asset or liability ; or
- b. In the absence of principal market , in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability assuming that market participants act in their economic best interest. The fair value measurement of a non-financial asset takes into account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs

The financial instruments are classified based on hierarchy of valuation techniques, as summarised below -

Level 1 - This level includes financial assets that are measured by reference to quoted prices in active markets for identical assets or liabilities.

Level 2 - This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. price) or indirectly (i.e. derived from prices).

Level 3 - This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

C. Retirement and other employee benefits

1. Short term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognized in the period in which the employee renders the related service.

2. Long term Employee Benefits

- Defined contribution plans:

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognizes such contributions as an expense in the period in which employee renders the related service.

- Defined Benefit Plan:

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on

actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

D. Finance cost

Finance costs represents Interest expense recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial other than financial liabilities classified as FVTPL.

The EIR in case of a financial liability is computed at the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortized cost of a financial liability, by considering all the contractual terms of the financial instrument in estimating the cash flows.

Finance cost Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest expense with the corresponding adjustment to the carrying amount of the financial liability. Interest expense includes issue costs that are initially recognised as part of the carrying value of the financial liability and amortised over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc, provided these are incremental costs that are directly related to the issue of a financial liability.

E. Leases

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Company as a lessee

The Company has elected not to recognize right-of use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Company determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

The Company recognizes the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable, the Company at the time of initial recognition:

- Measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.
- Measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any re measurement of the lease liability specified in Ind AS 116 'Leases'

The Company as a lessor

Leases under which the Company is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognized as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

F. Other income and expenses

All other income and expense are recognised in the period they occur.

G. Taxes

- Current Tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

- **Deferred Tax**

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised. Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

- **Minimum Alternate Tax**

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the MAT Credit Entitlement asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

H. Foreign currency transaction

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in profit or loss.

I. Cash and cash equivalents

Cash and cash equivalents comprise of cash at bank, cash in hand, cheque to be realized and bank deposits having a maturity of less than three months from the date of deposit.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company's cash management.

J. Property Plant and Equipment

The Company has elected to choose the cost model as its accounting policy and continue with the carrying value of assets as deemed cost of all its property, plant and equipment on transition date to IndAS.

The property plant and equipment are the assets held for the use in the supply of services. Property, plant and equipment's are stated in the balance sheet at cost (net of duty/tax credit availed) less accumulated depreciation and accumulated impairment losses, where applicable.

The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates. Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

K. Depreciation

Depreciation is provided using written down value method as per the Useful life provided in the Schedule II of The Companies Act, 2013.

Particulars	Useful life as per Companies Act (in years)	Useful life estimated by the Company (in years)
Computers and accessories	3	3
Plant and machinery	15	15
Building	60	60
Car	8	8
Furniture and fittings	10	10
Electrical fittings	10	10
Electronic equipment	15	15
Weighing machine	15	15
Software and licenses	3	3
Video surveillance equipment	15	15
Air conditioner	10	10

L. Intangible Assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the

Statement of Profit and Loss from / upto the date of acquisition/sale. Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortized on a straight-line basis over a period of 3 years, unless it has a shorter useful life.

The Company's intangible assets consist of computer software with definite life. Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in the Statement of Profit and Loss when the asset is derecognized.

M. Related Party

All related party transactions which were entered into during the year were on an arm's length basis and generally in the ordinary course of business under the Act. The Company has a policy on related party transactions which has been approved by the Board in their meeting held on 13 February, 2023. All the transactions which are identified as related party transactions are approved by the Audit Committee/ Board of Directors/ members at the General Meeting as may be deemed necessary and as stipulated in the policy.

Details of transactions entered into with the related party is disclosed in Note V (4) Accompanying notes to the financial statements.

N. Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the Expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. As at reporting date, the Company does not have any such provisions where the effect of time value of money is material."

O. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

P. Contingent Assets

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain

future events not wholly within the control of the entity. The company does not have any contingent assets in the financial statements.

Q. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

R. Cash Flow

The company is reporting cash flow statement in indirect method, whereby net profit or loss is adjusted for the effects of transactions of a non-cash nature, tax, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

S. Expenditure on Corporate Social Responsibility (CSR)

The Company accounts the expenditure incurred towards Corporate Social Responsibility as required under the Act as a charge to the statement of profit and loss.

T. Impairment of Non-Financial Assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

U. Ind AS 101 - First-time Adoption of Indian Accounting Standards

Exemptions applied Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions: On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment and intangible assets as

at March 31, 2019 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment and intangible assets as on April 01, 2019.

IV. Significant accounting judgments, estimates and provisions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

(a) Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

(b) Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

(c) Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the Assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

(e) Contingent liabilities and provisions other than impairment on loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(f) Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty, interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the Instrument

(g) Determination of lease term

Ind AS 116 "Leases" requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease

term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(h) Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

5. Capital Management

The Company maintains an actively managed capital base to cover risks inherent in the business which includes issued equity capital, share premium and all other equity reserves attributable to equity holders of the Company. The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years except those incorporated-on account of regulatory amendments. However, they are under constant review by the Board.

6. Fair Value Measurement

a. Valuation Principle

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified

based on a hierarchy of valuation techniques, explained in the note - "Determination of fair value of Financial Instruments" (Note No: III B (c))

b. **Valuation Hierarchy:**

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

(Rupees in lakhs)

Particulars	31-03-2023				31-03-2022			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Assets measured at fair value on a recurring basis

Equity Shares	8.73	-	971.80	980.53	4.58	-	900.00	904.58
Total Assets measured at fair value on a recurring basis	8.73	-	971.80	980.53	4.58	-	900.00	904.58
Assets measured at fair value on a non-recurring basis	-	-	-	-	-	-	-	-
Liabilities measured at fair value on a recurring basis								
Derivative financial instruments								
-Forward contracts	-	-	-	-	-	-	-	-
-Cross Currency Swaps	-	-	-	-	-	-	-	-
Total derivative financial instruments	-	-	-	-	-	-	-	-
Total Liabilities measured at fair value on a recurring basis	-	-	-	-	-	-	-	-
Liabilities measured at fair value on a non-recurring basis	-	-	-	-	-	-	-	-

c. **Valuation Technique**

Equity Instruments: Equity instruments in non-listed entities are initially recognised at transaction price and re-measured (to the extent information is available) and valued on a case-by case and classified as Level 3. Quoted equity instruments on recognised stock exchanges are valued at Level 1 hierarchy being the unadjusted quoted price as at the reporting date.

d. **Transfer between Level 1/Level2 and Level 3 during the reporting period**

During the year there have been no transfers between level 1 and level 2. Similarly, there were no transfers from or to level 3

e. **Movements in Level 3 financial instruments measured at fair value:**

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. Transfers from Level 3 to Level 2 occur when the market for some securities became more liquid, which eliminates the need for the previously required significant unobservable valuation inputs. Since the transfer, these instruments have been valued using valuation models incorporating observable market inputs. Transfers into Level 3 reflect changes in market conditions as a result of which instruments become less liquid. Therefore, the Company requires significant unobservable inputs to calculate their fair value. The following tables show the reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities measured at fair value:

Particulars	Equity Instruments	
	As at March 31, 2023	As at March 31, 2022
Opening Balance	900.00	0.00
Purchase	71.80	900.00
Sales		
Unrealized gains and losses related to balances held at the end of the year	0.00	0.00
Closing Balance	971.80	900.00

f. **Fair value of financial instruments not measured at fair value**

Set out below is a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non-financial Assets and non-financial liabilities.

g. Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements. These fair values were calculated for disclosure purposes only.

- Short-term financial assets and liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value.

- Loans and advances to customers

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using, historical experience, management view and other information used in its collective impairment models.

- Borrowings

The floating rate loans are fair valued on the basis of MCLR + spread. For fixed rate loans, the carrying values are a reasonable approximation of their fair value.

7. Risk Management Introduction and Risk Profile

As a lending institution, the Company is exposed to various risks that are related to gold lending business, micro finance business and operating environment. Risk management forms an integral element of the business. The objective in the risk management process is to appreciate, measure and monitor the various risks that are subject to and to follow policies and procedures to address these risks. The Company manages it through the risk management architecture. The Company continue to improve the policies and procedures and to implement these rigorously, for the efficient functioning of the business. This also helps in managing the risks, associated with the business.

A. Risk management structure

The Company has constituted Risk Management Committee comprising members of the Board to assist the Board of Directors in the execution of its risk management accountabilities. The Committee provides the Risk Committee of the Board of Directors an independent and objective oversight view of the information to review Company's financial risk activities and provide an assurance to the Board of Directors that the Company has implemented an effective ongoing process to identify the risk, to measure the potential impact and proactively manage these risks and to decide the tolerance for the risk.

B. Risk measurement and reporting systems

In order to address the risks that are inherent to the business, the Company has developed a risk management architecture that includes a Risk Management Committee, of the Board of Directors, internal audit department, and an internal Risk Management Committee comprising senior management. The Risk Management Committee, oversees the risk management policies, which helps to identify, measure, monitor and mitigate the various risks in the businesses. The terms of reference of Risk Management Committee are as follows:

- (a) To assist the Board in setting risk strategy policies in liaison with management and in the discharge of its duties relating to corporate accountability and associated risk in terms of management assurance

and reporting;

- (b) To review and assess the nature, role, responsibility and authority of the risk management function within the Company and outline the scope of risk management work; and
- (c) To review and assess the quality, integrity and effectiveness of the risk management systems and ensure that the risk policies and strategies are effectively managed.

C. Internal Audit Department & Risk Audit

Company's internal audit department assists in the management of operational risk. An Information System Audit of the internal systems and processes is conducted at least once in two years to assess operational risks faced by the Company.

D. Assets-Liabilities Management Policy

The asset-liability management policy ("ALM Policy") adopted by the Board is reviewed periodically and last updated on May 20, 2022.

E. Analysis of risk concentration

(i) Credit Risk

Credit risk is the possibility of loss due to the failure of any borrower to abide by the terms and conditions of the loan agreement. We believe that the credit risk in our Gold Loan business is relatively low because all our loans are generally over collateralized by pledged gold ornaments. We aim to reduce credit risk through a rigorous loan approval and gold appraisal process, KYC compliance procedures and a strong non-performing asset ("NPA") monitoring and recovery mechanism. The credit risk is diminished because the gold jewellery used as security for our loans can be readily liquidated, and the possibility of recovering less than the amount due to us is relatively low. We also mitigate credit risk by not disbursing loans in excess of specified limits, as fixed by our Company from time to time, to the same customer, and for high value loans we undertake a credit check or profiling of the borrower before a loan is approved. We have developed methods to peg the value of the loan amount to the moving average price of gold. We also decrease credit risk by focusing on the quality of the pledged gold. Our internal control system ensures independent verification of the gold by at least two officials at the branch level. The level of verification at the branch level increases as the loan value increases. In addition, the quality of gold is checked by the inspecting officers of the Company through random check and by gold auditors through a detailed check. Credit risk in our micro finance business is generally higher than our Gold Loan business as the amount advanced is

on unsecured basis. However, our product is designed in such a way that the loans are granted to individuals who form a part of the group and the group is ultimately liable for each member repayment obligation under that group. We also mitigate credit risk by not disbursing loans in excess of specified limits which is currently ₹ 1 lakh to an individual customer. We also decrease credit risk by close follow up with the group members on weekly basis.

The table below summarises the credit risk exposure of the loan portfolio of the company based on days past due and geography of the borrower:

(ii) Collateral and other credit enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty.

The tables below discloses the maximum exposure to credit risk by class of financial asset. They also discloses the quantitative information of collateral held including surplus collateral (the extent to which the value of collateral held is greater than the exposure to which it relates), and the net exposure to credit risk based on Loan to Value at the point of origination of loans .

(iii) Liquidity Risk

Our business is cash intensive and requires substantial funds, on an ongoing basis, to finance the loan portfolio and to grow it. Any disruption in the funding sources would have a material adverse effect on our liquidity and financial condition. The Company is proactively pursuing a system of identifying and accessing newer and cheaper sources of funds, to finance the AUM and to grow the business. There is a regular meeting of our asset liability management committee which reviews the liquidity position of the Company and arranges for sufficient funding in advance, for growth.

(iv) Market Risk

Market risk arises from the decline in the value of the pledged gold due to fluctuation in gold prices. This risk is in part mitigated by linking the LTV to the 30 day average price of gold. This risk is further reduced because we appraise the gold jewellery and fund loans based solely on the weight of gold content without considering design cost, production cost or value of gemstones. In addition, we believe that the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the pledged gold even if the value of the pledged gold falls below the value of the repayment amount. We believe that a prompt and effective recovery mechanism also helps us deal with this risk.

As a measure of combating the risk involved due to the volatility in gold prices, the Company has put in place a process to review the gold loan outstanding based on marking the gold loan outstanding to the market prices, Marked to Market (MTM), on a regular basis. When the amount of Gold Loan outstanding exceeds 95% of the market price, the company initiates steps to intimate the borrower to close the loan account and or to pledge additional gold jewellery. In case of delay, immediate steps will be taken to recover the amount through auction, post intimation to the borrower. Based on the risk assessed as per the MTM (Mark to Market) review, additional provision for the shortfall as against the gold loan outstanding of the customer, if any, is provided in the books of accounts.

(v) Operational Risk

Operational risk broadly covers the risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events. We have instituted a series of checks and balances and audit reviews to address the various operational risks. We have clearly defined appraisal methods to mitigate appraisal risk. Inaccurate appraisal of the pledged gold may lead to funds being advanced against low value or spurious gold. This risk is mitigated by our policies on internal control, generation of alert reports and additional requirements for high value loans. We also have detailed guidelines on movement of cash or gold to address custodial risk, which is the risk associated with the safety and security of our gold inventory. In addition, we have installed surveillance cameras across of all our branches, and security guards are present at night at certain sensitive branches. We undertake significant employee profiling and background verification checks before hiring and continuously monitor their lifestyle changes. We are also maintaining insurance cover for our gold stock and cash with our branches, and cash in transit, against theft, loss or damage by fire as well as against natural calamities including earthquake and floods. As of

March 31, 2023, our Company has a total insurance cover of ₹4,00,000 lakhs.

➤ **Rating Loans Days past due (DPD) Stages with regard to quality of assets**

The Company considers a financial instrument as defaulted and therefore Stage 3 (credit- impaired) for Expected credit Loss (ECL) calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

Rating	Days Past Due (DPD)	Stages
High grade	Not yet due	Stage 1
High grade	1-30 DPD	Stage 1
Medium grade	31-60 DPD	Stage 2
Medium grade	61-90 DPD	Stage 2
Low grade	91 DPD or More	Stage 3

➤ **Exposure at Default (EAD)**

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan	100.00%	100.00%	100.00%
Microfinance	43.06%	43.06%	43.06%
Loan Against Property	91.93%	91.93%	91.93%

➤ **Probability of Default (PD)**

The Probability of Default is an estimate of the likelihood of default over a given time horizon. The table below shows the probability of default on different portfolios as computed by the Company based on the ECL method mentioned in Significant Accounting Policies

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan	6.32%	6.32%	100.00%
Microfinance	6.45%	6.45%	100.00%
Loan Against Property	33.33%	33.33%	100.00%

➤ **Loss Given Default (LGD)**

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realization of any collateral.

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan	6.33%	6.33%	6.33%
Microfinance	65.00%	65.00%	65.00%
Loan Against Property	50.00%	50.00%	50.00%

ECL rate is computed as the product of EAD, PD, and LGD

(vii) Interest Rate Risk

The Company's exposure to changes in interest rates relates to the Company's outstanding floating rate liabilities. Most of the Company's outstanding liability is on fixed rate basis and hence not subject to interest rate risk. Some of the borrowings of the Company are linked to rate benchmarks hence subject to interest rate risk. The sensitivity of the Company's floating rate borrowings to change in interest rate (assuming all other variables constant) is given below:

Particulars	1% increase	1% decrease
On Floating Rate Borrowings	1,533.67	(1,533.67)

8. Leases

The company has neither taken nor let out any assets on financial lease. All operating lease agreements entered into by the company are cancellable in nature. The company has debited/credited the lease rent paid/ received to the profit and loss statement. Therefore, disclosure requirement of future minimum lease payment in respect of non- operating lease as per Ind AS 116 is not applicable to the company.

Lease payments for the assets taken on operating lease ₹ 2,196.71 lakhs (Previous year ₹ 1,883.71 lakhs) are recognized as rent paid in the Statement of Profit and loss.

Independent Auditor's Report**To the members of Muthoottu Mini Financiers Limited
Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying financial statements of Muthoottu Mini Financiers Limited ("the Company") which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the Significant Accounting Policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted as at March 31, 2022, and its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statement

Information Other Than Financial Statements and Auditors Report Thereon

Our Opinion on the Financial Statements does not cover the other information and we do not express any form of assurance.

In connection with our audit on the Financial Statements, our responsibility is to read the other information made available and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact, we have nothing to report in this regard.

Managements Responsibility for the Financial Statements

The company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("The Act") with respect to preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standard (Ind AS) prescribed under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the asset of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis for accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these Financial Statements.

As part of an audit in accordance with standards on auditing, we exercise professional judgment and professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls systems in place and operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of the accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of the auditor's report. However future events or conditions may cause the company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statement represents the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report.

unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure 1" to this report a statement on the matters specified in Paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by the Non-Banking Financial Companies Auditor's Report (Reserve Bank) Direction, 2016, issued by the Reserve Bank of India in exercise of the powers conferred by sub-section (1A) of Section 45MA of the Reserve Bank of India Act, 1934, we give in the "Annexure 2", an additional Audit Report addressed to the Board of Directors containing our statements on the matters specified therein.
3. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books;
 - c. No report on accounts of any of the branch offices audited under sub section 8 of section 143 by any person has been received by us and therefore no comments need to be made on the matter.

ANNEXURE 3

TO THE AUDITOR'S REPORT

Annexure 3 to the Independent Auditor's Report of even date on the Financial Statements of Muthoottu Mini Financiers Limited for the year ended 31 March 2022.

Report on the Internal Financial Controls with reference to the aforesaid Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") (Referred to in paragraph 3(h) under Report on Other Legal and Regulatory Requirements 'section of our report of even date)

Opinion

We have audited the internal financial controls over financial reporting of Muthoottu Mini Financiers Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has in all material respects, an adequate internal financial control over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of the internal controls stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We have conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing ("the Standards") issued by ICAI and deemed to be

prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of the internal financial controls over financial reporting, assessing the risk that material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide a reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and the dispositions of the assets of the Company;
- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made in accordance with authorization of the management and directors of the Company; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent limitation of internal financial controls over financial reporting

Because of the inherent limitation of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material

misstatements due to fraud or error may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of the changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

Notes to financial statements

2.1 Expected Credit Loss (ECL)

As required by RBI, the Company is obliged to comply with the extant prudential norms on Income Recognition, Asset Classification and Provisioning (IRACP). ECL computed by the Company as per the policy, laid down under significant accounting policies, is higher than the provision as per IRACP norms.

The Notification RBI/2019-20/170 dated 13 March, 2020, states that a comparison to be made between the provisions required under IRACP and impairment allowances made under Ind AS 109 and where the impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP (including standard asset provisioning), the Company shall appropriate the difference from their net profit or loss after tax to a separate 'impairment reserve'.

Since, the ECL provision computed as per the policy laid down under significant accounting policies is higher than the provision as per IRACP norms, the requirement of appropriating the difference from the net profit after tax to a separate 'impairment reserve' doesnot arise.

An analysis of changes in the gross carrying amount and the corresponding ECL allowances in relation to receivables under financing activities is, as follows:

II. Basis of Preparation, Critical Accounting Estimates and Judgments

The financial statements have been prepared on the following basis:

A. Basis for preparation of Financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended 31 March 2019, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP or previous GAAP). The financial statements for the year ended 31 March 2020 are the first financial statement of the Company prepared in accordance with Ind AS.

The financial statements have been prepared under the historical cost convention, as modified by the application of fair value measurements required or allowed by relevant Indian Accounting Standards.

Accounting policies have been consistently applied to all periods presented, unless otherwise stated. The preparation of financial statements requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosed amount of contingent liabilities. Areas involving a higher degree of judgment or complexity, or areas where assumptions are significant to the Company are discussed in Note IV- Significant accounting judgments, estimates and provisions.

B. Presentation of Financial Statements

The financial statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). Financial assets and financial liabilities are generally reported on a gross basis except when, there is an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event and the parties intend to settle on a net basis.

C. Statement of Compliance

These standalone or separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act, 2013 and the other relevant provisions of the Act

D. New accounting standards issued but not effective

There are no standards that are issued but not yet effective on March 31, 2022

E. Functional and Presentation currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All values are rounded to the nearest lakhs, except when otherwise indicated.

III. Significant Accounting Policies

A. Revenue Recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

(a) Interest Income

Interest income from financial assets is recognized on an accrual basis using effective interest rate method (EIR). The effective interest rate method is the rate that exactly discounts estimated future cash receipts (including all fees, transaction costs and other premiums or discounts paid or received) through the expected life of the financial instrument to the carrying amount on initial recognition. While estimating future cash receipts, factors like expected behavior and life cycle of the financial asset, probable fluctuation in collateral value etc. are considered which has an impact on the EIR. In a situation where management believes that the recovery of interest is uncertain due to change in the price of the gold or otherwise, the Company recognizes income on such loans only to the extent it is confident of recovering interest from its customers through sale of underlying security or otherwise.

Such interests, where installments are overdue in respect of non-performing assets are recognized on realization basis. Any such income recognized and remaining

unrealized after the installments become overdue with respect to non-performing assets is reversed.

(b) Dividend Income

Dividend income is recognised when the right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably.

(c) Income from sale of services

Revenue is recognized upon transfer of control of promised services to customer in an amount that reflects the consideration we expect to receive as per the agreement with the customer.

Where the performance obligation is satisfied overtime and where there is no uncertainty as to measurement or collectability of consideration, revenue is recognized as per the percentage of completion method.

The Company has applied revenue recognition criteria for each distinct performance obligation in relation to service income. The transaction price is allocated to each performance obligation based on the stand alone selling price.

Any other revenue from operations are recognised based on a five step model frame work under INDAS 115 elucidated below:

Step1 Identify the contract with the customer – A contract is considered within the scope when the contract is approved by both the parties, payment terms and party's rights are identified and it is probable that the consideration will be collected.

Step2 Identify the performance obligations in the contract

Step 3 Determine the transaction price

Step4 Allocate the transaction price to the performance obligation in the contracts

Step 5 Recognize revenue when the Company satisfies a performance obligation

B. Financial Instruments

(a) Classification of Financial Instruments

Financial instrument is any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity.

Financial assets and financial liabilities are recognized on its balance sheet when the company becomes a party to the contractual provisions of the instrument.

(b) Business Model Assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principal and Interest (SPPI) and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the

assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortized cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets

Financial Assets

Initial Recognition & measurement

Financial asset is initially recognized in the Balance sheet at fair value. Transaction costs directly attributable to the acquisition of the financial asset measured at fair value through profit or loss, are recognized immediately in profit or loss. Transaction costs directly attributable to the acquisition or issue of financial asset that are measured at amortized cost are added or deducted from the fair value of the financial asset as appropriate, on initial recognition.

Subsequent measurement

Subsequent to initial recognition, financial assets may be classified as under:

- Financial assets to be measured at amortized cost
A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding.
- Financial assets to be measured at fair value through other comprehensive income (FVOCI)
A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting the contractual cash flows & selling financial assets and the contractual terms of the financial asset gives rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets to be measured at fair value through profit or loss account
Where the criteria for the above two methods of classification are not met then the financial assets shall be measured at fair value through profit or loss account

Financial Liabilities

Initial Recognition & measurement

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs. The company's financial liabilities include trade and other payables, non-convertible debentures, loans and borrowings including bank overdrafts.

Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

Derecognition of Financial Asset/Liability

The Company derecognizes a financial asset when the contractual cash flows from the asset expire or it transfers its rights to receive contractual cash flows from the financial asset in a transaction in which substantially all the risks and rewards of ownership are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

(c) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' model (ECL), for evaluating impairment of financial assets other than those measured at Fair value through profit and loss. Expected Credit Loss, at each reporting date, is measured through a loss allowance for a financial asset:

- At an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition.
- At an amount equal to 12-month expected credit losses, if the credit risk on a financial instrument has not increased significantly since initial recognition.

Lifetime expected credit losses means expected credit losses that result from all possible default events over the expected life of a financial asset.

12-month expected credit losses means the portion of Lifetime ECL that represent the ECLs that result from default events on financial assets that are possible within the 12 months after the reporting date. The Company performs an assessment, at the end of each reporting period, of whether a financial assets credit risk has increased significantly since initial recognition. When making the assessment, the change in the risk of a default occurring over the expected life of the financial instrument is used instead of the change in the amount of expected credit losses

Based on the above process, the Company categorizes its loans into three stages as described below: For non-impaired financial assets

- Stage 1 is comprised of all non-impaired financial assets which have not experienced a significant increase in credit risk (SICR) since initial recognition. A 12-month ECL provision is made for stage 1 financial assets. In assessing whether credit risk has increased significantly, the Company compares the risk of a default occurring on the financial asset as at the

reporting date with the risk of a default occurring on the financial asset as at the date of initial recognition.

- Stage 2 is comprised of all non-impaired financial assets which have experienced a significant increase in credit risk since initial recognition. The Company recognizes lifetime ECL for stage 2 financial assets. In subsequent reporting periods, if the credit risk of the financial instrument improves such that there is *no longer a significant increase in credit risk since initial recognition*, then entities shall revert to recognizing 12 months ECL provision.
- For impaired financial assets: Financial assets are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The Company recognizes lifetime ECL for impaired financial assets.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon. The Company uses historical information where available to determine PD. For this purpose the probability over a period of one year of the outstanding loan portfolio for the past few years is taken for Gold loan portfolio taking slippage to NPA, loans written off and auction closure as defaulting events. For microfinance and loan against property slippage to NPA and written off are taken as defaulting events.
- Exposure at Default (EAD) - The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments. The company uses historical information where available to estimate its EAD. By observing the historical data and due to the bullet payment scheme of gold loans, EAD for gold loan portfolio is taken as 100% and for micro finance and loan against property based on the amount of loan outstanding at the time of default to the actual disbursed amount of loan over the last few years.
- Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realization of any collateral.

Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD

determined by the Company based on its internal data. While the internal estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

To mitigate its credit risks on financial assets, the Company uses collateral, where possible. Collateral comes in various forms, and mainly represents Gold jewellery in respect of Gold loans financed by the company. However, the fair value of collateral affects the calculation of ECL. The collateral is majorly the property for which the loan is given. The fair value of the same is based on data provided by third party or management judgements.

Loans are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Company determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subjected to write-offs. Any subsequent recoveries against such loans are credited to the Statement of Profit and Loss.

Where the expected credit loss assessed by the company based on the above metrics are lower than the provision required under the RBI norms, an overlay is added to the provision methodology to ensure that the expected credit loss ascertained by the company is always not lower than the minimum regulatory provision required under RBI norms

Determination of Fair Value of Financial Instruments

The company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the perception that the transaction to sell the asset or transfer the liability takes place either –

- a. In the principal market for the asset or liability ; or
- b. In the absence of principal market , in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability assuming that market participants act in their economic best interest. The fair value measurement of a non-financial asset takes into account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs

The financial instruments are classified based on hierarchy of valuation techniques, as summarised below -

Level 1 - This level includes financial assets that are measured by reference to quoted prices in active markets for identical assets or liabilities.

Level 2 - This level includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. price) or indirectly (i.e. derived from prices).

Level 3 - This level includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

C. Retirement and other employee benefits

1. Short term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus/ex-gratia are recognized in the period in which the employee renders the related service.

2. Long term Employee Benefits

- Defined contribution plans:

All the employees of the Company are entitled to receive benefits under the Provident Fund and Employees State Insurance scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognizes such contributions as an expense in the period in which employee renders the related service.

- Defined Benefit Plan:

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated years mentioned under 'The Payment of Gratuity Act, 1972'. The present value of the obligation under such defined benefit plan is determined based on

actuarial valuation, carried out by an independent actuary at each Balance Sheet date, using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government Securities as at the Balance Sheet date.

Net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, attrition rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

Re-measurement, comprising of actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit and loss in subsequent periods.

D. Leases

The Company evaluates each contract or arrangement, whether it qualifies as lease as defined under Ind AS 116. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset.

The Company as a lessee

The Company has elected not to recognize right-of use assets and lease liabilities for short term leases that have a lease term of less than or equal to 12 months and leases with low value assets. The Company determines the lease term as the non-cancellable period of a lease, together with periods covered by an option to extend the lease, where the Company is reasonably certain to exercise that option.

The Company recognizes the lease payments associated with these leases as an expense in Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern of the lessee's benefit. The related cash flows are classified as operating activities.

Wherever the above exception permitted under Ind AS 116 is not applicable, the Company at the time of initial recognition:

- Measures lease liability as present value of all lease payments discounted using the Company's incremental cost of borrowing and directly attributable costs. Subsequently, the lease liability is increased by interest

on lease liability, reduced by lease payments made and remeasured to reflect any reassessment or lease modifications specified in Ind AS 116 'Leases', or to reflect revised fixed lease payments.

- Measures 'Right-of-use assets' as present value of all lease payments discounted using the Company's incremental cost of borrowing and any initial direct costs. Subsequently, 'Right-of-use assets' is measured using cost model i.e. at cost less any accumulated depreciation (depreciated on straight line basis over the lease period) and any accumulated impairment losses adjusted for any re measurement of the lease liability specified in Ind AS 116 'Leases'

The Company as a lessor

Leases under which the Company is a lessor are classified as finance or operating leases. Lease contracts where all the risks and rewards are substantially transferred to the lessee, the lease contracts are classified as finance leases. All other leases are classified as operating leases. Lease payments from operating leases are recognized as an income in the Statement of Profit and Loss on a straight-line basis over the lease term or another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

E. Taxes

- **Current Tax**

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible in accordance with applicable tax laws. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the end of reporting date in India where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

- **Deferred Tax**

Deferred tax assets and liabilities are recognised for temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled

Deferred tax assets are only recognised for temporary differences, unused tax losses and unused tax credits if it is probable that future taxable amounts will arise to utilise those temporary differences and losses. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will

be realised. Deferred tax assets and liabilities are offset where there is a legally enforceable right to offset current tax assets and liabilities and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities are realised simultaneously. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss i.e., either in other comprehensive income or in equity. *Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.*

- **Minimum Alternate Tax**

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that it is probable that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the MAT Credit Entitlement asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

F. Foreign currency transaction

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in profit or loss.

G. Cash and cash equivalents

Cash and cash equivalents comprise of cash at bank, cash in hand, cheque to be realized and bank deposits having a maturity of less than three months from the date of deposit.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short- term deposits, as defined above, net of outstanding bank overdrafts if any, as they are considered an integral part of the Company's cash management.

H. Property Plant and Equipment

The Company has elected to choose the cost model as its accounting policy and continue with the carrying value of assets as deemed cost of all its property, plant and equipment on transition date to IndAS.

The property plant and equipment are the assets held for the use in the supply of services. Property, plant and equipment's are stated in the balance sheet at cost (net of duty/tax credit availed) less accumulated depreciation and accumulated impairment losses, where applicable.

The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the management. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. Changes in the expected useful life are accounted for by changing the amortization period or methodology, as appropriate, and treated as changes in accounting estimates. Subsequent expenditure related to an item of tangible asset are added to its gross value only if it increases the future benefits of the existing asset, beyond its previously assessed standards of performance and cost can be measured reliably. Other repairs and maintenance costs are expensed off as and when incurred.

I. Depreciation

Depreciation is provided using written down value method as per the Useful life provided in the Schedule II of The Companies Act, 2013.

Particulars	Useful life as per Companies Act (in years)	Useful life estimated by the Company (in years)
Computers and accessories	3	3
Plant and machinery	15	15
Building	60	60
Car	8	8
Furniture and fittings	10	10
Electrical fittings	10	10
Electronic equipment	15	15
Weighing machine	15	15
Software and licenses	3	3

Video surveillance equipment	15	15
Air conditioner	10	10

J. Intangible Assets

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company. Intangible assets acquired separately are measured on initial recognition at cost. The cost of an intangible asset comprises its purchase price and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life, or the expected pattern of consumption of future economic benefits embodied in the asset, are accounted for by changing the amortisation period or methodology, as appropriate, which are then treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is presented as a separate line item in the statement of profit and loss. Amortisation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of Profit and Loss from / upto the date of acquisition/sale. Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives. Intangible assets comprising of software are amortized on a straight-line basis over a period of 3 years, unless it has a shorter useful life.

The Company's intangible assets consist of computer software with definite life. Gains or losses from derecognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in the Statement of Profit and Loss when the asset is derecognized.

K. Related Party

All related party transactions which were entered into during the year were on an arm's length basis and generally in the ordinary course of business under the Act. The Company has a policy on related party transactions which has been approved by the Board in their meeting held on 27 March, 2017. All the transactions which are identified as related party transactions are approved by the Audit Committee/ Board of Directors/ members at the General Meeting as may be deemed necessary and as stipulated in the policy.

Details of transactions entered into with the related party is disclosed in Note V (4) Accompanying notes to the financial statements.

L. Provisions

Provisions are recognised when the enterprise has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the enterprise determines the level of provision by discounting the Expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement. As at reporting date, the Company does not have any such provisions where the effect of time value of money is material."

M. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The company does not have any contingent assets in the financial statements.

N. Earnings Per Share

The Company reports basic and diluted earnings per share in accordance with Ind AS 33 on Earnings per share. Basic EPS is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividend and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless they have been issued at a later date. In computing the dilutive earnings per share, only potential equity shares that are dilutive and that either reduces the earnings per share or increases loss per share are included.

O. Cash Flow

The company is reporting cash flow statement in indirect method, whereby net profit or loss is adjusted for the effects of transactions of a non-cash nature, tax, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

P. Expenditure on Corporate Social Responsibility (CSR)

The Company accounts the expenditure incurred towards Corporate Social Responsibility as required under the Act as a charge to the statement of profit and loss.

Q. Impairment of Non-Financial Assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

IV. Significant accounting judgments, estimates and provisions

The preparation of financial statements in conformity with the Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosure and the disclosure of contingent liabilities, at the end of the reporting period. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following notes:

(a) Business Model Assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be

appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

(b) Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

(c) Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) Impairment of loans portfolio

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the Assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

(e) Contingent liabilities and provisions other than impairment on loan portfolio

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

(f) Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty, interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the

instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the Instrument

(g) Determination of lease term

Ind AS 116 "Leases" requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying to the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

(h) Other estimates:

These include contingent liabilities, useful lives of tangible and intangible assets etc.

5. Capital Management

The Company maintains an actively managed capital base to cover risks inherent in the business which includes issued equity capital, share premium and all other equity reserves attributable to equity holders of the Company. The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value. The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years except those incorporated on account of regulatory amendments. However, they are under constant review by the Board.

6. Fair Value Measurement

a. Valuation Principle

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, explained in the note - "Determination of fair value of Financial Instruments" (Note No: III B (c))

b. Valuation Hierarchy:

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

(Rupees in lakhs)

c. Valuation Technique

Equity Instruments: Equity instruments in listed entities are measured at the latest available listed market price as at the end of the reporting date.

d. Transfer between Level 1/Level2 and Level 3 during the reporting period

During the year there have been no transfers between level 1 and level 2. Similarly, there were no transfers from or to level 3

e. Fair value of financial instruments not measured at fair value

Set out below is a comparison, by class, of the carrying amounts and fair values of the Company's financial instruments that are not carried at fair value in the financial statements. This table does not include the fair values of non-financial Assets and non-financial liabilities.

f. Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements. These fair values were calculated for disclosure purposes only.

- **Short-term financial assets and liabilities**

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value.

- **Loans and advances to customers**

The fair values of loans and receivables are estimated by discounted cash flow models that incorporate assumptions for credit risks, probability of default and loss given default estimates. Since comparable data is not available, Credit risk is derived using historical experience, management view and other information used in its collective impairment models.

- **Borrowings**

The floating rate loans are fair valued on the basis of MCLR + spread. For fixed rate loans, the carrying values are a reasonable approximation of their fair value.

7. Risk Management Introduction and Risk Profile

As a lending institution, the Company is exposed to various risks that are related to gold lending business, micro finance business and operating environment. Risk management forms an integral element of the business. The objective in the risk management process is to appreciate, measure and monitor the various risks that are subject to and to follow policies and procedures to address these risks. The Company manages it through the risk management architecture. The Company continue to improve the policies and procedures and to implement these rigorously, for the efficient functioning of the business. This also helps in managing the risks, associated with the business.

Risk management structure

The Company has constituted Risk Management Committee to assist the Board of Directors in the execution of its risk management accountabilities. The Committee provides the Risk Committee of the Board of Directors an independent and objective oversight view of the information to review Company's financial risk activities and provide an assurance to the Board of Directors that the Company has implemented an effective ongoing process to identify the risk, to measure the potential impact and proactively manage these risks and to decide the tolerance for the risk.

Risk measurement and reporting systems

In order to address the risks that are inherent to the business, the Company has developed a risk management architecture that includes a Risk Management Committee, of the Board of Directors, internal audit department, and an internal Risk Management Committee comprising senior management. The Risk Management Committee, oversees the risk management policies, which helps to identify, measure, monitor and mitigate the various risks in the businesses. The terms of reference of Risk Management Committee are as follows:

- (a) To assist the Board in setting risk strategy policies in liaison with management and in the discharge of its duties relating to corporate accountability and associated risk in terms of management assurance and reporting;
- (b) To review and assess the nature, role, responsibility and authority of the risk management function within the Company and outline the scope of risk management work; and
- (c) To review and assess the quality, integrity and effectiveness of the risk management systems and ensure that the risk policies and strategies are effectively managed.

Internal Audit Department & Risk Audit

Our internal audit department assists in the management of operational risk.

Assets-Liabilities Management Policy

The asset-liability management policy ("ALM Policy") adopted by the Board is reviewed periodically and last updated on July 20, 2020.

Analysis of risk concentration

1. Credit Risk

Credit risk is the possibility of loss due to the failure of any borrower to abide by the terms and conditions of the loan agreement. We believe that the credit risk in our Gold Loan business is relatively low because all our loans are generally over collateralized by pledged gold ornaments. We aim to reduce credit risk through a rigorous loan approval and gold appraisal process, KYC compliance procedures and a strong non- performing asset ("NPA") monitoring and recovery mechanism. The credit risk is diminished because the gold jewellery used as security for our loans can be readily liquidated, and the possibility of recovering less than the amount due to us is relatively low. We also mitigate credit risk by not disbursing loans in excess of specified limits, as fixed by our Company from time to time, to

the same customer, and for high value loans we undertake a credit check or profiling of the borrower before a loan is approved. We have developed methods to peg the value of the loan amount to the moving average price of gold. We also decrease credit risk by focusing on the quality of the pledged gold. Our internal control system ensures independent verification of the gold by at least two officials at the branch level. The level of verification at the branch level increases as the loan value increases. In addition, the quality of gold is checked by the inspecting officers of the Company through random check and by gold auditors through a detailed check. Credit risk in our micro finance business is generally higher than our Gold Loan business as the amount advanced is on unsecured basis. However, our product is designed in such a way that the loans are granted to individuals who form a part of the group and the group is ultimately liable for each member repayment obligation under that group. We also mitigate credit risk by not disbursing loans in excess of specified limits which is currently ₹ 0.80 lakh to an individual customer. We also decrease credit risk by closely follow up with the group members on weekly basis.

The table below summarises the credit risk exposure of the loan portfolio of the company based on days past due and geography of the borrower:

2. Liquidity Risk

Our business is cash intensive and requires substantial funds, on an ongoing basis, to finance the loan portfolio and to grow it. Any disruption in the funding sources would have a material adverse effect on our liquidity and financial condition. The Company is proactively pursuing a system of identifying and accessing newer and cheaper sources of funds, to finance the AUM and to grow the business. There is a regular meeting of our asset liability management committee which reviews the liquidity position of the Company and arranges for sufficient funding in advance, for growth.

3. Market Risk

Market risk arises from the decline in the value of the pledged gold due to fluctuation in gold prices. This risk is in part mitigated by linking the LTV to the 30 day average price of gold. This risk is further reduced because we appraise the gold jewellery and fund loans based solely on the weight of gold content without considering design cost, production cost or value of gemstones. In addition, we believe that the sentimental value of the gold jewellery to the customers may induce repayment and redemption of the pledged gold even if the value of the pledged gold falls below the value of the repayment amount. We believe that a prompt and effective recovery mechanism also helps us deal with this risk.

As a measure of combating the risk involved due to the volatility in gold prices, the Company has put in place a process to review the gold loan outstanding based on marking the gold loan outstanding to the market prices, Marked to Market (MTM), on a regular basis. When the amount of Gold Loan outstanding exceeds 95% of the market price, the company initiates steps to intimate the borrower to close the loan account and or to pledge additional gold jewellery. In case of delay, immediate steps will be taken to recover the amount through auction, post intimation to the borrower. Based on the risk assessed as per the MTM (Mark to Market) review, additional provision for the shortfall as against the gold loan outstanding of the customer, if any, is provided in the books of accounts.

4. Operational Risk

Operational risk broadly covers the risk of direct or indirect loss due to the failure of systems, people or processes, or due to external events. We have instituted a series of checks and balances and audit reviews to address the various operational risks. We have clearly defined appraisal methods to mitigate appraisal risk. Inaccurate appraisal of the pledged gold may lead to funds being advanced against low value or spurious gold. This risk is mitigated by our policies on internal control, generation of alert reports and additional requirements for high value loans. We also have detailed guidelines on movement of cash or gold to address custodial risk, which is the risk associated with the safety and security of our gold inventory. In addition, we have installed surveillance cameras across of all our branches, and security guards are present at night at certain sensitive branches. We undertake significant employee profiling and background verification checks before hiring and continuously monitor their lifestyle changes. We are also maintaining insurance cover for our gold stock and cash with our branches, and cash in transit, against theft, loss or damage by fire

as well as against natural calamities including earthquake and floods. As of March 31, 2022, our Company has a total insurance cover of ₹4,00,000 lakhs.

Rating Loans Days past due (DPD) Stages with regard to quality of assets

The Company considers a financial instrument as defaulted and therefore Stage 3 (credit-impaired) for Expected credit Loss (ECL) calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

Rating	Days Past Due (DPD)	Stages
High grade	Not yet due	Stage 1
High grade	1-30 DPD	Stage 1
Medium grade	31-60 DPD	Stage 2
Medium grade	61-90 DPD	Stage 2
Low grade	91 DPD or More	Stage 3

Exposure at Default (EAD)

The Exposure at Default is an estimate of the exposure at a future default date, considering expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments.

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan	100.00%	100.00%	100.00%
Microfinance	43.32%	43.32%	43.32%
Loan Against Property	91.93%	91.93%	91.93%

Probability of Default (PD)

The Probability of Default is an estimate of the likelihood of default over a given time horizon. The table below shows the probability of default on different portfolios as computed by the Company based on the ECL method mentioned in Significant Accounting Policies

Portfolio	Stage 1	Stage2	Stage 3
Gold Loan	7.84%	7.84%	100.00%
Microfinance	3.15%	3.15%	100.00%
Loan Against Property	33.33%	33.33%	100.00%

Loss Given Default (LGD)

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realization of any collateral.

Portfolio	Stage 1	Stage 2	Stage 3
Gold Loan	7.35%	7.35%	7.35%
Microfinance	65.00%	65.00%	65.00%
Loan Against Property	50.00%	50.00%	50.00%

ECL rate is computed as the product of EAD, PD, and LGD
